WILDE'S ARREST MEETS SETBACK

San Diego Sheriff Refuses to Seize Banker Until Papers Are Received.

INDICTMENT COPY SENT

Delay Taken to Indicate That Alleged Embezzler Wanted Here Plans to Fight Extradition—Bond $20,000.

SAN DIEGO, Cal., July 3.—(Special.)—Although a request by telegraph was received by Sheriff Jennings today from the Sheriff at Portland asking the arrest of Louis J. Wilde, banker, on the indictment returned charging embezzlement, Wilde will not be arrested tonight.

Sheriff Jennings declares Wilde will not be seized until he is in receipt of the proper papers. Jennings would not give out the contents of the message received from Portland, saying the instructions were not sufficient to warrant arrest of Wilde and that he had telegraphed to Portland for more definite instructions.

Arrest to Wait.

"Even if these come tonight by telegraph," said Sheriff Jennings, "I shall not serve the warrant until I am first satisfied that all the proceedings are perfectly legal."

Wilde sticks to his purpose to keep out of print as far as possible. He says he will not have his case tried in the press. Wilde and his friends are prepared to furnish any amount of bail the minute the warrant is served. It is reported here that the Portland court has ordered that nothing less than $50,000 will be accepted. Wilde, his friends say, will furnish that amount of security without effort.

Wilde Would Investigate First.

According to his friends, Wilde and his attorneys plan to ascertain first if all the proceedings pertaining to his indictment and threatened arrest are legal before he will consent to go back to Portland. Then he will be represented by eminent counsel.

His friends say that Wilde intimates that certain interests in Portland are anxious to damage his business standing on the Pacific Coast.

Having received no word from Louis J. Wilde, wanted here for embezzlement of funds belonging to the Oregon Trust & Savings Bank, Sheriff Stevens, under instructions from Presiding Judge Gantenbein, yesterday telegraphed the Sheriff at San Diego, Cal., to place Wilde under arrest. This action was taken under authority of a bench warrant issued by Judge Gantenbein last Friday afternoon, when the indictment against Wilde and W. Cooper Morris was returned.

Later in the day Sheriff Stevens received a telegram from the District Attorney at San Diego requesting that a certified copy of the indictment against Wilde be mailed immediately. The San Diego dispatch did not say that Wilde had been placed under arrest. It is taken to indicate, however, that Wilde, having failed voluntarily to return to Portland, in all probability is preparing vigorously to resist extradition. The certified copy of the indictment was forwarded to San Diego by mail last night.

The bench warrant calling for Wilde's arrest fixed his bond at $20,000.

PEERESS BRIDE ABSENT

Lady Foljambe on Shop Tour as Fiance Waits at Church.

LONDON, July 3.—Lady Constance Foljambe, a half sister of the Earl of Liverpool, controller of the King's household, astonished society by failing to appear at a fashionable church in London this afternoon at the time appointed for her marriage to Rev. A. H. K. Hawkins.

The edifice was filled with society people, who waited an hour, wondering what had occurred to delay the ceremony.

When the bridegroom sent a messenger in great haste to Lady Constance's residence to inquire for her, the reply returned was that Lady Constance "went out shopping this morning and has not returned home."

No explanation of the surprising situation was forthcoming this evening.

The Earl of Liverpool stated this afternoon that he had received from Lady Constance a message to the effect that she was quite safe and sound. According to the message, Lady Constance, who left London on a train this morning, had simply changed her mind and decided that she did not wish to be married.

BOYS INVENT "MAGIC INK"

Centralia Youths Now Trying to Petrify Wood Artificially.

CENTRALIA, Wash., July 2.—(Special.)—Two Centralia youths have just perfected a "magic ink," and are working out a formula for petrifying wood. The young men are Everett G. Powell and J. L. Foss. By some chemical process marks made on paper by an ordinary pen dipped into a watery-looking fluid may be turned into inky black characters when heated over a stove or a lamp.

The tests for petrifying wood have, so far, been successful, and the young inventors believe the process will be perfected in a few weeks.

JEWS KILLED IN AUSTRIA

29 Massacred, 60 Injured, at Parliamentary Bye-Elections.

TANNERSVILLE, N. Y., July 3.—The Zionist convention in meeting here received a cable today from Dr. Straucher, leader of the Jewish Parliamentary group at Vienna, stating that 29 Zionists were killed and 60 injured in the recent Parliamentary bye-elections in Austria.

Resolutions were adopted encouraging the Austrian Zionists to continue their efforts to combat and overcome the anti-semitic majority.

SEE AIDED BY WITNESS

MOTHER OF "PERFECT WOMAN" TAKES STAND.

Mrs. Rees Says She Wrote Book of Truth, Containing Tenets of "Absolute Life."

CHICAGO, July 3.—Mrs. Felicia Rees, mother of Mona Rees, priestess of the "absolute life" cult, whom Evelyn Arthur See characterizes as the "perfect woman," occupied the witness chair today at the trial of the cult leader, explaining the mysteries of the "Book of Truth," of which she claims authorship. She also will appear on the witness stand when the trial is resumed tomorrow.

The plan of the defense for introducing Mrs. Rees' testimony, it is said, is to disprove the claims of the state that See, who is charged with abducting Mildred Bridges, wrote the book, thereby making it unnecessary for the founder of "absolute life" to appear on the witness stand.

Before Mrs. Rees took the stand a letter from Stephen Bridges to his daughter, Mildred, was read. He upbraided her for leaving him and referred to See as a villain and his house as one of "shame," to which, the letter said, Mildred went with her "mother's sanction and approval."

In the course of the missive Bridges said:

"I will spend the rest of my life and every dollar I have in the world but what I will land him (See) in the state's prison."

Mrs. Rees, answering Cantwell, attorney for the defense, said that she had written an evening prayer in "The Book of Prayer," which forms part of the "Book of Truth."

Attorney Cantwell read several excerpts, one of which follows:

"Do not think of sex as impure. Sex being the symbol of mystery, cannot be spoken of privately. They are coming to that which I have appointed."

"What does the I refer to?" the witness was asked.

"To God."

"Does that part where sex is referred to mean 'free love?'"

"Absolutely no."

SPORTSMEN RAP WARDEN

Fish and Game Illegally Taken, Declares Petition.

SEATTLE, Wash., July 3.—(Special.)—King County Commissioners today requested the resignation of Gamewarden H. G. Kelley. This action was taken on a petition signed by more than 60 sportsmen, requesting the reinstatement of H. Rief, whom Kelley succeeded on January 9.

The real trouble with Kelley is declared to be that he is not a hunting man himself and therefore is not in sympathy with them. The gist of the petition is that he had $4000 on hand when he took office and that it is all gone now, with nothing to show for it. Game and fish, says the petition, are being illegally taken in many instances.

Rief had to yield to Kelley when Commissioners David McKenzie and M. L. Hamilton entered office as political allies. Hamilton voted today for the request, with Commissioner A. L. Rutherford, while McKenzie voted against it.

NOTED CIRCUS CLOWN DIES

"Tony Parker" Made Children Laugh at His Antics for 50 Years.

WINFIELD, Kan., July 3.—J. B. Agler, known better as "Tony Parker," reputed to be one of the oldest circus clowns in the United States, died today at his home here, aged 87.

Agler became a clown at the age of 10 years, and for 50 years pursued that calling without interruption. He had lived here since 1878.

14 NAVY OFFICERS FORCED TO RETIRE

"Plucking Board" Creates Necessary Vacancies in Department.

SUSPENSE IS NOW ENDED

Four Captains, Commanders and Lieutenant-Commanders and Two Lieutenants Must Make Way for Prescribed Promotions.

WASHINGTON, July 3.—The names of 14 officers of the United States Navy selected for compulsory retirement by the "plucking" board appointed by Secretary Meyer were announced today, and the suspense which for several weeks has gripped the personnel of the service from Lieutenant to Captain, was dispelled.

By the conclusions, approved by the President, four officers of each of the grades of Captain, Commander and Lieutenant-Commander and two Lieutenants were transferred to the retired list from June 30.

Officers' Names Given.

The officers affected, most of whom are Spanish-American War veterans, are:

Captains—James T. Smith, of North Carolina, commanding the receiving ship Hancock; John T. Newton, of Ohio, until recently in command of the battleship Nebraska; Robert F. Lopez, Tennessee, senior member of the board on survey of vessels on the Pacific Coast; Harry Phelps, of New Jersey, serving on general court-martial duty at the New York Navy-Yard.

Commanders—Patrick W. Hourigan, of New York, commanding the naval training station at Newport, R. I.; Harold Hinee, of Kentucky, commanding the supply ship Glacier; Edward T. Witherspoon, of New York, commanding the transport Prairie; John R. Edie, of the District of Columbia, executive officer of the battleship New Hampshire.

Lieutenant-Commanders Affected.

Lieutenant - Commander John H. Rowen, of Pennsylvania, executive officer of the battleship Maine; Alfred A. Pratt, of Illinois, on sick leave; Ernest F. Eckhardt, of Wisconsin, executive officer of the receiving ship Independence; Henry T. Baker, of Ohio, on duty at naval stations at Cavite and Olongapo, Philippine Islands.

Lieutenants—Semmes Reade, of West Virginia, on sick leave; Roland R. Riggs, of New Jersey, on sick leave.

The retirements are made in accordance with the provisions of the naval personnel act for the purpose of creating vacancies in the line of the Navy in order to permit promotions. The vacancies in the last fiscal year caused by death, retirement or resignation, were 14 less than the number prescribed by law. Each of the officers retired will be advanced one grade in rank.

RECORDS CASE QUASHED

DYNAMITE SUSPECTS TO GO BACK TO GRAND JURY.

Los Angeles Judge Finds Fault With Indictment of Trio as Men Who Tried to Wreck County Hall.

LOS ANGELES, July 3.—Judge Willis, of the Criminal Department of the Superior Court, entered an order today quashing the indictment against Bert Connors, Ira Bender and A. B. Maple, the union men accused of having conspired to destroy the County Hall of Records with dynamite. The men were not freed, however. The court ordered their cases recommitted to the grand jury.

In his ruling, which was written and contained more than 2000 words, Judge Willis considered only two of the 28 grounds upon which the motion to quash the indictments was based. Those two were those which referred to section 1324 of the penal code, which provides that a person need not testify against himself before a grand jury, and section 907, providing for the retirement of prejudiced grand jurors.

The granting of the motion to quash was based upon the judge's belief that those provisions had not been complied with.

G. Ray Horton, the Deputy District Attorney in charge of the cases, said that the granting of the motion would have no effect so far as the prosecution was concerned, except to delay the trials of the three men.

The McNamara brothers probably will not be taken into court Wednesday, as Davis' law partner died today and it was desired that Davis assist at the funeral. Wednesday was set as the time for the McNamaras to enter their pleas.

SPOKANE'S CREW RESENTS

White Waiters of Wrecked Steamer Deny Cowardice Charge.

SEATTLE, Wash., July 3.—(Special.)—Officers and men who were members of the white crew in the stewards department on the wrecked steamer Spokane are indignant at the charge which they say has been made against them of neglecting passengers when the ship was sinking last Thursday night.

They declare that not only did they do their utmost to help the passengers, but that James Brown, one of the waiters, bore an heroic part in saving life. Some of them go as far as to say that if it had not been for the waiters many lives would have been lost, as the deck officers remained huddled together, awaiting a chance to get to land.

According to a statement authorized by the steward's crew, most of the help in the steward's department is colored —only nine white men being engaged. As soon as the vessel was known to be in danger waiters and stewards secured life preservers for the passengers and aided them in every was possible.

case of Canada, cherish an attachment to the mother country without exercising complete independence. Certain it is that the lesson we taught England she took to her heart, and in her colonial policy she continued to lighten the bonds which she had laid upon her colonies until now they have no weight, and are merely nerves of affection from a mother to children.

"Nor shall I attempt to answer a similar question as to the Spanish War. It is one of those instances of internal dissension like the Civil War; and yet I believe the submission of the issues to a tribunal might have affected Spain's treatment of Cuba in such a way that we could have avoided a resort to arms.

"For the further securing of peace and as an example to all the world of the possibilities of the use of arbitration, we have invited England and France and Germany to make a treaty for the arbitrament of all differences of an international character that in their nature can be adjudicated. We have left out those exceptions which heretofore always have been excluded from arbitrable controversies, questions of a nation's honor."

The President told the bankers that the Aldrich plan could not be regarded as a political measure and should have the support of men of all political parties.

"In respect to reciprocity with Canada," he said, "I am sure that it can be reconciled to the most orthodox Republican tariff views, and I am equally convinced no Democrat ought to oppose it."

HULA-HULA NOT BARRED

WOMEN MUST DANCE IT ONLY IN STATEROOMS, HOWEVER.

Captain of Steamer Who Played Hose on Gay San Francisco Belles Explains Present Stand.

SAN FRANCISCO, July 3.—(Special.)—Captain Peter Johnson, who on Wednesday will take the steamer Wilhelmina out on her regular trip to Honolulu, declares that so far as he is concerned there will be no ban on women, married or unmarried, who elect to dance the hula-hula or any other dance in the sanctity of their staterooms.

He arrived at that decision after an interview with Captain William Matson, president of the Matson Navigation Company, apropos of the sensational incident which occurred at sea the night before the arrival of the Wilhelmina from the islands a week ago, in which Captain Johnson ordered the hose played on a gay party of San Francisco society belles who were wont to dance the hula-hula in true Hawaiian fashion, and whose revelry extended long after midnight.

It is reported that the incident did not close with the disembarking of the passengers at the pier, but was taken up with the officials of the company by the husbands of two of the women who were in the hula-hula party on board the steamer.

The interview between Captain Matson and the Captain of the Wilhelmina was a bit ruffled, it is reported. Captain Johnson explained that in ordering the hose turned in on the hula-hula party he did so after numerous complaints had been brought to him by passengers who were unable to sleep through the long-drawn-out orgie.

COAL STRIKE SETTLED

Famine of Canadian Fuel Averted by Conference.

SPOKANE, Wash., July 3.—(Special.)—That the big strike of coal miners in the southern part of Alberta, Canada, and in the Crows Nest Pass has been settled, is reported today from Nelson, B. C.

Spokane and other Northwest cities were threatened with a serious coal famine as a result of the strike.

It is understood that the operators have agreed to offer the day mine workers an increase of 7 per cent in wages, and it is said that the miners will accept such terms.

The dispute which led to the strike was one of wages and also the question of "closed shop." On March 2, at a conference in Calgary, the operators' ultimatum was an increase of 5 per cent on the wages to all classes. The expiring agreement had a minimum wage of $3 for an eight-hour day, bank to bank, which the men declared often worked out at $2.50. The miners asked for an increase of 12½ per cent.

In addition to wages and hours a protest has been raised against the open shop, principally by the Crows Nest Fuel Company.

H. G. Ferris, of the Crows Nest Fuel Company, of Spokane, said today that unless the strike had been settled shortly there would have undoubtedly been a coal famine in the city this Winter.

NAVY REDUCING EXPENSES

Officers of Lower Rank to Replace Commandants at Yards.

WASHINGTON, July 3.—Rear-Admiral Young and Captain Helm, commandants respectively of the Pensacola and New Orleans navy-yards, will be ordered shortly to attend the "Summer Conference" at the Naval War College at Newport, and probably will not return to their present stations. The department, in connection with its plan to reduce the expenses of these two yards to a minimum, probably will place as commandants of the yards officers of lower rank.

The removal of the drydock at Pensacola to the naval station at Guantanamo, Cuba, also is under consideration. The New Orleans dock cannot be disturbed, however, without the consent of Congress, as the appropriation with which it is constructed stipulated that it was for New Orleans.

NEW YORK, July 3.—New York's first free clinic for mental diseases opened today at the Long Island State Hospital for the Insane. The purpose is to discover cases of incipient insanity in time to prevent their development into incurable mental diseases.

This movement was started about eight months ago by the committee on mental hygiene by the State Charities Aid Association.

FAMOUS OUTLAW FREED

CLYDE MATTOX, WHO KILLED 4 MEN, IS PAROLED.

Desperado of Oklahoma Territorial Days Broke One Parole Granted by Governor Haskell.

OKLAHOMA CITY, Okla., July 3.—Clyde Mattox, who is known to have slain four men and has been accused of killing a fifth, and who was famous as an outlaw in the territorial days of Oklahoma, was released from the state prison today and his citizenship restored after he had served a term of 12 years for manslaughter.

The sentence which Mattox was serving was for killing Lincoln Sweeney, a cattleman, in a saloon brawl at Ponca City. He was paroled by Governor Haskell in March, 1908, but in January, 1910, he became involved in a fight, and his parole was revoked.

Just after Indian territory had been opened for settlement, in 1889, Mattox killed a man, and for this crime he was sentenced to hang. Through the efforts of the prisoner's mother, President Harrison was induced to commute the sentence to life imprisonment. Later President McKinley pardoned Mattox.

While acting as Deputy United States Marshal a few months after his release, Mattox shot and killed a negro. A short time afterwards he shot and killed a negro witness to the first killing. A white man who is said to have seen the second negro killed went hunting with Mattox one day and has never since been seen.

11 FLY OVER CHANNEL

BIRDMEN CROSS FROM FRANCE TO ENGLAND IN FLOCK.

One of Aviators Carries Passenger With Him—Frenchman Wins $12,500 Prize for Race.

LONDON, July 3.—Only by making the cross-channel flight under some extraordinary circumstances will any aviator ever be able hereafter to gain any particular glory from the feat. After today the flight must be considered an ordinary affair, for the morning saw no less than 11 aviators, contestants in the international circuit air race, winging their way across the channel, and alighting in Dover as easily as a flock of birds might have done. Moreover, one of the 11, Reneaux, carried a passenger in his biplane.

The first half of the circuit race was ended at Hendon Park aerodrome in Hendon, just outside London. Andre Beaumont, a Frenchman, made the speediest trip from Paris to Hendon, and was awarded the London Standard's prize of $12,500. M. Gibert, another Frenchman, won the Dover trophy for the fastest passage across the English Channel.

PISTOL POPS ALARM MAN

Investigation Proves That Shots Are Not Patriotic.

SEATTLE, Wash., July 3.—(Special.)—It takes a fine discriminating sense of hearing to distinguish between the noises of Fourth of July celebrations and the pop of pistols, but Lawyer Richard Saxe Jones, of 1715 Fifteenth avenue, has this sense. He telephoned police headquarters at 2:20 o'clock this morning that some kind of a pistol duel was in progress in his neighborhood, as five shots were distinctly counted by him.

Three plain clothes men were hurried to the scene and learned that Patrolman Charles Meyer had fired two shots into the air and three at the form of a man found skulking about Thirteenth avenue and Pine street. The supposed thief escaped through an alley.
