SEATTLE Wash., July 1 .- (Special.) -Seattle slipped into fourth place by defeating Portland today by the score of 2 to 1. Both teams were on their trees and it was a fight to the finish.

Seattle took the lead in the first inning, when Leard put one of Jensen's benders over the left field fence. Much hustling on the part of Portland prevented Seattle from getting more truns in the second and fourth spasms. Seaton and Shea bunched singles in number two, and Weed and Raymond did likewise in number four.

did likewise in number four. Fullerton, with good support, did not give the Pippins a chance to get a start in the first four innings. In fact Start in the first four innings. In fact Casey was the only one who got a hit. In the fifth, with one down, Mensor drew a pass and stole second. Pettigrew hit inside third for two bags, scoring Mensor and tying up the game. Fullerton worked out of two bad sholes in the sixth. With one down, Mundorff hit for a single and Casey followed with a double. Stovall hit to Pullerton, who got Mundorff at the plate. A pass filled the bases. Fullerton then struck out Mensor, saving the game.

Portland looked like a winner in the eighth. With one gone, Mundorff got on when Leard fumbled. He stole and went to third. Senton letting the ball pass him after the runner had stopped at second. Right here a funny double-play pulled Seattle out of the hole. Casey bounced one just inside the first base line, which ort got. Casey tried to make Ort chase him and in this way give Mundorff a chance to score.

to make Ort chase him and in this way give Mundorff a chance to score. Mundorff made the break but Ort got him and then Shea got Casey at first. Seattle won in the last half of the eighth when Ort, Bues and Weed got singles in a row, putting one run over. Although Fullerton allowed only four hits, he and his supporters were working hard all the time. Portland certainly can play ball. Jensen held Seattle to five hits up to the eighth. He has more speed and better curves than he showed here a year ago.

The same teams will play two games tomorrow, the first at 10:30 o'clock A. M. and the second at 5 o'clock P. M. The score:

With the double header with Sacramento today at the Vaughu-street park the Portland Beavers will commence a three weeks' series of games here. The opening game will start this morning at 19:36 o'clock, and the second at 2:30 this afternoon.

The Pacific Coast League clubs, by this season's schedule, are shunted into Portland in succession, and this time the schedule calls for Sacramento as the opening club, which gives Portland two successive weeks against Charley Graham's team, as the Beavers played at Sacramento last week.

Record Is Good.

The Beavers, during the three weeks they have been away from home, played 21 games and succeeded in winning 10 of these. Had they been favored by better fortune during the series with the Oakland team, the record have been much more satisfactory, as they dropped six out of seven games played with Wolverton's bunch. The Portland twirlers were not working up to form in the Oakland series, for Portland batted well enough to have won at least three of the seven games, but the pitchers were handled unmercifully by the Oaks and six successive defeats fell to Portland's

portion.

The suspension of Benny Henderson The suspension of Benny Henderson is a severe blow to the Beavers, though McCredie did remarkably well in Sacramento with only three dependable twirlers, as Portland won five of the

New Pitchers Needed.

However, it is too much to expect Seaton. Steen and Koestner to pitch every third day, and that is what is now being required of these twirlers, now being required of these twirlers, so it seems quite likely that McCredie will introduce a new pitcher or two to the Portland fans in the near future. Steen, who pitched at Sacramente Saturday, and Koestner, who twirled part of the Sunday morning engagement, will probably be called upon to officiate on the hill for Portland today, and Tommy Seaton, who should have a whole week's rest after that 19-inning battle Sunday, will likely be sent to the firing line tomorrow. Being shy of pitchers is a heavy handicap to a club, and if any of Portland's trio of twirlers go to the bad now, the team will be in hard straits. Following the Sacramento Club, Ver-

non will be the attraction next week, and the third week will be the second visit to Portland of the San Francisco Seals.

More Lively Quality of Sphere Is Why Hitters Are Up in Column, Says Pettigrew,

BY ROSCOE FAWCETT.

A Portland ball fan asks why it is that the Western League has so many more 300 hitters during the season than the Coast League. "I formerly lived in Denver and it seems to me lived in Denver and it seems to me the Western Leaguers are better clout-ers than your Pacific Coasters," says the man from the altitudinous town. The questioner shows an intimate acquaintance with the facts with respect to the number of .300 swatters, but an entire lack of knowledge of conditions responsible for the batting phenomenon. A little studying of the dope books for the past seven years reveals that the Western League heads the list of all major and minor circults with 137 men over the coveted .260 mark in the seven years. The

Northwestern League has 30 and the Coast League but 52. "The air is rarer in the lofty cities "The scorers are more lenient," says another baseball expert. The chief reason, however, is far removed from Wednesday afternoon by Police either of the foregoing and lies in the quality of ball used by the league. "Your view coincides with mine exactly," said Outfielder Pettigrew, of the Portland Roadsters, when the query was put to him the other day. "The Western League does not use the Reach or Spalding official ball, but another cheaper make, much more lively."

"I have known Ben for years, and I "I have known Ben for years, and I do not believe the Sacramento dispatch telling of his illness in a Stockton hospital," said one of his thousand friends yesterday. And even those of us who have known him for lesser periods are anxiously hoping for someone to label the sensational story among the celebrated double donkeys of literature.

f literature. After all: We sometimes more than half suspect.
In fact, we often know,
The thing that makes the trouble
Is the thing that isn't so.
And how we work to bring about.
