CHARTER FRAMERS DISCUSS SALARIES

Adolphe Wolfe's Schedule Is Sent Back as Being Too Large for Service.

AUTHOR UPHOLDS BIG PAY

Finance Committee to Submit New List for Two and Four-Year Terms Later—Many in Favor of Five-Man Plan.

Discussion centered about the question of salaries for city officials at the meeting of the Charter Commission at the City Hall Wednesday night. The submission of a tentative schedule of salaries by Adolphe Wolfe, chairman of the committee on finance, provoked the arguments, many holding that Rufus E. Holman, also a member of the finance committee, that the salary scale suggested in the report was too high.

"The question of salary is the rock on which this charter is apt to be wrecked," said City Attorney Grant. He urged that the committee should use the utmost caution in the action it might take on this subject. Mr. Wolfe defended the schedule earnestly, holding that if the city was to obtain efficient men it would be obliged to pay them well for their services, just as any business man would be obliged to do in obtaining satisfactory employees. Poor salaries he contended would attract only inefficient men, and would, in the long run, prove more expensive to the city on account of the possibility of inefficient service and mismanagement.

Report Is Sent Back.

The schedule submitted last night was drawn up on the basis of a two-year term of office. If the term of office were extended to four years, it was the common opinion of the members of the commission that a different scale should obtain, since with an assurance of a longer term of service, officials would be willing to undertake the work at a salary somewhat lower. After long discussion the report was referred back to the finance committee with instructions that it should prepare new schedules on the basis of a four-year and a two-year term of office, and hold these in readiness for submission at one of the later meetings.

The report submitted by Mr. Wolfe, on the basis of a two-year term for all officials, who should devote all of their time to the duties of their offices, gave the following scale of salaries: Mayor, \$4,000 per annum; each commissioner, \$2,500; City Auditor, \$2,000; City Treasurer, \$1,500. All salaries of subordinate officers were to be subject to the discretion of the commission, with the exception of the office of City Engineer, whose salary should be \$2,000 a year, the City Attorney \$1,500 and the City Judge \$2,400.

Five-Man Plan Favored.

In connection with the discussion of salaries, the question of the number

of members who should make up the commission was argued at length, although no definite action was taken. J. E. Warlick, R. E. Holman and others were strongly in favor of a commission of five members including the Mayor, while S. Grimes, Adolphe Wolfe and O. W. Taylor favored six commissioners and a Mayor.

At the meeting on next Tuesday night the committee on public utilities will make its report. It was also decided to place the subject of the civil service in the hands of a committee of three, which will be appointed today by the chairman, E. C. Bronaugh.

City Attorney Grant, appeared at the meeting of the charter commission last night for the first time, having been appointed by Mayor Rushlight to succeed W. H. Daly, resigned.

In the absence of E. C. Bronaugh, Dr. A. C. Smith presided as temporary chairman.

OREGON DEMANDS MAN

REQUISITION SENT FOR SEATTLE CAPTIVE.

Document Issued for Extradition of A. F. Winslow, Accused of Theft and Marriage "Fake."

A requisition warrant for Albert F. Winslow, held at Seattle for alleged theft of gems and money from a woman who complains that he duped her by a mock marriage, was granted by Governor West today.

Winslow is charged by Mrs. Vera Muller, formerly of Los Angeles, of stealing her diamond ring, valued at \$500; a note worth \$1175, and other property valued at \$500. Winslow was indicted on these counts by the Multnomah County grand jury.

Mrs. Muller says that after Winslow deserted her in Portland last January, leaving her with only 50 cents on which to subsist for a week, she began an investigation of his past record. She discovered, she says, that Winslow had not obtained a license for his marriage at Los Angeles. Prior to this, she declares, Winslow had borrowed various sums of money from her. He afterwards gave her a note for \$1175, she declares, in payment for the debt. Before he deserted her, Mrs. Muller says that Winslow secured possession of the note without her knowledge.

Mrs. Muller has been living in Portland since January.

BIG ROAD CONTRACT LET

Hill Reports Great Northern Will Build From Republic to Clark.

REPUBLIC, Wash., July 6.—(Special.)—A surprise fell on Republic today in the form of a contract awarded by the Great Northern Railway Company to Coughren & Waldson, to grade 25 miles of railway roadbed down San Pol Valley from the terminal of the Spokane Falls & Northern here.

Louis Hill is reported as having stated that the Great Northern would build this year from Republic to Clark at the mouth of the San Pol, on the Columbia River. Two or three days ago supplies began to arrive and last night there were sidetracked in the company's yard at Republic five cars of horse feed, tools, groceries and general supplies. About 25 railway laborers reached Republic on the Spokane Falls & Northern trains to work on the grade and today joined a crew that has already taken the initial steps in grading.

Two carloads of horses and mules and one car of scrapers to work on the grade have arrived at Republic.

ELKS GIVE SHOW ON BOARD TRAIN

Dr. Marshall Proves Himself Elocutionist of No Mean Attainments.

CROWDS GREET SPECIAL

Antlered Citizens of Butte and Their Neighbors Give Royal Welcome to "Portland 1912" Boosters.

BY E. K. KUBILL.
Exalted Ruler Portland Lodge of Elks.
HARLOWTON, Mont., July 6.—(Special.)—The entertainment on board the Portland Elks' special train last night was an event that will remain forever in the minds of the jolly members who were fortunate enough to be present. Music was plentiful. Many numbers were given on the orchestral grand and the beautiful victrola furnished by Mr. Ellers.

Several numbers were given by "the famous entertainers," Charles Fair and William Webb, who styled themselves "The Chocolate Soldiers." Their beautiful "sensation" that famous opera, their late musical hits, their witty sayings and their contortion feats made all aboard feel that the best number of the Orpheum circuit had been witnessed.

Dr. A. E. Marshall, "the unknown," demonstrated his ability as an elocutionist by reciting Shakespeare. It was learned today for the first time that Brother Marshall was a member of the troupe that supported the famous actor, Sir Henry Irving, on one of his American tours.

Dr. Harry McKay gave a number of the programme that was interesting and instructive.

National Airs Sung.

After the entertainment independence day was celebrated by the singing of National airs and a beautiful display of fireworks from the rear platform of the observation car. This demonstration of the patriotism of the American Elks was enjoyed by all.

The finest equipped train that ever crossed the continent was now speeding by the matchless panorama of rich fields and fertile uplands then along the weird and uncanny waterfalls of mysterious Rock Lake, the depth of which is unknown. Its banks rise as forbidding rocky barriers sheer from the lake, as perfectly impassable as the far-famed Hudson. The strange disappearance of the noble redman, whose legends cluster about this mysterious spot, are told to the traveler in subdued tones—how the redman sees the hand of the Great Spirit in every tree and stone and brook for which his own imagination could not supply a reasonable understanding.

After the patriotic demonstration, there was a dance given in one of the dining-rooms which was cleared for the occasion. After an enjoyable two hours of dancing, the evening's festivities were closed.

During the day of the Fourth, owing to the many celebrations in the small

towns, great crowds turned out at the depots to pay tribute to the Elks and wish them godspeed on their journey. At Tekoa, a beautiful and flourishing city of some 4000 inhabitants, Mr. Judd, of Astoria, introduced the exalted ruler of Portland lodge, K. K. Kubill, who responded to the introduction by congratulating the people of that prosperous section upon their patriotism and the universal desire of all true Americans to keep in mind the spirit object and meaning of the Fourth of July. He called their attention to the prosperous, growing, beautiful Portland, and that the Elks were speeding to Atlantic City to capture the great National Elks' convention for Portland in 1912.

At the next stop, Dr. Harry F. McKay was called to the front and in addition to saying what he could to advertise Portland, "broke loose" with a patriotism that would do credit to Patrick Henry.

St. Maries Captured.

With similar bursts of eloquence he captivated the populace of St. Maries, Idaho.

With all the great receptions given the Elks' special up to today, and particularly the one at Tacoma, the climax did not arrive until the special reached Butte. The hospitality of the Elks of Butte and the manner in which the general public of the great mining town received the Elks' special cannot be forgotten. With automobiles, cars and all, every kind of vehicle demanded during the two hours' stay, Portland Elks were properly introduced to Butte.

On the main street of city, after the populace had been rewarded in their desire to hear the famous song, "Portland Wants You in 1912," by hearing Frank Hennessey sing it, J. W. Casey was introduced and made an eloquent speech of thanks to Butte. He assured the people that the convention of Elks in 1912 was assured and extended invitations for them to come here.

The writer has just received a telegram from Aberdeen, South Dakota, saying no expense had been spared for our entertainment at that place.

EX-WIFE FOR AFFINITY

WOMAN GETS LAWYER FOR MAN HUSBAND ARRESTS.

Seattle Divorced Husband, Angry at Former Spouse's Refusal to Return, Files Complaint.

Disatisfied at the decision of his ex-wife to refuse to return to him after obtaining a divorce in Seattle, June 2, Louis Skelving yesterday swore out a warrant against Edward Hitchcock, her affinity. Hitchcock was arrested yesterday afternoon and Mrs. Skelving engaged an attorney to defend him. Mrs. Skelving brought fruit to Hitchcock as he pined in the City Jail.

Hitchcock gave notice to Hitchcock and Mrs. Skelving Tuesday afternoon that he was about to leave the city. Instead he obtained a warrant from District Attorney Cameron. Hitchcock is living at a rooming-house at 500 Flint street, where Mrs. Skelving and her two children also live.

Hitchcock almost collapsed when he was placed in jail. He asserted that Skelving went by the police station window and grinned at him.

Plans for a permanent Philippines exposition to be held in 1912, have been perfected, and it is intended to retain each year the best exhibits brought to the carnival and place them in the great Philippine museum which is shortly to be erected in Manila.

SHIP SOCIABLE IS HELD

CRUISER BOSTON IS SCENE OF RECEPTION AT NIGHT.

Commander J. M. Ellcott Says Cleanliness and Subordination Are First Requirements.

"One of the things you have got to avoid is the idea that your ship is a toy; a thing of pleasure and recreation. She is nothing of the kind. She is lent to you by the United States Government that you may train yourselves for the defense of the Nation."

U. S. F. Jervick, representing the Governor, was the first speaker. He gave a brief history of the Boston and her part in the battle of Manila Bay. Commander Ellcott, who next spoke, dwelt on the primary requisites in the training of a seaman. The first essential he declared to be cleanliness and the second subordination.

"The United States Navy is fully trained for war," said Commander Ellcott, "and I believe that if the Navy should meet another fleet in battle, we could strike a most terrible blow. But the United States Navy is not on a war footing. To have it so we would have to have transports, coast defense ships, patrol boats and a number of other vessels. The enlisted force is just sufficient to man our battleships."

The enlisted force for the expanded Navy is not sufficient. We would have to draw it from somewhere else. The Government does not want raw recruits. It must have trained men. It must have men fit for war when war comes. The training has got to be systematic.

"Another great essential is subordination. No military organization no naval organization can ever attain anything without subordination. The lowest man, the highest officer, must learn to be subordinate to those above him. You must divest yourself of all ideas that subordination is degrading. It is your duty to your country, to your state, to your organization, to be subordinate."

"I was on this good ship in Manila Bay. I was in that battle with Admiral Dewey. This ship was hit several times by shells. I tell you, if you can live up to these ideals of cleanliness and subordination, this ship can stand as just as useful to her country as she was in the battle of Manila Bay."

Brief addresses were made by Postmaster Merrick, Father McDewitt, Archbishop Archbishop Christie, after which an informal reception was held.

Patrolmen Assigned New Beats.

There was a general shape-up on the second night relief last night when half the police officers who go on duty at 11:15 P. M. were given new beats. It is said there is no particular significance to the many changes and that it is merely carrying out the

announced policy of Acting Chief of Police Slover that he believed better results may be accomplished by changing the officers about occasionally. A few patrolmen from the day, and first night reliefs joined the second relief.

Are You a Neurasthenic?

over trifles, is often depressed and irritable, is subject to headaches or a feeling of pressure on the head, is sleepless and sometimes the digestion is disturbed. Overwork or excesses may cause the trouble.

The treatment consists largely in rest, recreation and the use of a tonic, the discontinuance of any practice that may have caused it and an abstinence from tea, coffee or other stimulants. As the nerves receive their nourishment through the blood the latter must be built up and made rich and pure. Especially, if there is loss of weight and a pallor indicating a weakness of the blood, Dr. Williams' Pink Pills for Pale People are the tonic best adapted to effect a cure.

Mrs. Wm. C. Hull, of 4912 Melrose avenue, Fruitvale, Cal., says: "For three years I was a nervous wreck, and was confined to bed during all of that time. It is hard to describe my suffering. I was completely exhausted and had no strength. I felt as though I would never get well. I could not get much sleep, and would cry a great deal. I was treated by three doctors. They gave me only temporary relief. I was completely discouraged until I began using Dr. Williams' Pink Pills for Pale People. After a short trial, I was surprised to find how much good they were doing me. I gained in flesh and strength and kept on improving until I was cured. Dr. Williams' Pink Pills are my only doctor now, and whenever I don't feel just well, I take a few doses of the pills, and they always help me."

Dr. Williams' Pink Pills contain the elements necessary to make new blood and, as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves, such as anaemia, rheumatism, after-effects of the grip and fevers, neuralgia, nervous debility, and even St. Vitus' dance and locomotor ataxia.

If you are interested send today for our booklet, "Nervous Disorders, a Method of Home Treatment." It is free. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Neurasthenia is the physician's name for a condition of weakness or exhaustion of the nervous system. The patient finds difficulty in keeping his mind on his work, is inclined to worry,

ing the officers about occasionally. A few patrolmen from the day, and first night reliefs joined the second relief.

ing the officers about occasionally. A few patrolmen from the day, and first night reliefs joined the second relief.
