

STAR EARNST IN DIVORCE ACTION

Ethel Barrymore Cannot Get Along With Husband, Says Mrs. John Drew.

RELATIVES NOT SURPRISED

Coit Awaiting Filing of Papers by Wife's Lawyers and It Is Understood He Will Contest Suit She Is to Bring.

NEW YORK, July 10.—Confirmation of the report that Miss Ethel Barrymore, the actress, is to sue for a divorce from Russell Griswold Coit, her husband of two years, was given here today.

Material from which Miss Barrymore's lawyers expect to prepare and file tomorrow initial papers reached the city from Los Angeles.

The suit will be for absolute divorce and will be contested. It will be filed in New York County. The summons and a copy of the complaint are awaited by Coit and his lawyers, who expect to receive them tomorrow or Wednesday. Coit is denying himself to everybody in his rooms at the Yale Club.

Frank M. Patterson, Coit's lawyer, so said today after being closeted for more than an hour with his client.

Jack Barrymore, the theatrical star's brother, spent almost as long a time with Dittenshoefer, Gerber & James, the law firm which Miss Barrymore has retained. Neither Coit nor Barrymore was talkative afterward, but the lawyer was less secretive.

"No papers have been served upon us yet," said Patterson, "but we are prepared to receive the summons tomorrow or Wednesday. We will not dodge service. At present we are waiting for the other side to move and when they do we cannot, of course, go ahead with the case."

Co-Respondent Not Named. The material from which Miss Barrymore's lawyers will draw the complaint, it is reported, is in the form of one or more affidavits signed by Miss Barrymore at Los Angeles. There is but one ground upon which absolute divorce may be procured in New York, but the name of the alleged co-respondent has been withheld.

"Although I have not heard directly from my niece for some weeks, I know it is true that she will bring suit," said Mrs. John Drew, wife of Miss Barrymore's actor uncle, "but she knows it was coming before she left New York and of course all our sympathies are with her."

Mr. Drew is just in from the West and has not seen Ethel since he left New York—a period covering several months. He does not know that she ever advised her uncle for divorce, but she has all his sympathy and love and can rely on him for anything.

"All Over," Says Aunt. "It is all over with Ethel," continued Mrs. Drew. "Her pride is terribly hurt. Reconciliation is out of the question after all that has happened. They disagree over the divorce, but she will place, Mr. Coit is too fond of a lively life to satisfy a woman of my niece's temperament. She thought he didn't realize his responsibilities as a father and of course this hurt her deeply."

"Ethel was much in love with Mr. Coit, but soon after their marriage so many differences arose that it was not hard to predict that the marriage would be a failure."

Ethel Barrymore and Russell Griswold Coit were married March 15, 1909, in Hyde Park, Mass. Coit is the son of Samuel Pomeroy Coit, president of the United States Rubber Company. Their son was born November 24, 1910. Reports that the couple had become estranged were circulated later. Mr. and Mrs. Coit were then in New Orleans and both were emphatic in denials.

DOUBLE DUEL MAY KILL 2

Brothers Fight Others Over Girls and Two Are Mortally Wounded.

STURGEON, Mo., July 10.—In a duel fought over two girls between Frank and Melvin White and John Spencer and Jabe Wade, at the town of Riggs, seven miles south of here, Saturday night, both the Whites boys were mortally wounded, Frank dying Sunday, according to word received here. His brother was expected to live but a few hours.

All four boys were farmers, about 22 years old, and until two weeks ago were the best of friends. The trouble started over the two sisters of John Spencer. The White boys are said to have threatened Wade with a revolver one day last week, and it is believed the four men met in Riggs by common consent to settle the affair.

The fight was with pistols and knives. Frank White was stabbed twice in the lungs and his brother was stabbed six times. Spencer and Wade escaped unharmed.

BLIND BEGGARS ROBBED

Ex-Massachusetts Legislator, 70 Years Old, Held for Offense.

SAN FRANCISCO, July 10.—John Risteen, 70 years old, who says he was once a member of the Massachusetts Legislature, was caught in the hills of San Mateo County today and returned here in the custody of the postal inspectors on the charge of robbing two blind beggars.

The beggars were Oscar Morse and his wife, and it was Risteen's employment to take them back and forth from their home to their corners downtown. The specific offense is the robbing of a registered letter containing \$25 sent to the blind couple by relatives in the East.

FIGHT AT BAPTISM KILLS 3

STREUBENVILLE, O., July 10.—Three men were slain by death and three more fatally cut in a general fight at Adams early today. Two men are under arrest. All concerned are Polish miners.

The festivities were in progress all day Sunday and by midnight, it is said, all of the party were intoxicated. The men are said to have quarreled over a woman. At least 10 others received slight wounds. Several women were hurt.

ICE FAMINE ADDS TO HEAT HORRORS

Supply Runs Low in Eastern Cities and Milk Is Short, Too; Deaths Multiply.

COOL WAVE YET 3 DAYS OFF

Forecasters Say Better Weather Is Coming From Pacific Coast, but That Heat Will Last at Least Two More Days.

NINETY-ONE DIE FROM HEAT IN EASTERN CITIES.

CHICAGO, July 10.—(Special.)—Chicago, with 10 Burlington, Ia. 1; Elkhart, Ind. 1; Erie, Pa. 1; New York 1; Philadelphia 1; St. Louis 1; Baltimore 1; Boston 1; Cincinnati 1; Detroit 1; Kansas City 1; St. Paul 1; St. Louis 1; Rock Island, Ill. 1. Total 91.

CHICAGO, July 10.—(Special.)—Chicago and vicinity are in for three days more of baking and parboiling, according to official weather forecasters.

Sixteen deaths of adults had been reported up to 8 o'clock and 14 babies died directly from heat causes. The threatened ice famine has materialized and warnings were issued today to all consumers to use the utmost economy. Deliveries were eight to 10 hours late and only half supplies were to be had. Restaurants and hotels suffered considerable loss in perishable foodstuffs as a result.

West Alone Is Cool.

Ice companies and health officials notified the public that extravagance would reduce the city to the plight of Hartford City, Ind., where the last 150 pounds of ice was distributed among the sick Saturday. Dispatches tonight say Pittsburgh, New York, Philadelphia and other cities are on the verge of ice and milk famines.

Dispatches from the East show that the heat wave has developed all that district. Tonight crippled wire service indicates storms in the East. Weather forecasters said tonight that a cool wave was coming along the Pacific Coast, but that its effect would hardly be felt here for at least two days. The Far West is enjoying temperate weather. Wyoming reports frost yesterday and this morning, and all the Rocky Mountain region is cool.

Rain Too Late to Save Hay.

Prospects are brighter throughout the corn belt, owing to soaking rains last night and today. These came too late to save hay, oats and pastures and livestock markets will be flooded with half-fed and inferior hogs and cattle because these growers cannot afford to feed them.

So many horses collapsed under the heat that the temperature in the city was 85, that Mayor Gaynor directed Police Commissioner Waldo to instruct the police to interfere in all cases where they thought the horses were overworked.

PORTLAND'S TEMPERATURE 72

While East Suffers, Cool Weather Prevails Throughout Oregon.

While the East is suffering in the heat, cool weather still prevails in Oregon. The minimum temperature in Portland yesterday was only 72 degrees and a gentle breeze throughout the day prevented the atmosphere from becoming in the least oppressive.

THE MORNING OREGONIAN, TUESDAY, JULY 11, 1911.

S.S.S. CURES

Every person afflicted with an old sore realizes, sooner or later, that the ulcer exists because of bad blood; the character and condition of the place depending on the nature of the blood infection. Virulent impurities in the circulation produce angry, discharging ulcers, while milder, inert germs are usually manifested in the form of indolent sores or dry, scabby places. No one should depend upon salves, washes, lotions, etc., alone to cure a chronic sore. It is necessary to remove the cause before the place can heal. S.S.S. heals Old Sores by going down into the circulation and removing the impurities and germs which are responsible for the place. In addition to purifying the blood S.S.S. enriches this vital fluid so that the irritated flesh around an old sore is naturally stimulated, and a permanent cure results. Book on Sores and Ulcers and any medical advice free. S.S.S. is sold at drug stores. THE SWIFT SPECIFIC CO. ATLANTA, GA.

Housework Drudgery

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "just as good" in order that he may make a bigger profit. Just smile and shake your head! Dr. Pierce's Pleasant Pellets cure liver ills.

RAMMED FREIGHTER SINKS

All but Luckless Trio of Great Lakes Boat's Crew Get Safely Ashore Other Vessel in Less Than Seven Minutes After Wreck.

SAULT STE MARIE, Mich., July 10.—Second Mate Archie Conley, Steward Al Clemens and Watchman George Austin of the crew of the freight steamer John Mitchell, of Chicago, were missing today when the steamer William H. Mack, of Cleveland, arrived here with the surviving passengers and crew of the Mitchell, which was sunk in collision with the Mack in a dense fog off Vermilion Point, Lake Superior, early this morning. There were thrilling rescues of the Mitchell's passengers and crew.

Besides her crew of 27, the Mitchell carried the wife and daughter of Steward Al Clemens, who were listed as kitchen helpers, and seven passengers from Cleveland—Mrs. William Grant, Miss Alberta Grant, Mrs. E. A. Smith, Mrs. A. A. Willcutt, Mrs. A. B. Grant, Miss Clara Bundschup and Master Grant.

Ladder Used in Rescue.

All the passengers and most of the crew of the Mitchell climbed to the deck of the Mack by means of a ladder from the stern of the Mitchell, most of them escaping in their night clothes and losing their personal effects. Three men and three women, however, left the Mitchell in a yawl which soon capsized. Miss Fay Clemens, daughter of the lost steward, proving to be a heroine in the rescue of her fellow passengers in the small boat.

Miss Clemens called to the crew of the Mack to throw them a line, and she fastened it to the opposite side of the boat in such a way that the Mack's crew, by pulling on the line, were able to pull the yawl right side up.

Injured Mother Saved.

Among the six saved in the yawl was Miss Clemens' disabled mother, whose leg had been broken when she was struck by the small boat as it was being lowered to the Mitchell's deck.

The Mitchell was struck amidships on the port side and sank in 175 feet of water about seven minutes after the collision. The Mack had a hole 20 feet square torn in her bow. The Mitchell was loaded with coal bound for Superior. When the Mack was bound down the lakes without a load.

The steamer John Mitchell was 420 feet long, 52 feet beam and 25 feet depth. She was a steel vessel, with a gross tonnage of 1468, and was built in 1906. The William H. Mack is 254 feet long and belongs to the Jenkins Steamship Company, of Cleveland.

FISHER DENIES INTERVIEW.

Secretary Fisher of the Interior Department, issued a statement concerning the interview attributed to Miss Abbott in which she referred to a postscript to a letter from Mr. Ryan to Secretary Ballinger.

"No reference whatever," says Mr. Fisher, "was made in this interview to what Miss Abbott very properly called the 'amazing postscript,' which she says she found attached to a letter to Secretary Ballinger from Mr. Ryan, nor was this postscript ever mentioned or referred to in any other interview which I have ever had with Miss Abbott or anyone else prior to its publication in a Philadelphia newspaper."

"I am told upon my return today that the most diligent search of the records of this office has failed to disclose any such document and everyone who has searched the records says most emphatically that he has never seen this postscript or any other writing of this character. This includes Mr. Brown, who was private secretary to Mr. Ballinger."

Headquarters Made Bigger. The headquarters of the Portland contingent not being satisfactorily arranged, carpenters were set to work taking out walls in order that space desired could be properly utilized. This act on the part of the Portland Elks has caused quite a sensation, and remarks, "Portland knows how to do things."

They are building a hotel. "If the hotel don't suit, they will build another," are quite common. The headquarters will be the best decorated and most complete of any in Atlantic City. The Elks' special arrived at Pittsburgh July 8, at 10 A. M., and the reception was the best given the Portland party on the entire trip. Automobile rides, car rides, a swim at the famous Natatorium, a trip to Allegheny to visit beautiful parks, made the visit interesting.
