Child Welfare and Physical Welfare of Youngsters Given Thought.

SEPARATE MEETINGS HELD

Interest Keen in Election of Officers to Be Held Thursday—Winship, of Boston, and Pearse, of Milwaukee, Are Rivals.

SAN FRANCISCO, July 11.—Consideration of strictly educational problems, which is the main business of the National Education Association, got under way here today.

Separate meetings, held by nearly all the departments of the association, considered problems confronting secondary, higher, manual and art training, and more subjectively, child study and the physical welfare of children.

Mrs. Young Is Busy. President Ella Flagg Young found time to attend a luncheon today and to con over notes after her address to the association made tonight.

Dr. Baker outlined a course of education which would enable the student to be a graduate from college when 20 years old and from a university or professional school when 24. This course, he held, would be better adapted to the mental evolution than the present one.

New Department Plan. A new department of the association, perhaps to be called the department of economics, will be proposed at the active members' annual meeting Thursday.

Delegates are looking forward with much interest to the action upon by-laws and amendments and the election of officers Thursday. A. E. Winship, of Boston, and Carroll Pearse, of Milwaukee, are now rivals for the office of president, now held by Mrs. Ella Flagg Young, of Chicago.

Laggard Is Topic. That the school laggard will be eliminated will be better known and have better school environment was the determination of G. W. Luckey, head professor of education at the University of Nebraska, in an address on the subject today.

Dr. Frances M. Greene, of Cambridge, Mass., speaking on sex hygiene, declared that the society of tomorrow's children will be the units will have only one standard of morality.

A luncheon in honor of Mrs. Ella Flagg Young was given today by the department of school patrons and affiliated organizations, including the Federation of Women's Clubs, the Mothers' Congress, the Council of Jewish Women and the Association of Collegiate Alumnae.

MEETING NOT FOR WORSHIP. Socialist Who Interrupts Minister Set Free by Magistrate.

VANCOUVER, B. C., July 11.—On the plea that a large meeting held in Vancouver last Thursday night by Pastor Russell, who lectured on "Hell," was not a gathering for religious worship, Harry Fitzgerald, a Socialist, who violently interrupted the preacher, was allowed his freedom by Police Magistrate Shaw today.

Fitzgerald had objected in the Pastor Russell meeting to a remark made by the lecturer that Socialists were really anarchists. Fitzgerald vociferously interrupted, and, refusing to be calmed, was arrested and spent the night in a cell. Next day he was charged with interrupting a "gathering for religious worship," to quote the words used by the criminal code. He argued that it was not a religious gathering, though the proceedings had opened with prayer. The court agreed that Pastor Russell was merely expressing an opinion regarding the hereafter, which was not necessarily religion.

BRITISH ALTER ALLIANCE. "Mutual Assistance" to Be Struck Out of Anglo-Jap Treaty.

TOKIO, July 11.—Revision of the Anglo-Japanese alliance is regarded as the inevitable outcome of the Anglo-American arbitration treaty. There is reason to believe that the negotiations for such a revision have been going on for several weeks. It is reported that Great Britain proposed to modify the clause providing for mutual assistance in the event of war, making the provision inapplicable in the event that either party to the alliance is fighting a nation with whom the other has concluded a general arbitration treaty.

It is understood that Japan has agreed to this proposition, and the Associated Press is informed that the readiness of the Japanese Government to accept the suggestion was due to its entire confidence that Japan would never be at war with either the United States or England. The revision probably would involve the extension of the term of the treaty alliance for 15 or 20 years.

COST OF LIVING LESS NOW. (Continued From First Page.)

Fourth 4 cents a pound, compared with 5 1/2 cents at this time in 1910 and 7 cents in 1909.

Flour is cheaper than it has been at this time for three years. The highest price today is \$4.85 a barrel; a year ago it was \$5.15 and two years ago \$5.25. If new wheat prices go lower, it seems likely, flour should be still cheaper in the fall.

Eggs, butter and cheese are selling at lower prices than for several years past. The wholesale price of eggs today is 25 cents a dozen, as compared with 27 cents and two years ago 28 cents. Butter is at 26 cents, as compared with 29 cents a year ago and 28 cents two years ago, and cheese is worth 15 cents, as against 14 1/2 cents and 17 1/2 cents in 1910 and 1909. These lines of produce are now having a seasonal advance, but are not likely to catch up with last year's quotations.

Poultry Also Lower. Poultry of all kinds is selling lower. At this time of year chickens principally are sold in the poultry markets. They are bringing 15 cents a pound, the same price as two years ago, but last year they brought 16 cents.

Meat fruits and vegetables, because of the large crops, are more reasonable in price this season. Cantaloupes are quoted at \$2.50 a crate, as compared with \$2.75 last year. Two years ago the price was the same as now. Watermelons are at 2 cents a pound, as they have been at this date for several years. Apples are selling now at \$1.50 a crate, the price of last year, and two years ago they brought \$1.75. Cherries range from 5 to 10 cents a pound, as they did last year, but in 1909 went as low as 2 cents on an overstocked market. Oranges are bringing \$3.50 against \$4 last year and \$2.75 two years ago. Lemons are compar-

WILDE WILL CONTEST CAPITALIST READY TO FIGHT EXTRADITION IN COURT.

Sheriff at San Diego Declares Warrant From Portland Is Insufficient to Surrender Man.

SAN DIEGO, Cal., July 11.—(Special.)—Louis J. Wilde, the local capitalist who the Portland authorities seek to arrest on an indictment by grand jury on a charge of alleged embezzlement in connection with the failure of the Oregon Trust & Saving Bank, will not go back to Portland without a struggle for his liberty.

Twice his District Attorney Cameron, of Portland, requested Sheriff Jennings of this county to arrest and hold Wilde. Each time the San Diego official refused. He takes the ground that the warrant sent here is not sufficient, besides Sheriff Jennings says he has no fear of Wilde leaving San Diego.

If the Portland authorities come after Wilde with requisition they will have a legal battle on their hands. It is said by Wilde's friends that he has attorneys at Sacramento looking after his interests in the matter of requisition and that in the event requisition is granted, Wilde will fight it in the local courts.

Wilde has declared that he will not go back to Portland. He says he has a copy of the law providing he could get justice. Fair play, however, he believes will not be given him in Portland. He says his presence there is desired for no purpose other than to attempt to mulct him out of a large sum of money.

REQUISITION IS SENT SOUTH. Papers Forwarded to Governor of California From Salem.

SALEM, Or., July 11.—In order to prevent any legal entanglements over technicalities that may be raised when Deputy Sheriff Archie Leonard, of Multnomah County, presents papers of requisition to the Governor of California for the return to this state of Louis J. Wilde, indicted or embroiled against Ralph Watson, Governor West's private secretary, yesterday submitted the requisition to the Attorney-General before making it to Sacramento. The exception of one of the articles in the application for requisition, which was not authenticated by proper signatures, the papers were found to be in legal form, and after correction were forwarded to the California capital, where they will be turned over to the governor.

Although the requisition is drawn in absolutely legal form, it is the general belief here that Deputy Sheriff Leonard will meet with some opposition in attempting to secure the consent of the California authorities to bring Wilde back to Portland, owing to the fact that the wanted man is prominent in California and is said to be a leading citizen of San Diego, where he has lived some time. Further ground is that the wanted man is prominent in California and is said to be a leading citizen of San Diego, where he has lived some time. Further ground is that the wanted man is prominent in California and is said to be a leading citizen of San Diego, where he has lived some time.

RUSSIA HAS \$500,000 FIRE. Forty Firms Lose in Cotton Blaze in St. Petersburg.

ST. PETERSBURG, July 11.—The fire that broke out among the cotton bales in the port section of the city last night was extinguished today after damage aggregating \$500,000 had been done.

Some 40 firms shared in the loss.

Fun Poked at Bourne. "The power of compromise, which is a necessity in the making of laws, will be wholly absent. The chances are altogether in favor of the adoption of more unwise laws than ever by our Legislatures."

Senator Chamberlain, of Oregon, objected to Senator Sutherland's statement that with the referendum in operation there could be no amendment or repeal of laws once passed. He said that the Oregon Legislature had had the courage to repeal laws thus approved by the people.

Chamberlain Asks Question. Once in the course of the speech, Senator Chamberlain, of Oregon, objected to Senator Sutherland's statement that with the referendum in operation there could be no amendment or repeal of laws once passed.

Recall of Judges Opposed. "Much of the vice and fallacy of the argument for the right to recall judges rests in this assumption that the judge, like a Congressman or a legislator, represents a constituency. What is a constituency? It is the people, or another set of people, or a representative who speaks for him. A judge has no constituency, he is the representative of the people."

FATHER HELPLESS TO AID ACTRESS

Parent of Lillian Graham is Aged and Impoverished Miner, Near Seattle.

SHE NEVER WRITES TO HIM

Renton Man Has Not Seen Daughter, Held in New York on Charge Shooting Stokes, in 14 Years. Newcastle Her Birthplace.

SEATTLE, Wash., July 11.—Lillian Graham, the actress held in New York, charged with felonious assault on W. E. D. Stokes, was born in Newcastle, a coal mining town 15 miles from Seattle. Her father, Patrick Graham, an aged miner, lives alone in a little cottage in Renton, another coal mining town close to Seattle.

Graham had four daughters. When the children were little, Graham's wife got a divorce from him and obtained custody of the children. He went to Alaska, and when he returned to Puget Sound he found that his wife had married David Sullivan, a railroad contractor. She obtained a divorce from him, and died five years ago.

Patrick Graham has not seen Lillian for 14 years and has had no direct word from her in all that time, and when news came of her arrest he supposed she was in Paris studying music. The old man says he would like to go to New York to help Lillian, but he is without funds.

TWO WOMEN ARE BOUND OVER. Lillian Graham and Ethel Conrad Held to Grand Jury on Bonds.

NEW YORK, July 11.—The spotlight shifted frequently today in the inquiry into the shooting of W. E. D. Stokes, the millionaire hotel man. After it had rested on Ethel Conrad and Lillian Graham until they had been bound over in \$5000 bond each for grand jury investigation, it was focused briefly on James Cummings, Stokes' private detective.

Cummings was examined in the investigation of how important letters from Stokes to Miss Graham had disappeared, but the court later dismissed these proceedings.

Charges were made against four city detectives in connection with the disappearance of the letters. Magistrate French, in deciding to hold the two girls for the grand jury, said he would ignore the element of scandal in the case. He said a prima facie case had been made, that no defense had been offered, and therefore there was nothing to do but hold the young women.

Wilfred Hart, the negro elevator boy, called by the defense, proved a disappointing witness. He had been expected to testify that Stokes had asked to be taken to the girls' apartments unannounced. On the contrary, he said that earlier in the evening Miss Graham told him she expected a caller. Moore, the attorney, broadly intimated that the witness had been tampered with.

Coates Heirs Between Two Fries. SALEM, Or., July 11.—(Special.)—Whether the State of Oregon or the State of California can collect inheritance tax from the heirs of W. Coates, who died in San Francisco recently, is a question which is puzzling the authorities of both states.

These certificates of stock are in a San Francisco bank and are being held there by San Francisco authorities pending payment of inheritance tax and the heirs are found between two fires, as the State of Oregon also wishes to collect the inheritance tax.

ATLANTA, Ga., July 11.—Balloting separately today, the General Assembly cast 127 votes for Governor Hoke Smith to fill the unexpired term of the late United States Senator A. S. Clay.

Smith's friends declare the joint ballot tomorrow will be virtually unanimous. One hundred and fifteen votes are necessary to a choice.
