Ordinance Releasing United Railways From Building to Cemetery Is Vetoed.

CAUTIONED COUNCIL

Rushlight Declares Original Franchise as Put to People Must Stand or Other Act Is Needed Before Change.

Mayor Rushlight strikes a blow at the Oregon Electric and United Rail-ways Companies and demands of the City Council that it comply strictly with the provisions of the charter relative to publicity of franchise provis-ions in his first veto, filed with the

City Auditor yesterday.
Should this veto be sustained by the Douncil, it will compel the United Railways Company to comply with its eriginal franchise and build a line to

eriginal franchise and build a line to Mount Calvary Cemetery, unless the Council shall see fit to pass another act, following the routine of the charter, as pointed out by the Mayor in his veto measure. The ordinance seeks to give the two companies hamed the right to the use of the tracks of each corporation within the city limits and attemps to release the United Stallways Company from its obligations to build a time to Mount Calvary Cemetery and Smalls to Hillshore. finally to Hillsboro.

### Connetl's Power Doubted.

Mayor Rushlight contends that the Council has no power under the char-ter to grant any such permission by the passage of an ordinance, and thereore he vetoed the measure. The Mayor's veto message is:

# SUBURB CRIES FOR WATER

Residents of Upper Part of Rose City Park Suffer Famine.

With scarcely any water at all in periods of the day for residents of the unper portion of Rose City Park, the situation there is considered serious. In that part of the district south of the hill, on the lower levels, residents get a little more water.

Secretary Allshaw, of the Rose City Park Improvement League, said yester-day that, bad as the situation is, there is little hope for relief until the second Bull Run pipeline is completed.

A large reinforcing water pipe is being laid through Rose City Park to a convection with the East Sixtleth-street main, which has a direct connection with the Upper Mount Tabor reservoir, but it will be some time before that

James F. Anderson, guard at the Linnton rockpile, ex-policeman and later a saloonkeeper, was among those mentioned by Chairman Coffey as an undesirable special policeman. Frank Collins and Doughas A. Hanna, bartenders, it was pointed out, may know the duties of a policeman well, but it was agreed by Chairman Coffey and Waldemar Seton and W. H. Coffey Would Revoke All.

After reading a list of all the spey 15.— cial policemen on the roster of the City Auditor's office. Chairman Coffey said that, in his opinion, all of the mmissions should be revoked, that commissions should be revoked, that there may be a new deal. His colleagues fully agreed with him and a report to that effect will be made to the Executive Board, which meets at a o'clock this afternoon. Perhaps the majority of the special policemen's stars will be continued, but some of them, it is known, will be revoked for good. Many of the special policemen are acknowledged to be excellent serv-ants and desirable men for the places

they hold. Chief Slover called the attention of the members of the committee to the action of Patrolmen Humphrey and Odale, who gave alleged peculiar testimony in the case of a South Portland druggist, who sold cocains to children. He said that there had been considerable complaint against these police-men because they swore that they had never seen anything wrong about the drugstore in question.
