IS NOT IN TREAT

Anglo-Japanese Pact Favors Peace.

UNITED STATES IS GAINER

Britain Free to Arbitrate Without Restraint.

SIGNATURES ARE AFFIXED

Clause Under Which Cousins Across Atlantic Would Have Taken Up Arms Against Americans Is Omitted.

LONDON, July 14 .- A revised Anglo-Japanese treaty was signed in London yesterday. The fourth clause corrohorates the Associated Press corecast from Tokio, July 11, in which it was said that Great Britain proposed to modify the clause providing mutual assistance in the event of war, making the provision inapplicable in the event that either party to the agreement was fighting a nation with whom the other had concluded a general arbitration

The treaty is to run for 10 years from

The treaty replaces the treaty of alliance, and the preamble says the step Is taken because of changes in the sit- by whaler to the far northwest coast was signed.

The only other change from the wording of the original treaty is the emission of article 3. regarding Japan's paramountey in Corea.

By an exchange of notes England and Japan have prolonged for two years article 5, of the Anglo-Japanese commercial treaty, so far as concerns Can-

Objectionable Clause Revoked.

The Angle-Japanese treaty, which gives way to the revised treaty enlered into Thursday, was aigned at London on August 12, 1905. It proand of India and the defense of their special interests in those regions. Article two, of special interest to the

United States, reads: "If by reason of unprovoked attack or aggressive action whenever arising on the part of any other power powers, either contracting party should be involved in war in defense of its territorial rights or special inerests mentioned in the preamble of this agreement, the other contracting party will at once come to he assistance of its ally, and will conduct the war in common and make peace in mutual agreement with it."

Arbitration Made Possible.

This clause made it possible that in he event of war between the United States and Japan the arms of Great Britain would be turned against its cousins on this side of the Atlantic

To make impossible such a contingency a revision of the treaty has been urged in high places and an Associated Press dispatch from Tokio on July 11 set forth that Japan, being convinced was beyond beltef, readily agreed to such a nullification of the treaty as would make possible a permanent arbitration treaty between England and America.

CARNEGIE FUND FINDS USE

Peace With Japan to Be Encouraged by Education.

NEW YORK, July 14.—The custo-dians of the \$10,000,000 Carnegie Peace Foundation announced today a campaign of popular education to establish friendlier relations between the United States and Japan. The division of intercourse and education has arranged an exchange "to give to each people better knowledge of the other and to help build up a public opinion in both countries that will resist all attempts to arouse antagonism."

Under this plan, Dr. Inano Nitobi, president of the first high college of Tokio, and one of Japan's foremost educators, will be brought here early in October, to spend about six weeks each at Brown University', Columbia, Virginia, Illinois and Minnesota, lecturing on Japanese history and current problem

The following year "a distinguished American," will be sent to Japan on a similar errand.

Bentist Wearing Lodge Garb Taken for Chauffeur of Auto That Fatally Hurt New York Child.

Mistaken for a chauffeur because of his Shriner's garb, Dr. C. C. Newcastle, a pioneer dentist, who lives at 600 Weidler street, was selzed by an angry crowd of Italians when his automobile ran down an Italian child in New York, Thursday, and was roughly handled. The police arrived barely in time to save him from worse treatment, according to a telegram from Dr. Newcastle received here. The child was so se-verely injured that it died shortly after being struck.

Following the close of the Shriners' convention at Rochester, which Dr. Newcastle attended, he went to New York, accompanied by Mrs. Newcastle and a party of friends. In a tour of the city the automobile in which they were riding ran into a crowd of Italian children who were playing in the street and knocked down one. The baggage of the party had been delayed, and Dr. Newcastle was still wearing the Shriners' uniform in which he had attended the convention.

Only the quick arrival of the police saved him from serious injury. He is being held in New York as a witness in the case, according to the telegram.

Tuttle Going 10,000 Miles to Spend Few Days Above Arctic Circle.

SEATTLE, Wash., July 14 .- (Speial.)-"To visit an old friend for a day or two and see a little of the old country up North," as he expresses it, Captain Francis Tuttle, for many years ommander of the revenue cutter Bear, in Bering Sea waters, will sail for the North on the steamship Senator July 20, to continue his voyage from Nome uation since the agreement of alliance of Alaska, where the ice breaks up in

August and freezes in September. Dr. G. B. Griggs, Princeton graduate, physician, ex-missionary and now an Arctic trader, is the friend whom Captain Tuttle goes to visit. In years gone by, when the Bear was in service of protecting seals in Bering Sea and enforcing the law of Uncle Sam beyond the Arctic Circle, Captain Tuttle made yearly visits to the stations at Cape Lisburne and Point Hope, where Dr. Griggs makes his home. During these annual visits the Captain and trader became fast friends.

Government Completes Threshing 400 Varieties of Grain.

CHICO, Cal., July 14.—(Special.) The threshing of 400 varieties of grain has just been completed at the Government's big plant introduction gardens at this place, says Superintendent Reagles. Some varieties of wheat yielded at the rate of 86 bushels to the acre. This is about twice the average yield of common wheat throughout California's graingrowing district. The varieties producing especially heavily are Frietes and Chul wheats. H. F. Blanchard is the expert in charge of experi-

ments in this department. The propagation and budding of deciduous fruits are now being followed. Corn breeding is also under way. The distribution of plants is on. The pistachio nut, which is largely used by confectioners, is being shipped to Newman. Fresno and other plants.

A water system was lately installed on the grounds and electric power and lights are to be installed, while additional facilities for propagating a variety of plants, including many varieties of cactus, are being pro-

Marks of Murderer's Hands and Patch on Sole of Shoe May Bring Slayer to Justice-Cathey Brothers Trace Evidence.

Slaying of the Hill family here June 8, and the assassination of Mr. and Mrs. Archie Coble, in Rainier, Wash., last Monday, are connected by Dr. G. A. Cathey and his prother, C. C. Cathey, who investigated both cases.

Footprints of the murderer are iden tical, the width of his hand as shown in bloodstains is the same and both crimes were committed with striking similarity.

Tracing of bloodstains by the Cathey prothers at Rainier yesterday led the investigators to the room of Swan Peterson, a section hand, where other bloodmarks were found. Peterson was arrested at Mocker Junction yesterday, and is held at Tacoma for the murder of Coble and his bride of a year.

Evidence Awaits Call.

Cathey brothers are awaiting call to submit their evidence, which they say is conclusive.

At the Coble home, footprints left by a man walking on tiptoe were found, at the scene of the Hill murder indicate that they are the imprints of the same man. The man's stride in each case is 31 inches, and the width of the

shee in both cases is 312 inches.

Bolstering the evidence supplied by the footprints, the width of the hand of the murderer as traced at the scenes of both murders is identical. Added to this, Cathey brothers declare they have ship Buffalo to install a wireless stasufficient finger marks to make a mieroscopical examination of the lines to

Mrs. Minnie Taylor Desires Annulment Set Aside.

TRIAL IS AT OREGON CITY

Goldfield Man Who Sold Mine for \$2,500,000 Left Her in Europe With 40 Cents, Says Woman. He Says She Was Fraud.

OREGON CITY, July 14 .- (Special.)-Wearing a lace dress, for which she is said to have paid \$1200, Mrs. Minnie Taylor sat today in the County Courtroom and listened while attorneys argued her motion before Circuit Judge Eakin to have set aside the annulment of her marriage obtained here by her husband, Charles Davenport Taylor, a wealthy Goldfield mining man.

Husband and wife came together face to face today in the courtroom for the first time since they parted in Europa soon after their marriage. At that time, Mrs. Taylor declares, he deserted her, leaving her with only 40 cents.

Woman Criticised by Lawyer.

Mrs. Taylor seemed deeply interested

in the proceedings and frequently con-ferred with her attorneys. Flegel & Reynolds, concerning details of the George C. Brownell, who appeared for Mr. Taylor, declared that the marriage was the result of misrepresenta-

tion and fraud. Mr. Brownell spoke

for more than two hours and criticised Mrs. Taylor severely. Mr. Taylor, before the discovery of Alaska and Labrador, and for years did not see a white person. He was the discoverer of the famous Red Top Mine at Goldfield, his interest in which

he sold for \$2,500,000. He appeared in court today with his attorney. Wife Seeks \$2500 Monthly.

Mrs. Taylor maintains that she did tained an annulment of their marriage here on the ground of fraud last September until after she had sued him at GRAIN BAGS RUN SHORT Santa Ana, Cal., for \$2500 a month maintenance. She received the news of the annulment, she says, when a petition was filed at Santa Ana asking that the maintenance suit be transferred from the Superlor Court to the United States District Court in Los Angeles. Attorneys called attention to the fact that the defendant lived outside the state and the case was removed to the Federal

Husband's Gifts Costly.

Mrs. Taylor alleged that the deeds were transferred to defeat any movement she might make to compel her millionaire husband to support her. Joy in an affidavit declared that Mrs. Taylor's marriage was annulled before she brought suit, and she could not, as a wife, tie up Joy's property in a maintenance suit against her husband, no matter how the deed was made from Taylor to Joy. In praying that the annulment be set aside and the case reopened, Mrs. Taylor avers she was not served with summonses when the suit was filed. She is asking now for the abrogation of the annulment that she may again file suit for maintenance of \$2500 monthly. Taylor is said to have spent almost

\$500,000 on his wife, one of his gifts being a mansion. Judge Eakin, who care here from Astoria especially to try the Taylor case, reserved his decision.

Mr. Taylor is said to have met the woman who later became his wife shortly after the sale of his fnine. Her malden name was Minnie Terwilliger and she had been living in San Fran-
