TRACT TO BE DEEDED TO STATE

H. Hooper, owner of 13 acres of land in the monument erected at Champeau in honor of the provisional convention of 1843, wanted for a state park, is having the tract surveyed. Preparatory to deeding the property to the state, Joseph Muehl negotiated for the purchase of the land last week, and it is expected that the deed will be closed in a few weeks. The 13 acres will cost \$1200, which is considered a moderate price in comparison with values of land in the neighborhood. It will be paid for by \$100 subscriptions, three-fourths of which have been subscribed. The deed will be made direct to the state and held in escrow until an appropriation has been made to reimburse the subscribers to the fund and provide enough to make improvements on the tract.

ALABAMA CANNERS WHOLESALER DISTRICT

The wholesale district between Union avenue and the Willamette River will be well covered with large water mains. The district between East Water street and Union avenue and on East Second and East Third streets. A large pipe is now being laid on East Salmon street, between East Water street and Union avenue, and the next large main will be laid at once on East Morrison street between East Water street and Union avenue. The pipe is 10 and 12 inches in diameter and, it is believed, will afford excellent fire protection.

CHINESE DOCTORS IMPROVE TRIALS

Wing Chung, Lee Hsing, Jim I. Yee, Wai Jing and Wing Lee, Chinese doctors who were found guilty before Judge Morrow last month of practicing medicine without license and who were fined amounts ranging from \$75 to \$150, were denied new trials yesterday by Presiding Judge Kavanaugh, who held that their objections to the trial in the previous trials were trivial. Robert Kennedy, who was sentenced to serve several years in the Penitentiary, also failed to obtain a new trial. Kennedy was convicted of selling to several persons the same half-interest in a commission-house which he was operating in Portland.

DISMISSAL OF CONCRETE ALLIANCE

Alexander Haberman, plaintiff in a divorce action against Mary Haberman which came up for trial July 22, has been ordered by Judge Kavanaugh to appear in court on July 25 to show why he should not be punished for contempt. Judge Gantenben ordered April 12 that Haberman pay his wife \$75 a month, and \$20 a month until trial of the case. The wife filed an affidavit yesterday in which she alleged that she had received only \$20 from her husband since the issuance of the order.

ALIBIONY DUE, CONTROVERSY ALLEGED

Failure of Charles R. Delany, who was ordered when divorced to pay his wife \$60 a month, to comply with the order of the court has resulted in Judge Kavanaugh issuing an order citing him to appear in contempt of court proceedings. Delany is said to be in charge of a grading gang in Sherman County.

TO SAVE THE COST OF STORAGE ON TWO

100-horsepower return tubular boilers which are now being stored, we will sell them at a bargain if taken at once. These boilers are of the Kewanee type and in good condition. Complete with all fittings and piping. Write for further particulars call at room 403 Oregonian Bldg.

WATER IS SCARCER AND UNTIL NEW

Dual Run pipe is finished, it must be used for sprinkling, including that metered, except between the hours of 8 and 9 A. M. Where water is wasted in any way it will be subject to police Department will assist in enforcing this rule. By Order of the Water Board.

MONTEVILLA BEINGS FRESHENED UP

Residents of Montevilla have elected City Auditor Barber a petition asking that ground be purchased at once in a central location, and that a new firehouse be built and equipped with fire-fighting apparatus. The petition contains 180 signatures.

PSYCHOLOGY CLUB PLANS OUTING

The Psychology Club and its friends are giving a picnic at Multnomah Falls Thursday for Mrs. Emma A. Fox, of Detroit, Mich., who has just finished a course of lectures at the Gladstone Chalmers. The train will leave the Union Depot at 7:30 A. M.

PETITIONS UNSUCCESSFUL TRACKERS FILED

Petitions for reinstatement of Miss Estelle Hottel and Mrs. E. B. Hineson to their places in the Sellwood school were filed with the Clerk of the Board of Education yesterday. Separate petitions were filed for each teacher.

WESTMORELAND CLUB TO MEET

The Westmoreland Improvement Association will meet at Sellwood Commercial Clubrooms tonight.

Dr. Frank W. White has returned and may be found at the usual time and place.

Beach cottage for rent, East 414. Dr. D. H. Rand has returned.

TWO CAROLINE BRANCHES UNDER WAY

Iron is being laid on the wide-gauge track which will run from the Sellwood line on Milwaukee street and on Center street to the new car shops under construction on East Seventeenth and Holgate streets. Grading for the road-bed of the branch from the Brooklyn end has also been completed on East Sixteenth, Rhoads and East Seventeenth streets to the site of the car barn. This is for narrow gauge cars. The iron will be laid at once and both tracks are to be completed this month. A large force of men with teams is grading the grounds for the railroad buildings which will be built between East Seventeenth street and the grounds of the Southern Pacific Railway Company.

CONFERENCE CAMPMEETING TO BEHOLD

The conference campmeeting of United Evangelical churches of the state will open tomorrow on the campus at Quinby, on the Oregon Electric Railway, and continue to August 1. Rev. C. P. Poling will give general charge assisted by Rev. G. L. Lovell, of Salem. The speakers will be Rev. W. C. Kanner, of Portland; Rev. H. N. Avison, of Salem, preacher and lecturer; Rev. A. Wesley Mail, Pacific Coast Missionary and agent of the American Bible Society; Rev. Daniel A. Poling, general secretary of the Ohio State Christian Endeavor Society and evangelist. There will be sermons and lectures daily.

STREET COMMITTEE TO BEHOLD

The street committee of the Executive Board took a trip to the East Side yesterday to inspect the crossings of the new O.-W. R. & N. line over the Willamette River in Portland, has caused work to be suspended until after August 1, but local officials of the railroad company promise to have the structure ready for use not later than November 1.

STREET COMMITTEE TO BEHOLD

As soon as the needed parts arrive, construction can proceed with a rush and two gangs of men will be at work continuously—one on the East Side and the other on the West Side. It is likely that they will be worked day and night. Eastern officials of the railroad company have been urging the manufacturers to rush work on the structural steel, and they have promised to have all the material needed for immediate construction on the way to Portland before the end of the present week. It will require approximately two weeks for it to reach its destination.

SOME OF THE STEEL PIECES NOW ON THE

way are of immense size, weighing 50 tons each. When these are placed in position the bridge soon will take form. Less than five per cent of the steel is in place.

SOME DIFFICULTY HAS BEEN EXPERIENCED,

too, from the failure of the various parts to arrive in proper order. They were started away from the mills in the exact sequence in which they will be used here, but in one or two instances it has been necessary to "set out" several cars for repairs, which permitted those that were following them to arrive here out of their turn.

AS THE FACILITIES FOR STORING THE MATERIAL

here were limited the railroad was confronted with the problem of taking care of the parts that were immediately needed. A lot of steel is on the ground now ready for use as soon as the parts that must precede it arrive.

THE STEEL CONSTRUCTION WORK IS UNDER

contract to Robert Wakefield, under the general supervision of the railroad engineers. J. P. O'Brien, general manager, predicted when work first was started that the bridge would be ready by November 1, and in spite of the delay the engineers declare that the date of its completion need not be advanced.

BRIDGE HELD BACK

Lack of Steel Stops Work on Harriman Structure.

Despite Delay, Railroad Officials Say That by Employing Double Shifts, Big Viaduct Will Be Ready by November.

MATERIAL HERE AUGUST 1

Delays by the American Bridge Company in delivering the steel to be used in the new Harriman bridge across the Willamette River in Portland, has caused work to be suspended until after August 1, but local officials of the railroad company promise to have the structure ready for use not later than November 1.

AS SOON AS THE NEEDED PARTS ARRIVE,

construction can proceed with a rush and two gangs of men will be at work continuously—one on the East Side and the other on the West Side. It is likely that they will be worked day and night.

IT'S GOOD BUSINESS

To pay any bill by check.

Small business men should remember this. Every time you issue a check in payment of a bill, you give the impression of good business methods.

And the more hands that check passes through,

the more advertising you get out of it.

We are in a position to make it to the mutual advantage

of small business men and this bank, that they become depositors here.

You'll find this a good bank to do business with.

PORTLAND TRUST COMPANY OF OREGON
