OREGONIAN AT THE RESORTS

For the quickest delivery of the Oregonian
at summer resorts, subscribers should
send the following agents. City rates, subscriptions
by mail, and advertising rates, are as follows:

Two Miles of Paving Under Way.—
The Hessam Paving Company is completing
the improvement of Mississippi
avenue between Goldsmith street and
Killingsworth avenue, a distance of
two miles. At present the company is
paving from Morris to Goldsmith
streets, and will have the improvement
completed within a week. The pavement
has been laid up the hill to the
Fremont street and crushed rock has
been laid in the sidewalk. The
sidewalks were made six feet wide
and no space is left on either side.
All electric poles have been placed to
the lot lines inside the sidewalk. This
arrangement was made to give more
space for the roadways on either side
of the double tracks. Williams avenue
improvement is being completed
between Morris street and Killingsworth
avenue. The cost of these two
improvements, including the relaying of
the double cartracks will be more than
\$250,000.

PLANS TRANSPORTATION ASKED.—Testimony
was taken yesterday by the Oregon
Railroad Commission in the case
of the Nehalem Lumber Company
against the Pacific Railroad & Navigation
Company, in which the plaintiffs
alleged discrimination in favor of
subcontractors in the construction work
on the defendant's railroad. The
Nehalem Lumber Company declares
that it is a subcontractor for the
railroad and that the railroad has
ceased transporting men and supplies
for the plaintiff since the new line
was opened, while it performs this
service for other subcontractors. The
railroad company pleads that its contract
does not provide for this service. The
commission has taken the case under
advisement.

COFFEY'S DOG BITES LAD.—Undi-
agnosed by the official position of
the man affected, a patrolman yesterday
investigated the case of a dog owned
by John B. Coffey, chairman of the
police committee of the Executive Board.
The animal, a little fox terrier, about
three months old, bit the leg of a
man's home, at 1025 Gladstone avenue,
and fell foul of the little boy of Mrs.
A. G. Faust, 1188 Francis street. The
boy's mother was bitten, but not severely,
and Swennes thinks that the injury
was inflicted in play.

FITZGERALD BRINGS BACK BRIDE.—
Proving the truth of hints dropped at
the time of his departure, J. J. Fitzger-
ald, Chief Deputy District Attorney,
returned yesterday from a six-weeks
vacation, bringing a bride whom he
married in Denver a month ago.
Fitzgerald was formerly Miss Evelyn
McNamara, a distant relative and a
childhood companion of her husband.
Fitzgerald will resume his duties at
once.

JOHN BARRETT TO SPEAK HERE.—John
Barrett, director of the Bureau of
American Republics will come to Port-
land August 2 to deliver a lecture on
"that the Panama Canal Means for
Oregon," according to a telegram re-
ceived yesterday by President Beck-
with of the Portland Commercial Club.
Mr. Barrett will be accompanied by
and is considered an authority on
navigation.

RATE CHANGES CONSIDERED.—Pas-
senger representatives of the various
lines operating to and from Seattle
will meet in Seattle today to
consider changes in the rate schedules
between interior points. John M.
Scott, assistant general manager of
the Great Northern lines, left Port-
land yesterday for Seattle. J. C. Cum-
mings, rate clerk, will leave the city
today.

EAST SIDE BUSINESS MEN CLUB TO
MEET.—The East Side Business Men's
Club will hold a special general and
business meeting tonight at the club-
rooms at the corner Grand avenue and
East Alder street. The principal busi-
ness will be the inauguration of a
movement to obtain several small
tracts in Central East Portland for
playgrounds.

By closing out my interests in Oregon
I have 150 acres for sale within
40 miles of Portland. There is a five-
room house in fair condition and a
barn. Some modern implements. Part
is in fruit and all under cultivation.
Live creek the year round through the
farm. This is ideal farm land but
must be closed out in a jump. What
will you offer for it? J 237, Oregonian.

WATER IS SCARCER, and until now
Bull Run pipe is finished, it must not
be used for sprinkling, including that
inured; except between the hours of
5 and 8 A. M. Where water is wasted
in any way it will be shut off. Police
Department will assist in enforcing
this rule. By Order of the Water
Board.

NERS, near Mount Hood are that fishing
is now at its best, the limit is being
caught every day. Several parties of
young ladies are spending their vacation
at this delightful resort and making
it theirs lively.

WOMAN FALLS FROM TREE.—Falling
from a cherry tree at her home in St.
Johns, Mrs. E. Ellerson, aged 52, sus-
tained a broken arm yesterday. She
was removed to Good Samaritan Hos-
pital, where the limb was set.

TRACTION COMPANY'S SHARE \$125,000.

It is estimated that it will cost the
Portland Railway, Light & Power Com-
pany \$125,000 to relay its double tracks
on Sandy road to the city limits and
make the hard-surface improvements
required. By parking the center occu-
pied by the double tracks it is urged
that the cost will be reduced greatly
and will permit the work to be done
at once. Judge John Henderson, of the
Rose City Park League argues that
the space occupied by the tracks might
be left unpaired, and that the sewer
might be laid there, the tracks to be
moved to one side while the work
progresses. It is contended that the
street cannot be paved until the sewer
and the tracks are laid. Mayor Rush-
light is quoted as saying that no more
"dead-end sewers" will be laid. This
would shut out the paving of Sandy
boulevard until the main conduit has
been laid through Sullivan's Gulch,
which may take two years to build.
Mayor Tabor Park Improvement
Prepared.—Grade stakes are set in
Mount Tabor Park for improvements
to be made at an early date. Accord-
ing to the general plan, the roads are to
be graded around Mount Tabor Park
on a moderate grade, that automobiles
and other vehicles may run from Bel-
mont street to Mount Tabor. A road
across the park, reaching the top on
a slight grade. On the west side the
route is on the space between the
new upper and lower reservoirs, on a
level with the higher reservoir. The
roadways asked for by the Mount Tabor
Improvement Association, between the
higher and lower reservoirs, will also
be formed. The improvement of the
road to Tabor Heights, or East
Sixty-ninth street, will soon be finished,
and from the end there will be easy
access to Mount Tabor Park. As soon
as the grading of the park improve-
ments will be completed before the
fall rains.

CLUBHOUSE CAMPAIGN IN PROGRESS.

Secretary Hughson, of the Rose City
Club, has started a campaign for the
construction of the proposed club-
house, to be built on the six lots on
Alameda avenue and East Fifty-sev-
enth street, bounded by the club. The
club is incorporated, and is placing
\$10, \$50 and \$100 bonds, bearing 6
per cent interest. It is proposed to
erect a clubhouse on the ground for
the use of the community. The club
is incorporated with the following
officers: President, A. H. Metcalf;
vice-president, John Leland Henderson;
secretary, O. G. Hughson; treasurer, C.
B. Merrick; trustee, East Side Bank.
Control of the affairs of the club is
vested in a board of directors elected
by the members. The clubhouse may
be built this fall.

RIVERSIDE SEWER TO BE CONSIDERED.

Another meeting of residents in the
Riverside sewer district will be held
tonight in the Albion fire hall on
Albion avenue to consider the sewer
assessment further and also to hear
reports of the committees appointed at
the last meeting. One of the commit-
tees appointed to ascertain the cost of
engineering and a special engi-
neer to investigate the proceedings
taken for the construction of the
sewer. Ralph Dunway has offered his
services to the committee. The water
question will be also considered at
the meeting.

BAPTIST CHURCH TO BE REDEDICATED.

The reconstructed Baptist Church, in
the Mount Scott district, will be re-
dedicated Sunday afternoon at 2 o'clock.
Rev. M. D. McPhail, the pastor, is
making arrangements for the service.
The church was built eight years ago,
and its renovation cost \$3000. An
auditorium has been constructed and
the edifice was remodeled throughout
to meet growing conditions in the
district.

SWITCHMAN KILLED COUPLING CARS.—
While working the coupler on a moving
freight car, M. S. Quance, a switchman,
was run over and killed instantly in
the North Pacific Terminal yards, at
Seventh and Northrup streets, early
yesterday morning. The train had
just started, and the distance when the
accident was discovered. Quance

Galbraith became drunk July 4, while
he should have been on duty, was made
by Acting Chief Glover, who recom-
mended his discharge. A copy of the
charge will be handed to Galbraith,

o'clock next Wednesday night for trial.

THE TEA THAT'S BEST FOR ICING

Every Summer sees a marked advance in the popularity of
Iced Tea as a hot weather beverage. Last year the increase in
its use was phenomenal. Our friends constantly ask us, "What
is the best tea for icing?" To this we always answer, "Cin-
galese Tea." Iced Cingalese Tea is one of the best Summer
drinks we know of. It's invigorating. It's refreshing. It's
economical. This tea is composed of the tender young leaves
of the first pickings, full of the natural virtues of the Ceylon
tea plant. Iced Cingalese Tea has none of the herby, acrid
tang so prominent in some teas. It's truly delicious and whole-
some, a genuine thirst quencher and tonic. We have it in
three grades, 50c, 75c and \$1 per pound package, which
is packed and sealed in the Tea Gardens where it grew—you
receive the original package.
