

ANTI-TRUST MOVE TO BEGIN AT ONCE

Government to Prosecute All Combines Not Obeying Sherman Law.

SECRET AGENTS AT WORK

In Many Instances Investigation of Alleged Monopoly Is Going Ahead in Dozen States at Same Time.

WASHINGTON, July 27.—The Department of Justice is planning immediate prosecution of all trusts or monopolies which do not dissolve or take other steps to obey the Sherman anti-trust law, as it had been interpreted in the Standard Oil, tobacco and power trust cases. Attorney-General Wickersham is authority for the statement.

To make the Sherman law effective the department's anti-trust bureau is now being worked to its capacity. Probably the complaints of existing monopolies, restraints or illegal agreements to control the price of commodities, ranging from feather dusters to telephones, are being investigated.

Secret agents of the bureau have been scattered all over the country and in many instances an investigation of an alleged trust is going on in a dozen states at the same time.

One of the promised results of this policy is that the Government will have in the courts before it probably a dozen anti-trust suits. In a broad sense, the Government's anti-trust actions may be divided into two classes—those which the Sherman law, as interpreted by the Supreme Court, directly applies, and those where the additional question of control of property by ownership of patents is involved.

The cases now pending against the electrical trust and the proceedings against the United States Machinery Company present questions regarding patents.

MURDER MOTIVE MYSTERY

Why Sidney Cole Slew Sacramento Stenographer Is Unexplained.

SAN FRANCISCO, July 27.—Why Sidney Cole, who was himself slain by a sheriff's posse, shot and killed Anna Dudley, a Sacramento stenographer, is still unexplained.

Cole came to this city July 8 and registered at the Metropolitan Hotel. He made his headquarters at the Arlington saloon but was quiet and kept to himself so much so that the acquaintances he made knew very little of him.

People living in the neighborhood of the murder have identified Cole as a man who was often seen in the preceding the tragedy, gaining at the house where Miss Dudley lived. The young woman evidently was not aware of his presence in the city, for she made no mention of him and showed no consciousness that she was in danger.

The bodies of the murdered woman and her slayer, remain at the coroner's. The body of the woman will be sent to Kureka.

BAILEY QUILTS COMMITTEE

Procedure in Investigations Does Not Please Texan.

WASHINGTON, July 27.—Because he does not believe in the Senate's method of taking testimony in investigations, Senator Bailey today resigned from the committee on privileges and elections. He made no explanation to the Senate, and the resignation was accepted without comment.

To his friends Bailey said afterward that he could not consent to enter upon the work desired in the investigation of the charges against Senator Stephenson.

"I have been appointed on the subcommittee to consider the Stephenson case," he said. "My conviction is that the strict rules of evidence should control in all such inquiries. The Senate does not observe such rules, but admits all kinds of matter. I cannot see my way clear to decide a case of such magnitude on such a basis."

LEWIS ACCUSES CORTELYOU

Second-Class Privilege Declared Sword Hanging Over Publishers.

WASHINGTON, July 27.—That ex-Postmaster-General Cortelyou "absolutely broke his word" and that the second-class mail privilege is a sword which the Postoffice Department keeps hanging over the heads of publishers to keep them from opening their mouths against postoffice officials, was declared today by E. G. Lewis, president of the Lewis Publishing Company, of St. Louis, before the postoffice expenditures committee.

"Cortelyou broke his word with me," said Mr. Lewis, "both in regard to the fraud order which he issued against our bank and also as to the order against our Women's Magazine. He promised us hearings in both cases, but did not give us any chance at all."

MARKETERS HEAR ORATORY

Des Moines Mayor Talks on Food Trust While Housewives Buy.

DES MOINES, Ia., July 27.—Housewives received a heavy dose of oratory while they bought potatoes and other farm produce at greatly reduced rates from hawksters by the City Hall lawn today. Mayor Hanna and Commissioner Schramm spoke to a crowd twice as large as that which scrambled to the farm wagons during the opening of the municipal market place Tuesday.

Mayor Hanna criticized the local "food trust" and promised permanent relief in a market house to be built by the city.

CORPORATIONS MUST PAY

Penalty for Neglect of Licenses Will Be Enforced.

SALEM, Or., July 27.—(Special.)—Many corporations in this state appear not to be aware that there is any penalty attached to failure to file reports and

pay annual license fees promptly," said Secretary of State O'cott today.

He continued: "As a matter of fact the penalty clause seems to have been overlooked by the public, as well as by the law, after determining the dates on which reports shall be filed and license fees paid, provides:

"Any such corporation failing or refusing to render such statement, or to amend the same when required to do so by the Secretary of State, in case the same shall be inoperative, shall be liable to a fine of \$1000 one hundred dollars, to be recovered, together with any license fee due, by an action at law in the name of the state, to be instituted by any district attorney of the state at request of the Secretary of State."

"It has been the practice in the past for corporations whose business has been unprofitable to ignore their annual license fees and wait for two years to be dissolved by the Governor. However, the law is plain, and I believe it to be the duty of the Secretary of State to institute proceedings against all delinquent corporations."

"The law provides a method by which corporations may be dissolved in a regular form after paying accrued license charges, with interest. In the future I propose enforcing the law, which will make it clear to the Secretary of State in the legal way than in any other way."

PORTUGAL IS WORRIED

REPUBLICAN GOVERNMENT PREPARES FOR INVASION.

Powerful Political Society Ready to Aid Administration Against Monarchist Host.

LISBON, July 27.—The monarchist invasion of Portugal from the north to be followed by a peasant uprising, which had been expected daily, has not yet materialized. The provisional administration and financial interests are kept worried, not knowing the hour when the projected counter revolution will begin.

Luz d'Almeida, chief of the secret political society, known as the Karbonaris, one of the most powerful influences supporting the government, has left Lisbon for the Galician frontier to assist in the defensive measures. Numerous Karbonaris are with him and it has been arranged that he shall have the members of the society at his call, whose daily maintenance is to be paid by the state.

The government actually has on the northern front 20,000 men. The monarchists say they have upwards of 50,000 ready to invade Portugal, but these figures are reduced by more reliable information to between 3000 and 4000 adherents.

It is said that big subscriptions to the cause have been received from Brazils, as well as from the nobility and the landed proprietors of Portugal, most of whom are now living abroad.

LOOTERS PAY PENALTY

CONSPIRATORS WHO ROB BANK GET YEAR IN PRISON.

SALT LAKE CITY, July 27.—The finish of a sensational bank looting conspiracy occurred today in the District Court at Tooele, when pleas of guilty were entered by S. I. Shafer, George H. Higgs and A. B. Walton to a charge of embezzlement, and each received sentence of one year in state's prison.

Shafer, cashier of the Tooele Commercial Bank, was found lying within the bank on June 7, bound and gagged. He told a story of having been attacked by a "tall and short man," and a checking up of the bank's funds showed that close to \$100,000 had been taken.

Statements wrung from Shafer led to the arrest of Higgs, who succeeded Shafer as cashier, and Walton, a Salt Lake business man. Confessions were made by the men that they had planned the holdup scheme.

Following the arraignment of the three men today, their attorneys made a plea for mercy, laying stress upon the point that all of the money had been returned to the bank before the defendants were arrested.

WARSHIP IS REQUESTED

AMERICAN GUNBOAT DISPATCH-ED TO JEREMIE, HAYTI.

Foreign Citizens in Town Threatened by Revolutionists, Fear Heavy Bombardment.

PORT AU PRINCE, July 27.—The American cruiser Des Moines, which arrived here Wednesday, received a wireless dispatch from Jeremie, signed by the American, French, German and Dominican Consuls there, saying that a bombardment was expected at any moment and asking that a ship be sent immediately to protect foreign citizens.

The American gunboat Petrel, responding, left here for Jeremie yesterday.

The wireless dispatch was transmitted to the Des Moines by the German steamer Prinz Sigismund, which left Jeremie for New York Wednesday morning. The message said further that Tiburon, on the southwestern coast and the district of Grand Anse, were in revolt.

KING RECEIVES AVIATOR

Report of Illness of George V Proves Without Foundation.

LONDON, July 27.—There is no foundation for the reports circulated in the United States that King George is ill. He received Andre Beaumont, the French aviator, this morning, and for 20 minutes discussed the air man's flight around Great Britain.

about or for the recovery of her body. The feature of the case that puzzled the police was the complete absence of a clew, from the beginning. The girl left her home at 8 o'clock in the evening, and all trace of her ended there. No one ever has been found who afterward saw her alive,

T. R. MAY TESTIFY

Ex-President Wanted by Investigators of Steel.

PERKINS ALSO WITNESS

Former Partner of Morgan Will Be Asked About Events Leading Up to Absorption of Tennessee Company.

NEW YORK, July 27.—George W. Perkins, former partner of J. P. Morgan & Co., chairman of the finance committee of the International Harvester Company, and a member of the board of directors of the United States Steel Corporation, is to be summoned before the steel trust committee of inquiry of the House of Representatives now in session here.

This was determined on at an executive meeting of the committee which has transferred its field of activity from Washington. Just how soon Mr. Perkins will be called has not been determined.

The committee expects to renew tomorrow its probing into the absorption of the Tennessee Coal & Iron Company by the Tennessee Steel Corporation during the financial panic of 1903.

Mr. Perkins will be asked what he knows about events leading up to that transaction, and there are many other bankers, brokers and steel corporation men in New York, who were interested in events of that time, who are to be summoned.

Ex-President Roosevelt, to whom Elbert H. Gary, chairman of the board of the United States Steel Corporation, and Henry C. Frick, chairman of the board of the Tennessee Coal & Iron Company, deal to take over the Tennessee Company and its vast resources was planned, may be a witness.

Representative Stanley, of Kentucky, chairman of the committee, would not commit himself as to the calling of Mr. Roosevelt.

When asked if the former chief executive would appear before the committee the chairman raised his eyes toward the ceiling, and said:

"I have not yet thoroughly digested that subject. The Tennessee Coal & Iron Company transaction, however, is to be thoroughly investigated."

BONAPARTE EXPLAINS DELAY

BALTIMORE, July 27.—In a dispatch to the Evening Sun, ex-Attorney-General Bonaparte declared that while he was Attorney-General the Department of Justice recommended action against the Harvester trust, but that the suit was postponed, pending the conclusion of an inquiry by the Bureau of Corporations, which was requested by the Senate. Mr. Bonaparte's dispatch was dated St. Andrew, N. B.

HIKERS CHOOSE OFFICERS

Plans Are Discussed for Erection of Clubhouse Near Hood.

Forty members of the Y. M. C. A. Hikers' Club met last night at dinner, discussed old times and plans for the future, and elected officers for the ensuing year. The officers are: President, T. F. Dye; vice-president, L. D. Bondli; secretary, H. G. Strayer.

Plans are being made to purchase a block of ground at Government Camp near the base of Mount Hood and erect on it a permanent clubhouse. Already \$550 has been subscribed by members of the club. The cost of the ground and proposed clubhouse will be approximately \$1500. The subscription list was opened after the ascent of Mount Hood a week ago, when St. Y. M. C. A. lads made the climb. Most of the present at last night's meeting have climbed Mount Hood with parties from the Hikers' Club.

AUTOS RUINED BY BLAZE

Garage on Adolph Dekum Estate Ignited by Oily Waste, Is Believed.

Six automobiles were wholly or partially destroyed and aggregate damage

age of about \$15,000 was done by a fire which broke out at noon yesterday in the garage of Frank Bennett, at Fourteenth and Yamhill streets. The fire is supposed to have started from oily rags used in cleaning the machines.

The time of the blaze did not exceed half an hour. The building formerly belonged to the Adolph Dekum estate, and is now owned by the Sweeney Investment Company. It was an old frame structure formerly occupied by the Oregon Road Club.

The Dekum homestead adjoins the garage and was threatened by the fierce flames. It is occupied by Mrs. B. Burdick as a boarding-house. A canvas tent, used by the Seventh Day Adventists, was pulled over by the fire department in stringing hose.

James Kirk and Herbert Bach, employees of the garage, did good work in saving one machine from the burning building. They were returning for a second car, but were warned out by the firemen.

IOWA FARMERS BUNCOED

EARLY WINNINGS LEAD TO MORTGAGING HOMES.

Promised "Small Fortune" Goes Glimmering and Two Men Are Out \$16,000 on Deal.

KANSAS CITY, Mo., July 27.—A man said his name was Moran and that he was one of two Iowa farmers who mortgaged their homes for \$16,000 and sent the money to "J. B. Haggins" in Chicago, who was to bet it on a horse race and "cleanup" a small fortune, came here today to get \$8000, the amount he put up, and his share of the winnings. He has failed to find "Mr. Haggins."

According to the story told to J. A. Runyan, of the Kansas City Commercial Club by Moran, a "J. B. Haggins" of Chicago, several months ago visited his section of Iowa and made friends with Moran and his neighbor. Later the two often sent him small amounts of money, which "Haggins" would bet on horse races. The farmers won many times the amount of money bet.

A short time ago, on the promise of winning a large sum, Moran mortgaged their homes for \$8000 each and forwarded the money to "Haggins."

A few days later he wrote them he had won and asked them to meet him in Kansas City and get the money."

FEW NEW PEERS NEEDED

"DIE HARD" PARTY FAILS TO HOLD MEMBERS IN LINE.

Rally of Extremists Has Effect of Cementing Moderates in Support of Lansdowne.

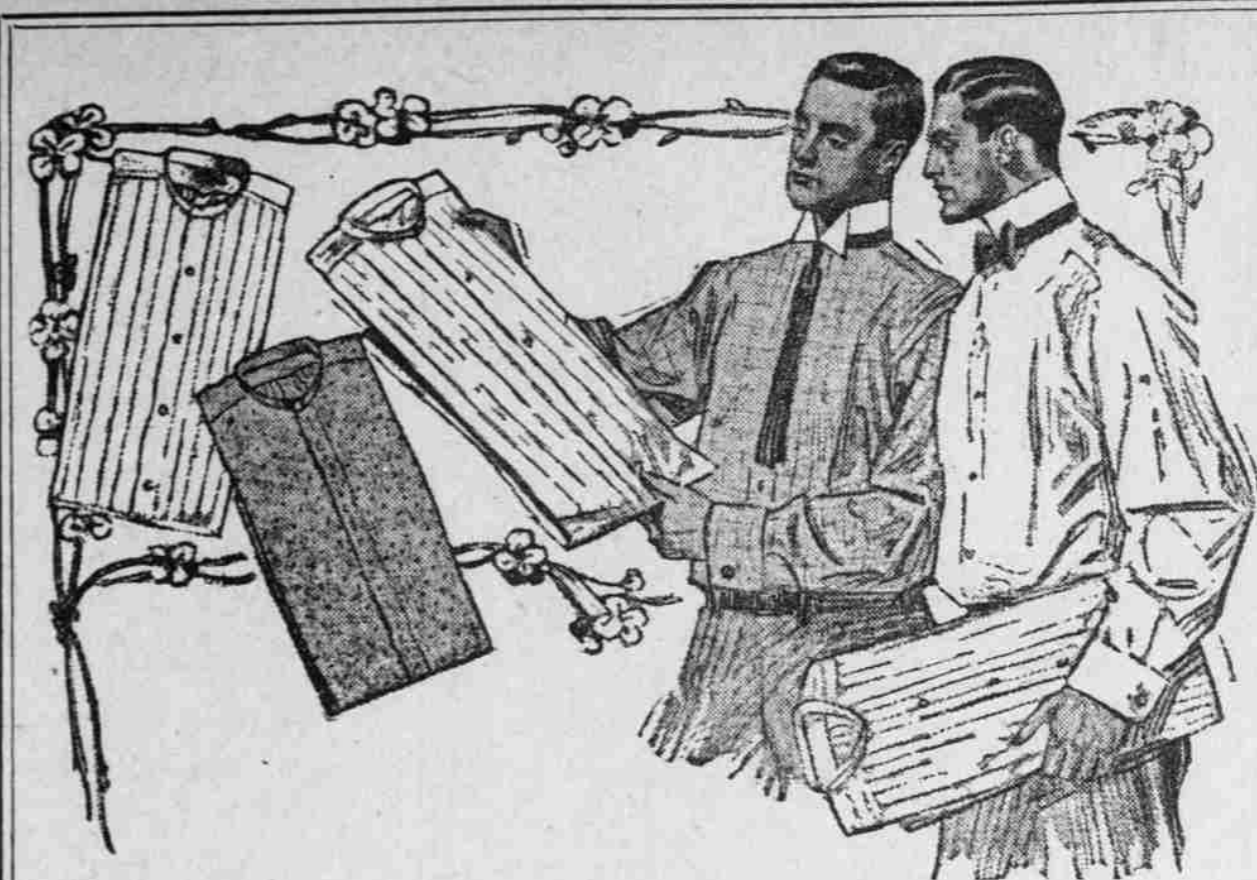

LONDON, July 27.—It is becoming increasingly evident that the "die hards" will not be able "to deliver the goods," or, in other words, to poll their peers to anything like the extent asserted, and that the Government will not be forced to create a large number of peers, if any, in order to carry the veto bill.

The effect of last night's rally at the dinner given in honor of the Earl of Halsbury, leader of the insurgent lords, has been to send the whole company of moderates scurrying into the ranks of Lord Lansdowne's adherents, who this afternoon totalled in the neighborhood of 300.

The Government is going to give the unitists plenty of time in which to compose their differences. Premier Asquith, desirous as his opponents to avoid swamping the upper house with new barons, will not force a crisis so long as events are tending in his direction. There are even rumors of an early adjournment of parliament before final action on the veto bill and a session in the autumn, by which time it is thought that the tension may be entirely abated.

FOREST GROVE INVITES BARRETT

FOREST GROVE, Or., July 27.—(Special.)—The Commercial Club and President Ferris, of Pacific University, have invited John Barrett, Director-General of the Pan-American Union, to visit Forest Grove on his coming visit to Portland and address a mass meeting of citizens. A public reception will be held on the college campus.

STOLEN GIRL RESCUED

Romantic Elopements Part of Plot by Which Victims Are Obtained to Be Sold Later.

SAN FRANCISCO, July 27.—Helen Whitson, a 17-year-old school girl, stolen from her mother's home in this city by white slavers, has been rescued from a retreat in the Santa Cruz mountains, by F. H. Dupes, head of the state bureau of criminal identification. Information leading to the rescue was furnished by a member of the gang, who has been working on the case with Dupes during the last ten days. Three men, whose names are withheld have been arrested and charged with abduction.

Dupes said today that the trio belonged to a band who have ample funds at their command and obtain their victims by romantic elopements. The girls are then taken to distant cities and sold as slaves at rates varying from \$50 to \$1500. The men ab-

ducting the Whitson girl were waiting for the search to blow over in order to remove her from the state. The Federal immigration authorities cannot prosecute such cases unless state lines have been crossed and the course of the kidnapers is now being traced.
