

HUGE PRICE IS HIT

McNeff Bros. Buy Hops for 35 Cents.

FOREIGN CROP SUFFERS

Cable News From England and Germany Show Supply Will Be Far Short—Local Dealers Look for 50-Cent Market.

News yesterday reached 35 cents, the highest price paid this season, and local dealers predict that they will go higher. McNeff Bros. of Portland, bought 15,000 pounds at that figure. San Diego, of North Yakima, sold 25,000 pounds, and Krebs Bros. of Salem, 10,000 pounds to the local firm.

For several days Portland buyers in the east and western U. S. and 31 cents, but the growers held out for 35 cents and no business was transacted. With the price set at 35 cents the market is expected to be active for some time.

Adverse reports from foreign hop-growing centers tended to hold up the market yesterday and were responsible in part for the top-notch figure paid by McNeff Bros. a cable from London stated that crop conditions in England are decidedly worse. Prospects are gloomy and the market is advancing rapidly, it is further advised.

The hop crop continues to suffer, it is the announcement coming from Frankfurt, Germany. "It is good for about one-half of last year's crop on the Continent."

From another city in Germany came a cablegram predicting a small crop but good quality. Rain is needed in Germany, reports say.

Indications are that England will not be able to obtain its usual supply from the German market and that America will be called upon for a part of the deficiency.

That the Portland market has not yet reached its highest mark is indicated by the feverish tone among the buyers. Growers, even with a 35-cent market, seem inclined to hold out for better prices. It was freely predicted that the market will reach 40 or 50 cents before the crop is harvested.

Reports from the Oregon and Washington fields are encouraging for a healthy crop.

BARLEY SHORTAGE IS DISCOUNTED Price Not Likely to Advance in Consequence of Federal Reports.

Barley prices are not likely to advance in consequence of the crop shortage reported by the Government, as dealers already have discounted the effects of a reduced market. The market remains firm, farmers holding back their surplus for better figures, yet little advance over the present quotations is expected.

The wheat market remains inactive out of sympathy with the barley situation and farmers are inclined to endeavor to save their crop than to throw themselves about the market. Prices remain unchanged, highest being strong at 41, with 42 asked, close at 40 1/2, and 40 1/4 being in extreme light receipts yesterday being in excess of those of any previous day this week.

Inactivity continues to predominate the wheat market. Local receipts in cars were reported by the Merchants' Exchange yesterday as follows:

Table with 2 columns: Day, Price. Monday: 41 1/2, Tuesday: 41 1/2, Wednesday: 41 1/2, Thursday: 41 1/2, Year ago: 41 1/2, Year ago: 41 1/2.

BETTER PRICES OBTAINABLE IN CALIFORNIA—Supply Several heavy shipments of peaches are in transit from California to Portland, and in consequence the already large stock will be further augmented. Fancy peaches are wanted from 12 to 14 cents, but in anticipation of arrivals from the south the market could not maintain this quotation. The threatened shortage was only temporary. Peaches for canning purposes have been sold in quantities large and small the past week and the last of the run that will be put to this use soon will be disposed of. California peaches are in a favorable market last week and stocked up for domestic purposes.

Cantaloupes have been in steady demand all week and the market is firm. There was a brisk trade in watermelons yesterday. All kinds of delicious fruits have been moving steadily with prices unchanged.

EGG MARKET Remains Firm. Eggs are growing firmer but the price is unchanged. Few Oregon eggs are coming into the market, but a good run of the Eastern stock. As a whole, the egg market is still somewhat sluggish. Butter continues to hold prices, but there is a fair movement. Cheese and condensed milk are steady.

Spring chickens are coming into the market in increased lots on account of the steady demand. Prices remain firm. The demand for hens and chickens, too, is healthy.

CRAP REPORT TELLS

Bears Use Government Figures in Raiding Market.

RAIL STOCKS ARE FIRM

Prices on Active List Fall Two Points—Government Movements and Foreign Politics are Factors in Trading.

STEADY TONE PREVAILS

FAIR PRICES CONTINUE AT LOCAL STOCK YARDS.

Market Attracts More Hog Shipments From Mississippi Valley—Mutton Firm.

NEW YORK, Aug. 10.—The Government, one report issued yesterday was used as a weapon for another attack on stock market values today. Prices fell 2 or 3 more points in the active list, with greater losses elsewhere. The decline, while not precipitous, was not of the recent demoralized character. Prices have yielded with more or less steadiness for a fortnight, losses in some standard stocks during that period extending to 10 points, but probably not as deep as crop conditions. The activities of the Federal Government, coupled with political conditions abroad, may properly be regarded as the most potent factors in the case. Aside from movements in the market, an increase of 12,000 tons over June, with a much larger gain over May, and accounts for the comparative steadiness of steel during the greater part of the day, despite the enormous amount of 27,000 shares out of a total of 1,950,000. In the last hour the list made good recoveries from the low point, what appeared to be steady absorption, together with extensive short covering. The market showed more stability than any recent similar movement with special reference to United States Steel, General Electric, Northern Pacific, Union Pacific, Southern Pacific and Reading. The greater part of the day was held at the close, which was steady.

The bond list was weak throughout. Total sales for yesterday were \$1,200,000. United States Government bonds were unchanged on call.
