Maggart Gets Home Run With Bases Full in First, Which "Starts Something."

KOESTNER CHASED AWAY

Substitution of Harkness Does Not Deter Commuters, Who Get Eleven Runs During Afternoon. Pertland Gets Two.

BY W. J. PETRAIN.

Yesterday's exhibition of the National pastime might have eresuited in something like a ball game had not "Shacker" Maggart, switched to fourth position in the Oak lineup, batted one of Koestner's offerings out of the lot with the bases full, for this feat started what pro-ed to be a slaughter of the invocents and Oakland won a ents and Oakland won a conely played, slow game by the score

Several bits of real baseball cropped out during the afternoon, but the pres-ence of more than 2000 fair fans and about 1500 of the other kind seemed to rattle the Beavers. home guard started off hadly by

contributing a couple of belated throws to bases, which resulted in filling of the sacks by the time Maggart scheduled to bat.

Maggart Gets Home Run.

Maggart who had not made a single Maggart who had not made a single hit in any of the previous three games of the series, soaked one of Koestner's choicest out of the lot, sending in Hoff-man, who had liked, and Wares and Cutshaw, who were both safe on be-lated tosses of bunted balls, ahead of him. This is the first instance of a home run being made with the sacks loaded in Portland since Sheldon Le-jeune, then with Aberdeen, unloaded such a bingle in an extra loning game

er and Wolverton followed the cleanup by getting on the sacks, but Koestner was "canned" in favor of "Speck" with a double and Zacher scored, while Wolverton took third. and scored a moment later on Mitze's sacrifice fly. Harkness managed to escape further damage in the opener, but the Onks had not forgotten the

out the Oaks had not browden to rungetting habit by any means. In the third, fourth, sixth and sev-enth innings, the visitors collected enough scores to swell their total to il runs. A pass to Tiedemann, a single by Mitre and Gregory's excrifice fly put one across in the third. A pass to Maggart, Sheehan's error and a hit Verbra contributed another Oak runs contributed another Oak rut

Errors by Harkness and Murray, and a balk called on the Portland (wirler put another Oaklander, Wares, across in the sixth, and in the seventh, after two were out, the Oaks tallied two more runs. Wolverton and Tiedemann were out before Mitze and Gregory singled, Hoffman sent both Mitze and Gregory across with a two-bagger to left.

Beavers Score in Fourth.

Portland's brace of runs came in the fourth inning, when three hits in suc-cession filled the bases on Gregory with none out, and yet the Beavers do no more than tally twice on uple of infield outs.

Rapps opened the inning with an in-field tap, and Kuhn singled to left, Krueger drove a long hit to center which looked for a moment like an out, as Zacher made a hard try for the and Rapps was held at Peckinpaugh's out put Rapps across, and McKune's out tailled Kuhn. Keesiner will probably try conclu-sions with the Oaks again today, for

worked only part of the first inning yesterday. The Oaks will likely score follows: Cakland- | Portland-

TAYLOR EAGER TO GET BYRAM

Deal Whereby Senators Land Infielder and Catcher May Be Made.

SACRAMENTO, Cal., Aug. 11 -- (Speelal.)-Manager Graham, of the Ser ators, received a telegram from John I Taylor, of the Boston Americans, today, asking for Herb Byram. The Sacra-mente club has under way plans whereby Taylor can have Byram at the end of the season, if he will send an in-fielder and a catcher and also a cash consideration for the Senator's classy

ceive Byram. The Philadelphia Nationals are also after him.
Graham expects Jimmy Shinn and Catcher Thomas to be drafted. This is the principal reason that he wants to strengthen his lineup by a catcher and another infielder. Both of these play-ers have been doing great work this It will almost be impossible for the Senators to keep them. They will be drafted by some Eastern club, and it they make good, they will remain, and if they don't, they will be returned to the small brush for another year's

SUPPORT WITHOUT FLAW

Tourist Pitcher Allows Two Mor Errors Help Portland.

SEATTLE, Wash., Aug. 11 .- (Spe cial.)-Lamline pitched one of the best games seen in Seattle this season, being invincible in the critical stages, and Portland won from Seattle, 2 to 1. Seattle got four hits off Lamline, as against two for Portland off Sage, but there was something about the Portand man's work that made him the feature of the game. His support was perfect. Coltrin was superb at short and Williams' handling of high

balls great.

Williams opened the second with a single. Pettigrew forced him at second. Casey walked and Pettigrew and Casey tried the double steal. Whaling took the throw to third and the ball went through Bues, permitting

Pettigrew to score.

Weed hit for a single in the second and Whaling opened with a single in the third, but Lamline was so effective at critical points and his support so airtight that the Giants had no chance to express the place until the seventh to approach the plate until the seventh Portland had two down in the sixth

when Williams drew a pass. He stole second. Pettigrew gave Bues a grounder, which he booted, and Will-iams scored, making the record 2 to 9 in favor of Portland.

Whaling opened the eighth with a double. Sage fanned, Leard was hit. A wild pitch put Whaling on third and

DELMAR'S TIME IS BEATEN

Horsemen Believe That Black Champion Could Have Made New World's Best Speed to Sulky, as First Planned.

CLEVELAND, Aug. 11.—Driven by his owner, C. K. G. Billings, of New York, Uhlan, champion black gelding broke the world's trotting record for a half-mile to a wagon in the open at North Handall track this afternoon. He trotted in :56½, the world's previous mark being one minute, made by Major Delmar at the old Glenville track here July 21, 1966. July 31, 1906.

Horsemen are of the opinion that had Uhlan tried for the world's trot-

ting record to a sulky, as it originally was announced he would do, he would have set up a new standard. Mr. Billings drove Uhlan. The start was made from the half-mile post so that the crowd might witness the finish in front of the grandstand. Doc Tanner, trainer of the gelding, drove a runner alongside. The first quarter

was made in :28% and the second in Pansy Silver ran away in the third heat of the 2:20 trot and, dashing through an open gate, threw both her-self and her driver, Vance Nichols Neither was seriously hurt. Results: Neither was seriously hurt. Results:

FOOD FISH ARE IN DANGER OF EXTERMINATION.

Forecast of End Seen in Rapidly Thinning Runs in Alaska and Puget Sound Fisheries.

SHATTLE, Aug. 11 .- News of the unsatisfactory salmon pack in Alaska, followed by similar reports from the Puget Sound canneries, has caused fear that the fish are being exterminated. Lieutenant B. L. Brockway, commander of the United States life-saving tug Sno-homish, says that the gasoline fishing fleet off Cape Flattery, a favorite feedground of salmon, is catching sal of all ages, more than 200 craf being engaged and nearly all using purse

"Everything is fish that comes to the purse seiner's net," he says, "and thou-sands of young salmon that would not have entered the strait until next year, or possibly the year after, have been destroyed this season. The purse seines never have been used before to such a large extent. Inasmuch as the fishing is done largely on the high seas, it is probable that nothing can be done by legislation, state or National, to remedy

"The purse seine boats are operated by foreigners-Italalmost exclusively by foreigners—Italians, Greeks, Poles, Hungarians, Austrians and other South Europeans. As they conduct the fishery, a launch, when a school of salmon is located, runs full speed around it, paying out the seines as it goes, and literally bags the entire mass of fish, big and little."

Portland, San Francisco and Los Angeles are priming for the final spurt up the Pacific Coast League runway, while Oakland, Vernon and Sacramento seem to be standing pat. Los Angeles recently purchased the release of Heinle Heitmuller from the Baltimore club where Heinle was decidedly "in bad" through factional differences.

Portland's performance sheet for this season to date is as follow:

The surprise of the race so far is naturally the wonderful stand being made by Hogan's Hooligans. California newspapers attribute Vernon's success to a superb pitching staff but an examiof the batting record wor to switch the calcium to the swatting

Hogan's pitchers have been going well in the matter of wins and losses without a doubt. Castleton has won nine in his last ten games. Stewart has won 12 in 14 and Brackenridge eight in nine. But wins and losses to a great extent must necessarily depend somewhat on the ability of the team

Hitt, Stinson, Carlisle, Stewart, Brashear, Patterson, Hosp, McDonald and Burrell—nine men, are cracking the leather above the .275 mark. Johnny Kane is the only regular below .270 and the ex-Chicago Cub's speed and headwork make him a dangerous man for any club. Hogan, too, must be reckoned an important factor for "Hap" has the faculty of getting everything possible out of his charges.

Danny Long, of San Francisco, yes-terday exercised his option on Howard Mundorff, the Porland Northwestern batting flend. Mundorff will therefore go to Scalville next Spring.

JUDGE TAZWELL ORDERED RE-

Rockpile Superintendent Accused of Graft Declares He Acted Under Order of Court.

LEASE, HE SAYS.

Municipal Judge Taxwell is held re-sponsible for the premature releasa from the rockpile of O. A. Richards, in a statement made by A. S. Briggs, su-perintendent of the rockpile, under felony information for taking \$100 to free the prisoner. Briggs denies the receipt of the money and asserts that he was acting upon order from the court. Judge Taxwell admits that a conversation of some sort took place, but says he did not know who the

prisoner was concerning whom Briggs was talking. Briggs says friends of Richards had pproached him and he referred them approached him and he referred them to Judge Tazwell. He also spoke to the Judge himself, saying that Richards had been punished more than enough, and he asserts that Tazwell gave him authority to release the man, on the nderstanding that Richards would leave town.

If Briggs told Judge Taxwell that Richards had but a few days to serve, he misrepresented the facts greatly, as the man had served but a little over half of a 90-day sentence, to which was coupled a fine of \$300 that has not been paid into the court.

The statement by the accused official is giving new impetus to questions regarding the alleged assumption of
