

PRINTERS EXPECT CONVENTION PEACE

Renewal of Agreement With Publishers to Be Big Topic at Convention.

UNION WILL MEET TODAY

President Says Members of Typographical Organization, Gathering in San Francisco, Feel Kindly Toward Employers.

SAN FRANCISCO, Aug. 13.—The renewal of the arbitration agreement with the American Publishers' Association will be one of the most important subjects submitted to the convention of the International Typographical Union which will begin its 57th annual session here tomorrow.

The arbitration agreement will be one of the most momentous issues of the convention, said James M. Lynch, president of the union tonight.

Proposal Is Reviewed.

The main points of the arbitration proposal which will be submitted to the publishers are as follows: All present contracts to expire at midnight April 30, 1912.

New agreements to be executed at the option of the local union and the local publisher.

The agreement to recognize international law and local law which does not affect wages, hours and conditions.

60-Day Limit Provided.

Holders of present arbitration contracts who secure new contracts under agreement with and consent of the local union, prior to, or on May 1, 1912, to have continuous arbitration.

Among other important subjects which will come before the convention are Canadian reciprocity, better education for apprentices, the proposal to discontinue all "piece work," labor and the church, the McNamara trial, a campaign against tuberculosis, the union label campaign, the suit for libel of the union against John Kirby, Jr., president of the National Association of Manufacturers, magazine postage, old age pensions and child labor.

Times Explosion Referred To.

In the report which he will submit to the convention Lynch refers to a statement which he gave to the Associated Press on the Saturday following the explosion which wrecked the building of the Los Angeles Times.

The quotation expresses his present position and belief, says President Lynch, at the end of the statement which he embodies in his report.

The foregoing is that the Los Angeles Express and Examiner, both Union newspapers, also extended aid to the our members doing the composition.

President Lynch refers to child labor as "America's peculiar industrial shame."

The first formal session of the convention will be opened tomorrow by an address by Governor Johnson. The first three days will be given to entertainment, the regular business sessions being held Thursday and Friday.

DEMOCRATS FEAR BUNGLE

calculations, like the calculations of everyone else, went awry this session; the combination was formed, and soon the Democrats found that the insurgents held the whip hand, and were ready to claim whatever credit might attach to the passage of the popgun bill which were engineered through the Senate.

So far as the cotton bill is concerned, it has been noted that the attitude of the Southern Democrats of the Senate differed from their attitude on the wool bill. They were willing the wool bill should be reported without hearings and without investigation, even though reported adversely.

So far as the House Democrats are concerned, they would have been willing to adjourn had the Senate rejected all the tariff bills which they sent over. The Democrats control the House and can legislate as they please, and can claim all credit for the legislation passed by that body.

On the night of August 16, said Professor Bernard, "the planet Mars will pass apparently very close to Saturn. To the unaided eye they will appear as a bright double star, the distance between the two being only 3 1/2 minutes of an arc, or about two-thirds the apparent width of the moon."

Yamhill County Plans Baby Show. M'INNIVILLE, Or., Aug. 13.—(Special.)—The annual Yamhill County School Fair, which will be held here on September 15, 21 and 22, will contain a number of new features, among them being a baby show.

Springfield Contractor Gets Award. SPRINGFIELD, Or., Aug. 13.—(Special.)—George J. Perkins, of this city, has been awarded the contract for the construction of the new Springfield bank building on Main and Fourth streets. It will cost \$2,000 and will be completed within 60 days.

Walla Walla Vote Today. WALLA WALLA, Wash., Aug. 13.—(Special.)—Nominees for election for the first Mayor and Commissioners under the commission form of government will be chosen at the primaries tomorrow.

Yerkes Observatory, Williams Bay, Wis., Aug. 13.—E. E. Barnard, professor of astronomy in the Yerkes Observatory, today announced that on August 16 the planet Mars and Saturn will be in conjunction.

On the night of August 16, said Professor Bernard, "the planet Mars will pass apparently very close to Saturn. To the unaided eye they will appear as a bright double star, the distance between the two being only 3 1/2 minutes of an arc, or about two-thirds the apparent width of the moon."

BRITISH DIPLOMAT WHOSE CRITICISMS OF SENATE LONG AGO NOW IMPERIL ARBITRATION TREATIES.

AMBASSADOR JAMES BRYCE.

RECALL VETO SEEN

Statehood Hope of Arizona to Die With Provision.

TAFT TO EXPLAIN STAND

Judiciary Measure in Proposed Constitution of New State Kills

Chance of Passage—Wool Measure to Be Submitted Soon.

BEVERLY, Mass., Aug. 13.—With his veto measure on the Flood resolution providing for the admission of Arizona and New Mexico into the Union virtually complete, President Taft brought his week-end visit here to a close tonight.

The President left Beverly tonight for Boston and took the message with him. He took a train at Boston at 8 P. M. for Washington, and is scheduled to reach the capital tomorrow morning.

The President's veto is understood to be based largely on the provision for the recall of the judiciary in the Arizona constitution. To the New Mexican constitution the President is understood to have no particular objection, but the Flood resolution so couples the two territories that a veto must affect them both.

It is expected that the President's position in regard to the recall of judges will be presented in plain terms.

The wool revision veto message has not been touched by the President so far, but it is outlined in his mind and about all he will need to do in Washington will be to call in a secretary and dictate. It was said here tonight that the wool veto should reach Congress before the end of the week.

AT 50-MILE CLIP, PASSENGER TRAIN LEAPS

Four Killed, 30 Hurt When 18-Hour Chicago-New York Flyer Is Wrecked.

ENGINES IN BIG TANGLE

Pennsylvania's Crack Limited Going in Ditch Near Fort Wayne, Sideswipes Freight — Diners Are Hurlled From Tables.

PORT WAYNE, Ind., Aug. 13.—Four persons were killed and 30 injured when the Pennsylvania 18-hour train, en route from Chicago to New York, jumped the track on the western outskirts of the city at 6:30 o'clock this evening while going at 50 miles an hour.

In leaving the rails the engine pulling the passenger sideswiped a freight engine. The baggage, smoker, buffet cars and two sleepers turned over in the ditch. Most of the injured were seated in the diner and smoker when the accident occurred.

The wreckage has not been cleared and the list of dead may be more than the number reported. The 30 or more injured are now in the hospital and it is believed that at least four or five will die.

The dead: Unidentified engineer, believed to be either Arrick or Bergen, buried under wreckage.

Peter Malone, Fort Wayne, engineer on flyer.

John C. Cragh, Fort Wayne, fireman on flyer.

Unidentified passenger at St. Joseph's Hospital.

The police, the fire department and every ambulance in the city were called to the scene and the injured soon were taken to hospitals.

The main track and the track on which the freight train was standing were torn up for 300 yards. The two engines on the flyer were torn from their trucks and thrown down the embankment, while the engine on which the freight reared up over the trucks onto the flyer's engines.

DISCIPLINE SAVES LIVES

PASSENGERS TELL OF WRECK OF EMPRESS OF JAPAN.

When Chinese in Steerage Rush for Boats as Liner Strikes, Crew Holds Them With Revolvers.

VICTORIA, Aug. 13.—Passengers of the wrecked Canadian-Pacific liner Empress of China, which went ashore on Mera reef, Japan, 150 feet from shore, July 27, arrived on the steamer Empress of Japan today and gave details of the wreck, amplifying the brief cablegrams received.

The Empress of China, after weathering the great typhoon which caused so much devastation ashore, with waves 30 feet high breaking over the liner, encountered for the following morning when nearing the Japanese coast and was proceeding at slow speed when she struck on the reef, 350 yards from Shirahama village and a half a mile nearer shore than the Dakota wreck. Commander Cooper, chief of the engines stopped and the stern swung around, wrecking the steam steering gear.

The discipline of the ship's company was excellent and the passengers were soon reassured, only the Chinese steerage passengers becoming panicky-stricken. Some of the Chinese rushed up the gangways toward the boats, but were held back by a show of force soon quieted them, although they fought among themselves for some time for places.

LUMBER SURPLUS IS BIG

National Association Urges Manufacturers to Submit Data.

TACOMA, Aug. 13.—(Special.)—Statistics showing that the cut of lumber for the month of June exceeded the shipments for the same period by more than 6,000,000 feet, were issued today at the Tacoma headquarters of the National Lumber Manufacturers' Association.

The figures show in detail that the amount in stock June 1 was 2,457,600,000 feet. The cut of the 421 mills which reported to the National association for June was 613,500,000 feet, and shipments were 549,500,000 feet. The excess of cut over shipment, therefore, amounted to 11,650,000 feet.

Despite these figures, the tone of the report is not pessimistic. It points out that June is always a quiet month, and that the excess was to be expected. It reminds the lumberman that this year's report is the first of its kind, and that merely the recording of the statistics of giving information to some common center, which can edit and summarize the scattered information into a well-organized mass of knowledge.

A "new period of lumbering begins," said President Everett G. Griggs today, "when manufacturers learn the advantages of giving information to some common center, which can edit and summarize the scattered information into a well-organized mass of knowledge."

The great benefit in avoiding the common troubles of unwise selling and storing.

Fear Caused Theft of Horse.

MEDFORD, Or., Aug. 13.—(Special.)—"I was afraid to ride the brakes of a freight train so I stole the horse and buggy," declared E. H. Rowan, the 18-year-old boy who took a horse and buggy from the stable of his employer, E. M. Wall, and drove it all the way from Medford to Cottage Grove in the daytime before he was caught last week. Effort is being made to try the boy at once. Owing to his youth he may be sent to the Reform School.

DIABETES

We have the following report on a case of Diabetes:

Patient—A. Frank Page, 1413 Germania avenue, Saginaw, Mich.

A year ago the eliminations were fourteen to sixteen pints in twenty-four hours, carrying the surprising amount of ten ounces of sugar. In two months the patient lost forty-five pounds of flesh, decreasing from 230 to 185 pounds. Could not get up a flight of stairs without holding onto the banister rails. Was so weak could hardly walk.

October first treatment was changed to Fulton's Renal Compound.

Nine bottles were consumed up to March 15th and on that date patient was examined by his physician, who told him that he was passing less than one-tenth of a dram of sugar in twenty-four hours. Patient was feeling well and reported that he could run up and down three flights of stairs and skip two at a time. His physician stated that he had one of the worst cases of Diabetes he had ever seen.

The physician that made the last examination advised him to continue the Compound for three months longer. Patient adds: "I am satisfied that I would not be alive if it had not been for this treatment."

Piano Buyers--An Unparalleled Offer A New, Beautiful, Latest Style Highest Grade Piano IVERS & POND In Your Home for 30 Days Absolutely FREE

Beginning Monday morning we will place in the home of any reliable and prospective purchaser any piano they may select, on thirty days' trial. All we ask is a deposit of five dollars to cover the cost of cartage, should the piano not prove satisfactory. If satisfactory, the piano will be sold to you at factory cost, and the deposit will apply on the purchase price, and if desired the balance can be paid in easy monthly payments.

This Is the Most Liberal Offer Ever Made!

And we make it because we are retiring from business and want to get rid of the balance of our stock in the quickest possible time rather than store it. For this reason all our pianos are offered at just what they cost us, so you have the advantage of price, and time to test the piano before deciding to buy. Nothing fairer than this—you take no chance, and you have everything to gain.

Come Tomorrow, or as Early in the Week as You Can

Hovenden Piano Company 106 Fifth Street Next to Perkins Hotel
