

Taft Puts Pen to Statehood Bill

Resolution Providing for Admission of New Mexico and Arizona Signed.

GROUP WATCHES ACTION

Only One Copy Is Used but President Tries Three Different Pens, in Order That Relic Hunters May Be Satisfied.

WASHINGTON, Aug. 21.—President Taft signed the joint resolution for the admission as states of the territories of Arizona and New Mexico at 3:08 o'clock this afternoon.

The resolution went to the President after Vice-President Sherman had affixed his signature.

Senator Penrose, Representative Weeks, of Massachusetts, and Barchfield, of Pennsylvania, the delegates of the two territories, and a number of citizens from New Mexico and Arizona, witnessed the signing of the document by Mr. Taft. There was but one resolution, so that the President used three different pens in order that some of the relic-hunters might be satisfied. When the resolution was laid on his desk, he looked up at the crowd around him and said:

"Has anybody read this?"

Nobody answered, and to make certain of it the President read the resolution himself.

"Well, gentlemen, it's done," he said, as he put the last stroke on the parchment.

The resolution signed by the President provides that Arizona shall eliminate the judiciary recall clause in its constitution.

SOCIALISTS' VICTORIA INDIVIDUALLY PICTURED

Mayor Duncan, of Butte, Gives Address Before Crowd of 700 Partisans.

CAPITALIST CLASS SCORED

Lecturer Denounces Arrest of McNamara and McManigal on Allegation of Dynamiting and Bitterly Arraigns Courts.

More than 700 Socialists paid an admission of 25 or 50 cents each and for 90 minutes in Socialist Hall, Fourth and Alder streets, last night, listened to a lecture on the subject, "The Struggle of the Ages," by Lewis J. Duncan, Socialist Mayor of Butte, Mont. The speaker read his lecture, which was one of the most exhaustive and eloquent of fundamental Socialism delivered in this city and was enthusiastically received by a sympathetic audience.

In speaking of the "capitalist class" against the "working class," the speaker charged that the power and machinery of Government are administered in the interests of men of wealth and political influence and against the wage-earners. He severely criticized the state and Federal authorities for their attitude in the Colorado coal strike, the prosecution of Mayor Heywood and Pettibone for the alleged assassination of ex-Governor Steiensen; the arrest of the McNamara and McManigal on a charge of dynamiting the Los Angeles Times building, and approved the action of President Taft in granting a pardon to the author of the "Pekin" papers to Reason, convicted of misuse of the United States mail.

Court Decisions Attacked.

He was equally caustic in his criticism in several United States Supreme Court decisions, which he declared were directly against the interests of the producing classes and their rights. In the four months that have passed since the arrest of the McNamara, Mr. Duncan asserted that the officers of the law who arrested these suspects and escorted them from Indiana and Michigan to California had committed no less than eight crimes, which he enumerated as follows: Perjury, subornation of perjury, kidnaping, burglary, false imprisonment, highway robbery and intimidation of witnesses.

The prosecution of the McNamara was charged directly to General Harrison Gray Otis, who was described as the "inventor" and "impresario" of organized labor, educated and trained in the art of war and legalized murder," and the Merchants' and Manufacturers' Association.

"But the end of a capitalist class is near at hand," said the speaker. "That is apparent from the fact that this class has so strongly entrenched itself in the industrial and financial control and direct the financial and industrial affairs of this country. There was a time when the capitalist class was a social necessity, but today it is socially useless."

Social Democracy Foreseen.

"A social democracy will be attained when the producers of wealth form a federation of their various industrial crafts into one gigantic trust and through it, by co-operation, control the production of that wealth. At the same time, we must learn to use our political power and elect from office capitalist representatives and install men of our own class and condition. This impending revolution can be accomplished if, possibly in the campaign of education, the Socialists are conducting keeps pace with the development of a revolutionary sentiment existing economic conditions are producing."

Mr. Duncan was elected Mayor of Butte in one of the most hotly contested municipal elections of recent years. The total campaign expense of the Socialist party was less than \$350, while the personal expenses of Mr. Duncan did not amount to \$5 in the same campaign. In this connection, Mr. Duncan denied that his election was accomplished by other than the votes of the working people of his home city.

The lecture was preceded by a vocal solo, "The Red Flag," by Miss Mildred Lewis.

NAVAL OFFICER IS TRIED

CHARGES OF DRUNKENNESS ARE HEARD AT BREMERTON.

Alleged Insult to Commanders of British Ship Basis of Court-Martial of Lieutenant James.

BREMERTON, Wash., Aug. 21.—Formally charged with insubordination while on duty, Lieutenant-Commander Leland F. James, executive officer of the United States cruiser West Virginia, was placed on trial before a general court-martial at the Puget Sound Navy-Yard today.

The court is presided over by Rear-Admiral W. H. H. Southernland, and is under orders from the Navy Department at Washington to try Lieutenant-Commander James on charges preferred by Captain J. M. Orchard, recently retired from the Navy, but who was in command of the cruiser July 27, when the alleged offense was declared to have been committed.

Although formal in character, the offense of which James is accused is declared to involve flagrant violation of etiquette demanded of a Naval officer while in a foreign country. With his ship, the accused visited Vancouver, B. C., in July, and it is said, involved seriously the friendly spirit of the United States in remarks passed at a dinner where himself and companion officers were being entertained by officers of the British navy.

Following strict orders of officers in charge of the court-martial, the proceedings of the trial are secret, none other than witnesses and those whose services are required being admitted to the courtroom.

Only Fault Drink Habit

Many Good Men Robbed of High Business and Social Standing by Drink

There is many a good man who has a craving for drink and who fights against his appetite all the time, for he knows that drink is seriously detrimental to his business and social standing.

The system of the excessive drinker is impregnated with alcoholic poison that is taken on too fast for Nature to throw off, and this accumulated poison causes the intense craving and desire which can be eradicated only by the Neal Treatment.

The Neal Treatment insures a happier, brighter and more prosperous future to the excessive drinker because he may rid himself of the habit without discomfort, and it only takes THREE DAYS to do it.

Any one who drinks to excess and would like to rid himself of the habit forever, or those having relatives or friends who are victims of drink, should investigate the Neal Three-Day Treatment without delay.

The treatment itself is a vegetable compound, free from all deleterious substance, and is absolutely harmless in its effect. The much-talked-of AFTER-EFFECT is of supreme importance, and it may be stated without reservation that the NEAL TREATMENT restores the victim of drink to his normal physical and mental condition by toning up the system and clearing the intellect. No hypodermic injections are used. Home treatment may be secured by those desiring it. Write or call for full particulars to be obtained from the physician who treats his patients at the NEAL INSTITUTE, 354 Hall Street, Portland, Or. Marshall 2400.

Open day and night.

OLD SANTA FE MAKES MERRY

Great Statehood Celebration Is Held in Capital of New Mexico.

SANTA FE, N. M., Aug. 21.—Immediately upon receipt of news that President Taft had signed the statehood resolution, Miss Madeline Mills, daughter of Governor Mills, hailed up on the Capitol steps a large flag with 48 stars. A monster nonpartisan statehood celebration took place tonight in the public plaza, while the city was lit up with bonfires and a great fire on the top of Fort Marcy overlooking the city.

Among the speakers were seven Judges of the Supreme Court, the Governor and four ex-Governors of New Mexico. Rough Rider George W. Armijo presided.

VACATIONS CALLED HARM

Harvard Trainer Says They Should Be Abolished.

BOSTON, Aug. 21.—Just now, when everybody who can is getting away from office, shop or factory for a vacation at the shore or in the country, and when more fortunate folk are passing the entire summer in leisure, comes a warning from Dr. Dudley A. Sargent, of Harvard, who says many of the vacationists would be better off if they stayed at work.

Harvard's physical culture expert points out that in a large number of cases the vacation means simply a period of loafing and over eating, of gossiping on hotel verandas and making desperate efforts to kill time.

"To abolish vacations," says Dr. Sargent, "would be an unpopular measure, because it would be better for many individuals."

"In many cases the vacation is more harmful than beneficial. The people who devote their vacation to loafing and over-eating come back to work more tired than when they went away."

JACOBY NOT CANDIDATE

Seattle Man Doesn't Aspire to Head Spanish War Veterans Again.

OKLAHOMA City, Okla., Aug. 21.—Lining up of the various delegations in support of three avowed candidates for Commander-in-Chief and the marshaling of forces in support of cities seeking next year's encampment formed the principal work outlined at the first regular session today of the eighth annual encampment of the United Spanish War Veterans. Delegations arriving today brought up the number of veterans present to more than 1500.

An announcement that J. R. H. Jacoby, of Seattle, present Commander-in-Chief, will not be a candidate, leaves the contest for that office between Maurice Simmons, of New York, John Lewis Smith, of Washington, D. C., and O. T. Taylor, of Pittsburgh, Pa. Indications today were that Simmons had the strongest support. Atlantic City has the widest backing for next year's encampment.

20 NEW BANKS LISTED

Postal Saving Establishments Grow. Los Angeles Gets One.

WASHINGTON, Aug. 21.—Twenty first-class postoffices were designated today by Postmaster-General Eitzen as postal savings banks. Among them are Walla Walla, Wash., and Los Angeles, Cal.

At the close of business August 11 the Treasury of the United States had accepted from depository banks as security for postal savings deposits bonds aggregating \$9,197,211.

The Treasurer has on hand bonds aggregating \$2,774,900, which were being investigated. In the first 13 days of their operation, the four first-class postoffices designated as postal savings banks received in deposits sums aggregating as follows:

New York City, \$51,029; Chicago, \$15,216; Boston, \$36,722; St. Louis, \$15,941.

STRIKERS RETURN TO TAKE OLD JOBS

Eagerness of Men to Get Back to Work Causes Only Disorder in England.

LONDON, Aug. 21.—The industrial strife in the United Kingdom is abating. With a truce in effect on all the railway lines except the London & Northeastern, the Board of Trade was occupied today in an endeavor to reach an amicable agreement between the employees of the line and the managers, also in trying to settle the strike of the short sea traders.

It was announced tonight that both these controversies are in line for early adjustment.

There is much friction on some of the railroads over the impatience of strikers returning to work to be fully reinstated in their old places. As a result there were several instances of disorder today in various parts of the kingdom and decisions by small bodies of men to remain on strike. It will be some time before the congestion of freight is relieved.

King George has telegraphed his congratulations to Premier Asquith, David Lloyd-George, Chancellor of the Exchequer, and Sydney Buxton, president of the Board of Trade, on the settlement of the railway strike.

The men expect an advance in wages, concessions regarding the consideration of future grievances and recognition of their unions. Heretofore the railroad companies have positively refused to treat with the representatives of the unions, who were not in their own employ.

In Dublin tonight riots, growing out of the strike of newsboys, were renewed. The contents of several newspapers were burned and there was some stone-throwing. The police were compelled to make baton charges. This evening's newspapers could not be bought in the streets. Newspaper offices are strongly guarded.

FARMER MAKES SEED TEST

Crop Rotation Will Avoid Waste of Land, Is Belief.

GOLDENDALE, Wash., Aug. 20.—(Special.)—An effort is being made by Thomas Parman, a farmer in this valley, to determine what kind of a crop will yield the best results, when alternated with wheat. Heretofore the farmers of this section have been compelled to let one-half of their land lie idle each year in order to be sure of a crop.

Mr. Parman has planted a five-acre tract on his farm to various kinds of grasses and vegetables, and has an experienced man in charge of the tract to keep a record of the results of each crop grown.

In the past the only crop attempted on the summer fallow ground was corn, and it is believed that other crops can be grown with great success.

The results of Mr. Parman's experiments will be watched with much interest.

GOOSEBERRIES PAY WELL

Clark County Farmer Makes \$3000 an Acre From Crop.

VANCOUVER, Wash., Aug. 20.—(Special.)—Gooseberries will produce \$3000 income from one acre, is the statement of Peter L. Sather, who has demonstrated this fact on a small farm north of Vancouver.

A traveling salesman sold Sather his first plants several years ago. The first year he did not pay any particular attention to them. The second year he was persuaded to dig them up, but the third year the gooseberry plants netted him \$150 a bush. He then began to take notice what they were doing and to give them more care.

The fourth year the bushes increased their earning capacity to \$2 a bush; the fifth to \$2, and the sixth to \$4 a bush. One acre will grow 1000 plants, and one plant will bear 60 pounds. The berries sell from 2 to 6 cents a pound.

GOLFERS TURN TO SEA

GEARHART TOURNEY INTERESTS NIBLICK-BRASSIE FOLK.

Play for Trophies Begins on Ocean Links Wednesday Morning With Many Entrants.

Interest among Northwest golfers will be centered on Gearhart beginning tomorrow morning, when the second annual invitational tournament begins on the Gearhart links. Local wielders of the baby poles will be at the seaside resort in numbers, several Portland golf devotees already having left for the scene of combat. That the tournament will not be purely a local affair is evidenced by the acceptance of several prominent golf men of Spokane, Seattle, Tacoma and Vancouver, B. C. The tournament will last four days.

Among the Waverly golf club men who are at Gearhart preparing for the tournament are N. E. Aire, Russell Smith, James Alexander, Harvey Litt, Dave Honeyman, S. Linthicum and Holman.

Two beautiful trophies have been donated for victors in the coming struggle. The Hotel Gearhart has offered a handsome cup for the winner of the men's open championship, and H. C. Bowers, an enthusiastic member of the Waverly Club, will present a like emblem to the first person who comes ahead in the women's open championship. Winners of all events will get prizes.

LEWISTON TO SHIP MUCH CATTLE

LEWISTON, Idaho, Aug. 21.—(Special.)—Figures compiled by representatives of Eastern packing concerns, with branch offices in Lewiston, show that the number of carloads of cattle shipped from the country tributary to Lewiston will reach 1690, the same as last year. They have their fingers on the stock now ready for market and the price that will be paid this year. The value of stock shipped out of Lewiston annually is estimated at \$1,600,000.
