Both of them are teachers and have been instructors for several

years. Both of them are efficient educators, and the selection supervisors is considered an excellent one by Superintendent Alderman.

Sheriff and Cowboys Rouse Farmer When They Invade Melon Patch After Long Ride.

PENDLETON, Sept. 10 .- (Special.)-To have painfully captured a "real demon bucker." to have corralled the brute in gleeful anticipation of the many ambitious buckaroos it would hurl blith-somely from its "hurricane deck," and then to have the brute jump a six-foot fence and escape to the open range, is but one of the misfortunes attending a drive of the "worst possible" horses to be used at the Round-Up, which

opens here next Thursday afternoon.

With a number of his fellow roundup directors Sheriff "Til" Taylor organized a band of cowboys to capture every available steed in the county. Only those warranted to buck for 15 minutes were wanted and every horse that had a reputation for deviltry was captured. The mustangs were driven to this city

SALEM. Or., Sept. 10.—(Special.)—It became known Saturday here that the prohibition party will have at least one and possibly two measures to go on the and possibly two measures to go on the ballot as initiative petitions next year, when it was announced that the official campaign for that party would open during the state fair here next week, with three meetings a day by prominent speakers. A small newspaper appeared for the first time as well, and this probably will be published in Marion County twice a month or monthly until next election.

It is probable two measures will be put on the ballot, one as a constitutional amendment and another as a state dry act. These probably will be duplicates of the measures proposed last year, which lost. This makes the number of measures in sight for next year at least 23, with already the possibility of five or six more which are now tentatively being discussed.
