

MACHINISTS CALL RAIL STRIKE UNFAIR

Walkout of Illinois Central Shopmen Averted When Support Is Withheld.

PROCEDURE CALLED WRONG

In Demanding Recognition, Federation Men Violated 30-Day Notice Proviso in Contracts, Declare International Union Officials.

CHICAGO, Sept. 11.—The strike threatened for several days by the shopmen of the Illinois Central Railroad, because of the refusal of the railroad to recognize the Federation of Mechanical Employees, was finally averted today, and the federation will reorganize.

The executive board of the International Association of Machinists met at Davenport, Iowa, and refused to authorize a strike on the ground that the system federation had not conducted its negotiations properly.

The federation officials were informed by the machinists' board that the method of procedure in demanding recognition from the Illinois Central was irregular.

It was concluded, therefore, to reorganize the shopmen's federation along new lines and to proceed in conformity with agreements so that the support of the international unions might be procured without jeopardizing existing agreements.

HUNDREDS HEAR LABOR CHIEFS

Gompers Speaks for Socialist Candidate in Los Angeles.

LOS ANGELES, Sept. 11.—Hundreds of railroad shop workers and members of various labor unions gathered in a mass meeting at the Labor Temple tonight to hear addresses by Samuel Gompers, president of the American Federation of Labor, and by J. W. Kline, and the latter's associates on the committee which recently held the conference with Julius Kruttschnitt of the Harriman system in San Francisco.

Fresh from a visit to the jail, where he had had a long talk with the prisoners this afternoon, Kline declared it was the duty of union labor to stand by John J. McNamara and his brother until a jury had adjudged them guilty.

Turning to the demands made by the organized shop crafts on the management of the Harriman system, Kline declared that the railroad managers would "see a light" and agree to further conference in which mutual concessions might be effected on points aside from the recognition of the shop federation.

The next move should come from Kruttschnitt, said Kline. The labor leaders will depart for the east tomorrow, Kline going to Salt Lake City, and others to Tucson, Ariz., and to El Paso, San Antonio and Houston, Tex.

No pain or unpleasant after effects follow the use of powdered delatone for the removal of hairs from the skin's surface; and persons afflicted with superfluous growths can quickly remove them in the privacy of their own room in a very few minutes' time.

Get an little water mix enough of the powder into a paste to cover the hairy surface. Let this paste remain on for two or three minutes, then rub off and wash the skin and the hairs are gone, never to return. Delatone costs a dollar an ounce, but is unaffording for removing hairy growths and preventing others coming. After it is used the skin is left smooth, white and firm.

NEVER ANY INDIGESTION, DYSPEPSIA OR SICK, GASSY, UPSET STOMACH

Your Out-of-Order Stomach Feels Fine in Five Minutes After Taking a Little Diapepsin

Take your sour, out-of-order stomach—or maybe you call it indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting,

nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.
