RICH ONION RANCH 7 MILES OUT.

T MILES OUT.

This 10-acre tract is just 7 miles from the center of Portland, right at station, on carline; there are 10 acres, about all in high state of centitivation; five acres of genuine beaverdam, the best enion land in the state, as the present crop will convince you. The balance of the tract, except one acre of upland, where the buildings are located, is the very richest of swale land, that produces good onlous, celery and all kinds of garden truck; there is a fair set of buildings on this property; two or three crops of enions and celery will pay for this property; one of the best onlon-raisers in the state has this tract rented at present and he unhesitatingly says it is the best beaverdam he has ever handled and he has done nothing else for several years but raise enions. He says the place is easily worth \$10,000. The price of the piace, however, is only \$5000; will accept a house and lot in Portland to value of \$4000; good time on balance; remember this tract is just 7 miles from the center of the city, right at station, on best carline out of the city, is genuine beaverdam land and you do not require any cash to handle this deal. This is the first time we have ever had a property of this character for exchange. The opportunity may never come your way again. Be wise and act promptly.
