MONEY IS WANTED BACK

DAN KELLAHER SUES CITY FOR VEHICLE TAX COIN.
\$2420.50 of License Cash Paid In on Ordinances Since Declared Unconstitutional Is Asked.

To compel the city to return to vehicle owners the amounts collected from them under the various city ordinances taxing vehicles, Dan Kellaher, who has secured an assignment of many of the claims, has instituted suit in the Circuit Court to recover \$2420.50. The city has passed several vehicle taxing measures, all of which have been declared unconstitutional by the courts. The policy of the city has been to amend the existing ordinance or pass a new one as soon as a measure was declared invalid and proceed again to enforce it. The vehicle owners have been kept on tenterhooks, but Judge Oatens' action last week in fining Chief of Police Glover and City Auditor Barber for contempt of court for enforcing the tax contrary to court orders, has finally given the owners a breathing spell.

NEW REGIME FORSEEN

Judge Lawler Predicts Loss for Mayor McCarthy.
Change of Administration Will Be Done, Says San Francisco Jurist, to Defection in Banks.

NEW REGIME FORSEEN

James Rolph, San Francisco's candidate for Mayor endorsed by the Municipal Conference, the Republicans and Democrats and the Good Government League, will undoubtedly be the next Mayor of San Francisco, said Judge William P. Lawler, at the Portland Hotel Tuesday. Under the new charter any candidate receiving a majority vote at the primaries is declared elected. F. H. McCarthy, the present Mayor, is a candidate for reelection. Judge Lawler is on his way back to New York City to visit relatives and friends. He will go by way of the Canadian Pacific. He left New York as a boy in 1877. On the return he will visit Gettysburg, Washington, Richmond, Point Comfort, the George Vanderbilt estate at Biltmore, N. C., in the Blue Ridge Mountains, Charleston, New Orleans, San Antonio and Los Angeles.

NEW REGIME FORSEEN

Judge Lawler says the registration for the primary election was 122,500 and that on September 24, when it is held, there should be a vote of at least 75,000. It would be larger, he said, except that in the remodeling of the city many citizens have moved and are not yet entitled to vote in the new location. He said: "McCarthy will be defeated through the defection of what he regards as his personal following. The laboring people in San Francisco have been blamed in considerable degree for the dominance of the so-called Schmitz-Rust administration and for the McCarthy administration, but an analysis of the votes of these various contests will show that neither Schmitz nor McCarthy could ever have been elected by the votes of the laboring people alone. San Francisco does not believe in lawlessness, nor what is known as the 'wide open town.' For political reasons the McCarthy administration pays some deference to public sentiment, and in the effort to cater to the tenderloin and respectable element in the same community at the same time he is likely to fail.

NEW REGIME FORSEEN

There is now very little graft. True, the officers of the corporations have escaped punishment, but the moral lesson of the investigation, which cut to the bone, remains. The evidence in the trolley case was sufficient to convict the Supervisor and Huet, who paid the money. The officers of the corporation would have purchased the Spring Valley Water Company, offered at \$25,000,000, and that demoralizing element in San Francisco's past political life would have been eliminated. The gas company is showing the proper spirit by voluntarily promising to lower the rate to consumers. "Under the leadership of Charles C. Moore, plans for the Panama-Pacific Exposition are progressing well."

Fire Chiefs Choose Los Angeles.
VANCOUVER, B. C., Sept. 15.—Los Angeles was named as the place of meeting next year of the Pacific Coast Association of Fire Chiefs. At the concluding meeting of the Association in Vancouver today, Tacoma made a spirited contest for the event, and will probably be the convention city in 1912.
