

JUDGE GROSSCUP TO RESIGN POST

Jurist Will End 19 Years of Service on Federal Bench in October.

WORK OF CAREER IS KNOWN

Member of Tribunal That Reversed Famous Landis Decision Fines Standard Oil \$29,000,000. Wants to Enjoy Freedom.

CHICAGO, Sept. 19.—United States Circuit Judge Grosscup, one of the most prominent jurists in the country and widely known because of the reversal of the action of Judge Landis in imposing a fine of \$29,000,000 by the United States Court of Appeals, of which he was a member, will resign from the bench early in October.

Judge Grosscup will send his resignation to the President shortly after the meeting of the Court of Appeals, October 1. A desire to enjoy life in freedom from the trials of the bench and to enable him to resume the private practice of law prompt the action, Judge Grosscup says. He has served 19 years as a member of the Federal Judiciary in Northern Illinois.

Calendar is Clear. Judge Grosscup, in announcing his intention of retiring, said: "The reason for my resignation coming at this particular time is that if I go into the heavy October session, I will have become again a part of the court in cases taken under advisement that might prevent resignation for a year."

"The advisement calendar now is unusually clear of pending matters. Then, too, under the new act of Congress, my work after January would be exclusively appellate, and that, unlike planting a garden and then watching it grow, is too much like merely reading the paper."

"The reason for my resignation at all is that I wish for more freedom, not only as an individual, but as a citizen. The world politically is trying to catch up with the world's radically changed economic conditions. The 'formative' period is approaching. Next year's presidential election, I believe, will be the last one on the old lines."

"The settlement for the future will come, not through the courts of law, but through the action of public opinion. I wish no office, expect never again to hold office; but I wish greater freedom than the bench gives to do my part in this country for the benefit of the world."

Reverses Injunction. Judge Grosscup issued the injunction against Eugene V. Debs and other officers of the American Railway Union during the railway strike of 1894 in Chicago, restraining the labor men from committing acts of violence and later called on the President to send Federal troops to Chicago to preserve order.

Peter Steeger Grosscup was born February 13, 1852, in Ashtabula, O. His lineage on his father's side runs back to Holland, on his mother's to Germany, but all the ancestors have been in this country from before the Revolution.

He was appointed to the United States District by President Harrison. Soon after going on the bench he attracted the attention of the country in his decisions upon the application of the Government to close up the World's Columbian Exposition on Sundays. He dissented from the two Circuit Judges on that occasion. On an appeal to the Circuit Court of Appeals, presided over by Chief Justice Fuller, this dissent was sustained.

JAPAN FACES AN ELECTION

Nationalists Will Champion Reduction in Taxation.

TOKIO, Sept. 18.—(Special).—Next year the general elections for the House of Representatives take place in Japan, and already the platforms which the two great parties will occupy are pretty nearly defined. There are more than two parties in the field, but two only need be reckoned with. They are the Unionists (Seiyukai) and the Nationalists (Kokumintu).

Hitherto the factor most injurious to political stability in Japan has been lack of differentiation. Along the lines of basic creed, parties marched abreast. Progress was their uniformly proclaimed object. Thus their separate organizations presented an academic aspect; they seemed to be struggling to discover a breach, rather than striving to promote a principle.

WAR SECRETARY TO TOUR

Stimson Plans to Visit Every Army Post in United States.

WASHINGTON, Sept. 19.—To become thoroughly familiar with military conditions, Secretary of War Stimson contemplates visiting practically every Army post in the country. He and General Wood, Chief of Staff, and Captain Frank B. McCoy, of the general staff, will meet in Pittsburgh tonight for their tour, which will include Fort Apache, Whipple Barracks and Fort Huachuca, Ariz., and San Antonio, Tex., and probably Fort Riley and Leavenworth, Kan.

LINN COUNTY UNION MEETS

Election of Officers Will Be Feature of Today's Programme.

ALBANY, Or., Sept. 19.—(Special).—The 21st annual convention of the Women's Christian Temperance Union of Linn County began in this city this morning. The convention will be in session two days. Delegates are present from Albany, Lebanon, Brownsville, Halsey, Plainview, Seilo and Shedd.

Mrs. Madge J. Mears, of Shedd, president of the county union, is presiding at the convention and the other officers are: Treasurer, Mrs. Frances Mamer, of Albany; secretary, Mrs. Henrietta Brown, of Albany; corresponding

secretary, Mrs. R. E. Garrett, of Albany.

This forenoon's session was devoted to the reports of superintendents of departments and other official business. This afternoon's programme consisted of a praise service led by Mrs. Dora Davis, of Shedd; address of welcome, Mrs. R. E. Crawford, of Albany; address of welcome, Mrs. L. M. Green, of Albany; "Why Mothers—Ought Belong to the Young Branch," Mrs. Lois Wheeland of Plainview; "Why Children Should Belong to the Young Branch," Mrs. Ruby Hastings; "Parliamentary Drill," Mrs. Alice Fletcher, of Plainview; "Medical Temperance," Mrs. Jennie M. Green, of Lebanon; "Question Box," Mrs. Henrietta Brown, of Albany; "Thoughts from Twenty Years of Work," Mrs. M. M. Hain, of Albany.

A gold medal contest was held in the First Christian Church tonight, when contestants who have won silver medal contests in different localities for the best declamations on temperance were competing for the county prize.

A praise service led by Mrs. N. E. Gill, of Seilo, will open tomorrow's programme and addresses will be delivered to the "Tobacco," Mrs. M. E. Bowers, of Brownsville; "Equal Suffrage," Mrs. Stearn; "Social Purity," Mrs. Ida Brasfield, of Seilo; "Religion, Morals and Missions," Mrs. A. C. Lewis; "Scientific Temperance Instruction," Mrs. Henrietta Brown, of Albany. The reports of county officials

Peter S. Grosscup, Noted Federal Judge, Who Will Resign from Bench.

ers, the president's annual address and the election of officers for the ensuing year will complete the work of the convention.

VANCOUVER GETS LINE

ELECTRIC ROAD TO KLICKITAT PASS PROJECTED.

Promoters Also to Operate Coal Mines and Sawmills and Plant Townsites—Franchise Asked.

Chicago capitalists have organized a company to construct an electric line from Vancouver, Wash., north to the South Fork of the Lewis River, thence northeast to Klickitat Pass, a distance between 75 and 100 miles. It was announced on good authority last night that in addition to the electric line, the promoters will operate coal mines, sawmills and townsite properties. A general holding company has been organized through which the several subsidiary companies will be financed. Between \$10,000,000 and \$15,000,000 is back of the project.

H. L. Harmon of Chicago, is promoting the enterprise. He is in Chicago completing the details of the holding company's organization. In his absence E. R. Ernsberger, of the Mount Hood Railway & Power Company, is looking after the interests of the concern here. Mr. Ernsberger applied to the Vancouver City Council yesterday for a franchise for electric street railway rights for this concern. Mr. Ernsberger said last night that the Mount Hood Railway & Power Company is in no way interested in this project.

Associated with the promoters of the new company are persons who own immense timber areas in the northern part of Clark County and in the southeastern part of Cowlitz County. In these holdings it is declared that there are large coal deposits. The proposed line would tap this big timber district and would handle the coal tonnage.

Water power sites on the South Fork of the Lewis River have been obtained for the development of electrical energy for the new company. In addition to power sites, the company has obtained an option on a tract of 1200 acres at Helsen, which, it is planned, to develop as a townsite. Among the plans of the company is to improve the Lewis River valley and to establish colonies of Eastern farmers there. That point will be the headquarters for the general operations of the concern, particularly for the coal mining and lumbering activities. Vancouver is to be the present terminus of the line and later direct connection will be made with Portland.

The plans of the enterprise have had a stimulating effect in the district from Vancouver to the upper part of the Lewis River country. The farmers have been generous in concessions for right-of-way for the proposed road, as they realize what the line will mean to the district.

It is the belief of those who have been following the developments that the Milwaukee, Chicago & Puget Sound line in that vicinity and the project is known that that road has planned to build this way through Klickitat Pass. With the road extending from Vancouver to Klickitat Pass as its present northern terminal, strength is given the surmise that the interests in the two concerns are identical. E. R. Ernsberger, who is acting for Mr. Harmon temporarily, declares, however, that as far as he knows, the promoters of the new line and the subsidiary companies are entirely independent of the Milwaukee interest.

It is declared that the Chicago capitalists have floated sufficient bonds in France to assure the immediate financing of their various projects.

CONVICT DOES MURDER

(Continued from First Page.)

arm, and turned to fight, but was struck down by a prisoner and disarmed.

Death Sentence Pending. He then was prosecuted under a law made following his attempted murder of a guard and providing the death penalty for assault in prison. He was convicted and taken back to Folsom again.

The ex-convict, in writing of him, said: "While his life has been a criminal one, I believe he would make good if given the chance. He was fearfully emaciated. His skin was the color of dry mud. He looked the incarnation of despair."

NEW ALLIANCE MADE BY 2 ROADS

Southern and Western Pacific Balk at Demands From Eastern Lines.

OLD RELATIONS BROKEN

Hereafter Coast Concerns Will Route All East-Bound Passenger Business Over Own Tracks and Those of Allies.

SAN FRANCISCO, Sept. 19.—(Special).—A demand on the part of the Rock Island and Burlington roads for an increased portion of through fares for their haul from St. Louis and Chicago to Denver, has driven the Southern and Western Pacific railroads into a new alliance by which they will hereafter route all passenger business East over their own lines, or allied tracks.

This will send Eastbound traffic over the Denver & Rio Grande, Salt Lake & Denver, and the Oregon & Northwestern. Explanations of the new arrangement were made by the Southern and Western Pacific management as follows: "This action has been taken by the Southern Pacific Company because the Rock Island and Burlington roads have refused to grant the Southern Pacific the same amount of division of tickets as has been customary for service in years past."

For the Western Pacific it was said: "The controversy which caused the break in the old established relations was brought about by the arbitrary demands on the lines between Denver and Chicago and Denver and St. Louis, and this action was taken by all Western lines, namely, the Western Pacific, the Southern Pacific and the Salt Lake route, as a last resort, and was their only means of protecting their passenger revenue."

"The Burlington can haul from Denver to Chicago for one-third the cost we must pay to get our trains over the Sierras."

ONE YEAR RESPIRE GIVEN

University Fraternities Receive Scant Margin of Life.

UNIVERSITY OF WASHINGTON, Sept. 19.—(Special).—Granted a period of one year in which they are to be allowed to vacate their homes for all Western houses, the Delta Tau Delta, and Sigma Alpha Epsilon fraternities will continue to furnish their homes for this season, according to the decision of the faculty committee on discipline.

Much unrest and anxiety has been provoked through the recent ultimatum issued by Miss Isabella Austin, to the effect that either the fraternities, or the Sororities on the campus, or their neighbors, the S. A. E.'s, should vacate their new \$15,000 homes or be subject to the opening of the college year. The same decree faces the Delta Tau Delta fraternity, and the Alpha Chi Omega and Phi Kappa Phi fraternities, the former having invaded the adjoining lots between these two sororities.

As yet the fraternities contest the action of the faculty, as they have leased their houses for a period of five and three years, respectively. Gallantly, the Delta Tau and the S. A. E.'s have determined to vacate their quarters if the matters come to a legal contest, allowing the fair co-eds to feel secure in their position.

POWER CONTRACT IS LET

State Arranges for Supplying Asylum in Eastern Oregon.

SALEM, Or., Sept. 19.—(Special).—In order that the company may extend its lines and provide light and power for the construction work of the Eastern Oregon Hospital for the Insane, the state board today entered into a contract with the Pacific Light & Power Company. The lights and power for the buildings will not be needed for more than a year, but to accommodate the builders of the institution and because the contract could be obtained now at a low price the board decided to execute it.

The board also discussed the advisability of having patients at the Asylum here manufacture mattresses, bedsteads and other articles of furniture for the Eastern Oregon institution. Many of these articles are now being manufactured by inmates of the institution here and it was estimated that a saving of nearly \$1000 can be made by having them make them for the Asylum to be built in Eastern Oregon.

WATER CONTRACT HELD UP

Secretary of Interior Wants Work Rushed on Klamath Project.

OREGONIAN NEWS BUREAU, Washington, Sept. 19.—The Secretary of the Interior suspended the contract entered into January 21, 1911, with W. H. Mason, of Klamath Falls, for construction of the Lost River diversion channel, Klamath irrigation project, owing to inability of contractors to comply with the terms of his agreement, and for the further reason that it is highly probable that the work be completed prior to beginning the next irrigation season. Work will be completed by force account.

FLYPAPER QUIETS BEES

Nest Falls at Vancouver and Pedestrians Suffer Stings.

VANCOUVER, Wash., Sept. 19.—(Special).—Tanglefoot was used with success in capturing several thousand yellow jackets, which were in a nest that fell from a tree in the front yard of the Grace & Beatty undertaking establishment at Tenth and Columbia streets today. The nest fell near the entrance to the building and several persons passing that way were stung. Mr. Beatty secured half a dozen pieces of newspaper and placed them on the ground around the nest.

Mothers Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. BRADFIELD REGULATOR CO., Atlanta, Ga.

old girl, into an old freight car used as a house by the construction gangs. After three of the brides had satisfied their passions, she made her escape and told her story. She then started out to the home of her grandmother near Silver Lake, in the vicinity of which she was found by the officers next day after a long chase through the wet underbrush. Sunday the officers, with the girl, made the rounds of the camps in the hope of finding the assailants, but they had disappeared without stopping to draw their pay.

BOARD IS HELD LEGAL COURT RULES RAILWAY COMMISSION ACT VALID. Decision Sustaining State in Lyons Depot Case Shows Body Has Right to Exist. SALEM, Or., Sept. 19.—(Special).—Upholding the constitutionality of the act creating the State Railroad Commission, the Supreme Court in a judgment rendered today sustained the opinion of the Circuit Court of Linn County in the case of the State of Oregon against the Corvallis & Eastern Railroad Company.

The suit was instituted in the Circuit Court by the state to secure a judgment against the railroad company for its failure to comply with an order to maintain a station and depot at Lyons as provided by petition presented to the Commission by patrons of the road. A \$10,000 judgment was asked for and the jury brought in a verdict for the state.

The Supreme Court's previous decision in which the lower court was affirmed, was sustained in the case of Mattie A. North, et al., against the Union Savings Loan Association, of Portland.
