MOHAIR VALUE HIGH

Railroad Man Tells Reason for Difference in Rates.

SEA COMPETITION FACTOR

H. G. Toll, of Southern Pacific, Explains Wool Shipment Tariffs to Commissioner Prouty at Salt Lake Hearing.

SALT LAKE CITY, Sept. 21.—

Esaying a defense of the manner in which the railroads brought into their tariff schedules an item known as a division rate, which is considered in fixing charges on transcontinental shipments of wool from Western points to the Eastern markets, H. G. Toll, of Salt Lake City, Assistant General Freight Agent of the Southern Pacific lines, today explained to Commissioner Prouty at the wool rate hearing that the division of profits from all transcontinental hauls is the same to the Eastern railroads as that enjoyed by lines operating west of Omaha, Neb. The transcontinental rate was established solely to meet water competition on the Pacific Coast, the witness explained. Urged to explain the ten cents difference in the rates between wool and mohair, Mr. Toll testified that

the railroads considered mohair the more valuable article by far, and that as the shipments rarely totaled a carload lot, mohair was listed among commodities of the first class.

PAT CROWE IS "BEATEN UP"

Man Who Held Cudahy Boy for Ransom Insults Chicago Woman.

CHICAGO, Sept. 21.—"Pat" Crowe, sometime kidnaper, sometime preacher of the gospel, last night attacked a woman in Wells street. He was angered because the woman resented his attempt to flirt. The woman, hysterical and bearing on her face the imprint of Crowe's fist, hurried home before the police learned her name. Crowe, beaten by men who did not sympathize with his "strong-arm flirtation," was taken to a hospital and later to a police station. Crowe, achieved notoriety several years ago as the kidnaper of the son of Edward Cudahy, wealthy Omaha packer. Some time ago Crowe became a temperance evangelist under the auspices of the W. C. T. U., but has several times fallen from grace.

UNION FLAGS TAKEN DOWN

Denver Mayor Removes Recruiting Station Pennants—Fight Due.

DENVER, Sept. 21.—Mayor Speer compelled the United States Marine Corps today to haul down its colors in Denver, and as a result, the Mayor may be involved in an imbroglio with the United States Government. Two of the official flags of the Marine Corps were hung over the sidewalk from the building in which the recruiting station has its headquarters. This is in violation of a city ordinance.

WAR ON IN WOODS

Gun Men Stalk in Settlers' Lumber Company Feud.

CABIN HOMES ARE BURNED

Homesteaders Declare Forces of Corporation Have Dispossessed Them in Dispute Over Rich Redwood Forest.

UKIAH, Cal., Sept. 21.—

Open war is on between settlers on Alder Creek, near here, and emissaries of a lumber company, over rights to thousands of acres of the finest redwood timber country in the state. Already settlers have been dispossessed and their cabins have been burned. They assert that the presence of armed men in the vicinity is due to the lumber interests, and declare that 15 more gunmen have been summoned from San Francisco. Bud Fitch, Byron Bishop and Frank Iverson are among the settlers who were chased from their claims and whose cabins have been burned. They have returned to their claims and are camped out, awaiting further attack. Trouble started over a ruling by the Department of the Interior that the lumber men cannot protect their scrip

claims unless by affidavits showing that there are settlers on the land and no improvements.

Photographers have been employed by some of the settlers to take pictures of their cabins and fences, to be used as evidence in case both are destroyed and the settlers are driven out. It was discovered that men connected with the lumber interests of San Francisco had been employed by the settlers have until October 6 to file their counter affidavits, and believe they can hold out until that time.

PACT BRIDE NEVER SEEN

Track Guard Walks 200,000 Miles in 15 Years After Ceremony.

SAN FRANCISCO, Sept. 21.—After 15 years of married life, during which he has never seen his bride, Manuel K. Silva, a trackwalk guard employed in the snowsheds of the Southern Pacific Company, has been granted leave to return to Portugal for his delayed honeymoon. "I've never seen her, and we've been married about 15 years now," Silva told the marriage with a sweetheart of his boyhood days had been celebrated under the contract form recognized in Portugal. It is estimated he has walked 200,000 miles during his employment on the railroad, and he is now receiving a pension from the company.

CAR COMPANY IS LOSER

SAN FRANCISCO WINS FIGHT FOR OUTLET TO FERRY.

Court Rules Against United Railroads and Its Horsecar Line in Lower Market Street.

SAN FRANCISCO, Sept. 21.—One of the main obstacles to the completion of the new municipal Geary-street railway to the ferry terminus was removed today when Superior Judge Seawell rendered an opinion holding that the United Railroads, through its subsidiary, the Sutter-Street Company, had no franchise to run cars on lower Market street.

The city and the United Railways have been struggling over the possession of the outer of the four tracks in lower Market street for the past four years. Through an accident, no reference was made to these outer tracks in the "blanket" trolley franchises given by the San Francisco Board of Supervisors to the United Railroads in 1905. When it was discovered the omission had been made, the city offered the company a trolley permit for the outer tracks on condition that the Geary road also be allowed to use the rails. The company refused, and put on horse cars.

The court now holds that horse cars are not a part of the "continuous service" conditions laid down in the old franchise, since the rest of the line is electric.

Girl's Abductor Sent to Prison.

CHEHALIS, Wash., Sept. 21.—(Special.)—John S. Gosta, a former restaurant proprietor here, pleaded guilty in

Superior Court here today to abducting Leona Hedrick, a former telephone operator of Chehalis. Gosta was sentenced to the Monroe reformatory with a recommendation for a six-months' term. Gosta and the Hedrick girl were apprehended in a rooming-house in Portland a few days after they had left Chehalis together. Gosta will have to pay the entire costs of the case, which will amount to about \$150. Miss Hedrick is now at home with her mother in this city.

COLORED TEA UNDER BAN

Customs Officers to Bar Leaves Artificially Shaded.

WASHINGTON, Sept. 21.—Secretary McVeagh has decided the Treasury

Department's controversy with merchants who claimed the right to import artificially colored teas by issuing an order to all customs collectors flatly forbidding them to pass any tea which shows traces of artificial coloring.

On telegraphic orders sent to San Francisco, 1,000,000 pounds of black tea held at that port for several weeks because it contained artificial coloring matter, was delivered to its consignees. A million pounds of green tea held on a similar charge was ordered kept for shipment outside this country. Each shipment is worth \$250,000.
