## **DUTIES OF CHARTER** BOARD ARE DEFINED

East Side Committee Fixes Pay of Commissioners at \$4800 Each.

FOUR - YEAR TERMS SET

Pive Members of Proposed Governing Body of City, It Is Decided, Must Limit Labors Solely to Work of Position.

The People's Charter Commission, of the East Side Business Men's Club, at its meeting at the City Hall last night, decided to fix the salaries of the five Commissioners in the proposed charter, at 34500 each a year, and to provide a secret service fund for the Commission amounting to \$2500 a year. It was also decided to give each rear. It was also decided to give each Commissioner absolute power over his department of city affairs, and to give the Mayor no power over other Commissioners, making him merely chairman of the Council.

The terms of Gummissioners were fixed at four years. A provision was adopted to make the bend of Counts-sioners 125,000, and providing for removal of a Commissioner for unfaith-fulness, curruption or maifeasance in

ness, corruption or malfeasance in

fulness, cerruption of maircasance in office.

Another provision is that no Commissioner may hold office while in any way interested in any public service corporation or who has contracts with the city. If a Commissioner while in office becomes a possessor of stock in a public service corporation by bequest or in some other, manner other than voluntarily, he must either dispose of it in 36 days or resign. If he voluntarily takes stock in a public service corporation or accepts a position as an officer, his office immediately becomes vacant. It is also provided no Commissioner may conduct any other business than that of the city while he is in office.

Weekly publication of an official gazette, containing all proceedings of the city officials and publication of the audit of the City Treasurer's books in the newspapers every year, are also provided for

provided for.

The members present were: A. E. Clark, Dr. Harry Lane, Alfred D. Criege, Dr. C. H. Chapman, H. G. Parsons, Isaac Swett, A. L. Barbur, N. U. Carpenter. William C. Benbow and George Black,

George Black.

A committee of the Charter Commission returned its report on the civil service. This follows chiefly the present charter bearing upon this subject. A section is inserted, however, providing that married men shall be employed in the civil service in preference to unmarried and voters in preference to unmarried and voters in preference to measurements.

#### RECIPROCITY IS DEFEATED

(Continued From Pirer Page.) in making the reciprocity arrangement we had done something which would be greatly to the hencht of the people of Canada. The electors have de-

"I regret that we have been unable "I regret that we have been unable to carry reciprocity, which I still believe would have protected the material advancement of Canada and
would have proshoted the growing
friendship between the United States
and Great Britain. However, the
sountry has spoken. We must bow
to the inevitable and cheeffully do so." Landslide Not Expected.

The landslide was not expected by The Liberals were confident they ould be returned with an increased would be returned with a last reci-procity, for they believed that reci-procity would be most acceptable to the Canadian electors. While the Conservatives claimed they would have

Conservatives claimed they would have a majority, they did not expect it would be so large, or that the general verdict of the country would be given to decisively against the government. They feared that reciprocity would prove popular with the farmers of Ontario and the farmers and the fishermen of the maritime provinces, and while confident they would win the cities, they were dublous as to the result in roral constituencies. However, the agricultural vote went almost solidly against reciprocity and in the maritime provinces it did not prove to be the popular issue expected.

Conservatives Make Harvest.

Conservatives Make Harvest. Walle Sir Wilfrid Laurier, the Prime Minister, was safe in two counties, the Conservatives made a great harvest of Miri Heads, 11 members of the Lau-

tice, did not seek re-election, as he had decided to retire from public life, and Sir Elchard Carrwright, Minister of Trade and Commerce, who is a member of the Canadian Senate, was not required to no before the electors.

Jacques Bureau, Solicitor-General, who was registered as a semi-member of the administration, also was de-

Although the majority of seats won by the Conservatives is more than 50, the popular majority against the gov-erament and reciprocity is even more overwhelming. Where Liberal seats were retained or won from the oppo-sition, it was generally by a very small margin. The Conservatives every-where were returned by majorities known in oriminal circles as "Two larger than have ever before been given Spot," and Dorothy Wilson, were ar-

in a Canadian election.

The results indicate that the Canadian electors were moved by sentiment more than by material consideration.

It has been an axiom in Canadian pot- arrive with requisition papera.

ities that no party could succeed without a majority in the province of
Quebec, but today's result destroyed
this theory, for the government, though
defeated, retained a majority in Quebec. Many who believed the Conservatives would win, expected the majority to be small and the result would be
that the French Nationalist party
would hold the balance of power and
that Henri Borness would be their
leader. If this had been the case, they
would have occupied the post which
the Irish party has sometimes held in
the British Parliament and might have
made the position of the Frime Minister difficult.

Borden Has Power.

Borden Has Power.

Borden Has Power.

The splendid majority obtained by R.
L. Borden in the English provinces will make him practically independent of the French group, for he has a working majority without them. The effect of this will be to minimize the Nationalist party, which Mr. Borassa has been creating for eight years.

The great Conservative following which has been sent to Mr. Borden by the Province of Ontario makes it certain that this province will dominate Canadian affairs for some time to come. The defeat of so many leading Cabinet ministers makes it difficult to foresee upon whom the choice for minority leader will fall.

upon whom the choice to leader will full.

The verdict is looked upon as a triumph for protection and a victory for the manufacturers of Canada.

Among these who may find places as ministers in the new administration are:

A. S. Goodeve, of British Columbia, and Robert Rodgers, now Minister of Public Works in the Manitoba provincial in the Manitoba provincial programment. Despite reports to the lie Works in the Manitosa provincial government. Despite reports to the contrary from Hallfax, Conservatives here claim to have absolute information that Mr. Borden has been elected, though by a small majority. Whether he has been elected will make no difference. If a count for Hallfax leaves Mr. Borden in the minority, any one Mr. Borden in the minority, any one of a hundred members elected as Conservative representatives in Canada would resign to give him a seat.

Sydney Fisher, Minister of Agricul-

would resign to give him a seat.

Sydney Fisher, Minister of Agriculture, was defeated by a young lawyer.

Although reciprocity dies a natural death, the Conservatives are likely within a short time to give their attention to the revision of the Canadian tariff, which Mr. Borden favors, and with the tenders for the construction of 10 vessels for the Canadian navy, a project which he has condemned and which has been denounced by the French Nationalists of Quebec.

The new Premier also will have to deal with tenders for an \$8,000,000 appropriation for harbor work and drydock at St. John, to form the outlet for the national transcontinental railway to be completed within a few years. This Mr. Borden and his Conservative followers have denounced as an improvident undertaking.

Mr. Borden promised, if elected, to increase government ownership of public utilities, such as railways, telegraphs, and favor the West in the establishment of terminal elevators under government supervision, promote contents of the Musican Ray Railroad.

government supervision, promote con-struction of the Hudson Bay Railroad, to develop terminals on the Hudson Bay and to see that a fleet is put on the route between Hudson Bay ports and Europe to carry out the wheat and cat-tle of the West.

CONSERVATIVES GAIN GROUND

Not One Liberal Is Elected to British Columbia Parliament.

VICTORIA, B. C. Sept. 11.—British Columbia elected seven Conservative members of Paliament. There were five Conservative members from this province to the late Parliament. The most notable Liberal reverse was the defeat of Minister of Inland Revenue William Templeman in the Victoria district, Poliowing is a list of members-elect:

Victoria, G. H. Bernard, Conservative; Vancouver, H. H. Stevena, Conservative; Vancouver, H. H. Stevena, Conservative; Vancouver, Westminster, J. D. Taylor, Conservative; Yale-Cariboo, Martin Burrell, Conservative; Kootenay, A. S. Goodeve, Conservative.

In the Comox-Atlin district, H. S. Clements, Conservative, is elected over Dances Ross, Liberal.

# BURNHAM IS GALM

Colorado Springs Man Unmoved at Funeral of Victims of Assassin.

DEPUTY'S GUARD OVER HIM

Chemical Examination of Suspicious Stains on Prisoner's Clothing Will Be Made-Police Think He Knows More Than Told.

COLORADO SPRINGS, Sept. 21. Tony Donatel, a laborer, 40 years old, was arrested late today in connection with the wholesale murder of the Wayne and Burnham families here. It is understood that Donatel's arrest followed statements made by Arthur J. Burnham, husband of one of the slain,

Burnham, husband of one of the slain, who was arrested previously.

Burnham, it is said, admitted that when he returned home unexpectedly Sunday he found Donatel in the house with his wife, caressing her.

A new clew is a clear finger-print, outlined in blood on the handle of the ax which was used to kill the sextet. Burnham maintains his innocence and declares that he was at the samitarium at the time of the crime. His attitude, however, has led the officers to think that he may know more about attitude, however, has led the officers to think that he may know more about the crime than he cares to admit. When taken into the presence of the dead in the house, and later at the morgue he was unmoved. Officers at the sanitarium where Burnham is en ployed peralst in saying they can ac-count for his movements during the period in which the murders must have been committed.

heen committed.

He quit work about 7 o'clock Sunday night, after having been engaged for some time peeling potatoes and the man who occupies the same cottage with him, says he heard him coughing with him, says he heard him coughing at different times during the night. The sanitarium is several miles from the city and the management says that none of its carriages was out during the night and that Burnham is too feeble to have walked such a distance. A chemical and microscopic examination of spots on Burnham's shoes and clothing, which resembles dried human blood, will be made today by the city chemist. A rag with which the murderer wiped his hands and the handle of the ax with which he slew his victims has been found saturated with blood.

Notice of Disappearance Left at Police Station, Then Mystery Closes on Unknown Lad.

President Sorry Canadians Saw Fit

to Turn Down Deal.

KALAMAZOO, Mich., Sept. 21.—
President Taft, at a banquet here tonight, said:

"I have just been informed that reciprocity has failed in Canada. For
me it is a great disappointment. I had
hoped that it would be put through to
prove the correctness of my judgment
that it would be a good thing for both
countries.

"It takes two to make a bargain and
if Canada declines we can still go on
doing business at the old stand."

COCAINE BAIT IS SNAPPED Drug Clerk Takes Marked Money and Is Arrested.

E. J. Hawkins, clerk in C. M. Brink's drug store at Thirteenth and Wash-ington streets, was arrested by Pro-bation Officers McIntosh and Fisher iast night for selling cocaine without a physician's prescription. Hawkins sold an ounce of the drug to McIntosh without asking questions, receiving \$8. A
\$5 bill and one of the silver dollars
were marked and after the sale the
money was taken and held with the
ounce of cocaine as evidence.
The Juvenile Court has been receiv-

ing complaints for some time about the sale of drugs to youths at Brink's drug store. Last night McIntosh, made up as a "dope fiend," entered the drug store and asked Hawkins for an ounce store and asked Hawkins for an ounce of cocaine. He used the name of a "go-between" in the sale of drugs and the clerk asked no question until it came to the price. McIntosh said the "go-between" had informed him the cocaine was \$5 an ounce. Hawkins wanted \$8 and finally told McIntosh that if he wanted the cocains he would have to pay 18, and started to put it back. McIntosh then said he had to have it and paid over the marked money. He then signaled Fisher, wait-

money. He then signaled Fisher, walting outside, and Hawkins was arrested in the act of ringing up the purchase on the cash register.

Hawkins immediately telephoned to Brink that he was arrested for selling cocaine and asked him to help him out. Judge Tazwell placed Hawkins' ball at \$1900 cash, which he was unable to give.

OUTSIDER DERBY WINNER

Big Coup Sprung in Big Event at Baker Fair Meet.

BAKER, Or., Sept. 21.—(Special.)—
One of the greatest surprises ever sprung at the local races was turned loose today when the Baker derby, the big race event of the Baker County Fair and race meet, went to an outside horse that previous to the race was merely considered an "also ran." Seon, owned ty F. M. Shelton, of Starr. Idaho, and ridden by Jensen, of Riverside, Cal., captured the event, with Plume, also an outsider, landing second money and Confederate and Sunrise, the first and second choices in the betting, third and fourth.

One of the features of the day was the stock parade. Some of the finest blooded cattle ever exhibited here was paraded past the grandstand, all, with the exception of one herd, being products of Baker County. Summary:

Arenga, a Sumpter horse, won the 2:25 trot in three straight heats. Best time 2:224.

Two- year-old run, three-eighths mile-Minnie May won, Brogan Belle second, ida Lee third; time 6.37.
Half mile run-Redan won, Arthur Hy-man second; Maine third.
Second day relay race won by Phillip Lynne string.

SKULL FRACTURED BY FALL

Salesman Who Was Riding Streetcar Expected to Die.

Charles R. Hanks, who from his charles R. Hanks, who from his attire, and grip found in his posses-sion, was a traveling salesman, fell off Woodlawn car No. 552, in care of con-ductor 708, at Third and Washington atreets last night, and struck his skull against the pavement, mashing his head and fracturing his skull. He is now at St. Vincent's Hospital uncon-scious and is not expected to live. scious and is not expected to live. Hanks boarded the car at Fourth street, and was standing at the entrance, beside another man, when he was observed suddenly to throw his hands up, and to fall over backwards, his skull striking the pavement and his feet remaining on the car.

J. Rousellott, a salesman at Ellers' Piano House, and residing at 15 East Sixteenth street North, was by in his automobile when the accident occurred and took him to the hospital, in com-

MEDICAL LEADER EXPLAINS GROWTH OF QUACKERY.

Many Physicians Cause Disgrace to Profession Through Negligence, He Declares.

That the rapid growth of medical quackery in the West is due to the fallure of first-class practitioners to use scientific and careful methods in their practice, was the declaration last night of Dr. J. N. McCormack, chairman of the educational committee of the American Medical Association at a meeting of the State and County Medical Society, held in the Medical building.

Dr. McCormack styled the quacks

work.

"The doctors try to take too much upon themselves and they do not give the irdividual cases the proper atten-tion. Naturally they do not make the cures and the patient is not benefited.

The patient in his extremity turns to
the quack, who presents an alluring

### LAX-PRACTICE BLAMED

Dr. McCormack styled the quacks as persons who take advantage of the carelessness of qualified physicians who do not do their work properly and said a systematic fight against this branch of the medical fraternity must be started in order that the reputation of good men be upheld.

"I dare say that if half of the doctore who are practicing at present should be dropped out," said Dr. McCormack, "it would be a great blessing for the people. I have made a careful study of conditions and have found that if every patient got what they expect in the way of examination and treatment from the doctor to which they appeal there would not be a sufficient number of doctors to do the work.

# Look After Your Health

If Your System Is Kept Toned Up You Will Escape Many Diseases That Find Easy Victims Among Pale, Debilitated People.

Enough disease germs enter the average human body every day to cause death if the healthful organism did not combat these germs and render them harmless.

Let the human system become run down, or debilitated, and this power of resistance to disease is weakened. Soon the disease germs get the upper hand, an acute sickness follows or the patient becomes a chronic invalid. It is in the blood that the battle to maintain the health is

fought. Keep the blood toned up, the bowels open and observe ordinary care as regards food and rest and you will avoid much sickness.

Debility is not a recognized disease but is a condition in which the sufferer cannot get a good night's sleep, wakes up all tired out, has no strength or ambition, is nervous, has a poor appetite, has trouble with the stomach and is subject to headaches and backaches. It is most commonly met with in people who have to work hard, are confined indoors, eat improper food or have worries and grief.

Mrs. Norris Cook, whose address is Box 100, R. F. D. No. 3, Ottawa, Kans., "I was generally run down from hard work. I suffered from severe headaches, which would last for three days at a time, and when they came on I would have to give up all work. There was such sharp, knife-like pains in my side that I could not take a long breath without its hurting me. I was pale and nervous and had no strength. Under the doctor's care I would feel better for a day or so and then become worse again. This was my condition for three years or until I began taking Dr. Williams' Pink Pills for Pale People. They gave me a good color and I gained 15 pounds in weight. The pains and headaches have left me and I am not the least bit nervous. Dr. Williams' Pink Pills are the only thing that helped me."

Dr. Willams' Pink Pills for Pale People are a general tonic and have cured such blood and nerve diseases as anaemia, rheumatism, after-effects of the grip and fevers. sciatica, neuralgia, sick headaches, St. Vitus' dance and other troubles. They cure stomach trouble by building up the blood so that it can nourish and strengthen the weakened digestive system. Hundreds of cures in most severe cases entitle this treatment to a thorough trial.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company,
