MILLION BARRELS FLOUR IS DEMAND

Asiatic Shortage of Breadstuffs Prompts Activity in Portland Shipping.

FACILITIES ARE HAMPERED

Norwegian Steamer Rygja Will Sall Direct to Orient From This City. Robert Dollar Only Addition to Regular Fleet.

Portland will ship in export flour for the months of September, October, No-tember and December, as estimated yes-terday, 500,000 barrels if tonnage is available, and for January, February, Murch and April an equal amount will go forward under the same tonnage proviso, in which event the Oriental market will have presented an unusual condition.

In the past few years buying on the other side of the Pacific has been in a other side of the Pacific has been in a measure spasmodic and fitful, but this senson it is easid by millers that there is a shortsme of bread-making products in the Far East, and as business has been booked for shipment in January and February, and there is strong inquiry for later delivery, indicating a continuation of the movement. Portland should be credited with exports of 1,800,900 barrels for the season of 1211.12

Even greater business could be en-joyed if more steamer space was avail-able for, with lower rates in effect to January 1, there is a much stronger shie, for, with lower rates in effect to January 1, there is a much stronger demand on the other side. But there are prospects for only one additional steamer to the regular fleet—the British tramp Robert Dollar—on which Mitsui & Co. have taken considerable space for wheat and flour. The Norwegian steamer Rygia, due from the Orient in the Portland & Asiatic service October 5, and which is to be transferred on arrival to the Waterhouse fleet, is to remain in port but a week and then be dispatched direct to the Orient, instead of salling via Puget Sound. The additional space will assist in a measure to relieve the local congestion. About 1960 tons of wheat and flour that was to move from Sesties on her will be taken by the Orteric, now will be taken by the Orteric, now

OPPOSITION'S RATE HIGHER

Port of Portland May Equip Tugs With Wireless Gear.

Figures obtained by Superintendent Campion, of the pilotage and towage service, have been submitted to the Port of Portland Commission covering rates of Portland Commission covering rates charged by the opposition at the mouth of the Columbia, the Puget Sound Tug-Boat Company. The tariff is the same as that published, with the exception of that for vessels from 2751 to 3000 tens for which \$500 is the towage rate instead of \$550, as in the published tariff, and \$950 is asked for carriers from 3001 to 3500 tens instead of \$500.

From all rates a rebate of \$ per cent From all rates a rebate of 5 per cent is made and the hawser charge is \$10 instead of \$16. For harbor moves the rate is \$25 if one steamer is used, the same as the Port of Portland Comcharge, but for two tugboats \$30 each is asked, a reduction

of \$5 on a steamer.

President Mears is in favor of the President Mears is in favor of the Port tings being equipped with wireless, the same as the opposition vessels carry, that inbound carriers may be communicated with and a bid made for the business at long range. Captain Thomas Crang, of the Union Oil Company, who has had years of river experience, says he has talked to a number of marine and shipping men, who isud the action of the Port of Fortland Commission in not attempting to drive the opposition away and he asys that without question it is the purpose of the Port to work for the lowest possible rates consistent with good service.

ARRACAN'S RATE IS HIGHEST

Buffon Is Also Taken for Local Grain Loading.

M. H. Houser, who chartered the British hark Arracan Monday to load wheat here, has the distinction of having paid the highest freight recorded for the same business in several years 31a 3d being the rate. The French bark Buffon, which is on the

recorded for the same obtained in several years. Has 3d being the rate. The French bark Buffon, which is on the way from Havre to Fortland, has been fixed at 30 shillings and the French bark General Faidherbe, listed from Leodon for Victoria, has been fixed to lead wheat at Tacoma at 15s 5d, but the Arracan was engaged after they were taken and her rate indicates the strong tone of the market. The charier of the Arracan cleans up disengaged tonnage on the Coast.

so far as foreign carriers are con-cerned, and that is the reason for the stiff rate. Probably two additional car-riers will be cleared from here this week to increase the showing for Sep-tember and there will be an excellent display of wheat exports for October.

PRENCH FLAGS AT HALF MAST

Grain Vessels Lower Colors in Respect of Navy Dead.

French vessels in the harbor are french vessels in the harbor are dressed in silent reverence to the memory of hundreds of seamen who lost their lives on the French battle-ship Liberte, which sank at Marseilles Monday morning. Plags are displayed at halfmast for the period of mourning. The French bark Edouard Detaille will leave port roday, wheat-laden for Europe, and there will remain the French bark Bonchamps and the French bark Ernest Legouve.

French bark Ernest Legouve.

Many of the French sailors in port knew men on the Liberte and are in doubt as to whether their friends are numbered among the missing.

Marine Notes.

Notice has been given that the steamer Lurilne, of the Kamm line, will sail from Pertland for Astoria at 7:45 c'clock each morning, beginning October 2, instead of 7 o'clock.

Bonds Amounting to \$1,825,-000 to Be Issued This Year.

ISSUE WORK DEMANDS

Sum to Be Distributed in Seven Ways for Improvements Under Way or Projected-7-Mill Limit Doesn't Bind Them.

Portland's bonded indebtedness will be increased by \$1,825,000 within a year if all the bonds are issued which are necessary to bring to the city the money needed to pay for improvements money needed to pay for improvements now under way and contemplated. This sum, bonds for the most of which will probably be issued before January 1, is distributed as follows:

Pire main bonds.

Park and boulevard bonds.

Bull Run pipeline bonds.

Water System Cost Covered.

Municipal dock bonds to the amount atthicipal dock bonds to the amount of \$2,500,000 have been authorized, with provision for a tax levy not to exceed one-tenth of a mill above the amount necessary to pay interest and create attains for

a sinking fund.

City Attorney Grant yesterday answered the Mayor's question whether the city officials may lawfully go over the seven-mill limit for street improvement bonds, and whether this limitation applies to outstanding bonds issued for street and sewer improvements. Mr. Grant says that it does not

Limitation Doesn't Govern.

not.

"The bonded street improvement indebtedness is provided for by a special fund," said City Attorney Grant.
"The city should so manage this special
fund as to carry out the intention of
the charter in respect thereto. If by
any mismanagement it should become
inadequate, the interest on these bonds
would be raised by general taxation,
the same as the interest on other bonds,
and would not be counted as within
the limitation fixed by law."

The limitations provided by section
li4 of the city charter are:
"Lighting fund, levy may not be more

"Lighting fund, levy may not be more than 1½ mills; fire department fund, 2½ mills; police department fund, 1 4-5 mills; street repair fund, % mill; public library fund, 1-5 mill; park fund, ½ mill; shaking fund, ½ mill; special bridge fund, 2 mills."

The seven mills are exclusive of the sinking fund levy and the levy for the special bridge fund.

MADMAN TERRIFIES CREW

Demented Watchman Pursues With Knife; Jumps Overboard.

Frantic assaults by a madman held the crew of the towboat Gamecock in terror of their lives, for several hours Sunday night, while the boat was in Sunday night, while the boat was in the Columbia River below Goble. The demented man, serving as night watchman, became insane suddenly and with a big knife in his hand chased the crew about the vessel, threatening their lives. All fled to places of safety and then the unfortunate leaped overboard and was drowned.

No details of the affair were obtainable as the steamer is still down the

No details of the affair were obtainable, as the steamer is still down the river and will not reach here until today. At the local offices of the company operating the boat it was said that the man who caused the trouble was unknown to them. The information in their possession was that he had injured no one.

The Gamecock is a river towboat in the service of the Willamette & Columbia River Towing Company, and is down the river after a raft of logs.

down the river after a raft of loga.

Kansas Bootlegger in Hopyard.

CHEHALIS, Wash., Sept. 25.—(Special.)—Charles Hodson was arrested yesterday at the Klaber hopyards on a charge of bootlegging. Jake Aust was arrested Saturday for the same offense. Hodson was bound over to the Superior Court. Some time ago Aust went to Kansas and tried bootlegging there, with the result that he served a year in Jall. When released served a year in fail. When released he again came West with two small

Woman's eesniggah

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regu-lar use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes.

Mother's Friend is for sale at drug stores.

How the Quacks Work DR. GREEN

In my fight against advertising medical quacks, I find that one of the worst features of the quacks is the employing of a "case-taker."
The hired "case-taker" need not be licensed to practice medicine, nor even be a physician, but if the quack knows a "case-taker" who has suave and persuasive ways to get your money, he makes his patients first consult with the "case-taker," and the same holds good with some ad-

vertising "specialists."

Now, a doctor or medical "company" does not employ a "case-taker" on account of his superior skill to give treatment or ability to DR. A. G. SMITH.

The Leading Specialist.

Intend to see, and if you can't see him PERSONALLY when you call at the office, DON'T CONSULT OR TREAT WITH AN UNKNOWN.

When I began my campaign of personal advertising. I expected to live cure, but to get more of your money.

the office, DON'T CONSULT OR TREAT WITH AN UNKNOWN.

When I began my campaign of personal advertising, I expected to live up to my announcemente fairly and squarely, and I have carried out this plan to the letter. I have no connection with any "medical company" or institute," and I assume the entire responsibility of treating and curing my patients, as well as all financial matters. I have more money invested in my establishment than all other Portland advertising doctors, "companies," etc., combined, and I will give \$500 to any charity if this is not so, watch for my next announcement exposing how the extra-charge-formedicine "graft" is worked by the quack. I am in this war against medical humbug to the finish, and will not be through as long as there is a single quack left among the advertising doctors. I believe a physician has just as much right to advertise his specialty as a bank has to publish its financial standing, or a minister to announce the subject of his Sunday sermon; and I also believe that to get the confidence of the people he should be the first to fight against quackery and humbug in medical advertising.

Cured in 5 Days

I cure Varicose Veins, Piles, Blood Poison, etc., in five days. If an-other doctor tells you this can't be done, it means only that he does not know my methods. Let me prove it

VARICOSE VEINS

impair vitality. I daily demonstrate that various veins can be cured in nearly all cases by one treatment, in such a satisfactory way that the vital parts are preserved and aftentioned. strengthened, pain ceases, swelling subsides a healthy circulation is rapidly re-established, instead of the depressing conditions. I guarantee you a cure to stay cured or refund the money.

KIDNEY AND BLADDER AILMENTS.

With these allments you may have more complications than are presented by any other alling organs. By my searching illumination of the bladder I determine accurately the allment and by microscopical examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

" mog " FOR BLOOD POISON.

I use Professor Ehrlich's wonderful new discovery, "506," in cases of Specific Blood Poison. It cures, and is the greatest marvel of medical science. This new remedy has been successfully used in thousands of cases. Let me explain it to you.

WEAKNESS.

WEAKNESS.

I have long been a close student of the condition known as weakness in men. Sufferers from this trouble are nearly always told by their family physician that there is no help that it means wornout nature, and that so me powerful stimulant for temporary effect is the only help. I go deeper into the cause of the trouble and usually find a deranged or damaged local condition responsible. As long as a man lives he should be as strong in every vital function as he is physically constituted. I have a scientific, powerful and permanent treatment for weakness, which is as natural and direct as it is efficient.

Why treat with irresponsibles

Why treat with irresponsibles when you can secure the expert services of a responsible specialist?
