

WHITE GIRL MARRIES IN CHINESE TONGUE

Vancouver Justice Marries Miss McCormack, of Portland, to Chinaman.

BRIDEGROOM IS STOICAL

Interpreter Translates Questions of Ceremony to Celestial as He Placidly Gazes Out of Court-room Window.

VANCOUVER, Wash., Sept. 26.—(Special).—The 19th white girl to marry a Chinaman within the past year was married here today when Miss Gertrude McCormack, 25 years old, became the wife of Chin Hee, 42, of Astoria, Or., a wealthy merchant there. The ceremony was performed by G. Lloyd Davis, Justice of the Peace.

Clad in the typical Chinese costume, with his queue hanging down his back, and wearing a loose-fitting blouse of black silk, Chin Hee's face did not change expression as he grasped the hand of Miss McCormack, his wife to be, as he did not understand English.

Miss McCormack, dressed in a blue serge suit, trimmed in black, wearing a black hat adorned with two large French plumes, and standing in patent leather slippers, stood quietly as she held Chin Hee's yellow hand in her own, and listening to the interpretation of the marriage ceremony into Chinese, which she said she understood perfectly.

Chin Hee placed a huge gold wedding ring on her finger after the ceremony. Miss McCormack said she had known Chin Hee for five years, and that, being with Chinese so much, she learned to speak their language. She said that Chin Hee had courted her in that language.

WOMEN HOLD OWN FAIR

Laidlaw Ladies Exhibit Farm Products of Crook County.

BEND, Or., Sept. 26.—(Special).—The women of Laidlaw, composing an organization which they call the West Side Ladies, showed that they "play no second fiddle" to the men when it comes to giving an agricultural fair.

In less than two weeks' time the women made a collection of farm products declared to be one of the best ever seen in Crook County, and the farming and dairy possibilities of the Laidlaw country were convincingly pictured.

A monster community cake, among the exhibits, was auctioned off. It brought the sum of \$18, being knocked down to a Bend merchant who will exhibit it here on Railroad day (October 8-9) as the biggest cake ever sold at a public auction in Crook County.

The Crook County Veterans' Association was also in session at Laidlaw Saturday, a large number of old soldiers attending.

SETTLERS FEAR GUN MAN Secretary Appealed to for Protection Against Lumbermen's Hirelings.

MANCHESTER, Cal., Sept. 26.—Men-Socino County homesteaders, in dispute with the L. E. White Lumber Company for the possession of Government land near Alder Creek, Mendocino County, appealed to Walter L. Fisher, Secretary of the Interior, for protection today against what they termed the depredations of 10 heavily armed men who have been imported from San Francisco by the L. E. White Lumber Company to their homesteaders' houses and personal property.

The land in question is still unpatented Federal territory, under Government control. Sheriff R. R. Byrnes went into the woods last week to prevent violence, but the homesteaders still declare they are in danger. The petition says: "A settler cannot go to town for provisions and leave his home, because when he comes back his home is destroyed. These gun men have run families off after destroying their homes and threatening them with bodily harm."

YOUNG ARISTOCRAT HELD

Scion of Rich New York Family Is Wanted in Shanghai.

SAN FRANCISCO, Sept. 26.—Lewis Arnold, who says he is a member of a wealthy New York family, was arrested here today as he landed from the Standard Oil Company's steamship Ash-tabula, arriving from the Orient. He is being detained on a cable message from the District Attorney at Shanghai, saying Arnold, alias Stevens, is wanted there to answer a charge of having obtained money under false pretenses.

Arnold said he had been touring the Orient, having sailed from this city last May. His arrest, he declared, must have been due to a misapprehension, as he owed no one in Shanghai except a tailor, for whom he left \$4 in payment. He returned here, he said, on the oil carrier as a measure of economy.

FLEET ON SECRET MISSION

United States Warships Start Off for Mysterious Maneuvers.

SAN DIEGO, Cal., Sept. 26.—For the first time, at least, the battleships California and West Virginia and the cruiser Colorado will engage in maneuver work off Coronado Island. The squadron raised anchor yesterday morning and left for the outside. The move came as a surprise to most of the officers as well as the marines and bluejackets.

Shore leave was granted the sailors yesterday but this privilege was cut off early this morning and all sailors and marines ashore were summoned aboard ship. The nature of the maneuvers is not disclosed, but they will not include target practice.

OIL BARON, WHO CELEBRATED ANNIVERSARY OF FIRST JOB, HIS WIFE AND A FRIEND.

JOHN D. IS HAPPY

Oil King, Celebrating, Tells of His First "Job."

FLAG FLIES OVER HOME

Rockefeller Grateful to Commission House That Gave Him His Only Situation in Cleveland 56 Years Ago.

CLEVELAND, Sept. 26.—John D. Rockefeller issued his first statement to the public in many years today. It came in the shape of a message expressing his thankfulness for a long and successful business career.

Following the gaining of his first job 56 years ago, incidentally it revealed the fact that the oil king held only one "job" in all his career.

Here is the statement: "The flag is flying over Forest Hill today in memory of 56 years ago, when I secured my first and only situation in the forwarding and commission house of Hewitt & Tuttle, on the river. I am very grateful for this memory."

The statement was made by Mr. Rockefeller to his brother-in-law, George Rudd, who telephoned it to the papers. Hewitt & Tuttle years ago was a well-known business firm.

INSULTED, WOMAN KILLS

(Continued From First Page.) The divorce action filed by Mrs. Patterson on the grounds of cruelty. These recite the discovery of his wife's alleged infidelity and their subsequent relations and repeated threats against his life. These the prosecution will use, as well as letters from Patterson to his wife and entries in the former's diary, telling of his life and devotion.

Following a sweetheart's quarrel a few weeks before their marriage, Patterson, on July 26, 1908, wrote: "I love you, and there is nothing in this world that can keep me from just loving you, even if I never see you again. That's all there is—there isn't any more."

This letter was signed "Your chick forever." Elopement is charged. Four months after their marriage, when Patterson charged in his alienation suit against Emil Strouss that his wife eloped to Europe with the Chicago millionaire, the husband wrote in his diary, February 14, 1909, "Oh, I am so jealous this Valentine day that I don't know what to do without my Gertrude."

On February 14, 1909, when Mrs. Patterson was said to be in Europe, he wrote, "Cable received today. It certainly makes a change in me just to hear from her." (The word "her" is encircled.) Under another date he wrote, "Go,

MAN ROBS BANK; IS DEAD SOON AFTER

Highwayman Shoots Self to Cheat Salt Lake Police, Who Corner Him.

CROWDS CHASE DESPERADO

Former Department Store Clerk Pokes Revolver at Bank Teller and Gets \$1000 but Possession Is of Short Duration.

SALT LAKE CITY, Sept. 26.—A bank robbery, followed by the pursuit of the robber through the streets and culminating in the robber's suicide, took place here this afternoon. O. W. Harvey, a former employe of a department store, poked a revolver at the head of Joseph E. Bond, paying teller of the Utah Commercial and Savings Bank, saying, "Throw up your left hand and give me some of those rolls quick."

Bond did not hesitate about holding up his left hand and throwing with his right two packages of bills, amounting to \$1000, out of the wicket. Harvey grabbed them and in two leaps was out in the street. Bond followed him, giving the alarm and soon a crowd was in pursuit of Harvey, who exclaimed, "They'll never get me alive."

As he ran he would, from time to time, turn to his pursuers and flourish his pistol to keep them back. He ran into an alley in the rear of the Wells Fargo Express office after which he dashed through into Main street. Going down Main street one block he turned into Second street Southeast.

Cornered in Commercial street by the police, he placed his revolver against his head and shot himself just as the police made a rush for him. He was taken to the hospital in a dying condition. The bank's money was found intact in his pocket. A letter addressed to the public was also found on him. It indicated that he intended to destroy himself, having lost the respect of his family and himself.

CHILDREN GIVE GLEW SHERIFFS PURSUE FRANK CALVIN, WHO SHOT NURSE.

Fugitive Makes Away in Big and Posse Pursues on Motorcycles and in Automobile.

TACOMA, Sept. 26.—Pursuit is now being made of Henry Calvin, a moving-picture operator, who last night shot Miss Vivian Irving, a nurse in a hospital at Eatonville, 30 miles south of Tacoma.

Calvin asked of the children of Henry Hawke, five miles East of Roy today, the road to Roy and then took to the woods again.

Following his crime, Calvin leaped into a rig in which he had driven from Winlock, Wash., to see the woman, and sought flight.

Deputy Sheriff Williams pursued him, first on motorcycles and later in an automobile. Several shots were exchanged between Calvin and his pursuers, none of them taking effect, before Calvin deserted his rig and escaped into the deep woods. Deputy Sheriff Hare pursuing.

The wounded woman's parents reside at Marysville near Everett, Wash.

CALVIN KNOWN IN CHEHALIS Father Is Pioneer and Son Well Liked in City.

CHEHALIS, Wash., Sept. 26.—Frank Calvin has been a resident of Chehalis off and on for the past ten years. He conducted a poolroom here at one time and was formerly married to Josephine Sandson of this city. They separated some time since and Mrs. Calvin secured a divorce from Calvin. His father, R. L. Calvin, is a highly-respected citizen of Toledo.

Calvin was in Chehalis as late as Saturday and must have gone to Eatonville directly from this city. Calvin has lived in Toledo, Chehalis and Raymond. His friends here are shocked to hear of his action.

STEEL TRUST CHIEF TALKS Judge Gary Says That Business Is Better Than It Seems.

NEW YORK, Sept. 26.—Judge Gary, chairman of the United States Steel Corporation, following a meeting of the directors and finance committee of the corporation this afternoon, issued the following statement: "Existing conditions are affecting business to the extent that, instead of contract bookings for forward delivery, customers are buying only for immediate requirements. Nevertheless, strange as it may seem, the volume of business is larger than usual, specifications running upwards of \$2,000 tons a day."

Of the 4,500,000 tons on the books, of which 320,000 tons is intercompany business, it may be said, from the standpoint of mill operations, it is better business than an old-time contract order book of double tonnage, inasmuch as it is more certain.

CHINESE REBELS TRONCED. CHENG TU, China, Sunday, Sept. 24.—(Delayed in transmission).—A serious engagement between government troops and the insurgents occurred yesterday at Shwang Liu, 10 miles south of here. The troops lost heavily, but the insurgent losses were still greater. The insurgents hold Meichow, 50 miles south of this city.

much as it represents active business capable of specifications in sufficient volume, as required to operate our mills on the present basis for some months to come."

FIRM WANTS RECEIVER Rector & Daly, of Vancouver, Has Assets Worth \$14,664.

VANCOUVER, Wash., Sept. 26.—(Special).—Before the judge of the Federal Court at Tacoma, Rector & Daly, a big contracting firm of this city, asked for a motion to have a Receiver appointed to take charge of the property that the firm owned on February 8, 1911, when bankruptcy proceedings were instituted against them.

The motion for the Receiver's appointment was continued until Friday, proper service not having been made. A restraining order, keeping Rector & Daly from disposing of any property on hand February 8, 1911, was made by the judge. The assets of the firm at that time were \$14,664, while liabilities were \$99,500. The firm has about \$100,000 worth of contracts for the city now, but these, having been made since February 8, 1911, will be affected in no way by the bankruptcy proceedings, or the restraining order.

The firm offered the Commercial Bank of Vancouver, now debtor to the extent of \$54,000, the sum of \$6,500, to pay off this indebtedness, but the directors' committee refused the offer. Nothing has been done about this since, although it is understood, unless a settlement is made, there will be within a short time.

BIG PRICES BAR PROJECT Northwestern Electric Balks at Right-of-Way Cost.

HUSUM, Wash., Sept. 26.—(Special).—James N. Davis, right-of-way agent for the Northwestern Electric Company, asserts that his company would have commenced operations some time ago on the large power plant three miles below here had the landowners not held such high prices for right of way. For right of way through lands owned by H. M. Thompson, Mr. Davis says that \$50,000 is asked. He declines his company will abandon the project before this price is paid.

A rumor is current that the Pacific Power & Light Company, which is said to be backed by the Standard Oil Company, is endeavoring to bottle up the Northwestern company in its power-site holdings along the White Salmon River. Should this be the case, a bitter fight between the two big corporations for power-site privileges on this mountain stream may ensue.

THE Remington Typewriter is the Perpetual Pioneer

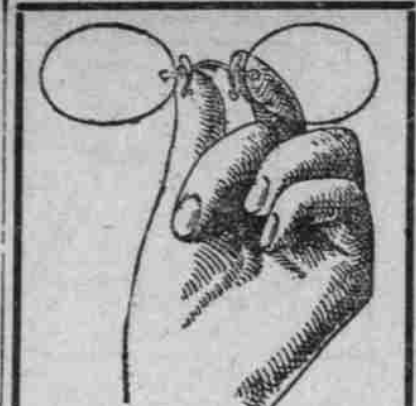

The No. 10 and No. 11 Visible Remington Models are the latest expressions of Remington leadership. They represent the sum total of all typewriter achievement—past and present.

They contain every merit that the Remington has always had and every merit that any writing machine has ever had.

They contain, in addition, new and fundamental improvements that no typewriter has ever had; among them the First Column Selector, the First Built-in Tabulator and the First Key-Set Tabulator. The Model 11 with Wahl Mechanism is also the First Adding and Subtracting Typewriter. These improvements are the latest contributions to typewriter progress, and they are Remington contributions—every one.

The Remington, the original pioneer in the typewriter field, is the present day pioneer in all new developments of the writing machine.
