FIRST DAY OF WAR REVIEWED.
Major details of the first day of war between Italy and Turkey follow:
Italian cruiser sinks Turkish torpedoed destroyer.

Two Turkish war vessels go ashore in the Gulf of Aria after disastrous battle with Italian ships.

Turks run two arm transports aground rather than surrender to Italian warships. Stragglers reported downed.

Turks reported to have sunk two Italian barges at Tripoli. Italian warship reported ashore at Tripoli.

PREVEZA, Sept. 29.—When Italian gunboats today encountered two Turkish transports with 2000 troops aboard, the transports determined not to be captured. They steamed bravely on the rocks off Prevesa and hundreds of soldiers were drowned.

SALONIKA, European Turkey, Sept. 10, 1 A.M.—An Italian cruiser has destroyed a Turkish destroyer in the harbor of Prevesa in Epirus and landed troops. The Turkish authorities are sending a battalion of troops to Prevesa.

CONSTANTINOPLE, Sept. 29.—News reached here early today from the city of Tripoli to the effect that a large Italian cruiser had gone ashore there.

PARIS, Sept. 29.—The Marin's Athene correspondent says that the telegraph official at Venetia, Greece, telegraphs to the government that a naval battle occurred off Prevesa at 2 o'clock in the afternoon.

Destroyers Driven Ashore.
Italian warships belonging to the Italian squadron encountered a flotilla of Turkish destroyers cruising off the coast of Epirus.

The Italians promptly attacked the flotilla and two Turkish ships were badly damaged by shells. They have gone ashore in the Gulf of Aria.

TRIPOLI, Sept. 29.—The Italian squadron which had been standing in the offing came close to shore this morning and the destroyer Garibaldi steamed into the harbor at noon, flying a white flag. Great crowds watched her approach.

After reconnoitering, the destroyer launched a boat which came to the beach. An officer landed. He was preceded by a bluejacket carrying a white flag.

Surrender Is Refused.

Turkish soldiers surrounded the pair. The officer asked for the Turkish commander. When taken to him, he formally announced that the Italian fleet had been ordered to occupy the town. He therefore demanded that the instant commander of the whole Turkish garrison. The Turkish commander replied that he was unable to comply with the demand and emphatically refused to surrender.

The incident was witnessed by the foreign residents, who gathered around the Italian officer and cheered him enthusiastically. The boat then returned to the destroyer, which rejoined the fleet.

Many residents of Tripoli spent last night camped on the beach, alarmed lest the Arabs should give way of hand and begin pillaging. Arabs are constantly arriving from the country. The mosques are kept open and throughout

ENTOMBED MINERS DARE NOT SLEEP

FEAR OF FREEZING FEET BY 14 MEN 175 FEET UNDERGROUND.

Rescuers Working on Shakespeare Mine Cave-in in Alaska Talk With Imprisoned Near Starving.

FAIRBANKS, Alaska, Sept. 29.—Communication was established today with the 14 miners entombed in the Shakespeare mine Wednesday, when the shaft caved in. A steam pipe running into the collapsed shaft was opened, enabling those above ground to talk to the men imprisoned 175 feet below. The entombed miners said that all were well but that they were hungry at 1:30. The cold below ground was so intense that the men did not dare to sleep for fear of freezing. They had used shovel handles and wheelbarrows to build a small fire, but their fuel was giving out.

Additional rescuers are cleaning out the adjoining shaft in the hope of finding an open level by which they can reach the men, miners are working with their picks in an effort to open the collapsed shaft. A drill has been started to bore a hole through which food and drink can be sent to the prisoners. It is expected the rescuers will reach the men within the next 30 hours.

The cave-in was the result of heavy rains which weakened the shaft below the timbering.

THEFT HALTS WEDDING

Would-Be Bridegroom Now Stands Chance of Seeing Prison Gates.

WALLA WALLA, Wash., Sept. 29.—(Special)—In place of being married Sunday, Walter R. Brown will ponder over the saddest words of tongue or pen in the County Jail. Brown was to have married Miss Lydia Wardens, of Touchet, Sunday, but his over-anxiety to have plenty of money for the occasion caused his downfall.

Coyle Brothers missed about 250 sacks of wheat and traced the crime to Brown. Deputy Sheriff Lee Barnes arrested Brown at Miss Wardens' home but by a break and run he got away. He was captured next morning at Eureka, just as he finished an all night ride, by Deputy Sheriff Alf Goode, who had been warned to look out for the man.

Brown was brought to Walla Walla and the officers say he has confessed his crime, and he stands a good chance of a term in the penitentiary through his confession. At least there are no wedding bells for him just now.

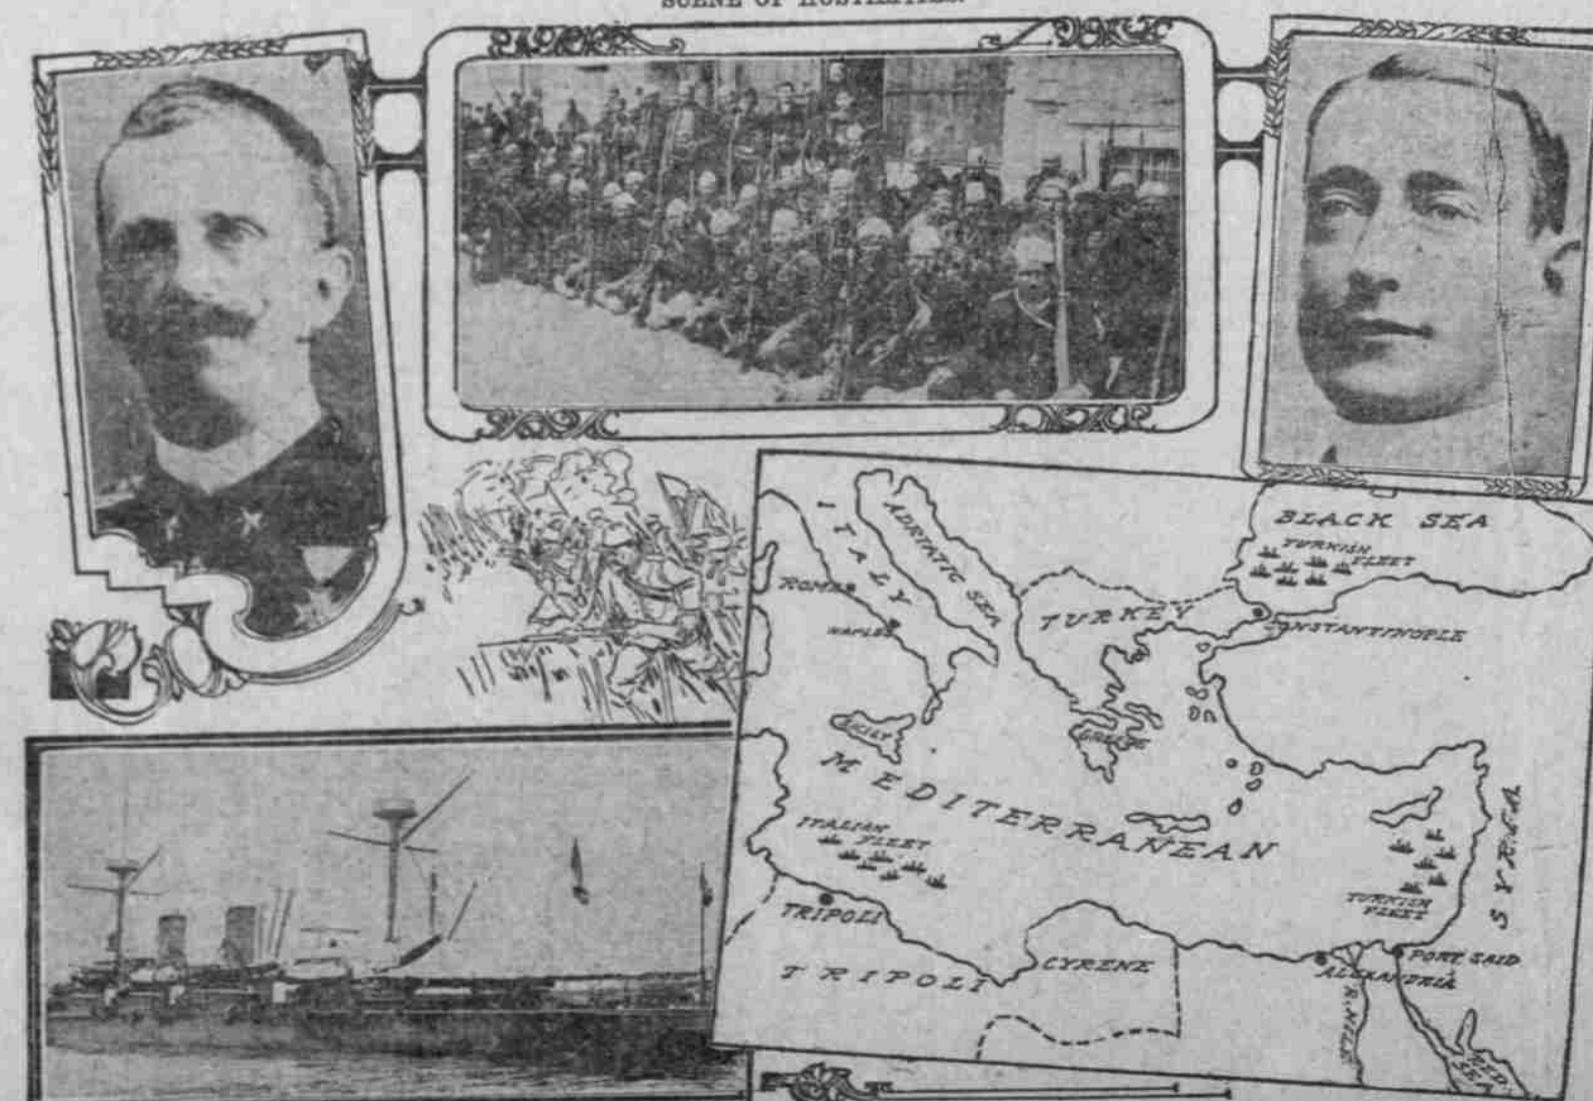

LIGHT'S RAYS CAUSE SCARE

Fear That Burglars Tenant House Keeps Doctor Outside.

When Dr. David Breuer and wife returned from downtown last night and found the lights in the hall of their home at 781 Broadway burning, they suspected burglars. For five minutes they stood out in the fog and cold of the street watching the house, then they went to the residence of a neighbor and telephoned for the police.

A motorcycle-policeman and the station automobile full of officers responded. They entered the house, and found the light burning. But there was no burglar and the house-furnishings were undisturbed. Then Dr. Breuer remembered that they might have left the light on when they left the house for downtown.

KLAMATH FALLS AROUSED

Alleged Mail Defrauder, Admits Guilt, Engages Lawyer in Big Crowd, Wins Hearing—Pair Jailed for Night.

KLAMATH FALLS, OR., Sept. 29.—(Special)—Managed one to the other and both shouting at the top of their voices demanding fair play. Dr. J. Grant Lyman, fugitive from California, and F. B. Thorne, his nurse, arrived here this evening in a buggy in charge of Sheriff Snyder, of Lakeview, Or. Dr. Lyman is accused of using the mail to defraud in a Panama land enterprise, and the nurse is charged with aiding the prisoner's escape from a hospital in Oakland, Cal. They were arrested at Lakeview last night by Sheriff Snyder, who interrupted their flight for the Canadian border.

Upon arrival of the prisoners here United States Deputy Marshal Arnreich, of California, pleaded with a chauffeur to rush him and his captives to the depot in time for the 5:20 train for California, but the prisoners appealed to the automobile driver to pay heed to their captor and he refused to accept them as passengers.

Cries of Men Draw Crowd.

Dr. Lyman's cries for fair play won the sympathy of the crowd which gathered at the Courthouse as Sheriff Snyder made his sensational entry to the city, his prisoners yelling at high pitch. Both prisoners appealed to the crowd that they were kidnapped and demanded a hearing before the United States Commissioner. Dr. Lyman engaged an attorney in the throng and United States Commissioner Richardson, on the lawyer's showing, decided to give the prisoners a hearing tomorrow morning. In the meantime doctor and nurse are locked in the city jail under a close guard.

Dr. Lyman, in his speech to the Klamath crowd, declared that he alone is to blame for his escape from the California authorities and that his nurse has done no wrong, merely accompanying him to dress him, injury to his ankle in boarding a car making him almost helpless. He said he did not deny guilt of the fraud charge preferred by the Government, but disliked being railroaded back to California without a "fair show."

Rounds in Good Shape.

The railroads are in good shape to

stand a strike right now, according to

officials. A retribution order re-

cently issued reduced the number of

employees nearly 45 per cent, and there

is said to be a sufficient number of

idle men in all crafts to permit the

railroads to keep their shops running

even if all the men go out.

President Kline, of the Blacksmiths'

Union, however, said the men the rail-

roads are counting on to fill the struc-

tural places are union men who would

refuse to work during a strike.

Union Chiefs Consulted.

The strike order came after a con-

sultation over the long distance tele-

phones between Presidents Kline, Ryan,

of the carmen, and Franklin, of the

boilermakers, in Kansas City, and O'Connell, of the machinists, in Davaport, Iowa.

As soon as the day and hour had

been decided upon, the following mes-

sage was sent to the officers of all the

local unions affected:

"All efforts have failed. Mr. Krutt-

schnite refused. All
