FAIR ADDRESS IS SLATED

Opening of Clark County Harvest Show to Be Made by Head of Great Northern-Other Traffic Men Accompany Builder.

VANCOUVER Wash. Oct 2-(Special.)-Because of a severe cold contracted while making an automobile fracted while making an automobile fourney through a heavy rain in Central Oregon this morning, James J. Itill had retired when he reached Vancouver tonight at \$235 o'clock. The party came in over the North Bank road and the special train was transferred to the Northern Pacific tracks and with a brief stop started from this city for Seattle.

Members of the Hill party said that while Mr. Hill was not seriously ill, he fact that he has several days of groups travel ahead of him prompted careful conservation of his health and nith. be following are the members of

HILLS TO VISIT PORTLAND

Heavy Rains in Central Oregon Are Signal for Change of Plans.

Rain fell in Central Oregon yester-day morning, therefore James J. Hill and party will be in Portland instead of Burns tomorrow. This unexpected turn of the empire builders present trip through the Northwest has caused excitement among Hill officials in Portland and Scattle and much disappointment to the delegates to the Central Oregon Davelopment Lesgue meeting at Burns, where Mr. Hill was scheduled to make an address.

The change in itinetary will not interfere with the golden spike driving ceremony at Bend on Thursday, however, as Mr. Hill will visit Scattle today, Portland tomorrow and will be in Bend on scheduled time to officiate at the principal event of the programms for Chellend Tray." Rain fell in Central Oregon yester

Bend on scheduled time to officiate at the principal event of the programme for "Baifroad Day" in that city.

The incessant rain that started on Sunday not only described the Hill party before it arrived at Prinsville Eunday night, but made the roads virtually impassable for automobiles. The fifty to Burns was abondoned, Mr. Hill and his party returned to their private cars at Redmond, and a special train was started for the Northwestern cities. The special passed through Vancouver last night and will be in Seattle today. Tonight's run will bring the travelers to Portland tomorrow evening and expect to be in Bend for Thursday's festivities.

INDIANS TO BE REWARDED Cowlitz Tribe to Receive Lands After

Long Years of Waiting.

CHEHALIS Wash, Oct 2.—(Special.)

A meeting of the Cowlitz River Indians was held at the City Hall Saturday, About 65 Indians attended the gathering. Superintendent Johnson of Tacoma, was present and made an ad-dress to the Indians, explaining the position of the Government with reference to their claims for lands. The purpose of the meeting was to adjust staims which the Cowlitz tribe holds against the Government.

against the Government.

In 1839 Superintendent Geary, of the
Indian Department, made a treaty with
the Indian tribes in this section allowfirst them lands. At that time the Cowlitz Indians were not friendly with the
Chehalis Indians. In 1861 the latter
accepted lands on Black River, but the
Cowlitz Indians were left out of the
treaty and no artifement with these treaty and no settlement with them has ever been made. The Cowlitz tribe was at all times friendly to the waites, and it is proposed to do them justice. The proposal has been made to them that they accept lands in the Quinault country, or cash for their claims, and this will be determined at an early date.

New Superintendent of Lane County Public Schools Appointed.

BAUGHMAN SCHOOL HEAD

SPRINGFIELD, Or., Oct. 1.—(Special.)—Professor H. C. Baughman, superintendent of Springfield's public schools for the past two years, was today appointed by the Lane County Court as Superintendent of County Schools to succeed Walter B. Dillard, who has accepted the position of assistant to State Superintendent L. R. Alderman at Salem and has been acting in that capacity for the past month and a half, employing a deputy in the office.

and a half, employing a ceputy in the office.

Professor Baughman is a native of Lane County and has been engaged in teaching for the past ten years or more. He was the unanimous chaice of the members of the Commissioners' Court sithough there were several other applicants, including Earl Kilpatrick, who has been filling Dillard's place; Professor E. K. McKey, of Junction City, and E. J. Moore, of Eugene.

Dillard urged the appointment of Kilpatrick and for a time declared he would not resign but would appoint Kilpatrick his deputy while he keeps his Salem job. The law, however, requires the County Superintendent to be a resident of the county. Baughman will take his oath of office tomorrow morning and assume his new duties at once, His successor as head of the local schools has not yet been chosen.

NATIONAL FINANCES GAIN

Deficit Is Decreased \$5,500,000 in Month of September.

WASHINGTON, Oct. 2.-The United States Treasury gained in strength during September, almost every feature of the National Government's finances

of the National Government's finances showing improvement.

The deficit to date decreased \$5,500,000. For the first three months of the current fiscal year, the excess of expenditures over receipts was \$16,000,000 as compared with \$21,500,000 at the end of August.

The total receipts for September exceeded \$56,000,000 while the disbursements were less than \$51,000,000 leaving \$5,500,000 to the Government's credit for the month. For August there was a deficit of \$5,500,000.

The balance in the general fund increased nearly \$2,000,000. There was a total balance in that fund of \$144,400,000 at the close of September.

Eleven National banks were organized during the month, which increased the total amount of National bank circulation outstanding to \$727,583,258, a gain roundly of \$500,000.

ALBANY, Or., Oct 2.—(Special.)—
The rainfall at Albany in September was far greater than ever recorded here in that month. The total for the month was 4.23 inches, which breaks all September records in the Government statistics of rainfall at this city. F. M. French, United States weather observer, finds from the records in his office that the average rainfall at this city in September for the past 15 years, including this year, is only 1.53 inches. That the rainfall last month was more than three times as heavy as that recorded in most of the months of more than three times as heavy actual recorded in most of the months of September for the past eight years is shown by the following record of rainfall at Albany in September for each year of that period: 1910, 122 inches; 1908, 93; 1908, 40; 1907, 1.15; 1906, 1.28; 1905, 1.26; 1904, 1.62; 1908, 1.12.

A CERTAIN CURE FOR CATARRH

The mucous membranes of the nose and throat are exposed to the irritating influence of dust, impure air, etc., and for this reason are the places Catarrh usually first manifests itself. But these are simply exciting causes, the inflammation and discharge being really produced by an impure and vitiated condition of the blood. It is well enough to use some local treatment to cleanse these membranes, but any one can readily see that if the inflammatory matter is left in the blood, such treatment cannot possibly Measrs. Loewenberg and Going are cures Catarrh by cleansing the blood of all impure catarrhal matter and irritating germs and at the same time builds up the system by its fine tonic effects. When S. S. S. has purified the blood, the mucous surfaces are all nourished and made healthy. There can be no inflammation of the membranes then, because the blood is pure, and every tissue receives nour-ishment instead of irritating matter. Our book on Catarrh will interest every sufferer of this disease, and it will likewise give proper advice as to what is best to use as a local aid while S. S. S. is purifying the blood. This book is free to all, and we will also be glad to give any special advice you may feel you need. S. S. S. is sold at drug stores.
