

BANKERS' ARRESTS STILL MYSTERY

Barney F. O'Neil and Ewing McIntosh Not Yet Served by Officers.

BONDS ARE FIXED AT \$6000

Edgar S. Wyman, Cashier of Defunct Wallace Bank, Apprehended by Portland Police—Early Trial Urged by County Attorney.

WALLACE, Idaho, Oct. 4.—When every director of the defunct State Bank of Commerce, within reach of Wallace, was placed under arrest yesterday, the mystery surrounding the 13 indictments returned by the grand jury here Monday was largely clarified. Last night all but two of the eight directors had been advised of the action of the jury.

Today all but two, B. F. O'Neil and Ewing McIntosh, still probably have been placed under bond. These bonds will range from \$6000 up. Efforts to locate President O'Neil in Vancouver, B. C., had proven futile. McIntosh is in Florida and no effort is being made to arrest him.

Stanley Easton, of Kellogg, manager of the Banker Hill & Sullivan Mining Company, was the first to respond to the sheriff's call yesterday. He came into court early. His bond was fixed at \$6000, which was drawn to the morning John Nordquist furnished a like bond. G. Scott Anderson was unable to furnish bonds yesterday and was given until 10 o'clock today to raise the money.

Harry L. Day and Eugene H. Day were out of the city yesterday, but were notified in Spokane and Portland. Harry Day reached Wallace last night. His brother is on his way from the coast.

Edgar S. Wyman, the cashier of the closed bank, who was arrested by Portland police yesterday, is being held in custody there pending the arrangement of a \$6000 bond here. It is understood a Wallace bonding agency will go his security.

The nature of the indictments brought against these men is still being held secret, pending the arrest of the entire number. The papers on each charge, it is explained, are drawn to include up to eight names. That a number of the men have been held on a variety of charges is a certainty.

Friends of Mr. O'Neil said he would return to Wallace without extradition papers. The failure to arrest him yesterday makes it appear that he is attempting to avoid officers. It is generally presumed that the officials will make every effort to effect extradition.

County Attorney James A. Wayne stated that he believed these cases would come to trial in this term of court, probably early in November.

DEMOCRATS HALT IN WORK

Organization Occupies Party Men in New State of New Mexico.

SANTA FE, N. M., Oct. 4.—Contrary to expectations, the first Democratic state convention did not resume its sessions tonight, but adjourned to resume its deliberations tomorrow at the same hour chosen for the assembly of the State Convention of the "progressive" Republicans.

The various committees spent the afternoon and evening in arranging the details of permanent organization, making up the list of delegates and drafting a platform. After the platform, which has been put forth, it is asserted tonight that the resolutions committee will not report a plank declaring for either prohibition or local option. It was announced tonight that Chairman Morrison had withdrawn his refusal to accept the gubernatorial nomination if it were tendered to him.

A printed protest against "boss" and "corporation" rule was circulated tonight by members of what is known as the younger element of the "progressive" democracy, demanding that the work of the convention be without regard to any prearranged "slate."

"STOLEN" JEWELS HIDDEN

Mrs. A. J. Hill Reports "Theft," but Police Find Valuables.

Mrs. A. J. Hill, of 519 East Twenty-first street North, felt her senses leaving her last night, and, with a last effort, gathered up her jewelry, valued at \$250, and money, totaling over \$250, and stored it in various safe places about her rooms.

When Mrs. Hill woke up, she had forgotten her precious care about her valuables and did not remember where she had put them. She suspected a negro woman at the neighborhood police station that she had been robbed.

Patrolman Holterman, sent to the house, made a thorough search before going out to find the furniture and jewelry he found all of the missing carpets and money.

AUSTIN DEATH LIST IS 38

Forty Persons in Town Flooded Saturday Are Still Missing.

AUSTIN, Pa., Oct. 4.—With six bodies recovered from the flood wreckage here today, the face of another and badly charred body of another, the total number of dead in the catastrophe of last Saturday now stands at 38.

With the almost hourly revision of the list of missing the remaining number is approximated only. This is given out officially as about 40, and the feeling is expressed tonight that several will not be found.

Several storekeepers today began to display their wares.

SOLDIERS RIDDLE MONARCHIST RANKS

Discovery of Conspiracy in Portugal Signal for Slaughter at Oporto.

PLOTTERS ARE SURPRISED

Onslaught of Troops Is Met by Withering Fire of Automatic Pistols and Saber Charges—Republicans Are Victorious.

LISBON, Oct. 4.—(Via Frontier.)—There was fighting in the streets of Oporto on Saturday between Monarchists and the Republican troops, following the discovery of the Monarchical conspiracy. A number of persons were killed and others wounded. The Republicans easily had the better of the conflict.

Persons arriving from Oporto describe the scene in that city Saturday morning as terrible. Just before dawn the Republican troops surprised and arrested more than 100 Monarchists. Others, having been warned, escaped.

A large body of Monarchists gathered in a public building, which they barricaded, and from there they made a desperate fight on the troops with automatic pistols.

Other Monarchists, who had not been apprised of the raid, hearing the firing, accepted it as a signal for the Monarchical uprising. They fled blind or in pairs, and in parties of three or more ran to the places in the city which they had been instructed to occupy at critical moments. Every man was armed with a revolver and all began firing on the troops from the side streets. Among them were several priests, who fought courageously and inspired the others.

Early in the fight fresh troops arrived and cavalry charged up and down the streets, firing pistols and slashing with sabers. Some houses were set on fire. Eventually the Monarchists who survived were arrested or fled and the soldiers restored order. The arrests continued.

There is no reliable estimate of the number killed and wounded. The Monarchists appear to have been but loosely organized. The uprising had been set for Saturday.

Disorders at other places have been suppressed. Seemingly the government is secure in its military measures.

THORNTON YET UNCAUGHT

DR. LYMAN'S NURSE, WITH HIS FELLOWS, STILL FUGITIVE.

Physician's Hearing Is Set for Today—Man Is Under Strong Guard in Hotel.

KLAMATH FALLS, Or., Oct. 4.—(Special.)—Although three days have now elapsed since F. B. Thornton, the nurse-accomplice of Dr. Grant J. Lyman, made his sensational escape from here, in company with four other prisoners, none of the fugitives have yet been arrested.

It is believed that Thornton has doubled back to California, where he will seek assistance from his friends and may be supplied with funds.

Bert and Fred Wilson, alleged highway robbers and believed to have been in the holdup of a Southern Pacific train in Cow Creek Canyon last summer, are thought to be with Thornton. The trio may have made for the lava beds, 40 miles south of Klamath Falls.

Jim Hill and Frank Purdy, accused of petty crimes, were trailed to the Ambrose ranch, four miles north of this city. Soaked and hungry, at 3 A. M. Saturday morning they aroused the household and hired Mrs. Jamieson to cook breakfast for which the prisoners paid in nickels and dimes. They told her they had been to Klamath County Fair and were on their way back to a lumber camp. Sheriff Haines is in hot pursuit of the fugitives.

Dr. Lyman's hearing before United States Commissioner Richardson has been set for this morning. A. E. Johnson, from the Attorney General's office, and H. G. Durand, Postoffice inspector, are both here in connection with the charges.

Dr. Lyman now is being guarded in a local hotel.

SALARIES TAKE \$202,050

City Engineer Harbut Files 1911 Estimates With City Auditor.

City Engineer Harbut has filed with City Auditor Harbut his estimates for 1912. He says he will need \$141,745 from the street repair fund and \$210,292 from the general fund, or a total of \$352,037.

Of the amount required from the general fund \$202,050 is to pay the salaries of the 172 employees, ranging from \$85 to \$200. The balance of \$52,445 is for materials and supplies.

Of the \$141,745 which it is estimated will be required from the street repair fund, \$75,045 is for salaries and \$66,700 for materials, team hire and equipment. The salaries are for 75 employees, 50 of whom will be laborers, 10 foremen, five bridge carpenters, three traction engineers, six inspectors, one clerk and one engineer.

ADRIFT FOR THREE DAYS

Girl's Frightful Experience Off New England Coast.

Portsmouth, N. H., Dispatch to Philadelphia Public Ledger. Three days adrift at sea, during every hour of which they were face to face with death, Miss Elsie Henderson, 31 years old, and Thomas Dennison, 22, of Dover, were picked up six miles off the coast by the yacht Rob Roy, of Lynn.

of their perilous adventure. The young man is still unconscious. Dennison is a member of a wealthy family in Dover. Miss Henderson is a leader in the younger society set here. They started in a small catboat for a cruise of Portsmouth harbor and off the coast. The story of what happened to them was told this afternoon by Miss Henderson after she had been revived by the doctors.

"When we were going down the harbor a squall struck us," she said, weakly lapsing frequently into an unconscious state during her narrative. "Almost in the next gust our sail was carried away. The boat tossed about helplessly, the waves always gaining in size, until we feared that we would be swamped."

"Tom waited his hat when we sighted a vessel, but they evidently did not see us or could not do anything to help us. I waved my handkerchiefs, but they could not see it. In desperation I took off my undershirt. Tom rigged up an oar and we hoped to attract kept on its course.

"Then we prayed for help. That was our only hope. Somehow, I thought my prayers would be answered, and we had some sandwiches, and when we seemed nearly starved we ate those. But they were soon gone.

"When dawned, and there we were far from the signs of land, driving into the sea and expecting every moment to be drowned. We were drenched. We were too weak even to talk.

Commodore Strong, of the Rob Roy, said that he sighted the catboat flying its distress signal at dawn. It took the Rob Roy three-quarters of an hour to reach the little vessel.

The sea was rough and waves were splashing over the boat. It is believed that both the young man and woman would have died soon had not the rescuers arrived when they did.

MEXICAN VOTE MUDDLED

PARTY CHIEFS FAIL TO SEND IN ELECTION RETURNS.

Chamber of Deputies Probably to Be Called Upon to Settle Vice-Presidential Choice.

MEXICO CITY, Oct. 4.—Worried by inability to ascertain who was elected vice-president last Sunday, members of the central committee of the various parties have started a new campaign for votes in the electoral college on October 15. Hundreds of telegrams were sent to party chiefs, urging them to send in results of the election to give a working basis for this brief and somewhat irregular campaign.

Though satisfied at the peaceable manner in which the election was held, party leaders reluctantly admitted that the failure to receive returns shows lack of organization.

At the headquarters of the Progressive party it was admitted that no more than 25 per cent of the returns, and these lacking in detail, had been received. Similar conditions prevailed at the headquarters of the Catholic party, and of the Veterans of one admiral's defeat and the conviction is growing that no one will receive a majority in the electoral college and that the choice of vice-president will revolve upon the chamber of deputies. In a last effort to forestall this, however, leaders are flooding the twenty thousand odd electors with arguments in favor of their respective candidates, notwithstanding the electors are presumed to vote in accordance with the wishes of those who named them.

KALISPELL MILL BURNS

Fire Cuts Off Steam Pipe and Water System Is Powerless.

KALISPELL, Mont., Oct. 4.—Fire last night destroyed the mill of the North-western Lumber Company, situated a mile north of the city, together with the planing mill adjoining.

Starting from unknown origin in the engine room, the fire shut off the steam supply to the pump house and crippled the mill's water system.

Several hundred volunteers formed a bucket brigade and saved the offices and lumber yards containing 17,000,000 feet of lumber.

The plant narrowly escaped a similar fate last week, but the water system saved it.

The damage is estimated at \$100,000, which is only partly covered by insurance.

GIRL DIVORCES JAPANESE

Marriage Result of Temporary Infatuation, She Declares.

Dust and Calcium Chloride.

SEATTLE, Wash., Oct. 4.—(Special.)—Entangled through a temporary infatuation for Henry Uyeno, who represented himself as a Japanese merchant, Lena Uyeno, a white girl of education, obtained a decree of divorce Tuesday at the hands of Judge A. W. Frater. The couple were married May 11, 1910 and lived together two weeks. Then the bride ran away.

She told Judge Frater that she was a Christian and a Japanese merchant. She said she regretted the step she had taken.

"All my friends have deserted me," she said, "except my witness here today and my parents. Uyeno was not a merchant but a professional gambler."

The road is first wet swept and two applications of the chloride are made on succeeding evenings, of about one-half pound per yard, at a cost of about \$9.00 per square yard. From personal observation, the writer notes the following: July 15, first application; July 20, rain; second application; July 21,

Feet Tired—So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof. It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, callouses and bunions, too.

"After years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it was with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. P. Drentzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all drug stores, 25 and 50 cents per box, or it will be sent you direct. If you wish, from Walter Luther Dodge & Co., Chicago, Ill.
