Dr. Foster declared that the majority of teachers were underpaid, and said that many of them did not receive as much inancial compensation for their work as factory girls. This fact he deplored, declaring that there could be no comparison between the work done. "But there is a higher reward for the teachers." continued Dr. Foster. "It is the reward that comes with success. No one should teach who does not like the work. The boys and girls do not appreciate what is being done for them at the time, but they do later in life."

CAR AND TRUCK CRASH

Driver Is Hurled to Street, Knocked Senseless and Bruised.

While an auto truck belonging to the Auto Delivery Company was driven west of Pipe street Festerday after-noon, it was struck by a Rose City Park car at Second and Pine streets. and Harry Shelton, the driver, was knocked unconscious and hadly bruised. Witnesses make conflicting reports on the speed of the vehicles. A few say the car was going at six or seven utles an hour and the truck at 18 miles, while M. F. Ryais, who was on the truck with Shelton, says the truck was making only four or five miles

street. It struck the front part of the truck, the front wheels of which had just crossed the first rail, and pushed it along the track. The car went about 36 feet after the collision before

stopping.
Shelton has been in the employ of the Auto Delivery Company for severa months. He lives at the Madras Hote at Fourteenth and Washington streets

COMMISSION FORM TALKED

Ashland Revives Discussion on Pro posed New Charter.

ASHLAND, Or., Oct. 4.—(Special.)—An effort is being made to revive the agitation for a commission form of government for Ashland. Although a public meeting, called for Mounday evening to consider the matter, was attended by only a score, those present were not lacking in enthusiasm and a committee of seven, with O. L. Young as chairman, was appointed to draft a charter embodying the commission form of municipal government for submission to the people.

A previous effort to adopt the commission form in this city failed, the charter submitted to the people at a special election being rejected. It is claimed that strength has been added to the movement, however, and the projectors are hopeful of making it go.

CRAFT STAMPED 'U. S. MAIL'

Fourth Aviator to Attempt Transcontinental Trip Will Have Two Monoplanes at Disposal.

NEW YORK. Oct. 4.- The fourth aviator to attempt a transcontinental flight, Earl L. Ovington, expects to soar from Governors Island tomorrow morning on a flight from New York to Los Angeles, a distance of 4500 miles by the Southern route, the birdman proposes to take.

Ovington will start in a 70-horse-power Rteriot monoplane, upon which is stenciled "U. S. Mail" and the number 12. Ovington will carry regularly authorized mail packets, comprising letters written by Postmaster-General Hitchcock and others to officials in Los

Angeles.

By using a menoplane, Ovington hopes to overcome the difficulty in crossing mountains which thwarted Fowler and finally led that young aviator to abandon his flight from San Francisco to New York. The monoplane is best flown in high altitudes in order to give the operator more perfect control.

fect control.

Ovington plans to follow the New York Central Ratiroad to Buffale and Chicago. From there he will touch St. Louis and Kanass City and soar over El Paso and Southern Arizona to his destination.

Two complete monoplanes are at his disposal for the flight. A private train of two cars will follow him. His sched-nle calls for the completion of the trip in 16 days.

Of the three aviators who have started previously to cross the Coutinent, only one, Carl P. Rodgers, is continuing. John J. Ward gave up his attempt after several accidents and Powler quit in the Western foothills of the Sierras because his engines were unable to carry his biplane over the divide.

Wrecked Boat Built in South Bend. SOUTH BEND, Wash, Oct. 4.—(Special.)—The schooner Sailor Boy, which recently went ashore on Fanning Island and arrived in Honolulu September 13 in a wrecked condition, was built in this city, then a village, in 1882. Sie was the first and only versel of any size ever built here. The Sailor Boy was built for Crawford & Company, of San Francisco, by Ed Patterson, who hatled from Maine, where he was a noted stitpbuilder, and was the was a noted slitpbuilder, and was the only ship Patterson built on this coast. Her first captain was S. C. Mitchell, new of Aberdeen, who owned a half interest in the vessel and in which he took many cargoes of lumber to San Francisco. The tree from which her keel was hewed was cut on what is now the very heart of the business section of this city. When launched the Sallor Boy was considered one of the stanchest wooden vessels afloat.

The Stark Street Loop

The City Council is asked to grant a franchise to place a third rail on the United Railways' tracks, so that narrow gauge cars can operate from Fifth Street down Stark to First, and then on the Company's tracks to the bridges.

The object is to avoid the traffic congestion on Washington and Morrison Streets.

These two retail thoroughfares are growing more congested

It is now with difficulty that cars cross these streets. Each time they do so the lines are delayed.

Minutes are being added from time to time to the schedules, so as to allow for these delays.

All this prevents the passengers from getting the quick service which the Company desires to give.

Cars coming off the Burnside and Steel railway bridges cross

They serve the Irvington, Alberta, Broadway, Rose City Park, St. Johns, Vancouver and Kenton district.

The Vancouver and St. Johns cars go down Washington from Fifth to Second and First.

The delay they meet with affects a vast area and has led to many misunderstandings and annoying circumstances.

These delays cannot be avoided by the Company. They are physical barriers, subject to correction only through the will of the people by giving the right to go on Stark Street and thus avoid the dense travel on Washington Street.

It is a simple business proposition whereby your convenience, or that of your neighbor, is vitally at stake.

It is for you to say whether you are willing to permit better service for these people or not.

The monetary gain of the Company is nothing. It simply produces a quicker time-card and thus Vancouver and St. Johns people, along with the Broadway and Rose City Park citizens, may come into the city and go back to their homes in less time than they are doing now.

Tomorrow the Sandy Road and Extensions will be discussed.

RACE WAR IS PREDICTED

SOUTH SALEM NEGRO CHURCH ROW IS DEVELOPING.

Fear That Proximity to Proposed Edifice Residences of Black Folk May Be Established Arouses.

SALEM, Or., Oct. 4.-Resolutions strongly condemning a plan to establish a negro church in South Salem passed at an indignation meeting held in Townsend hall tonight meeting held in Townson 50 citizens, pressge a mild race war in that prosperous residential section of the city. The move was backed by Councilman N. D. Elliott, a resident of that ward. N. D. Eillost, a resident of that ward.
Negotiations have been under way between Rev. George H. Raymond, of
Portland, prospective pastor of the colored church, and Dr. Mercer, acting as
agent to sell property at Saginaw and
Miller streets. The property is to be
used for church purposes and the residents became aroused.

"We do not care so much because a
negre church is to be established in
this place." said Councilman Elliott.

"We fear that the proximity of the
church will result in negroes establishing residences near here, and that
we certainly deprecate."

Had not Used Half a Set of Cuticura Remedies Before Head was Clear and Free from Eczema.

"I think the Cuticura Remedies are the best remedies for eczema I have ever heard of. My mother had a child who had a rash on its head when it was real young. Doctor called it baby rash. He gave us medicine, but it did no good. In a few days the head was a solid mass, a running sore. It was He gave us medicine, but it did no good. In a few days the head was a solid mass, a running sore. It was awful, the child cried continually. We had to hold him and watch him [to keep him] from scratching the sore. His suffering was dreadful. At last we remembered Cuticura Remedies. We got a dollar bottle of Cuticura Resolvent, a box of Cuticura Oistment, and a bar of Cuticura Soap. We gave the Resolvent as directed, washed the head with the Cuticura Soap, and applied the Cuticura Gintment. We had not used half before the child's head was clear and free from eczema, and it has never come back again. His head was healthy and he had a beautiful head of hair. College to Have "Taxpayers' Day."

Many of the pastors of the city are roundly condemning the move that has been started against the negroes and a fight to the finish is promised between two white elements of the town, as well as between the negroes and the whites. There are about 65 negroes who probably would become members of the church.

Oct. 4.—(Spcial.)—"Taxpayers' day," on which the college will be thrown open to the public for inspection, will be instituted here if the plans of the board of regents, now under way, work out properly. The plan is to give the public an insight into the work which the college is doing and to give parents an understanding of existing conditions. It is planned to ask the State Editors' the church.
