big property loss, although there were few fatalities, as a result of the storm that swept the cohst of the State of Sonora last Thursday.

The village of San Jose de Guaymas was virtually destroyed. The railway stations at Empaime and Ortiz were blown down. The lower part of Guaymas, the port city, was inundated by the sea to a depth of two feet.

The wind rose at 2 o'clock in the morning and, attaining hurricane velocity, continued several hours. Iron roofs of many buildings, including the customs house, were blown away and smaller structures were leveled at Guaymas.

Lighters in the harbor were driven ashore. A tidal wave washed out a causeway three kilometers long over an arm of the bay. The wave leaped

ROSALIA IS WITHOUT WATER

Bollo Copper Mine Damaged to Extent of Two Millions by Gale.

NOGALES, Ariz. Oct. 12.—The total list of dead in the storm which swept the western coast of Sonora. Mexico, a week ago today has been definitely fixed at 18. according to official railroad reports received here today, although there are many more missing. Seventy-five miles across the Gulf of California, however, the town of Rosalia, with 5000 persons, has been for five days without any water excepting scant supplies sent irregularly from Gunymas across a turbulent sea. The Bolio mine, property of the Santa Rosalia Copper Company, suffered damage estimated at \$2,000,000.

On account of the interruption to traffic, food supplies have been short in and about Guaymas and Rosalia. High prices are prevailing.

## Strength Comes

Not From What You Eat, But From What You Digest.

A Tablet Digests a Meal. Trial Package Free. Most people eat most foods without discrimination—it matters little what. Few stop to think what that food does for them. This is the first turn on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper maetication, are the unquestioned causes of all stomach disorders from the slight aches to the malignant cancer.

orders from the slight aches to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—a very vat for putrefaction, sending forth its poison throughout the entire system, depressing the brain, befouling the breath, souring the taste, deadening the muscles, incapacitating the liver and kidneys for their work, debilitating the heart, choking the lungs and clogging the bowels.

heart, chosing the lone.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? If the food lies in the stomach, if the system is constipated, stomach, is the natural outcome. fermentation is the natural outcome. It shows itself in sour watery risings, belchings, heartburn and painful

ings, belchings, heartburn and painful breathing.

There is only one way to remove this condition. If the stomach refuses to digest your food put something into it that will. Stuart's Dyspepsia Tablets are nothing but digestives. They are not a medicine. They work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 3000 grains of ordinary food to the proper consistency for assimilation into the blood.

Stuart's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 49,000 physicians in the United States and Canada.

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be, unless you have waited too long and have allowed your disorder to develop into cancer.
