ACCUSERS TO BE FACED

MAN ARRESTED IN BOISE WON'T FIGHT EXTRADITION.
Well-Known Eastern Mining Promoter Declares Fight Against Him is Plot of Enemies.
BOISE, Idaho, Oct. 12.—(Special)—Wanted in Chicago to answer a charge contained in an indictment returned against him alleging that he swindled Mrs. Louis Overman, of that city out of \$3000 in a confidence game played on a mining deal, Elmer E. Rodgers, a well-known Eastern mining man who has extensive properties in this state, was arrested by Chief of Police Andy Robinson here and is now being held pending the arrival of the Chicago officials.
Rodgers protested against being arrested, saying the charge against him is trumped up and preferred for the purpose of ousting him from a mine in which he is interested.
The authorities believe they have in the person of Rodgers one of the smoothest mining promoters of the country, and the Chicago detectives who have been on his trail assert in letters and reports to the Chief of Police here, they have bagged a prize for which they have been conducting a still hunt for some time.
After his arrest Rodgers stated that he would waive extradition and return with the officers to Chicago. He asserts that he can clear himself of the charges against him and apparently is familiar with the facts of the case from his point of view.
"This Mrs. Overman," said Rodgers, when asked for a statement, "is being used by others who are interested in this business. In 1905, Mrs. Overman

MAYOR BACKS NEW PLAN

OREGON CITY'S EXECUTIVE WANTS COMMISSION NAMED.
Meeting of Council Called for Tuesday Night to Take Action Looking Toward Charter Election.
OREGON CITY, Or., Oct. 12.—(Special)—Mayor Brownell today called a meeting of the City Council for 8 o'clock Tuesday night to consider the appointment of a commission to prepare a charter for the city providing for the commission form of government to be voted upon at a special election.
The Mayor intends to appoint a commission consisting of two members of the Council and five other citizens so as to give as large a representation as possible to all classes. It is also his intention after the charter is prepared to have it published in the local papers so that the voters and taxpayers may become fully conversant with its provisions before the special election.
"This is a matter of vital importance to the people," said the Mayor, "and they should be made acquainted with every chapter and word of the charter before they are called upon to vote. In fact, before they will know exactly what they are getting and there will be no opportunity by this method of having anything adopted that would be undesirable to the people. I have always been a strong advocate of the commission form of government and have waited with the hope that some of the civic reformers would take the lead in the matter. But observing that nothing apparently has been done, I think it is my duty now to take hold of this proposition and to see if our city affairs can't be so regulated under this new form of government as to save

A coroner's jury held Evelyn, who is 24 years old, to a charge of murder in the first degree this afternoon. He will have a preliminary hearing Saturday.

Senator Poindexter Says Government Railroad is Necessity in Alaska.
JUNEAU, Alaska, Oct. 12.—Gifford Pinchot and Senator Miles Poindexter, on their way south from a survey of the resources of Alaska, addressed a big public meeting here last night, giving their views on the development of Alaska.
Mr. Pinchot said that he would make public his views on the disposition of the coal lands later. Mr. Poindexter declared there must be a Government railroad to the coal fields, selling and transporting coal cheaply to the American people and supplying American naval and merchant ships. Messrs. Pinchot and Poindexter departed for Seattle today on the steamship Humboldt.

land as the place for the next annual meeting. Portland was agreed upon because the Washington and Oregon associations meet there next year under the head of the Northwest Tri-Medical Association.
The chief address of the convention was that of Dr. W. T. Williamson, of Portland, on the sex problem, and the necessity of instructing the young. He boldly declared for complete sex instruction in the public schools and a resolution was adopted to that effect.
The association also pledged itself to work for the establishment of a state sanitarium for treating tuberculosis and medical inspection in the public schools.
W. F. Howard, of Ponatello, was elected president and E. E. Maxey, of Boise, secretary and treasurer.
