Carelessness Charge Against Pilot, Indecent Language That of Engineer.

GIVE TESTIMONY

Circumstances Surrounding Striking of Maria by Rose City Investigated by Officials-Hear-

From the investigation of facts leading to the sinking of a barge of sand and damage to the steamer Maria, September 10, when the vessel and her tow were struck by the steamer Rose City. near Postoffice Bar, have grown charges against Captain Joseph Turner, pilot of the Rose City, accused by Local Inspectors Edwards and Fuller of "carelessness and negligence," and against Engineer Kern, of the Maria, of using indecent language in the presence of the Rose City's passengers. Turner's case will be called at 9 c'clock this morning and that of Kern was set for temorrow morning.

Kern is charged with having applied to Pilot Turner an opprobrious term. From the investigation of facts lead-

Kern is charged with having applied to Pilot Turner an opprobrious term, which he admitted in testimony given during the investigation. Kern was on deck when the Rose City struck the Maria and yelled an imprecation at the pilot, while against the rail were crowded those traveling on the Rose City. If found guilty, his license can be suspended.

Testimony given that when the Maria was struck half of her starboard barge was on the Postoffice Bar range probably led the Inspectors to charge turner, the inference being that there was an abundance of space between the barge and the opposite side of the channel for the big steamer to pass.

channel for the big steamer to pass. Captain Nellsen, who was in charge of the Maria, clung to his statement that was on the range."

estimony was given by others that Rose City was headed for the

E. P. Wendt, quartermaster on the Rose City, said that he was at the wheel and that in answer to orders from the pllot he put the wheel hard over to port and that the steamer ran on that three minutes before the im-

on that the said she answers.

pact. He said she answers.

slowly.

Pilot Turner testified he sounded one whistle from the Rose City and that it was answered by the Maria, which was well on the Rose City's bow. He said when the answer was received he told Second Officer Fritzmaurice to go full speed and that the Maria full speed and that the Rose ahead full speed and that the Maria did not give way, but crowded the Rose City on the Willamette Slough side of the channel and that the steamer took a shear because of the suction. After slowing down and giving an order for full speed astern he said he gave the slarm whistle. Captain Turner declared he had been a pilot on the river

PORT WILL DEMAND SALVAGE

If Claim Is Small Schooner Nottingham May Be Repaired.

Developments yesterday indicate that the Port of Portland Commission will insist on the San Francisco Board of Marine Underwriters paying a salvage claim because the port's tug went to sea and towed in the abandoned schoon-er William Nottingham. Attorneys of Commission were consulted yesterday, and on their advice a keeper was placed aboard the schooner at Astoria, the master and crew being permitted to take their personal effects ashore.

In some quarters it is contended that the Commission should not hold out for the payment of a heavy claim, the same as has been done by private cor-porations. As the Nottingham is not a carrier in great demand in modern transportation her owners, the Globe Navigation Company, would no doubt be pleased to accept a verdict that she is a total loss. In the event a small claim is exacted by the port the underwriters may proceed with her repair, but Captain Albert Crowe, local agent for them, was advised resterday not to visit the vessel at present.

ASTORIA, Or., Oct. 16 .- (Special.)disabled American schooner Ham Nottingham was pumped out today by the tug Wallula, assisted by the schooner's own donkey engine and pumps. The hull appears to be in good condition, excepting that some butts have started and a few seams opened. The vessel is in charge of Captain Gun-derson and a crew employed by the Port of Portland, and no one, not even Captain Svenson, is permitted to go on

WIRELESS WEATHER PLAN OUT Government Wishes to Supply Vessels and Exchange Data.

District Forecaster Reals is working to interest vessels plying offshore that are equipped with wireless in an ex-change of weather reports and if he is successful, the service will be inaugursuccessful, the service will be inaugurated from Fuget Sound. Masters of steamers plying on the Const have given the department excellent results in wir ing conditions at sea. Of the vessels plying offshore the Japanese have promised to co-operate and have sent several communications. British and Norwegian carriers have done well, but French and German ships are said to be slow in responding.

From San Francisco daily reports are sent to vessels and from Mare Island

sent to vessels and from Mare Island the time is sent at noon daily, that masters may cheek their chronometers. The daily weather report is sent our as

RIVER CLEARED OF BIG PLANT

Sandhog Crew on Broadway Bridge Ends Work on Piers.

Today will mark the removal and dis-Today will mark the removal and dis-mantling of much of the plant of the Usion Bridge & Construction Company that has been used in the Willamette River in the building of piers for the Broadway bridge. Only a derrick and ene of two barges will remain with which to rush work on the layers of granite that surmount the concrete base of the piers.

large contracts under way. The sand-hogs completed their labors late last night and will be paid off today. There is a shortage of granite in the receipts from a Washington quarry, but that is expected to be cleared up in a few days. One pier a about eight feet above the present stage of water and the other is 16 feet. No danger is ex-pected from Winter freshets.

RESCUE SCHOONER ARRIVES

Story Is Told of Vessel That Saved Nottingham's Crew.

Built in Oregon, owned in Japan, registered under the flag of Great Britain, commanded by an American and having Victoria, B. C., as her home port, the schooner Bayid Evans, which has arrived at St. Johns after having picked up the crew of the abandoned schooner William Nottingham, is probably the only vessel afloat having such a congress of hations interested in her. She is distinctive in other ways, for She is distinctive in other ways, for it was only last Spring that she made the run from Kobe to the Columbia in

Commercial Club Issues Invitations to Dollar Dinner.

PLACES TAKEN READILY

Banquet to Be Served Saturday When Speakers Will Tell of Junkets to Burns, Klamath Falls and Aberdeen-Pictures Taken.

Invitations to the dollar dinner to be served by the Commercial Club next Saturday were issued yesterday, but long before they were ready for mailing, more than 100 persons had registered for plates. The committee in charge expects to have the largest attendance ever obtained for such an entertalnment by the club.

Plans for the dinner were discussed fully at a luncheon of the committee yesterday. Five-minute speeches will be delivered by eight prominent bustness men who went on the trade ex-cursions to Aberdeen, Burns and Klam-ath Falls, and these are expected to cover fully the salient features of the big Jaunts. Phil S. Bates has prepared a stereopticon lecture which will oc-cupy 45 minutes of the programme. He has wore than 200 slides made eshas more than 200 slides, made es-pecially for the occasion, giving all the phases of the trips, and including many of the cartoons that appeared in different papers while the excursions were in progress. "Stunts" of various kinds and the booster songs and yells

sounded by the Portland delegations will be interspersed among the more important features of the programme. One of the most attractive parts of the decorations will be a big electric piece used at the Aberdeen celebration of the opening of the Chehalis bridge. It represents in bright electric lights a bridge with consider and closing draw ht represents in bright electric lights a bridge with opening and closing draw, and a locomotive passing across. The plece was lent by the Aberdeen Cham-ber of Commerce, which sent it to Portland yesterday and donated the services of an electrician to set it up and operate it.

and operate it.

Menus for the dinner will be in the form of a miniature four-page newspaper, and will contain, besides the bill of fare, the different "stunts," songs and yells that characterized the three

ACTOR NATIVE OF OREGON

Melville Brown, Now in Vandeville, Has Varied Experience.

Melville Brown, author and portrayer of the leading characters of "The Value of a Dollar," now playing at the Empress Theater, is a native of Oregon. His father was Captain J. A. Brown, of the firm of Brown & McCabe, stevedores, and the young man, who has had a play placed at 23 years of age, only turned his attention to the stage two years ago. Since making his first entrance, Brown has been a member of the Belssco Company at Los Augeles and the Baker stock comber of the Belasco Company at Los Angeles and the Baker stock com-panies of Spokane and Portland.

Brown has tramped all over the Pa-cific Coast. Down near the famous Gearhart beach, Brown has acquired 16 acres of land, where he expects to erect a bungalow and studio out of the

erect a bungalow and studio out of the proceeds from his present engagement in vaudeville. There Brown will have a miniature theater and hopes to produce a play of greater magnitude than the little human interest story contained in "The Value of a Dollar." "I intend to have hothouses, chickens, garden patch and within hearing of the

old Pacific's breakers I think I will be perfectly comfortable during vaca-tions," said Mr. Brown.

Mr. Brown is a great believer in the

press, Born in Oregon.

out-of-door life. When preparing at Cascadilla for Cornell University, he was a member of the football team, pitched for the nine and won the 120-yard hurdle in the meet between preparatory institutions. The death of his father prevented his college career.

BENSON'S ACTS UPHELD

Governor West Praises Policy of Previous Administration.

SALEM, Or., Oct. 16.—(Special.)—"I wish to indorse many of the statements of Thomas J. Randolph in a communication to The Oregonian which appeared this morning," said Governor West today. "I agree with him when he speaks highly of Governor Benson. I believe Governor Benson was one of the best men I ever knew. As Governor, his efforts were along the right lines, and he did everything in his power to better conditions in and around the state institutions. Had his health permitted I am sure he would have given his best efforts to bring about needed improvements. Most of the improvements made in recent years the improvements made in recent years were started under the administration of Governor Chamberlain. Mr. Benson as Secretary and Governor gave him every support and went as far as his health would permit in carrying out these plans. This administration is not trying to rob former administrations of credit due them for good things

any credit due them for good things they have done.
"As to what Mr. Randolph has to say about me I do not care to discuss. He is no doubt entitled to his own opinion as to what he thinks of me and my work and it gives me no concern what-

consulting with new patients. In effering my services to the afflicted—the result of 18 years' experience in all lents of men—I am giving you the BEST that can be had anywhere. My reputs on for the past 18 years can leave no denbt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical that I am the FOREMOSI and abound a be proposed in Portiand. I possess skill and experience acquired in the way that no other can share it sand should not be classed with inexperiences.

such a way that he other can share it sand should not be classed with incaperation decrees or specialists.

A thorough investigation should be made by every alling man as to the specialist be consults. Duty and destiny to self and those who depend upon you demand its be set medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desired to be cured. I make no misleading statements, false promises or unbusinessilke propositions. I would like to have you for a false promises or unbusinessilke propositions. I would like to have you for a false promises of unbusinessilke propositions. I would like to have you for a false promises of the content of the content of the content of the service of the desaying treatment and cure of certain diseases.

I daily demonstrate that Varicose Veins can be cured in nearly all cases in such a satisfactory way that the vital parts are preserved and strongthened, pain ceases, swelling subsides, a healthy circulation is rapidly re-established, instead of the depressing conditions. I guarantee you a cure to stay cured.

VARICOSE VEINS.

I daily demonstrate that Varicose Veins can be cured in nearly all cases by one freatment in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly restablished, instead of the depressing conditions. I guarantee you a cure to stay cured.

KIDNET, BLADDER AND PROSTATIC DISEASES With these diseases you may have more complications than are presented by any other diseased organ. By my searching illumination of the bladder I determine accurately the disease and by microscopic examination and urinalysis I make doubly sure the condition of the kidners, thus laying foundations for acientific treatment.

SPECIFIC BLOOD POISON. Scientific treatment only should be used in combating this loathenome disease? I cure Blood Polson by the new German Remedy which I introduce directly into the blood, purifying it, neutralizing it and expelling poison from the system. New blood thus formed supplies and rebuilde the tissues in such a way that the patient recovers his normal state of health, strength and soundness.

MY DIRECT TREATMENT FOR WEAKNESS.

That disorder commonly known as weakness has for years and generations bafiled the efforts of physicians, yet to this very day a majority of doctors, spe-

cialists not excepted, are attempting to overcome it by methods that have been in constant use and have always falled for half a century. They dose the system with powerful stimulants and tonics, calculated to restore nervous force or strength that is not and never has been lacking, with the result that the functions are temporarily excited to the positive detriment of the patient. Weakness is only a symptom resulting from many local conditions and is curable by local conditions, without the giving of a single internal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder. In years I have not met with a single fallsingle internal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder. In years I have not met with a single failure and I have entire confidence in goy ability to cure all cases that come to me for treatment. I am equally certain that no freatment ether than that which have perfected can completely and permanently restore attempth and vigor. NO MONEY HEQUIRED TO COMMENCE TREATMENT, Many patients have no confidence in their dectors, because he demands pay before a cure has been effected and there are many who have been misinformed about their condition or through unsuccessful treatment have become skeptical and think there is no cure for thom. I want an opportunity to treat such men. It makes no difference about the financial part, as I accept pay for my services as been effected are derived; when I am satisfied the patient is reliable. Health is capital at interest, I will prove my ability to cure before asking pay for my services.

Rushlight Reminds Parson Thomas Roup Passes Away at His Law Forbids Soliciting.

"There is a state law against soliciting from public officials, and I want a stop put to it," said Mayor Rushlight to Rev. J. H. Leiper, of the Sabbath Observation League, when Mr. Leiper asked him yesterday afternoon for a contribution. The Mayor declined to discuss the subject afterwards saying discuss the subject afterwards, saying it was a personal affair between him and Leiper.

and Leiper.

The purpose of the minister's visit was to hand the Mayor a letter from the officials of the Lord's Day Alliance, asking that the Mayor see to it that Sunday is observed better in Portland hereafter. Street repair work, the erection of buildings, hauling by teams and auto-trucks and work on the new Courthouse are mentioned in the letter as work which the Mayor ought not to permit. not to permit.

not to permit.

"All employers," the letter reads,
"whether individual or corporate, that
use the powers of employes seven days
in the week (except when absolutely in the week (except when absolutely unavoidable) are infringing on the rights of the employed, and to that extent defeat the object of government, oppress the laborer and retard the progress toward desirable, ideal public morals."

The letter goes on to say that the

lic morals."

The letter goes on to say that the "sacred rights" of the people, "under our constitution," are invaded by the repairing of the Courthouse Sunday, because many of the taxpayers are "Sabbath-keeping Christians."

"Finally," it continues, "we deplore all violations of the law for weekly rest and public worship, as being a grave offense against the divine author of the Sabbath. The God of all the earth is Jehovah, whose law for all nations contains the following com-

Lewis River to Be Bridged.

VANCOUVER, Wash., Oct. 16 .- (Special.)-A bridge over the Lewis River will be built next Spring, about a quarter of a mile up the river from the main street in Woodland. This was decided at a joint meeting of the County Commissioners of Both Cowlitz and Clark Counties and the State Highway Commission at which about 250 in-Commission, at which about 250 in-terested persons were present. The Woodland people desired the bridge build at the end of the main street, but the river there makes a sharp bend

and is cutting into the bank. The bridge will cost \$60,000, of which sum Clark County pays \$15,000, Cowlitz County \$15,000 and the state \$30,000.
