BURNING DEBRIS ENDANGERS MILL—
Using fire to destroy the wreckage from
a former fire, workmen started a new
fire at East Eighth and Division streets
yesterday morning that for a time
threatened the big Inman-Poulsen
lumber mill. Combined efforts of the
city Fire Department and the lumber
plant's fire-fighters, soon controlled the
blaze and no damage was done. A week
ago fire destroyed the old Holmes Can-
nery, an abandoned building, and work-
men have been engaged in cleaning up
the rubbish. Sparks from their fires
leaped into the sawdust dump on the
mill grounds yesterday and ate rapidly
into the waste until discovered.

Rose City Park cemetery. All the
eight children of Mrs. Kinsey were
present at the services. Mr. and Mrs.
Kinsey had been married 60 years.

family residence, at 1234 East Ninth
street North. Interment was made in
Columbia cemetery. Mrs. Hunter was
71 years and 26 days old. She came to
Oregon in 1845, and settled in Portland.
Her husband died several years ago.

pleted. Double curbs have been
laid and Alberta street has been paved
east and west of the street. Streets

narrow part will be improved when the
street has been widened. Only a few

ing for the extension of the Oregonian
Sandy boulevard to East Sixty-second
street, will be recommended to the City
Council. The company will be required
to put up a bond of \$100,000. The ex-
tension will serve Gregory Heights. The
permit provides that the line must be
constructed within six months. Coun-
cilman Maguire voted against granting
the franchise.

blocks. It is to extend to the upper
portion of Beaumont Addition and each
lot will be but a short distance from
the line. Cars on this branch will be
operated in connection with the Rose
City Park line.

CHILD DIES OF MENINGITIS.—Tom
Allen, aged six years, of St. Helens,
died yesterday morning at Good Sa-
maritan Hospital of spinal meningitis.
This is the first case of spinal meningi-
tis that has appeared in Portland for
a long time. City Health Officer
Wheeler does not view its appearance
with alarm, as he says spinal meningi-
tis in young children is rarely of the
malignant type.

the public schools opened somewhat
earlier than September 15, and this

the fact that many private schools open
at different times from the public

CLUB DINING-ROOM IS GAY

Features of Development Trips to Be
Seen at Banquet.

Final touches of the decorations in
the Commercial Club dining-room will
be finished today for the Dollar Din-
ner, with which the club is to com-
memorate the completion of its three
business men's pilgrimages to Aber-
deen, Burns and Klamath Falls, and
when the guests arrive at 6:30 tonight
they will find the hall dressed with
the most elaborate system of decorative
features that has been worked out by
a dinner committee for some time.

The Aberdeen electric piece loaned
by the Chamber of Commerce in the
Grays Harbor city is being set up and
will be the most pretentious feature of
the decorations. In bright electric
lights it depicts the Chehalis bridge,
with a draw that opens and shuts nat-
urally. A long electric train, the head-
light of whose engine is the lens of
the stereopticon, is running off the
bridge, sweeping in a long curve to-
ward the foreground.

A clever piece of table decoration
carries the railroad setting still
farther. The Meier & Frank Company
has contributed the use of a diminutive
railroad, which will be set up on one
of the tables, with the stations from
Aberdeen to Klamath Falls indicated.

If G. A. Lovejoy, head of the commit-
tee, is able to secure a miniature en-
gine, he plans to have the train make
continuous trips about the table, dis-
pensing carloads of cigars to the
guests.

The menu has been printed in the
form of small newspapers and contain,
besides the bill of fare, a complete list
of the songs and stunts that were
featured in the three excursions.

More than 200 tickets had been dis-
posed of before noon yesterday, and the
club expects to have the entire table
room disposed of before noon today.

8 CASES DEPEND ON ONE

Effect of Pauper's Oath Is Point Be-
fore Federal Court.

The Hugh Hough case, in which the
prisoner is attempting to have a fine
remitted by being declared a pauper
and thereby escape jail, will be a pre-
cedent, eight similar cases being on
the docket in the Federal Court. Hough
was sentenced to three months in jail,
to pay a fine of \$100 and to stand
committed until the fine was paid.

At the expiration of his sentence he
made application in the court to
take the pauper's oath and be relieved
of his fine. This was opposed by the
United States District Attorney and the
case was referred to United States
Commissioner Cannon to decide.

Commissioner Cannon handed down
an opinion that as the sentence says
"stand committed until paid" he does
not see how the prisoner can be re-
leased until the \$100 is paid. When this
was decided yesterday morning the
attorney filed an application for
habeas corpus demanding his release,
contending that his client's continued
imprisonment is contrary to law. Judge
Beas will hear the argument on these
proceedings this morning and his de-
cision is awaited by eight other prison-
ers at Kelly Butte who also have filed
pauper's oaths.

DEPORTATION IS FOUGHT

Dr. Elsen Would Compel Ship to
Land Negro Stowaways at Home.

Dr. William Elsen, ex-consul of Den-
mark at this port, through his attorney,
Will H. Smith, has made an application
for a writ of habeas corpus to prevent
three negro-boy stowaways from being
deported on the British steamer Helio-
polis, his interest arising from the fact
that the boys are citizens of the Danish
West Indies. His contention is that
while the order of deportation is that
regular and correct, the law says that
a person deported must be taken to the
country from which he came on the
same vessel in which he came or at the
expense of that vessel.

As the Heliopolis is bound for British
Columbia and to England it will be im-
possible for the negroes to be taken on
the steamer to St. Thomas, British
West Indies. The writ of habeas cor-
pus will be followed by a demand that
the vessel pay for the transportation of
the boys to the place of deportation.

HAROLD MACGRATH'S
LATEST AND GREATEST NOVEL

THE CARPET
FROM BAGDAD

A splendid romance. The scene opens in
Cairo, continues in the desert and ends in New
York. The plot, starting with the theft of a
rare and holy rug by an American adventurer
from its Moslem owner and sold to an American
collector, is MacGrath's most notable stroke of
originality.

All is told in the author's most captivating
manner—that sparkling rapid-fire style which has
made him the pre-eminently popular romancer.
