Girl Thrust From Sidewalk, Escort Retaliates and Battle Begins. City Attorney Is Killed and Two Are Wounded.

COWETA, ORIa., Oct. 22.-Ed Suddeth, egro, was shot to death tonight by following a battle between blacks and whites, in which Suddeth killed J. H. Besvers, City Attorney, and wounded Carmen Oliver and Steller Thompson, white men. Suddeth was wounded and then strung up to a water tank, but was cut down before being strangled to death. Leaders of the mob kept him captive in a vaccant building.

Deputy Sheriff Flowers tonight attempted to take the slayer to the Jail at Wagner. As the negro was being lifted into an automobile the mob opened fire on him. Probably 50 shots entered his body.

Large numbers of enraged negroes are arriving tonight from the sur-rounding country and a race war seems

"There'll be more than one surprise before this case is over," said McManigal, as he placed chairs for his callers. He answered questions glibly, even indulging occasionally in a bit of reminiscence on incidents in Wisconsin, where he and James B. McNamara were supposed to have been lunting together a year ago. Finally the question was put to him as to why he and made his confession.

is not and has not been charged that Secretary Wilson was corrupt, or ac-tuated by corrupt motives, it is a fact that he has lent himself to schemes which were acceptable to interests which he knew were trying to over-turn the pure food law, and trying to secure the removal of Dr. Wiley of his fearless enforcement of that law. And Secretary Wilson was in effect a tool of those interests from the day they started war on Wiley. Dr. Wiley conducted his "poison squade" for the express purpose of quade" for the express purpose of etermining whether or not certain food preservatives were injurious to health. He did this before the pure food law was passed. Wiley was sustained by the President. Then what did Secretary Wilson do? Did he confess his own error? Did he admit that he himself had approved the very action for which Wiley was to be decapitated? Did he rebuke his fellow conspirators? He did none of those things. He did not even go out of his way to concur in the findings of the President, but announced that the Bureau of Chemistry should be transferred to some other department, and disclaimed any further desire to interfere with the enforcement of the terfere with the enforcement of the pure-food law.

The all-important question now unanswered is this: "When will President Taff give Secretary Wilson a more pointed hint?"
