Direct Primary to Rule

Mr. Wilcox, W. B. Ayer, Mr. Malarkey, E. Clark, Chairman Selling and other members of the committee concurred heartly in the view of Mayor Rushlight and insisted that the work of the committee should in every particular be consistent with the provis-fons of the direct primary. The senti-ment was unanimous that the committee was merely an organization which invited the fullest possible co-opera-fien and assistance of the individual voters within the party who were in-

ald the Taft campaign.

The following telegram from D. O.
Lively, forwarded from Seattle, was
read by Secretary Logan, following the
announcement of Mr. Selling that all
of the members of the committee were
either present or accounted for: either present or accounted for:

"Am advised that Taft committee meets Thursday, Unavoidably absent until Friday. It may be presumptuous newcomer to offer suggestions, from careful investigation and atudy I am convinced that party en-tity and the rehabilitation of the Re-publican forces are more important than an effort to rebuke an individual. If this committee devotes its entire efforts to carrying Oregon for Tart it will be successful."

However, I desire the honor of being counted present, for I most carnestly desire President Taft to succeed himself. President Taft to succeed himself, which means the upbuilding and betterment of the United States. Will cledly do all I can on my return for Outside Organization Urged-

Mr. Logan called the attention of the

committee to the fact that Republicana in some of the outside countles were wrongly charging the Portland committee with undertaking to arrogate to itself a direction of the Taft campaign in Oregon without consulting representative Republicans residing outside of Portland. It was decided by the committee that a correction of this impression would be one of the first things to be done by the organization. The Portland committee will get into communication with Republicans in every county in the state, including Mulmomah, and urge upon them the organization in each county of a working committee such as has been formed in this city. The purpose of the move-

ment is to bring about the organization of a committee in each of the 34 counties, all committees to labor with one object in view—the nomination and election of President Taft.

A. E. Clark urged that the committee about concentrate its efforts in head concentrate its efforts in behalf of President Taft and in doing so voiced the sentiment of the committee. It was admitted by other members of the committee that all of the committees as they are proposed to be created throughout the state should work only for President Taft and not embarrass discir efforts in that direction by be-coming involved in any controversy af-

feeting the candidacy of any other of-Immediate Action Favored,

Clark, Mr. Malarkey and Mr. Logan thought the committee should immediately organize itself into a working body. Mr. Clark suggested that the committee at once outline a plan of campaign. Mr. Wilcox pro-posed a subcommittee of five mem-bers with instructions to outline a plan of action and submit at another meeting next week. Mr. Ayer argued that this was, a detail which should be left to the chairman of the committee to draft and present to the committee

Mayor Rushlight contended that the committee should draft a formal statement setting forth the purposes for which it was formed and then go before the Republican voters of the state and invite their co-operation. Such a plan of procedure, insisted the Mayor, would leave no room for criticism from any source and at the same time would elothe the committee with much greater influence in its work throughout the state and particularly in Multne-mah County. It was finally decided to leave to Mr. Selling, as chairman of the meeting, drafting of the first out-

line for a plan of campaign to be fol-lowed by the committee.

Unified Plan Recommended.

Discussing the need for forming organizations in each county of the state, Phil Metschau, Jr., suggested that in communicating with the Republicans in the different counties, the chairman and secretary of the Portland committee, recommend that in forming these outside committees, with which the Portland committee will work, Republicans in those counties adopt the same plan of organization that was employed in this city.

Present at yesterday's initial meeting of the committee were: Ben Selling, T. B. Wilcox, Mayor Rushlight, Dr. Andrew C. Smith, W. B. Ayer, Dan J. Malarkey, John F. Logan, Johnston P. Porter, Phil Metschan, Jr.; John S. Beall, A. E. Clark, Amedee M. Smith, J. B. Yeon and John H. Burgard,
