

# MEXICO ALARMED BY REBEL VICTORY

Deputies Demand That Ministers Report on Measures for Suppression.

## DIAZ' NAME IS CHEERED

Madero Comes in for Share of Denunciation—Routing of Federals at Milpa Alta Causes Unbusiness in Capital.

MEXICO CITY, Oct. 25.—Astounded by the realization that the forces of Zapata had entered the federal district, sacked a town and then stood off a detachment of the federal army, the Chamber of Deputies demanded yesterday the acting Minister of War and the Minister of the Interior appear before that body and render full reports regarding the insurrection and measures taken for its suppression. It was agreed to remain in session until the Ministers appeared, and should the head of the War Department fail to report in the morning, to go to his house and protest.

It was agreed that details of the campaign against the rebels should be furnished.

At 11 o'clock sub-Secretary of War Gonzalez Silas and Minister of the Interior Garcia Granados presented brief reports, informing the deputies of the location of the Zapatistas and assuring them that the government was doing all it could to put down the rebellion.

**Capital Feels Alarm.**  
Every paper in the city today published long accounts of the battle of Milpa Alta, in which the Zapatistas had routed the federals, killing and wounding more than half the soldiers sent against them, and the alarm in the capital was not allayed by statements calculated to minimize the defeat.

Late in the afternoon came a report, subsequently confirmed, that another slight encounter between federals and rebels had occurred, this time within two miles of Xochimilco. This news increased the tension in the Chamber.

Francisco I. Madero shared the denunciation leveled at the government by excited deputies, and the galleries applauded.

One deputy made complimentary reference to Diaz and his government, and again the audience shouted its approval.

Milpa Alta yesterday was in the hands of the government troops. Moving northward through Morelos is General Casco Lopez, at the head of a considerable force. The Zapatistas are scattered in small bands throughout the surrounding hills. The government officials say that the rebels are retreating toward Morelos, but the skirmish near Xochimilco indicates a portion at least are nearer the capital than Tuesday.

**Federals Lose Heavily.**  
At Milpa Alta some 50 bodies remain unburied. In the Milpa Alta battle it is estimated that 75 or 80 were killed, three-fourths of them federals.

Residents of Xochimilco, guarded by rurales until late in the day, when the government force was ordered into the hills, feared attack last night. Wild rumors of a movement toward the capital are heard, though not credited by many. One of these rumors was that Zapata had sent the Minister of War a demand for the surrender of the city.

Many small towns in the rebels' path have been virtually deserted, according to an official statement last night. News from Morelos, stronghold of the rebels, is that the death into the federal district has aroused the spirits of the rebels, who have renewed with greater vigor their looting. Several haciendas and villages have been occupied, and dispatches from Cuautla say that the occupation of Cueta is imminent.

## BARS DOWN FOR REYES

Mexican Provisional President to Be Allowed to Return.

SAN ANTONIO, Tex., Oct. 26.—General Bernardino Reyes recently came to this city via Havana and New Orleans, may return to his native country without fear of personal harm. This message was brought here by Louis L. De la Barra, brother of the Provisional President of the Republic. He assured General Reyes that he would be given every guarantee within the law as secured by Francisco I. Madero when he assumed the Presidency. General Reyes said he would act in accordance with what he believed to be for the best interest of Mexico.

## TAFT COMMITTEE CALLED

Campaign Leaders to Meet to Organize and Discuss Plans.

Ben Selling and T. B. Wilcox, of the committee recently approved by President Taft to conduct the campaign in Oregon for his re-election, have sent jointly the following letter to the other members of the committee:

"There will be a meeting of the members of the Taft committee on Thursday, October 26, at 3 P. M. in the green room of the Commercial Club. This meeting will be held for the purpose of organizing the committee and to discuss plans of the campaign. You are urgently requested to be present."

## SCHOONER GOES ON ROCKS

Jim Butler Reaches San Francisco After Collision, Leaking Badly.

SAN FRANCISCO, Oct. 26.—The steam schooner, Jim Butler, Everett to San Pedro, returned to the port late last night, leaking badly from a collision with the rocks off Pigeon Point, about 30 miles south of here. The Butler piled on the rocks in a heavy fog but was able to free herself and make this port, which she had passed in the night. Damage to the steamer was not extensive and repairs will be made before she proceeds southward.

## SEWER COST CALLED HIGH

Albina Property Owners Object to Riverside Drain Assessment.

At a meeting of property owners of the Riverside district in the fire hall in North Albina last night, it was decided to object to the payment

of the re-assessment that has been made, and a general committee was appointed to circulate a remonstrance among the property owners and to ascertain their sentiment as to resorting to the courts. The meeting was well attended.

Chairman Metcalf declared that the people of the district had been badly treated and had been handed a "lemon" that was very sour. The report of Lewis Kelso, employed by the property owners committee, telling of the general condition of the sewer was read. The report ended by saying that, compared with other work of the sort, it cost 50 per cent too much.

It was shown that 70 acres more of territory had been added to the original area and that the reduction in the amount of sewerage to be laid out, not as much as the property owners think they are entitled to. It was also declared that the sewer was badly constructed and would probably have to be rebuilt in five years. It was decided to send a large delegation to the meeting of the Council on November 8 to protest against the re-assessment. Whether to employ counsel to fight the case in the courts was left open until after the meeting of the Council.

## SUICIDE IDEA INTRUDES

DEATH OF WOMAN PHYSICIAN Baffles Police.

Several Possible Motives for Murder Hinted. However, by Indianapolis Detective.

INDIANAPOLIS, Ind., Oct. 25.—"If Dr. Knabe was murdered, as appears, I am satisfied she was murdered by a person with whom she was acquainted and that she voluntarily let this person into her apartment. The theory of suicide will not let itself be neglected."

With this statement, Captain Holtz, chief of detectives, summed up the result of the investigation into the death of Dr. Helene Knabe, former state bacteriologist, whose throat was cut while she lay on her bed last Monday night.

Captain Holtz declared he did not intend to reflect upon the character of Dr. Knabe in saying that he believed she knew her murderer, if she were murdered.

"Dr. Knabe's reputation was unblemished," said he, "and she lectured to young women and men on the necessity of social purity, as well as on physical culture and hygiene. But there are several possible motives for her murder. It is certain that robbery was not one of them, and physicians have decided that personal assault was not committed."

"Some of Dr. Knabe's own friends suspect today to the police the idea that she ended her own life should not be cast aside. She said that she recently had been dependent over debts."

## \$425 FUND IS GLEANED

Men and Religion Forward Movement Preparatory Meeting Held.

At a meeting of the committee of the Men and Religion Forward Movement held Wednesday night at the Young Men's Christian Association \$425 of the \$6000 fund required to finance the campaign to be undertaken in February was subscribed. F. N. Clark, chairman of the finance committee, is confident that half of the fund will be pledged within the next week. At the meeting, giving the movement strong support, and members have shown a disposition to be equally generous in helping to defray the expenses.

The meeting was presided over by Rev. J. W. McDougall, who referred to the movement as one of the greatest opportunities the Christian churches have ever had to present the gospel to men without the congregations. M. N. Dana said many Christian people have had the idea that union labor hours could be followed in religious matters, while everybody knew that the devil worked the entire 24 hours without resting. He believed the men who enlisted in this movement would be the standard-bearers of the most popular religious influence of the present day.

R. R. Perkins urged the necessity of selecting the men best fitted to keep their churches in touch with the work of the movement. He also declared that business methods would be followed in conducting the campaign. Others who spoke on subjects pertaining to the movement were Rev. T. H. Walker and J. D. Nelson.

## ITALY EAGER FOR POWER

Once Master of Tripoli, Latins Will Declare Garrison's Rebels.

ROME (via frontier), Oct. 26.—Once masters of Tripoli and Cyrene and also in control of the caravan route to the interior of the country, the Italian government will consider the Turkish garrisons as rebels and will officially notify the powers of the cessation of Ottoman rule in Northern Africa.

Italy also will announce as her possession the territory bordering on the Mediterranean, extending east to the Egyptian frontier and west to Tunis and running south down to the British and French zones of influence.

The report that Turkish soldiers had crossed the Tunis frontier, as telegraphed by Deputy Di Felice-Giustina at Tripoli is officially denied.

The French authorities have doubled the watch on the frontier to prevent the passage of arms, ammunition and provisions.

## SIX HUNTERS ARRESTED

Youths Caught by Game Warden, Who Loads Them on Car.

Six youths living in the vicinity of Columbia Slough, with an array of one rifle and two shotguns, searching for game about the Patterson duck lake on the Union Meat Company lands, ran afoul of Deputy Game Warden Shipes Wednesday and were arrested and brought to the police station on a charge of trespass. They had not netted any ducks when the game warden came upon them, so that a charge of breaking the game laws was not placed.

Enlisting three companions, with two rifles and a revolver between them, to awe his youthful prisoners, Warden Shipes brought the entire party into Portland on a streetcar. Curtis and William Sheldon, Henry and John Roberding, Ray Carpenter and Bert Rinehart were in the arrested party.

## City Lot Is Fertile

CHEHALIS, Wash., Oct. 25.—(Special to this paper) A piece of ground 24 feet square, that would amount to 605 bushels for an entire acre, is reported by E. F. Young, of this city. The land was part of a city lot at Mr. Young's home in the eastern part of the city. The soil had not been fertilized in any way, but the potatoes were irrigated. From the 14x24-foot patch Mr. Young dug eight bushels of fine spuds. He claims the record for this section this season.

# FUND SLICE ASKED

Share in Forest Reserve Timber Sought for States.

## GOVERNMENT PROFIT BIG

Representative Warburton, of Washington, to Introduce Bill in Congress to Turn Part of Revenue Over to State.

Convinced that Western States are entitled to a substantial percentage of the revenues derived from the sale by the Government of timber in National forest reserves, Stanton Warburton, of Tacoma, Representative in Congress, said when in Portland yesterday that he would introduce a bill in the House of Representatives at the coming session providing for the remission to the Washington state treasury of part of all moneys received from forest reserve timber sales.

Representative Warburton says similar legislation should be obtained for every state in the West in which there are National forest reserves. Discussion of the subject with members of Congress from Eastern States earlier in the year brought out no marked objections, but Mr. Warburton anticipates strong opposition from Atlantic Coast interests when the bill comes up for consideration in the House.

"At present about one-third of the area of Washington is included in the forest reserves and probably the same proportion of Oregon's timber lands have been withdrawn," said Mr. Warburton. "In Washington large parts of some counties are in the reserves and in Skamania County, for instance, nearly all the area is bottled up in the Mount Rainier forest reserve. Similar conditions exist in Oregon."

"Under this policy these states are deprived of what actually belongs to them. Their greater development has been retarded. It seems to me that they should have some claim to the benefits from their millions of dollars worth of timber. As far as Washington is concerned I believe that state is entitled to from 15 to 25 per cent of the revenues derived from the sales of timber in the forest reserves."

"It is right that the Government should remit to the states at least one-fourth of the amounts acquired through the sale of forest reserve timber. In fact, the proceeds to the state from this source would, in my opinion, be equal to the funds derived from state and county taxes."

"While the sale of Government timber is limited now, it will not be many years before great portions of the forest reserves will have been sold. This will prove an enormous source of revenue to the Government. It is time now for the states to demand their rights. Within the next five to ten years, in the event such legislation is granted to the Western states, the revenue to each state from this source would become enormous."

"One of the main purposes for which this revenue could be used to advantage would be for road construction. As good roads are the great need in the West, I believe that derived from such a source should be applied to road building until the state systems of roads are completed."

Mr. Warburton will endeavor to secure an amendment to the measure prohibiting prospecting for minerals on the Olympia Peninsula. In that reserve there are about 600,000 acres and it is maintained that the area contains valuable mineral and coal deposits. Mr. Warburton would also like to have withdrawn from the Olympic forest reserve about 6000 acres of timber land in Chehalis County.

## Money in Belt Stolen

HILLSBORO, Or., Oct. 26.—(Special.)—George Sotr, a Bulgarian, was robbed of over \$150 while he slept last

## Kill the Germs

Then Dandruff Will Go and Hair Stop Falling

There are thousands of headheaded women in America—almost as many as men.

Dandruff germs cause baldness—that burning sensation and the hair to fall and thin out.

Dandruff chokes the hair; prevents it from obtaining proper nourishment; rots it, if you want the plain word, causes it to fade, to die and fall out—then baldness.

PARISIAN SAGE kills the germs; cleans the scalp of all scurf; stops itching and puts life and radiance into the hair, or money back.

If you want to save your hair get a bottle of PARISIAN SAGE today. The price is 50 cents a large bottle at Woodward, Clarke & Co. and druggists everywhere. The girl with the Auburn hair on every bottle.

## PICTURE FRAMES QUALITY

The most comprehensive line of high-grade framing in the West is carried by this house. The labor, materials and design are absolutely the best.

These are found in Antique gold from original designs, artistic and exclusive.

In Mahogany and Circassian, English or Italian Walnut, Veneers of the finest quality, new and unusual patterns, by the best designers;

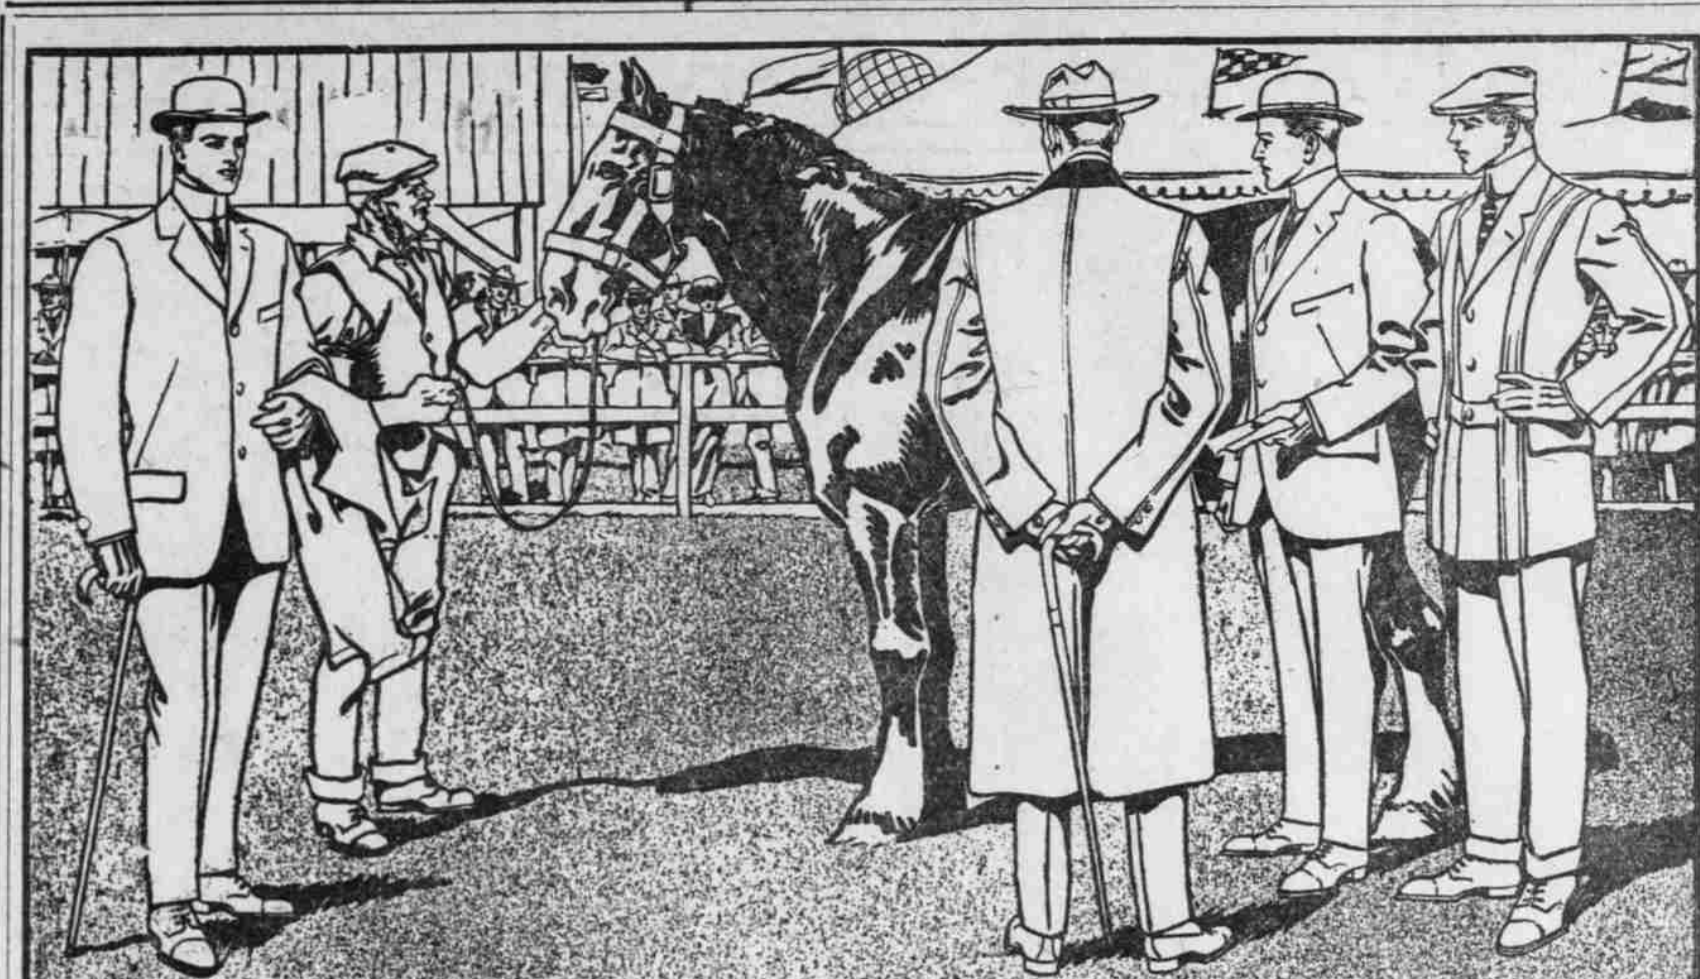

In Flemish and Black Oak, Mole and Ebony, Copley Brown, Manila and French Gray, especially made to harmonize with general tones of the picture.

Salesmen of expert knowledge and long experience to assist the purchaser in obtaining only artistic and harmonious effects.

## SANBORN, VAIL & CO.

WHOLESALE—RETAIL, 170 First, 171 Front.

The Largest Variety of Pictures, Framed Pictures, Mouldings and Artist Material on Pacific Coast

You'd better pick out your Suit and Overcoat now  
A good many men are finding some very nice things here

# Hart Schaffner & Marx

Have made for us this season the best lot of good Stuff we have ever seen. The new fabrics are particularly good; many fine worsteds, blue serges, fancy chevots, Scotch tweeds; a wonderful range of good colorings and patterns to select from

Suits \$20 to \$45  
Overcoats—Raincoats \$18 to \$35

Many new models to please your taste in Suits and Overcoats

## SAM'L ROSENBLATT & CO.

THIRD AND MORRISON STREETS

The money was concealed in a big canvas belt, which was buckled around his body. The thief cut the belt and awakened the sleeper when he attempted to pull it from under his body. Sotr gave the alarm to five companions, sleeping in an adjoining room. The thief bolted for the door and made his escape.

Sotr still had \$470 in currency hidden in the balance of the belt. He was intending to return to Bulgaria in a few weeks and had been working on the sewer here.

Stop Signs Are Requested. SALEM, Or., Oct. 26.—(Special.)—The Railroad Commission has requested the Oregon Electric to place signs at stopping places of its cars in Portland on the Salmon and Tenth-street extension to show where cars will stop to take on outgoing passengers.

# Cottolene

## Makes Sunshine Food

**The Dyspeptic Shuns Rich Food**  
because it causes him untold agony afterward. Cottolene, because of its freedom from hog fat, is digestible, and makes rich food that any stomach can digest. No indigestion follows in its wake.

Animal fats tend to heat the system and cause stomach and other troubles. Cottolene is a pure, vegetable product that nourishes and builds up. Up-to-date physicians recommend Cottolene in the cooking of food for invalids. Never heard of lard being recommended for that purpose did you?

Use Cottolene and have a perfect digestion. Cottolene is more economical than butter or lard—use one-third less.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after giving Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
