Our Magnificent Enlarged Men's Apparel Dept. will be opened to the public today

The remarkable success of the Men's Apparel Department at THE EAST SIDE STORE, for which our loyal patrons are largely responsible, has compelled us to enlarge this Department to exactly double what it was heretofore.

> An ever increasing patronage and a more pronounced demand have proven conclusively that our previous quarters were too small. The

convenience of our patrons has necessitated this enlargement and our present quarters prove, more than anything else, the success which has crowned our efforts to sell the best Men's

Apparel at the lowest prices consistent with quality.

The economical man, the man who dresses well, the man who appreciates good clothes, will find here a variety and assortment equaled by but a few exclusive men's stores in the eity. He'll find here garments of style, of lasting durability, of unquestionable fabrics, of perfect tailoring. He'll find here the kind of service that will appeal to him. He'll find the prices to suit his purse. And he'll find that our willingness to extend credit terms is sincere-a business proposition, pure and simple-that insures absolute satisfaction.

PUBLIC SCHOOL AT SUTHERLIN.

SUTHERLIN. Or. Oct. 26.—(Special.)—Just a year and a half ago the little town of Sutherlin, in Southern Oregon, established its first school with one teacher and less than a dozen pupils. Now 100 pupils are enrolled, four teachers employed and all grades up to the tenth are taught. The schoolhouse has cement walks and a heating, plant, eight lofty, well-lighted schoolrooms in addition to the spacious library, and apartments for the principal and staff. One hundred and fifty pupils will be enrolled before next term, it is believed. The build-ing cost \$2500. ost \$8500.

HOOD RIVER, Or., Oci. 25.—(Sperial).—Unprecedented in the history of the Hood River Apple Growers' Union was the sale made this week of a number of carloads of extra fancy apples to buyers in Garmany. The method previously used by European fruit men has been to secure the shipments on consignment. However, the recent sales were made by cable communications direct to Hamburk. The sales were made entirely on the reputation of the union pack. The great buik of the Hood River Valley product will be marketed this because the large crop of local product in the East and Middle West prevents the union from securing satisfactory prices in the Eastern markets.
