OFFICIAL'S GO OVER **CANAL LOCKS DATA**

State Commission Views Report of Government for Oregon City Project.

DAMAGE CLAIMS HELD HIGH

Amount Asked by Property Owners Along Proposed Right of Way Will Be Submitted to Secretary of War.

One more day passed in the consideration of the Oregon City locks situation has failed to produce a plan of definite action. The only outcome of a meeting held yesterday by Governor West, Secretary of State Olcott and State Treasurer Kay, representing the state, and President Jusselyn, of the Portland Railway, Light & Power Company, owner of the present canal and locks, with Major McIndoe, Corps of Army Engineers, was to decide on a future session with Mr. Josselyn.

Major McIndee has received from all

Major Moindoe has received from all Oregon City property owners from whom right of way was sought in connection with the proposed new locks on the east side, their claims for dismages as estimated. They are regarded as exceptional Major McIndoe will not discuss details of his recommendations to the Secretary of War, to whom the claims will be given for perusal, nor as to other features of his report on the negotiations so far conducted, but it is not believed that the Government will accept right of way at the prices sought. If the Secretary of War decides that the new locks shall be constructed, the Government will resort to condemnation.

condemnation.

The principal purpose of resterday's gathering was for the state officials to familiarise themselves with Major Mc-Indoe's data and reports from subordinates on parts of the project. So far the Government is not in favor of rehabilitating the old locks, though if the price of the Portland Hallway, Light & Power Company is lowered the rebuild. Power Company to lowered the rebuild-ing might be given more favorable con-

LUMP SUM PAID FOR CARGO

New Charters Announced With Local Loading Options.

Comyn. Mackall & Company, who have shipped considerable lumber from Porfland, have closed a transaction that makes it notable as the first instance in which a lump sum has been paid for the same business. The deal is the chartering of the French bark Versailles to load a full cargo of redwood at Eureka for the United Kingdom. The vessel is on the way to San Francisco from Hamburg with general cargo consigned to Meyer, Wilson & Company.

Other charters reported yesterday in-Other charters reported yesterday in-cluded that of the British bark Con-way Castle, now at Salaverry. South America, to lead wheat here or at Ta-roma on a rate of 31s 5d. Hind, Rolph & Company have fixed the schooner Alumna, which is en route from Wil-lapa Harbor for Antofognata with lum-ber, to lead lumber for Sydney at 45s 5d, with the bption of Melbourne or Adelaida at 45s 9d. Brisbone at 47s 5d. or Valpuraiso for orders at 32s 5d. She will load either on the Celumbia She will load either on the Columbia River, Puget Sound or Willapa Harbor,

SEWER EXTENSIONS NEEDED

Captain Emken Says Waterfront Should Force Issue.

Captain Harry Husken, of the Columbia River Pilots' Association, says that the waterfront interests should participate in a concerted campaign to force the extension of all sewers emptying into the harbor. He spent a portion of prestorday morning at the foot of Stark street, where conditions are the worst, and then took in the north end of the

harbor.

"I believe that the only solution for the sewerage problem is for the city to construct seawalls on both sides of the harbor and make provision for the sewers to be carried through the wall to deep water." he said. "In the first place a harbor board should be created with authority to force sewer improvements until such time as it is realized. cents until such time as it is realized by all concerned that seawalls must come. The steach in the harbor now is the worst I have eyer known and with little current and low water in many places the sewer output is held stag-

STRATHEARN TO UNLOAD HERE

Soundings Show Fair Depth Available for Coal Tramp.

Soundings made yesterday in front of the Pacific Coast Company's bunk-ers indicated that the British steamer Strathearn, which is out nearly a month from Newcastle with coal, can

transmitting apparatus four hours, ordinary sending, and suitably installed
and ready for use in case of accidents
disabling the electric plant of the vesdinary sending.

PORT BESTS ITS OPPOSITION

Harmattan and Jewett Brought Into River on Present Rates.

River on Present Raires.

Harry Campion crowed twice yesterday on learning from Astoria that the Port of Portland has beaten the Puget Sound Tugboat Company in placing a pilot ahoard the British steamer Harmattan, on her arrival from Victoria, and in towing the schooner W. F. Jewett, coming from San Pedro, into the river. The Port has secured the last six vessels to enter that required either a pilot or tow. It was reported in Astoria yesterday that the Port of Portland had disposed of the pilot schooner Joseph Pulitzer

and was to abandon towage and pilotand was to abandon towage and pilotage. Superintendent Campion's instructions to the crews to continue their activity belies the story.

The Harmstian comes in the Maple Leaf line and will load 4000 tons of wheat, working the cargo at Montgomery dock No. 2. Columbia dock No. 2 and Martin's dock. She will also take on a small quantity of merchandian Provision will be made in line. dise. Provision will be made in lin-ing her so that later she will load cop-per ere and canned goode in the south, all destined for Europe.

LIGHTHOUSE ENGINEER HERE Several Important Steps Considered

Regarding Alds. Regarding Aids.

To place lighted gas buoys at the mouth of the Columbia River to mark the channel, increase the brilliancy of the range lights at Fort Columbia, investigate the proposition of stationing a lightvessel to mark the Port of Orford Reel, delve into details concerning the proposed installation of new fog signals at Cape Flattery and Point Wilson and of establishing a light at the end of the Columbia River jetty are matters being considered by J. S. Conway, chief constructing engineer of the Bureau of Lighthouses.

Lighthouses.

Mr. Conway arrived here yesterday and passed the day consulting with Inspector Beck, of the Seventeenth Lighthouse District. He may be joined here by Captain E. M. Trott, general Inspector of the bureau, who is at Seattle, Wash, conferring with Com-minder Tillman, of the Alaska dis-trict. He will make the journey to the Columbia on the tender Manzan-

Marine Notes.

To begin loading lumber the steamer F. S. Loop went to St. Johns and Kalama yesterday and will proceed to Westport today.

Work on the furnace of the steamer Sue H. Elmore not having been com-pleted, her satisfing for Tillamook has been postponed until tomorrow. In general cargo from San Francisco the steamer Nome City entered yeater-day at the Custom-House and the steamer Roanoke cleared for San

Cribbing has been built under the bilges and a portion of the keel of the ship Reucs, on the public drydock, so as to protect her from the swells of passing steamers.

As the Port of Portland steamer Ocklahama is to be tied up this after-moon to wash her boller, advantage will be taken of the idleness to place her new pilothouse in position. The pres-ent house for the skipper leaks.

Merchants' Exchange reports yester-day included the arrival at Queens-town of the French bark Marschal de Castries, which cleared from Portland June 29 with a cargo of lumber measuring 1,284,646 feet. She sailed from the Columbia River June 2.

Attorneys investigating the history of bonds authorized for the construc-tion of municipal docks, have indicated that they may require additional infor-mation, and the Commission of Public Docks has wired as to what details are wanted, but had received no reply st yesterday. The engineers forming the board of consultation are ready to leave New York for Portland on two weeks' notice, and that will be given as soon as funds for the sale of \$50,000 of the bonds, which were awarded the Portland Trust Company, are available.

Movements of Vessels.

PORTLAND, Nov. 1.—Arrived—British steamer Harmatian, from Victoria, B. C.; steamer Alliance, from Coos Bay and Eureka: steamer Cainnia, from San Francisco, Sailed—Steamer Roanoke, for San Diego and way ports; gasoline sloop Della, for Nestrons.

strathearn, which is out nearly a mouth from Newcastis with coal, can discharge ber carpy despited the unusually low stage of water. It will be necessary to barge her of the dock a short distance. Harbormaster Speler and Pilots Joe Allen and Harry Emiken conducted the soundings and were satisfied with the result.

It was suggested that soundings be made in front of every dock where conducted the soundings and were eatisfied with the result.

It was suggested that soundings be made in front of every dock where consugoing vessels berth during the present of the recent of the recent will be maintained, so that it can be accordanced. There is no point in the harbor where trouble his been met with yet in handling vessels and while dredging would improve several berths, conditions are better than expected.

AUXILIARY ORDER SUSPENDED

Government Will Decide on Other Protection for Wireless.

Collector of Customs Malcolm has been notified by the Bureau of Navigation that a portion of the order covering the installation of wireless apparatus on steamers, under the sect of June 24, 1213, which was to have been enforced January 1, 1912, bus been suspended. The Bureau is considering the limitalization of wireless apparatus on steamers, under the sect of June 24, 1213, which was to have been enforced January 1, 1913, bus been suspended. The Bureau is considering the feet july 1, 1112, bus been suspended order.

The part of the regulations suspended order.

Market Shows More Strength Than in Many Weeks.

ADVANCE IS CONTINUOUS

United States Steel Gains Nearly Four Points, Owing to Unexpectedly Good Quarterly Report. Bonds Are Also Firm.

NEW TORK. Nov. 1.—It has been many meaks since Wall streat has witnessed an appeared movement in stocks which paralleled their of today. Beginning with the stroke of the gong which signaled the opening of the market, stocks were carried forward steadily to the end of the day.

The buying was aggressive throughout. United States Steel rose nearly four points to 38%, passing above the figure at which it closed last Thursday, when filling of the Government suit broke the price to 36. Lehigh Valley and American Smelling each gained 4 points. Canadian Facility 1%. Heading 3 and Union Pacific 2%. There was not a weak spot in the list.

The upward movement was secribed generally to heavy huying for the long account, ewing to the unexpectedly good quarterly reports of United States Steel and the Government's attitude toward the American Tohaces reorganization plans.

An important development of the week, as regards the United States Steel Corperation, was a change in attitude of the railroads, which indicated that they have nearly reached the limit of the pasponsment of equipment buying. Semi-official statements were to the effect that hew orders of the United States Steel Corperation last month were larger than expected a fortnight amo, probably ranging around 25,000 tons daily.

The September report of the New York NEW YORK, Nov. 1 .- It has been many

ann, probably ranging around as one daily.

The September report of the New York Central system showed increase in not recenue of 11,252,000. This was unexpectedly large. The Fernsylvania system, on the other hand, reported a shrinkage in nat revenue of more than \$700,000. The arrength of Minneapolies St. Paul & Soult Ste. Marie was explained by its showing of an increase of \$240,000 in operating income last month. Call money touched 2 per cent today for the first time since January 19. The advance in rates was due to the requirements for November interest and dividend dia-

REBOUND IN WHEAT MARKET. After Falling 2 Cents, Market More Than Reguins Loss.

CHICAGO, Nov. 1 .- Wheat rebounded to-

CHICAGO, Nov. 1.—Wheat rebounded today after being for a time demoralized,
owing to huge sales by a house that has
been identified with the leading built clique.
Repérts of export flour sales at Toledo
helped cause the raily. Closing figures
were is ye not lower, but firm. Corn
inlabed a shade up, cate unchanged to higher and hog products at 12 he to 27 h
@ He bigher.

The recovery in wheat attracted wide attention, in view of the fact that at the
lowest point of the session the market had
broken marily? cants from last night. Export flour sales at Toledo, which appeared
to start the upturn, were said to be the
largest for this session. A heavy snow storm
sweeping down the Canadian Northwest exerted a buillab influence of scarcely lass
importance. Earlier in the day bears had
made much commotion over the big receipts from the Northwest. December fluctuated from 24% to 84%, with last sales
at 164%, a decline of he net.

Corn followed the same general course as
wheat and was decidedly socive. The market recovered the ground lost early and a
triffe more besides. December varied from
dits to 51% a cleating a shade up at 51%
dits. Cash come was weak. No. 2 yellow was quoted at 13% gisha.

In out, business was relatively light. Upper and lower levels touched by December
proved to be 46% cand 45% gisha.

In out, business was relatively light. Upper and lower lavels touched by December
proved to be 46% cand 45% gisha.

In the world's lard supply turned the provision market upwards despite a large run
of hogs west. When the pit was cleared
pork had risen 17% to 15c. lard 15c to
12% 21se and ribs 15 to 17%c.

Cured in Five Days

DR. A. G. SMITH, THE LEADING SPECIALIST.

I am a registered and licensed physician, confining my special practice to the disorders of MEN. I have more money invested in my establishment than all other Port-land specialists combined.

I publish my true photograph, correct name, personally conduct my office. I am the most successful and reliable, as medical credentials and press records prove. I make this statement so that you will know you consult a true specialist, who sees and treats patients personally. I possess skill and experience, acquired in such a way that no other can share.

NO MONEY REQUIRED TO COMMENCE TREATMENT. Many patients have no confidence in their doctor because he demands pay before a cure has been effected and there are many who have been misinformed about their condition, or through unsuccessful and think there is no cure for them. I want an opportunity to treat such cases. It makes no difference about the financial part as I accept pay for my services as benefits are derived, when I am satisfied the patient is reliable. Health is capital at interest. I will prove my ability to cure you before asking pay for my professional services.

Varicose Veins Hernia, Blood Poison No Detention From Occupation, Family or Home.

NO SEVERE OPERATIONS.
MANY CASES PERMANENTLY
CURED IN ONE TREATMENT.
MOST TIME-SAVING, MOST NATURAL, MOST SAFE, A RADICAL
AND PERMANENT CURE, I
GIVE MY WORD AND WILL CITE
YOU TO OTHER MEDICAL AUTHORITIES THAT THIS IS A
FACT I AM CERTAINLY PREPARED TO CURE BY EXPERIENCE AND EQUIPMENT, WHICH
ARE THE KETSTONES TO SUCCESS, I HAVE THE BESTEQUIPPED MEDICAL OFFICE ON
THE COAST.

I invite you to come to my office. I will explain to you my
treatment for Varicose Veins.
Hernia, Nervous Debility, Blacd er,
Kidney and all Men's Allments, and
give you FREE a physical examination; if necessary a microscopical and chemical analysis of socretions, to determine pathological
and bacteriological conditions.
Every person should take advantake of this opportunity to learn
their true condition. A permanent
ours is what you want.

VARICOSE VEINS

VARICOSE VEINS

impair vitality. I daily demonstrate that varicose veins can be cured in nearly all cases by one treatment, in such a satisfactory way that the vital parts are preserved and strength ened pain ceases, swelling subsidees, a healthy circulation is rapidly restablished, instead of the depressing conditions. I guarantee you a cure to stay cured or refund the money.

KIDNEY AND BLADDER VARICOSE VEINS

KIDNEY AND BLADDER AILMENTS. With these aliments you may have more complications than are presented by any other alling organs. By my searching illumination of the bladder I determine accurately the allment, and by microscopical examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

WRITTEN GUARANTEE—Dr. Smith's written guarantee means a cure or no pay for services. I guarantee to cure certain ailments or refund every dollar you have paid me for my services. My services cost you nothing unless I cure your Varicoss Veins, Hernis, Pilos, Fistuia, Blood Pulson, or any ailment I guarantee to cure. My terms are reasonable and no more than you are able and willing to pay for benefits.

Office bours—9 A. M. to 8 P. M. Sundays, 18 A. M. to 1 P. M.

FACTS FOR MEN

A Straight Talk by C. K. Holsman, M. D.

C.K.Holsman,M.D.

consulting with new patients.

In offering my services to the afflicted—the result of 18 years' experience in allments of men—I am giving you the BEST that can be had anywhere. My reputation for the past 18 years can leave no doubt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical that I am the FOREMOST and LEADING Specialist in Partiand. I possess skill and experience acquired in such a way that no other can share it and should not be classed with inexperienced dectors or specialists.

A thorough investigation should be made by every atiling man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee so that my services may be obtained by any man who sincerely desires to be cured. I make no misleading statements, fairs promises or unbusinessilks propositions. I would like to have you for a patient if you will come to me on a strictly professional basis, accepting inducements that I offer, which are my shillty, Is years' successful experience, time-saving treatment and cure of certain diseases.

VARICOSE VEINS.

I daily demonstrate that Varicose Veins can be cured in marily all cases by one treatment in such a satisfactory way that the vital parts are preserved and strengthened, pain masses, swelling subsides, a healthy circulation is rapidly resides, a healthy circulation is rapidly reseatablished, instead of the depressing conditions, I guarantee you a cure to stay cured.

KIDNEY, BIADDER AND PROSTATIO DISEASES.

With these diseases you may have

With these diseases you may have more complications than are presented by any other diseased organ. By my searching illumination of the bladder I determine accurately the disease and by microscopic examination and urisalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment. SPECIFIC BLOOD POISON.

Scientific treatment only should be used in combating this loathesome disease. I cure Blood Pelson by the new German Remedy which I introduce directly into the blood, purifying it, neutralizing it and expelling poisen from the system. New blood thus formed supplies and rebuilds the tlasues in such a way that the patient recovers his normal state of health, strength and soundness.

MY DIRECT TREATMENT FOR WEAKNESS. That disorder commonly known as weakness has for years and generations haffled the efforts of physicians, yet to this very day a majority of doctors, spe-

cialists not excepted, are attempting to overcoome it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful silmulants and tonice, calculated to restore hervous force or strength that is not and never has been incking, with the result that the functions are temporarily excited to the positive detriment of the patient. Weakness is only a symptom resulting from many local conditions and is curable by local treatment only, without the giving of a single internal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder. In years I have not met with a single failure and I have entire confidence in my ability to cure all cases that come to me for treatment. I am equally certain that no treatment other than that which I have perfected can completely and permanently restore strength and vigor. NO MONEY REQUIRED TO COMMENCE TREATMENT. Many patients have no confidence in their doctor, because he demande pay before a cure has been effected and there are many who have been misinformed about their condition or through unsuccessful treatment have become skeptical and think there is no cure for them. I want an opportunity to treat such men, It makes no difference about the financial part, as I soccept pay for my services as benefits are derived; when I am satisfied the patient is reliable. Health is capital at interest. I will prove my shifty to cure before asking pay for my services.

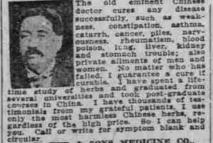

I Treat All Allments of Men, and Cure to Stay Cured I Offer Free Consultation and Examination I invite you to come to my office. I will explain to you my treatment for variouse eins, hydrocele, hernia, nervous debility, blood poison, piles, fistula, bladder, kidey and all men's allusents, and give you FREE a physical examination. My office is open all day from 9 A. M. to 8 P. M. and Sunday from 10 to 12. All creepondence treated confidentially. Letters cheerfully answered.
