MARTIN GIVEN UP:

Governor Extradites Coloradoan and Fugitive Deputy Is to Come for Him.

ARREST AT LINE PROBABLE

West Likely to Pardon Kidnaper Executive Also Contemplates Bringing Denver Wife Here to Try Whole Case.

SALEM. Or. Nov. 2.—(Special.)— When Governor West today refused to grant a warrant of requisition on the Governor of Colorado for Deputy Sheriff W. A. Rinker, of Denver, but did grant extradition papers for Lee W. Martin, who is in Portland and is wanted in Colorado, he paved the way for another long chain of complica-tions to add to those which have al-ready surrounded the Governor. Martin

ready surrounned ine Governor, and Rinker.

Rinker has been indicted in Portland on a charge of kidnaping and extradition papers on this charge were those which the Governor refused to

Martin is now wanted in Colorado on a charge of failure to support his wife and infant. This, it is alleged, is the same child which Martin endeavored to keep from coming into the world, according to the original complaint. To add to the compilerations Deputy Sheriff Rinker has been designated by the Governor of Colorado to come to Portland and take Martin back to Denver on the non-support charge.

Deputy May Be School. The acquiesence of Governor West in honoring these Martin extradition papers means that Rinker will come to Portlang anyway and as soon as he steps over the Oregon line he lays himself open to arrest on the kidnaplus

erif open to arrest on the Aldhaping charge.

"I am granting these papers and refusing the others because I see no reason why the state should go to the expense of sending a man after Einker when he is coming here anyway at the expense of the State of Colorado," said Governor West, when explaining his action

action,
The Governor refused to say whether
he would pardon Rinker if he is arrested on his arrival in Oregon and is
convicted with Detectives Maloney and
Maliett on the kidnaping charge which
has been jointly lodged against the
three. That he will do so, however,
is considered to be certain.

Bringing of Woman Planued.

"To add to the fun and bring the whole question to a quicker issue, I have still another idea than that," commented the Governor, when saked if he would pardon Rinker in the event of his being convicted on a charge of kidnaping. "If Rinker is arrested and the Martin came is further tied up because of the arrest, I am seriously considering sending a ticket to his wife in Denver to bring her to Forland and have a few of these charges tried out in our own couris. We could get satisfaction in Oregon all around then, as well as trying out the cases against Rinker and the detectives." Bringing of Woman Pinnned.

West Explains Position.

Governor West sent the following let-ter to District Attorney Cameron, in which he outlines his position:

"I am in receipt of yours of the first Tam in receipt of yours of the tirst instant, enclosing request for a requisition upon the Governor of Colorado for the extradition of W. A. Rinker, who wands charged with the crime of Ridnaping, and in reply will say that

authority or lawful excuse, selze and restrain one Leo W. Martin against his restrain one Leo W. Martin against his will with the intent of them, the said defendants, unlawfully and feloniously to cause him, the said Leo W. Martin, against his will to be sent out of the Binte of Oregon and into the State of Washington, and did then and there, without lawful authority, forcibly and feloniously kidnap, carry and send the Oregon and into another state, to-wit. he State of Washington, against the vill of said Leo W. Martin, contrary to he statutes in such cases made and covided, against the peace and dignity of the state."

Arrest Deemed Proper.

The records of this effice show that W. A. Hinker, upon the petition of a fully certified request from the Gor-ernor of Colorado, was given an executive warrant for the arrest and extra-dition of Leo W. Martin, who was charged with a most helmous offense against the laws of Colorado. I take it that with this executive warrant the said Rinker no doubt believed that he was armed with authority to take the said Martin out of the State of Oregon and back to Colorado, where he would be given his day in court. There is on file in this office an-other request from the Governor of Col-

crade for a warrant and extradillion of the said Leo W. Martin, who now stands charged with the crime of non-support of his wife and child, who are in desti-tute droumstances in the City of Den-ver, and the said W. A. Hinker had been named by the Governor of Calobeen named by the Governor of Colorado as the agent of that state to take and Leo W. Martin back to the State of Colorado to be dealt with according to law, and he will no doubt aerive in due time to receive the warrant, which this office will be pleased to issue and to take said Martin Into custody.

Beputy's Arrest Possible. "At that time if Mr. Rinker attill stands charged with the crime of kidnaping, he can be taken into custody without the expense that would be incurred should an agent be sent to Den-

"Furthermore, should requisition pa-pers be issued by this office and an agent be sent to Colorado for Rinker, it would undoubtedly happen that since the precedent had been established in this state, that the matter would be tried in the Colorado courts, where it would likely be held that it was not a case of Ridnaping, or that kidnaping was not a crime in the State of Ore-gon."

RINKER'S COMING DOUBTED

Judge Gatens Says He Will Fight

"Pilppant" Course of Case. When informed of Governor West's land, Judge Gatens last night issued the

following statement:
"I quite agree with Governor West in his refusal to issue extradition papers on Colorado for the return of Deputy Sheriff Rinker to Oregon, providuty Sheriff Rinker to Oregon, provid-ing Rinker is coming to Oregon, as the Governor presumes. If the Colorado official is coming here, it would be, as the Governor says, a needless expense. But I do not believe that Deputy Sher-iff Rinker is coming here, or that he will come here of his own accord. He is in contempt of my court and I mest assuredly am opposed to anyone being excused from answering for such ac-tion, and do not propose to permit filption, and do not propose to permit flip-pant disposition of this case in any DOUGLAS AND COOS HAPPY

pant disposition of this case in any manner.

"As for the kidnaping charge against Deputy Sheriff Rinker, I have nothing to say, as that is a subject for the courts other than my own to decide. In the case of Martin, it is not for me to say whether he is or is not guilty of a crime in Colorado. All that I know is that he was not properly indicted under the statutes of Colorado in the case

WILLAMETTE VALLEY PIO-NEER WILL BE BURIED AT SALEM SUNDAY.

James Walton,

SALEM, Or., Nov. 1.—(Special)
—The funeral of James Walton,
Willamette Valley pioneer who
died yesterday, will be held here
Sunday afternoon at 3 o'clock,
the burial to be in Oddfellows

that was tried before me, and I based my decision on the facts as presented at that time."

ATTORNEYS SAY ROTATION OF NAMES IS PROBLEM.

Interpretation of Measure May Force Controversy at Coming Election in Multnomah County.

SALEM, Or., Nov. 1 .- (Special) -- In-SALEM, Or., Nov. 1.—(special.)—Interesting compileations, especially in
Mulinomah County, are promised as a
result of the new law passed by the
last Legislature, providing for the retation of the names of candidates on
the ballot when there are five or more
candidates running for any one office,
if the conclusion reached by a number
of legal advisors here proves to be a
correct one.

It is contended that in the case of

The law provides that the rotation of I cannot see my way clear to comply with your request for the following reasons:

"It is charged in the indictment, a copy of which you inclosed, that the said W. A. Rinker, Fred Mallett and John C. Maloney, on the 11th day of October, 1911, in the County of Multnomah County that these five would all have to be candidates for one particular office and not to assertian who should receive the highest number of votes, and the second, third, fourth and fifth be respectively elected to other next the second and the second, third, fourth and fifth be respectively elected to other next the second are five or more candidates in the field for any one office. In that event, it is asserted, if there should be five candidates for the Legislature in Multinomah County that these five would all have to be candidates for one particular office and not to assert an who should receive the highest number of votes, and the second, third, fourth and fifth be respectively elected to other nostiton as Representatives. It is depositions as Representatives. It is de-clared that in event one candidate re-ceiving the highest number of votes would be elected that it would preclude the others from being elected, as the highest would be elected for "one of-flow" as against the other four.

Consequently it is asserted that five candidates or more for every office would be required before the names of the candidates could be used in rota-tion. Thus there would be 12 sets of five candidates, it is contended, or 60 candidates or more in all before the scheme of rotation could be worked out. This also would be true in Marion County, it is asserted, where there are five members of the Legislature. Only 25 eandidates would be required in-stead of 60.

From this fact it is said that the law From this fact it is said that the law is practically a dead letter and cannot be worked out satisfactorily under its present wording, although some declare that the office of Representative is "one office," and as a result any candidates running for one of the 12 claces as Representative are neverth ess only running for one office

BULLETS COWE DANGERS

WOMAN AT GRAND RONDE IS VICTIM OF STRAY SHOT.

Ed La Chance, Ballplayer, Arrested, Charged With Disturbance of Yambill County Peace.

SHERIDAN, Or., Nov. 8 .- (Special.)-A panic was precipitated and a woman injured by a flying bullet at a public dance at Grand Ronde last night, when Ed La Chance, a ballplayer, entered the dance hall and opened fire after an alternation with his brother.

When the two men entered the room the dancers thought that they had been drinking and though one of the men flourished a revolver their argument went unnoticed until bullets begun to perforate the floor. Mrs. Dudley one of the dancers was shot in one

La Chance was arrested and taken to McMinnville where he will await trial. He is charged with carrying weapons and for disorderly conduct.

Mrs. Dudley was taken to Willamina where her wound was dressed.

Marion County Pioneer Buried.

SALEM, Or., Nov. 1.—(Special.)—M. Habberty, an old resident of Marion County, was buried today, the funeral being held at his home. State and Cotrefusal to issue requisition papers on the Governor of Colorado for the re-turn of Deputy Sheriff Rinker to Fort-turn of Deputy Sheriff Rinker to Fort-

Rpresentative Inspects Waterways in Two Counties.

Owing to Lack of Transporation Facilities Trip Proves Hard and Most Tiresome - Development of Country Is Rapid Now.

SALEM, Or., Nov. 1 .- (Special)-Tired and weary from about 10 days passed on train, stage and hoat, in-vestigating the waterways in Douglas and Coos counties, Representative W. C. and Coos counties, Representative W. C. Hawley returned home today. The trip was a hard one because of the lack of transportation facilities, but Mr. Hawley expressed himself as highly pleased with the uniform enthusiasm of the clinons of the localities visited and the general appearance of presperity and development wherever he went.

With the present of rail community.

he went.

With the prospect of rail communication assuming more tangible stape, the development already accomplished by the expenditure of large sums of money in the improvement of the waterways, and the belief that the

money in the improvement of the waterways, and the belief that the Government will continue to appropriate meney for the improvement of the Coes Bay, Coquille and Umpqua waterways, the people of Western Deuglas and Coos Counties are now fully confident that their great resources of the soil, mine, forest and sea will soon find an accessible route to profitable outside markets is the belief of Mr. Hawley.

Mr. Hawley left Drain early Wednesday morning, October 25, arriving by stage at Gardiner that evening, where he discussed with the citizens the improvement of Winchester Bay and the Umpqua River. The Government engineers have not looked with favor on this waterway in recent years, but another effort will be made to have it reimpected with a view to improvement as it is the natural outlet of a large section of fertile country and at the present time much timber is ready for the market in that locality.

Marshfield is Host.

Marshfield In Host.

Marshfield Is Host.

After leaving Gardiner the following morning, the Representative went to Marshfield where he was the guest of the Coos Bay Commercial Club until the following Monday morning when he left for Myrtle Point. North Bond and Marshfield, through their leading citizens and commercial bodies, made his stay a pleasant and profitable occasion.

The dredge Oregon is doing some useful work on the bay with the Government appropriation, dredging the inner harbor and making needed fills with the sand and gravel obtained, so that instead of the 18 foot of water called for by the engineers plans more than 10 feet will be secured. The appropriation is of sufficient size to meet all the requirements from this source. all the requirements from this source, capecially when continued from year

to year.

Thursday night Mr. Hawley was the guest of the North Bend Commercial Club and made an address to the citiesns of that city and on Friday Mayor L. J. Simpson, of North Bend, took him, with a delegation of the commercial clubs of Marshfield and North Bend, and a number of captains of the yessels plying on Coos Bay, on board his launch for a trip of investigation over the bay and bar to inspect the It is contended that in the case of candidates for Representative in the Legislature, in Multnomah County, for instance, where there are 12 such offices to fill, that the wording of the storms of recent years had done much damage to the Jetty and Mr. Hawley proposes to call this to the attention of the engineers and to secure an appropriation for its repair and extongalidates in the field for the 12 offices. of the engineers and to secure an appropriation for its repair and extension. In the evening he addressed the citizens of Marshfield and later was a guest of the Millicoma Club. Saturday was passed on a trip of inspection up Coos River to view a cut-off, threatening the navigability of that up Coos River to view a cut-off, threatening the navigability of that stream and on Sunday the lawmaker went to church and rested.

Coquille Entertains Guest, Coquille Entertains Guest,
Arriving at Myrtle Point, Monday,
about 30 persons came over from Coquille in six autos and took Mr. Hawley back to Coquille where he was the
guest of the Commercial Club that
ovening. Tuesday he went to Bandon,
impecting the Coquille waterway. The
dredge Oregon had done considerable
work on this waterway during the
Summer and the people were well
pleased with the result, about half of
the Government appropriation yet remaining for additional work when
needed.

Mr. Hawley went over the bar bere on board a tug. The north jetty will need to be extended and more water secured on the bar and in the inner harbor and this Mr. Hawley proposes secured on the bar aim in the secured on the bar bar and in the harbor and this Mr. Hawley proposes to lay before the engineers at Weahington this Winter and endeavor to have two projects authorized. Tuesday evening he addressed the people of Bandon on their waterway and proposed legislation for the settlement of the public domain, the rights of homesteaders and their inability to secure patents in many cases, and other matters of local interest. After the address the Commercial Club of Bandon tendered Mr. Hawley a banquet.

Returning to Coquille Wednesday, Mr. Hawley met many people desiring to see him on official business and then returned to Myrtle Point, where the needs of his constituents in that locality were considered and an en-

locality were considered and an en-forable time bassed. Thursday morn-ing he left Myrtle Point for Roseburs by stage, coming through to Salem

ANALYSIS CAUSES ARREST

Harrisburg Man Pleads Not Guilty to Selling Intoxicant.

ALBANY, Or., Nov. 2.—(Special.)—As the result of the purchase of a bottle of Reseburg temperance beer by Sher-iff Smith, when he attended the Harrisburg potato show recently, D. E. Henry, of Harrisburg, was arrested to-day charged with violating the local option laws. He was arraigned before Justice Swan here today and pleaded not guilty. He will be tried next Fri-

Henry is alleged to have been dis-pensing near-heer at Harrisburg for some time and says the Roseburg brew-ery guaranteed it did not contain gh alcohol to make its sale illegal in dry counties. The bottle Sheriff Smith purchased was analyzed by Professor Fulton, of the Oregon Agricultural College, and found to contain 2.05 per cent slooks!

Raymond Phone System Disabled.

RAYMOND, Wash. Nov. 1.—(Special.)
—A fire in the switchboard of the William Harbor Telephone Company in this city at 6 o'clock last night put every telephone in the city out of commission. Manager Pereratoff announced today that it would be several days her fore the board would be in use. The long-distance circuit is intact.
