Retired Farmer and Capitalist Also Withstand Preliminary Ordeal.

JUDGE WARNS TALESMEN

Instructions Given to Report to Court Any Attempt by Outsider to Talk of Case One Juror Is Too Ill to Walk.

cherk McLain, a Pasadena famata, to day joined Brewster C. Kenyon, a reported expitalist, as a talesman accepted by both sides as to cause and J. B. Seaton, a retired farmer, made the third. Jurors Robert Bain, F. D. Green and Byron Lisk, already sworn, appeared in court only at the beginning and end of each session, being permitted to remain the rest of the time in the juryroom, where they played card games and read magazines.

The question of trying the case with additional jurors has arisen. A member of counsel for the state said definitely that I is men would hear the case. This is possible under a California statute, and counsel for the defense admitted teday the possibility of testing the law in this case. So far as the state's position is concerned, it was pointed out that if none of the II regular jurors die or become incapacitated otherwise, the extra two will not make any legal die or become incapacitated otherwise, the extra two will not make any legal difference, because in that event neither of them would be allowed to participate in the deliberations of the jury when it retires to make up its verdict. If any juror should drop out, the state ordinarily would have to begin the case all ever again, which, in the opinion of its counsel, is less destrable than going ahead on the theory that the statuta is constitutional.

SPOKANE, Nov. 8.—"I am delighted to use that Secretary Fisher, with the approval of President Taft, has come out squarely in favor of a Government coal mine in Alaska, with transportation by rail and water therefor," announced Senator Poindexter today. Secretary Fisher's proposal is identical with what I and others have been contending for, and we are delighted with the prospect of obtaining the powerful support of the Administration for this measure.

Notwithstanding that he maintains he is a plain logger, he talked entertainingly, and at considerable tength of the classic writers. He knows Vergil well, and is familiar with the philosophy of Plato and Aristothe. He is a close student of Homer, and the wan derings of Ulyssos through strange lands and amid strange adventures holds a peculiar fascination for him, he says.

KLAMATH CITY ATTORNEY HAS CLASH WITH COUNCIL.

Disputes Over Action in Granting Extra Liquor License Thought Cause of Resignation.

KLAMATH FALLS, Or., Nov. 5.—
E. L. Elliott, City Attorney, has presented his resignation to the City Council and it has been accepted. Horace M. Manning, present County Attorney, has been appointed in his stead.

Mr. Elliott gave as his reason for retiring, press of private business, but it is said that he has been dissatisfied for some time with actions of the Council, the legality of which he deubted. A particular instance was the issuance of a seventh liquor license by that body without evidence to show that the city had the \$501 population necessary to make the license legal, the charter providing for one saloon to each 1000 residents or major fraction thereof. The census gave the town a little more than 5000.

The Chinese government evidently shares the belief of foreigners that General chang Shao Tseu controls the situation in North China and it is using every possible means to gain his support. General Chang, however, is a man of strong convictions and of quite different type from the ordinary officer. Recently General Chang, in speaking to a correspondent, asked what foreigners thought of the situation. He said his men desired peace and asked again:

"Can peaceable means be found to terminate this great trouble? Why do foreigners think so much of Yuan Shi Kai. Can Yuan maintain peace." General Tuan, with 2000 men in the Third Division, has reached Pao Ting Fu. The Chinese Foreign Minister anagain nounced that the Pelhan Railway, which was reported blocked by the reb-els, will be cleared soon.

Ex-Correspondent Suggested "Sprinkling Change" for Tribune Man, Says Lantz.

QUERY IS TAKEN AS JOKE

Former Illinois Representative Is Unable to Explain Possession of \$100 Bills During Summer of 1909.

CHICAGO, Nov. 3.—Inability to ex-plain the source of several \$100 bills which he possessed in-the Summer of 1809 characterized the testimony of ex-State Representative DeWolf, of Can-ton, Ill., today, before the committee of the United States Senate investigating the election of United States Senator Lorimer.

The Canton man teld the committee that he started the rumor that there was to be a Democratic landslide to Senator Hopkins simply as a practical

joke. "We wanted to have Roger Sullivan come down to Springfield and buy us some of those hig, black cigars," said DeWolf.

DeWolf.

Led by Senator Kern, members of the committee quizzed DeWolf regarding personal financial matters until the witness apparently became confused and could give no answer satisfactory to the committee.

Ex-State Representative Lantz, of La Grange, gave his recollection of the famous deadlock at Springfield, and brought in the name of John Corwin, former correspondent of the Chicago Tribune at Springfield, who, he said, mentioned to him the possibility that the late R. W. Patterson, formerly of the Chicago Tribune, might be chosen for United States Senator, and that Corwin asked him as to the possibility of the combination of Democrats and Republicans. Lantz told Corwin, he said, that the only men who possibly could be elected by such a combination were Speaker Shurtleff and Mr. Lorimer. Lantz then quoted Corwin as saying: Ex-State Representative Lantz, of

'Don't you think that possibly, by the spreading around of a little change, it might change the sentiment here?"

"I took it as one of John's Jokes," and Lantz. "And I said, 'Not for a million dollars."

CHICAGO, Nov. 2.—James Keeley, general manager of the Chicago Tribune, said tonight:

Receiver for Defunct Vancouver Firm Distributes \$9000.

VANCOUVER, Wash., Nov. 2.—(Special.)—A dividend of 20 per cent was paid Wednesday by Lloyd Du Bois, trustee of the bankrupt stock of Swans & Company. Of the \$3000 paid out, about \$4500 was paid to M. B. Kies, receiver of the defunct Commercial Bank of Vancouver, that institution being the heaviest creditor when the crash came. The bankrupt stock of the firm was sold to the highest bidder last month, and it brought \$18,665.

Mr. Du Bois said today that the firm probably will pay another 10 per cent dividend.

Do Not Invite Sickness

Thin, impure blood is an invitation to sickness. The blood is at work, day and night, to maintain the health and any lack of strength or purity in the blood is a weakness in the defense against disease. Anaemia is the

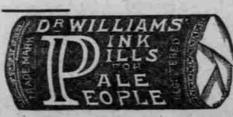

doctor's name for lack of blood. There may be an actual loss in the quantity of the blood or one or more of its constituents may be lacking. Its surest symptom is pallor. Anaemia is particularly common in young girls from 14 to 17 years of age. It is not confined to them for it is this same lack of blood that prevents full recovery after the grip, fevers, malaria and operations and is present in old age and in persons who have been under an unusual physical or mental strain.

Mrs. S. F. Law, whose address is Box 42, R. F. D. No. 4, Gilmer, Texas, says: "Dr. Williams' Pink Pills for Pale People are the best medicine for pale, nervous girls and women that I know of. I was sick for over a year and tried all kinds of medicines with only momentary relief. My limbs ached and I couldn't bear my weight upon my feet. I had severe nervous headnehes and my eyesight was affected. My back ached a great deal and there were pains through my shoulders. I was very nervous and didn't sleep well. My heart palpitated whenever I overdid or became nervous. I was too weak to do much of any work, and was often compelled to stay in bed, some-times for two weeks. My usual weight was 118 pounds, but I was reduced t 93 pounds during my siekness. I read about Dr. Williams' Pink Pills for Pale People and gave them a trial. I thought the first box helped me and I sent for six more. I gained in color and weight and took the pills until eured. I can't say too much for Dr. Williams' Pink Pills for Pale People, for ey do all that is claimed for them and more. I know that they will cure."

If you are suffering from anaemia take Dr. Williams' Pink Pills for Pale People. They make pure, new blood with every dose and pure blood means health and strength. A short trial will convince you that these pills are a wonderful blood-builder. The red cheeks, good appetite, increased weight and strength and cheerful disposition, all declare that it is pure blood which is now traveling everywhere through the body and the benefit goes on until the health is restored.
