

AMATEURS' RULES MAY BE CHANGED

Athletic Union, to Fight Professionalism, Considering Radical Reforms.

ACTION TO COME MONDAY

Aim of Proposed Revision Is to Prevent Big Organizations From Bidding for Stars Developed by Smaller Fry.

NEW YORK, Nov. 14.—Reforms of a radical nature in the policy of the Amateur Athletic Union will be proposed at the annual meeting in New York, November 20.

Further conservation of the amateur spirit and character of athletics favored by the Amateur Athletic Union is the goal aimed at in the proposed reforms, and the elimination of the athletes whose services are bought and sold by means of inducements which are of the same moral effect as fees, is aimed at now.

Two rules in particular will be proposed. One will provide that an athlete who leaves a club affiliated with the Amateur Athletic Union must remain unattached for two years before he will be eligible to membership in a different club.

College Athletes Figure. The second provides that no student in a college or university may belong to an athletic club other than that of his own college.

Other provisions suggested are that no athlete may engage in a contest under Amateur Athletic Union rules who has not previously filed with the registration committee of his district a bona fide certificate of four months' residence in that district, nor may he enter a championship contest until he has filed a certificate of residence of six months in the district.

Professionalism Is Fought. "There is no denying that when a small club develops a good athlete there is a rush by the big and wealthy organizations to take him away from the club."

This means professionalism in a thinly-veiled form, since it gets clubs bidding against each other and encourages the athlete to lend himself to the club making him the best offer. It prevents the small club that brought him out from profiting by the "find."

At a meeting in the Meler & Frank store yesterday afternoon the Bennett plans for the improvement of Portland were explained in detail by Dr. J. R. Wetherbee, a member of the commission under supervision of which the plans were prepared.

Wash your dishes with GOLD DUST

Ordinary dish-water only cleans the surface. Put a dash of Gold Dust into the water, and it will go to the bottom of things, drive out every bit of dirt, every germ, every hidden particle. Gold Dust cleanses as well as cleans.

We promise you this, if you use Gold Dust: Your dishes will be sweeter and cleaner than ever before, and you will save at least half the time ordinarily consumed in washing them.

Gold Dust does better work than soap or any other dish-washing product—and saves half the time.

Do not use soap, naphtha, borax, soda, ammonia or kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form.
