With a delegation of 75 Salvation Army workers present in the big tab-

ernacle last night, Gipsy Smith said: "When I see you decorating your-selves with a special badge or bonnet, it makes me say, 'God pity you.' When God kisses your life with the sunshine of his love, it is eternal Spring, and you needn't set about decorating yourself as a Christian."

Then, as his sermon progressed, the evangelist told his congregation not to let the Salvation Army do all the work in Portland.

"You can't catch big fish in shallow water," he said. "You never saw any-body converted in an empty pew. If the men will not come to you, you will have to go to them. Your churches that were here before the Salvation Army came ought to seek to save the eople in the slums as well as the peo-le on the heights. They will respond common sense and refinement." The evangelist took for a text the story of Christ speaking to the multi-tude from Peter's fishing boat, and the story of the miraculous draft of fishes.

"The reason your relatives refuse to go to church with you Sunday is because they get all they want of you during the week," he declared. "The trouble is, some of you haven't had anybody to tell you about it. When you have Christ you don't need a badro

tricts and enjoy the service if they are rightly invited. One of the swell churches near Buckingham palace had at a service at least 300 persons, every one more or less drunk. They had been invited from the slums and they came. You know where they are at election time. You know where to find them when you want their votes. Treat a man as a man. Make him feel you are his brother, and he will respond."

In the delegation from Forest Grove

there were 400 present last night, with 175 from Orenco and 75 from Gregory Heights. Arrangements have been mothers if the young man is safe. To-moral life will not bear inspection.
