OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

OTTUMWA, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms."

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

MAKE YOUR OWN HAIR TONIC

A SPECIALIST'S ADVICE.

In a recent issue the New York Herald published a special article on the care of the hair, in which was given the formula for a home-made hair tonic, which was highly recommended for its remarkable hair-growing properties.

The Wretchedness of Constipation

Can quickly be overcome by CARTER'S LITTLE LIVER PILLS.

Purely vegetable—act surely and gently on the liver. Cure Bilemness, Headache, Dizziness, and Indigestion. They do their duty.

Small Pill, Small Dose, Small Price. Genuine must bear Signature.

UNIVERSITY OF WASHINGTON, Seattle, Nov. 21.—(Special.)—According to Professor Trevor Kincaid, of the university zoological department, fur seals may be raised in the United States and the fine sealskin coats and muffs that cost such fabulous prices may soon be made from the home product.

NECHACO VALLEY LANDS

The Government has finally found a way in which the genuine fur seal, not the California sealion that is seen in cruises, may be raised in captivity, and shipments of these animals are being made to Washington, D. C., by way of the Pacific Coast from the Pribilof Islands. A shipment will arrive at the university with the coming of the revenue cutter Bear, which has been delayed by storms.

FORT GEORGE LOTS

The Puget Sound country and the Pacific Northwest in general would make an admirable field for the industry, as there are so many lakes, bays and ponds for breeding flocks. This is a commercial possibility that has received little attention thus far, but which I prophesy will be realized before many years."
