

BANKERS ENDORSE ALDRICH'S PLAN

But One Dissenting Vote Is Heard in American Bankers' Association.

DETROIT GETS CONVENTION

William Livingston Is Elected President of National Organization and St. Louis Man Vice-President.

NEW ORLEANS, Nov. 24.—With but one dissenting vote, the American Bankers' Association today gave its unqualified approval to the proposed Aldrich plan for the reform of the currency.

Congress was urged to deal with the proposition as an economic question outside the domain of party politics. Confidence was expressed that "the high purpose actuating the National Monetary Commission assured the working out of the details in accordance with the sound principles stated in the plan, in such a manner as to gain the confidence and support of all classes."

After the election of officers, the 87th annual convention of the association came to a close. Detroit was chosen unanimously as the site of the convention city in 1912. Boston, Atlantic City, Chicago and Jacksonville, Fla., gave notice that they would ask for the convention in 1913.

Vice-President William Livingston, of Detroit, was elected president, and C. H. Hitting, of St. Louis, vice-president.

Detroit Man Honored.

The report of the city committee, prepared by James E. Morgan, of Chicago, in part, follows:

"Our currency committee was called into conference with the National Currency Commission in Washington on Tuesday, March 28 last, to consider Senator Aldrich's suggestion for monetary legislation.

At a meeting of the committee held immediately after the conference, it was unanimously agreed that the plan suggested by Senator Aldrich is founded on correct principles, will correct existing defects in our National banking system and that with further developments in some of its details, it can be made thoroughly practicable.

Insurgents Win Victory.

"Out of 46 state bankers' associations, 29 have adopted resolutions endorsing Senator Aldrich's plan as revised by us, while of the remaining 17 state associations we had held their conventions before the plan was brought out, two have not yet held their conventions and at the conventions of the remainder the subject was not considered."

The report was unanimously adopted and the city committee was authorized to continue to represent the association before the National Monetary Commission and before Congressional committees.

The insurgents of the association won a victory today in their fight to prevent succession in office.

TITLED WOMEN SENTENCED

Troublesome Suffragette Warned of Hard Labor Sentence Next.

LONDON, Nov. 24.—Lady Constance Lytton and Lady Sylvia Smith, both leaders in the suffragette movement, were sentenced today respectively to four fortnights and a week in jail at the Bow Street Police Court for smashing windows during the demonstrations last Tuesday.

Mrs. Mary Leigh, who had been seven times previously convicted and whom the police described as "the most troublesome suffragette," was sentenced to two months in jail, and if she were again convicted she would be sentenced to hard labor.

The remaining 139 cases went over to next Monday.

SPENCER FOUND GUILTY

Jury Convicts Defendant for Murder of Martha B. Blackstone.

SPRINGFIELD, Mass., Nov. 25.—The jury in the case of Bertram D. Spencer, charged with the killing of Miss Martha Blackstone, returned a verdict finding the defendant guilty of first-degree murder.

The verdict was returned at 3 o'clock this morning. The jury had been out since 6:40 last night.

Spencer received the verdict calmly and there was no scene in court.

ABERDEEN CHECKS I. W. W.

It was empty. Thorough search of the city was made.

Red tags began to disappear suddenly and by 9 o'clock no more could be found, the Workers having evidently gone into hiding to escape arrest. Since that time vigil has continued and tonight's trains have been met by special forces and thoroughly searched. Every suspicious character was taken to headquarters.

The citizen police have been armed with wagon spokes and hickory ax handles for use as clubs, and these weapons have proved most effective.

Streets Being Patrolled.

Tonight the streets are under patrol, white badges of special police being everywhere in evidence. Guards are stationed on all roads leading into the city with orders to arrest every suspicious-looking character and turn back all those who cannot give a good account of themselves and satisfactory answers as to their business.

The business men are determined to stop at every outlet the Workers' movement in the city and by the terms of the resolution passed by the Chamber today, they pledge to that end their services, morally, financially and physically.

It is a story of a united city in arms to resist to the last what it believes to be a well organized attempt to produce a state of anarchy here, a story of a city proud of its institutions and determined to stand by them.

Special Police Given Orders

The special police were given orders when they assembled at police headquarters tonight to break up any assembly where men were gathered in large numbers and to arrest those who resisted, to arrest every man who attempted to speak on the streets whether within the limits of ordinances or not. All arrested men are to be given a dist of bread and water until they are sent out of town.

Hoguelum, Montesano, Elma and every union with Aberdeen in the county will resist the Workers and there will be no place of refuge in Chehalis County for the invading horde. The Workers will be shipped out of the county in boxcar lots when sufficient have been accumulated. Sheriff Ed Payette and a corps of deputies will assist in this plan.

"No city was ever before invaded by these Workers," said W. J. Patterson, head of Hayes & Hayes Bank, and one of the most prominent men of Grays Harbor, "nor has ever before placed its citizenship at the back of its police force and city officials. We propose here to show these men that Aberdeen is a law-abiding community and demand obedience to laws of men who come here. With this kind of backing we believe that the city administration can win its fight to maintain order."

At the backing of the good citizens," said Mayor Parks, "we have no doubt, but that we can keep order and preserve law. We shall win this fight before it gets started."

VANCOUVER SENDS RECRUITS

Industrial Workers Leaving British Columbia in Small Parties.

VANCOUVER, B. C., Nov. 24.—Eight members of the Industrial Workers of the World left Vancouver for Aberdeen last night to take part in the fight for free streets there. Placards posted in the rooms of the association announce that a hundred men from Vancouver are wanted in Aberdeen.

Members of the order admit today that they intend to send men south, but they will send them in small parties so that they can more easily cross the border.

ARMY DESERTIONS FEWER

Falling Off Attributed to Severe Punishment Prescribed.

WASHINGTON, Nov. 24.—The extraordinary decrease in desertions from the Army in the past two years was attributed by General Ainsworth, in a report just made public, to the vigorous measures that have been taken to punish deserters.

General Ainsworth voiced the hope that relaxation of severe measures of punishment, "which will not be brought about through the clamor of sensation mongers or the urging of theorists seeking to exploit themselves or their views in the face of adverse experience and the regard of the interests of the service."

The Army cannot be made a reformatory without grave injury to its morale and its efficiency," said General Ainsworth.

GENERAL ATTACK IS MADE

Socialist Speakers Rail at Men and Conditions to Street Crowds.

"The war between this country and Spain was not the result of any patriotic motive or to right a wrong, but to permit the American capitalists to rob Cuba, as they were jealous of the large amount of money that the Spaniards were bringing out of that country." This was one of the arguments used in behalf of Socialism by Speakers Lewis and Meyerwitz at a meeting held at secret headquarters in Washington streets last night.

Their special grievance appeared to be against Spill Smith. The speaker said that he was a plutocrat and accused of refusing to associate with the crowds that assemble at Burnside and Second streets. The Harbinger system, department stores and Portland newspapers were attacked.

Child Drowns in Columbia

ASTORIA, Or., Nov. 24.—(Special).—The three-year-old son of Mr. and Mrs. Olof Vog, of Puetz Island, was accidentally drowned in the Columbia River at Westport about 3 o'clock Thursday. The child was playing along the bank of the river at the house of his grandfather, who saw the accident, gave the alarm and the father, who was fishing in the river a short distance away, hastened to the rescue. The body was quickly recovered but efforts to resuscitate it were futile.

Alleged Robbery Admitted False

C. F. Beard, a barber, complained to the proprietor of the Leighton Hotel, Eleventh and Washington streets, last night, 15 minutes after he had secured a room, that he had been robbed of \$150. Detective Eggs finally secured an admission from Beard that the alleged robbery did not occur and that he had made complaint in order that creditors of his might not press him for the amount he was up in jail on a charge of being drunk.

Lumber Firm to Build Road

ASTORIA, Or., Nov. 24.—(Special).—Deeds were filed for record today whereby the Trossett Timber Company is given right of way for the construction of a logging railroad through several reaches near Knappa. The proposed railroad will extend from the mill site recently purchased by the company at Knappa to its extensive timber land tract in the big creek districts.

Grappler Berg Defeats Donovan

SPokane, Nov. 24.—In a match here tonight wrestled for the light heavyweight wrestling championship of America, John Berg, of Spokane, defeated Jack Donovan, of Finadobbi, in two straight falls, with a croch and near Nelson, in 17 minutes and the second, on a head-chancey, in one minute, 50 seconds. Joe Heinrich and George Turner challenged the winner.

CARD OF THANKS

We wish to express our appreciation of the kindness and sympathy extended by our friends in our recent and bereavement.

AND MRS. J. L. CARSWELL, 35 Texas Street.

A Mail Carrier's Load

Seems heavier when he has a weak back and kidney trouble. Fred Duhrren, mail carrier at Atchison, Kansas, says he has been bothered with kidney and bladder trouble and had a severe pain across his back. Whenever I carried a heavy load of mail my kidney trouble increased. Some time ago I started taking Foley's Kidney Pills, and since taking them I have gotten entirely rid of all my kidney trouble and am as well as ever. Foley's Kidney Pills are tonic in action, quick in result. No matter at what stage your kidney trouble may be, take Foley's Kidney Pills at once for quick and permanent relief. For sale by all druggists.

DENTIST IS GUILTY

Jury Convicts Man Who Kept Girl Prisoner in Office.

NEW TRIAL TO BE SOUGHT

Less Than Half Hour Is Required by Twelve Young Ranchers to Determine Fate of San Bernardino Practitioner.

SAN BERNARDINO, Cal., Nov. 24.—Dr. Arthur W. McDavid, a dentist on trial for a statutory offense in connection with the imprisonment of Miss Jessie McDonald, a school girl, in a room next to his office for 18 months, in which time a child was born to the captive, was found guilty by a jury late today. The jury was out less than half an hour.

Counsel for McDavid announced that on Monday a motion for a new trial would be filed. Sentence will be passed at that time. The extreme penalty that McDavid can receive is one year in prison and a fine of \$1000.

Concluding one of the swiftest criminal trials of magnitude on record in this county, the attorneys for both sides made arguments today for and against Dr. McDavid.

Assistant District Attorney Hodge opened the argument for the state, declaring McDavid's previous record, even if testimony had been weak in the present case, would leave no doubt as to his guilt. District Attorney Goodsell closed the state's side, expressing confidence of a conviction, if the jury of young ranchers did their duty.

The young girl, whose pitiful story of helplessness subjected to alleged hypnotic power had stirred the emotions of a curious courtroom crowd.

McDavid's counsel, John Campbell, arguing for the prisoner, brushed aside all the testimony except that of Miss McDonald, and asserted that it was his word only against McDavid's.

"McDavid is the victim of this girl's jealousy," said Campbell. "When she found he did not care for her, she had him jailed."

Campbell asserted that the dentist had frequently tried to induce the girl to leave him, but being madly in love with him, she refused.

"That girl wrecked this man's home," was Campbell's frequently reiterated declaration.

PRESS CLUB SICS LAW ON

Committee After All Summoned to Lawyers' Breakfast Tomorrow.

Persons who received summons to attend the breakfast to be tendered Portland lawyers by the Portland Press Club, at the Hotel Portland tomorrow at noon, must respond to said summons before tonight or Charles N. Ryan, chairman of the club's entertainment committee, will bring the law on them.

Mr. Ryan doesn't know much about the law, but he says he'll "have it on them" anyway. The entertainment committee is legal about this lawyers' breakfast, at which a number of amusing take-offs on and sallies at the legal profession will be perpetrated.

Mr. Ryan has handed down an opinion making it legally satisfactory for those who have not yet responded to the summons, to do so by telephone today. To comply with the law, the Press Club and say they'll be there. Those who demur will be asked to show cause why, and if the cause isn't satisfactory, like that of Ryan will issue a writ of some sort.

"That'll fix 'em," says he.

Indications are that the attendance at the breakfast tomorrow will be large. The Press Club gave several "breakfasts" last year and they proved highly diverting not only to the clubmen but their guests.

BUYER OF LOOT JAILED

Second-Hand Dealer Accused—Boy Thieves Are Held.

For buying the goods three boys stole from the Lillis Bros' grocery store at 631 Union avenue north, Thursday night, John Guman, a second-hand dealer and pawnbroker in the North End, was arrested last night by Patrolman Black, after Black had arrested two of the boys who are charged with the theft. Guman acknowledged that he had received the stolen goods from the boys, but said that he did not know they were loot. The plunder included chewing gum, cigars, tobacco and passing costs in the amount of \$25.

Thomas Waits, 19 years old, who said he was not in the gang that broke open the back door of the store and took the goods, confessed to Captain Bailey that the stuff was stolen, when arrested with John Campbell, aged 17 years. Both are believed to be members of the gang of three that stole the stuff. The glass in the rear door of the store was broken and the spring lock was opened. The arrest took place 15 hours after the robbery.

NEW PAVING WILL SAVE

City Engineer and Mayor Say Material Will Be Cheaper.

A new form of street pavement which will not be controlled by any one company holding a patent and which, it is said, will meet the greatest saving in paving costs in the future, has been prepared by City Engineer Hurlburt and Mayor Rushlight and will be introduced into contracting circles in the near future.

"The product," said Mr. Hurlburt yesterday, "contains the same substances as all other pavements, except there is a difference in the mixing and the amounts of the several materials. This pavement can be laid for \$1.50 a yard and will answer all the purposes of the present pavement. It is our intention to lay some of it first in the outer streets, where there is not such heavy traffic as in the business section."

By including the new pavement in specifications for improvements, it is said, competition will be opened to all companies. Paving at present is costing about \$1.85 a yard.

Government Enters Suit

In the United States Circuit Court yesterday was filed a suit by the Government against E. J. Cowleslaw, W. J. Morrison and the Sligh Flouring Company to remove a cloud from the title to certain property in the Cascade forest reserve.

Dainty Dessert Dish—a book of fine receipts, free.

THE MOSQUE OF ST. SOPHIA, Constantinople, Turkey.

The first stone of this peculiar looking edifice was laid in 532. The story of its 10,000 workmen and its great army of master builders reads like the story of the building of King Solomon's Temple.

The great dome is 160 feet high and 107 feet in diameter. This Mosque is the finest and most important in the City. It cost originally over \$5,000,000 to build.

WORK IS ANALYZED

Lumber Employs 87.8 Per Cent of Total Steadily.

COTTON IS MOST REGULAR

Railroad Repair Shops Fourth in Order of Total Employed and Seasonal Industries Draw on Other Occupations.

WASHINGTON, Nov. 24.—(Special).—The Census Bureau's preliminary statement on the separate subject of "continuity of employment" says that the cotton industry employed the largest percentage of its total force in the time of minimum activity. The largest number of employees engaged in any one industry, however, was in the manufacture of lumber and timber products, in which \$55,019 on an average is the largest number, 73,150, was reported for November, and the smallest, 549,239, for January, equal to 87.8 per cent of the maximum. The timber camps show a variation from 222,564 in December to 170,887 in July, equal to 76.6 per cent of the maximum. The active season in the woods covers different months in the various sections of the country, and if the operations of the timber camps in each geographic division are considered separately, there is a much wider variation in the number employed. In the sawmills the greatest number, 572,069, was employed in October, and the smallest, 305,000, in January, equal to 82.3 per cent of the maximum.

The non-board agents sought to bring the matter up but the resolution put a stop to the threatened war. The convention was closed with a big banquet for the 350 members at the Spokane Hotel at 7 o'clock tonight.

CLUB DENIES TESTIMONY

Newport Organization Sends Letter to Commission.

SALEM, Or., Nov. 24.—(Special).—Recent testimony given before the State Railroad Commission by representatives from Newport was repudiated today by the Newport Lincoln County Commercial Club, which sent a letter to the Commission saying that the testimony received was not indicative of the feelings of the people of that section.

The declaration is made in the letter that the testimony was governed by

Machine Shops Keep 80.7 Per Cent

The next largest number was employed in foundries and machine shops, for which there was an average of 231,974 wage employment for December, the smallest, 174,433, for January, equal to 75.6 per cent of the maximum. Employment was thus more regular than in any of the other large industries.

Repair shops of steam railroads form the fourth in order, the average number of wage earners being 242,174. The greatest number, 301,523, was employed in December and the smallest, 268,706, in May, equal to 83.1 per cent of the maximum.

Printing and publishing is the only other industry that gave employment to more than 250,000 wage earners on an average during the year, there being 253,424 in 1909. The greatest number, 348,854, was employed in December and the smallest, 251,757, in July, equal to 93.3 per cent of the maximum.

Seasonal Occupations Shown.

Seasonal industries, such as the manufacture of brick and tile, canning and preserving, the manufacture of cotton-seed-oil products and of ice, naturally show a great variation in the number of wage earners employed during different months.

In the brick and tile industry there were employed on the average during the year 75,228 wage earners. The largest number, 104,930, was reported for July and the smallest number, 28,512, for January, equal to 36.5 per cent of the maximum.

There was even a greater variation in the canning industry, for which a yearly average of 53,968 wage earners was reported. The largest number, 154,400, was reported for September and the smallest number, 19,998, for January, equal to 12.9 per cent of the maximum.

Large numbers are required for this industry at the height of the season are obtained principally from the agricultural districts in which the canneries are located, but many come from the cities, and during the dull season

INSURANCE MEN NEUTRAL

Washington Fire Agents Won't Mix in Three-Cornered Fight.

SPokane, Wash., Nov. 24.—(Special).—Oil was poured on the troubled waters in the convention of the Washington State Association of Fire Insurance Agents held today, when a resolution was passed by the members that the Washington State Association remain neutral on the three-cornered fight between the Washington Association, the Pacific Board of Fire Underwriters and the non-board agencies regarding the graded commissions.

It was determined that the matter should be settled in each individual office, for to bring the matter up in convention might disrupt the organization. In the past the board agencies have allowed their agents to meet the testimony received on a graded commission basis and cause a better competition.

The non-board agents sought to bring the matter up but the resolution put a stop to the threatened war. The convention was closed with a big banquet for the 350 members at the Spokane Hotel at 7 o'clock tonight.
