

SWOPE'S NEPHEW ACCUSES DR. HYDE

Defense Tries Hard to Batter Down Testimony Concerning Dead Man's Estate.

MURDER MOTIVE IS SHOWN

Witness Corroborates Nurse's As- sertion That Defendant Sought to Be Named Colonel's Administrator.

KANSAS CITY, Nov. 29.—Cross-examination of Stuart Fleming, nephew of the late Colonel Thomas H. Swope, for whose alleged murder Dr. R. Clark Hyde is now on trial, was resumed by Attorney Walsh, for the defense, today.

The defense was prepared to interrogate Fleming at length, having held a long conference with their client last night, during which the events testified to by Fleming yesterday were gone over in detail.

The big feature of Fleming's testimony was that Dr. Hyde's attorneys would try to break down the story that the accused physician went to Dr. Fleming and asked to be named an administrator of the Swope estate.

It had been previously testified in this trial by Miss Pearl Kellar, Colonel Swope's nurse, that Dr. Hyde also sought her aid in the same matter.

Nurse's Testimony Similar.

She gave similar testimony at the first trial and Dr. Hyde, on the witness stand, denied emphatically the nurse's statement. Fleming was not a witness in the former hearing and the state's main purpose in introducing him this time is to corroborate Miss Kellar's statement. This testimony is intended to help prove that Dr. Hyde killed Colonel Swope to swell Mrs. Hyde's inheritance.

Efforts of the defense to break down the testimony of Fleming were fruitless.

Mrs. J. K. Baumanna, formerly Miss Anna Houllihan, who nursed Christian Swope, was called next. The defense immediately objected to the testimony as not being connected with the death of Colonel Swope. The jury was dismissed while arguments upon the point were made.

Attorney Walsh had just begun to speak when two shots rang out from the courtroom just below the window of the courthouse. It developed that a negro laborer had been shot and fatally wounded by a policeman, after he had resisted arrest and thrown pepper in the officer's eyes.

STOKES CHARACTER HIT

Relations Between Hotelman and Lillian Graham Laid Bare.

NEW YORK, Nov. 29.—Attorneys for the show girl Lillian Graham and Ethel Conrad, continued their cross-examination of W. E. D. Stokes today. Stokes is the complainant at the trial of the girl for attempted murder. Her counsel is trying to prove that when they shot him at Miss Graham's apartment last June, they fired in self-defense.

The cross-examination of the wealthy hotelman thus far has been mainly an attack on his character and an effort to show that the case of Miss Graham was the pursuer and not, as Stokes intimated, the pursued.

The cross-examination of Stokes probed relentlessly into the relations between the witness and Miss Graham until some of the women left the courtroom and the Graham girl's sister, Miss Alice Andrews, sobbed.

Stokes was questioned further about the time he spent at his stock farm near Lexington, Ky., where Miss Graham visited.

"You had respectable women among your visitors sometimes?" he was asked.

"Yes."

Stokes again declared that Miss Graham made the advances toward him.

San Francisco Continues War on Sale of Opium.

SAN FRANCISCO, Nov. 29.—The effort of the State Board of Pharmacy to stamp out the drug traffic in Chinatown resulted in the arrest today of Mr. Mark Menton, who has a drugstore in the Oriental district, and additional charges against Edward Glason, a druggist, and John Edwards, a confessed "dope peddler," already in custody. Austin Syverson, another found guilty of selling opiates to habitual users of the drug, was sentenced to 100 days in jail by Police Judge Deany, without the alternative of a fine.

Much additional evidence against the members of the "dope trust" was gathered when John Hutchins and Frank Slattery, messenger boys, broke down in court under the questioning of Thomas O'Connor, attorney for the Board, and confessed having carried on a regular business in carrying opiates from the drug stores to the users. They made a 10-cent profit on each "sale."

As the result of the testimony of the boys more arrests are expected.

RED CROSS GETS PALTRY SUM FOR WORK IN CHINA.

WASHINGTON, Nov. 29.—From all over the United States there has come about \$100 in response to the appeal of the American Red Cross, issued about a month ago for funds to relieve famine sufferers in China and to aid in putting Red Cross Societies on Chinese revolutionary battlefields. This sum, too, insignificant to be forwarded to being held by the Red Cross officials here, with \$200 collected for the same purpose last summer. It is hoped that the total will reach at least \$1000 as that has been the minimum amount usually handled in such cases.

It is supposed that the closeness with which Chinese appeals have followed each other is partially responsible for the lack of contributions. It is suggested, too, that the recent massacres perpetrated by both Chinese and Manchus have tended to dull the sympathies of the American public.

At the outset of the present trouble in China, the American Red Cross sent \$1000 from its emergency fund for use there.

His wife, who was with him at the dance, which was a Masonic entertainment, collapsed when told of his sudden sickness and had not regained consciousness when her husband died. Bocardis was 55 years old and leaves a son and two daughters, besides his widow.

Bocardis's place on the new Board of Supervisors, which takes its seats January 8, will be filled by appointment by Mayor-elect Rolph.

Preliminary Hearing Set for Two Days After Christmas When Mil- linaire Is Released on \$3000 Bail—Indictments Seven.

FAIRBANKS, Nov. 29.—Seven indictments charging embezzlement were returned by the Federal grand jury here last Saturday against E. T. Barnette, formerly president of the Washington-Alaska Bank, which failed January 4, with liabilities of \$900,000, and whose depositors have received 50 per cent in dividends. Barnette is in Los Angeles, and is supposed to have been arrested there yesterday. A warrant was telegraphed last Monday.

LOS ANGELES, Nov. 29.—E. T. Barnette, who was arrested in Los Angeles on a telegraphed warrant, was free today, having given \$3000 bail when he was arraigned before United States Commissioner William M. Van Dyke. His preliminary hearing was set for December 27.

United States authorities said they had only meager information regarding Barnette. On receipt of a telegram ordering his arrest, they drew up a complaint charging embezzlement and Barnette was almost immediately taken into custody at a downtown resort, where they said they had been told he could be apprehended. They were not aware, they said, of the extent of the charges against Barnette when his bonds were fixed at \$3000.
