SETTLERS OPPOSE WATER DIVERSION

Proposed West Extension of Umatilla Project Is Declared Menace.

DEVELOPMENT IN DANGER

Water-Users Pavor John Day Project, Which They Say Will Be Made Impossible if Other Scheme Is Put Through.

PILOT ROCK, Dec. 4-(Special.)-Nearly 150 water-users in this part of Umatilla County met in Pilot Rock last Tuesday. J. N. Burgees acted as temporary chairman, and A. C. Hemphill as temporary secretary. Several speeches were delivered, all in protest against the west extension of the Umatilla project, but favoring the John Day im-

A Umatilla water-users' organization was effected, with the following offi-cers for the ensuing year: President, J. N. Burgess, of Pilot Rock; vice-presi-J. N. Burgess, of Pilot Rock; vice-presi-dent, O. D. Teel, of Echo; secretary, George Dome, of Pilot Rock; assistant secretary, G. L. Hurd, of Stanfield; treasurer, L. F. Scharpf, of Pilot Rock, J. N. Burgess and Herbert Roylen were elected a committee to visit Port-land and advise with J. N. Teal and T. R. Wilcox, more thoroughly to acquaint the Portland men with the sentiment of tributary water-users along the tributary streams of the Umutilia River. The following resolutions in opposi-ion to the diversion of the water of the

Imatilia River to the west extension of the Umatilla project were adopted: Settlers Oppose Extension.

Whereas Demand is how being made of the President of the United States and of the Secretary of the Interior that an irrigation project he constructed in Northern Moreow County, under the name of "West Extension" of the Unsatilia project, by impounding and diverting the waters of the Unsatilia River at the mouth of Butter Creek; and,

Whereas, The actual settlers and present users of the water of the Unsatilia River and its tributaries are earnestly opposed to any Western extension requiring further diversion of the water of the Unsatilia River, and favor extension by the construction of the larger project known as the John Day project he it now, therefore.

Essolved, That we make known our opposition to the proposed "West Extension" by this resolution, and set forth the following reasons for our opposition to said extension:

1. That the annual discharge of the

Umatilia Water Limited.

Umatilla Water Limited.

2. The application of the waters of the Umatilla to this so-called "Week Extension" will put an end to all development in Umatilla County of land under no filtch system at the present time. The acreage of high quality irrigable land in Umatilla County, which has he source of water for irrigation except the Umatilla and its tributaries, is almost without limit. If all the water in these streams were applied to these lands would remain undeveloped. McKay Creek is an instance: The estimates compiled by Mr. Whistler and others indicate a total irrigable acreage of near 15,000 acres of land, with available water for about \$1000 acres. Upon Birch Creek and its tributaries the discharge is less adequate to the acreage demand, and lying north of the Imatilla River are thousands of acres of rich soil and low elevations sheetingly without water.

The "West Extension" is a menace to

the acreage demand, and lying north of the Immailla River are thousands of acres of rich soil and low elevations shouldely without water.

The "West Extension" is a menace to the fair adjudication of the Umailla system. The Oregon law of 1900 like Umailla system is now being adjudicated by the State Board of Control, for the purpose of measuring and protecting all the rights on these streams including the present Umatilia project and the various private rights. The Reclamation Service has recognized the necessisty of reducing the use of all prior claimants in order to make water available for their proposed extension and to gain such reduction has filed a series of hundreds of contests. bringing heavy expense upon all claimants, making land sales near impossible and retarding the development of the country. And it does not appear that the Reclamation Service diverted and used upon the present Umatilia project approximately \$4.000 acres feet of water for the reclamation and irrigation of about 4000 acres of land, or 21 acre feet per acre. Much of this land has been under frigation for from three to fire years, forstelling something of the onermone amount of water which would be wasted if applied to the hot, light sands wast of Umatilia. The land upon which the Reclamation Service seeks to limit are lands and rights that have been in private ownership for over a generation. The injustice to the settlers owners the seeks to reduce the use of water and the rights which the Reclamation Service seeks to limit are lands and rights into have been in private ownership for over a generation. The injustice to the settlers owners the settlers who have had sufficient courage to reclaim them, and then, after the land is recialmed and the settler's home is built, to seek to limit in the private owners the rights which they have acquired. It is needless to say that thousands of the water had have been expended by the settlers and homeowners of Umatilia County in reliance upon the right to use the waters of the Umatilia Ricer a Indian Rights Ignored.

Redian Rights Ignored.

The limit which the Beclamation Service seeks to put upon the use of water by the ranchers living upon the Umaillia River and its tributaries will make much of this land impossible of cultivation. It is evident from the figures cited above that the amount of water which the Reciamation Service is willing to concede to these settlers, namely, two and one-half feet persons. Umaillia project, where the Irrigation waters are stored and are therefore available to the Irrigator at the times of year when they are most needed. The upper river and the irrigator at the times of year when they are most needed. The upper river and the irributaries are torrental streams and unless the settlers are permitted the use of the water when it is available, thousands of acres of land and hundreds of homes will be ruined.

4. That the proposed extension would result in disaster to all concerbed, for the reason that it ignores the rights of the indians upon the Umailla Reservation, it is generally conceded that the Indians have some right to use the water of the Umailia. The extent of this right has never yet been determined, but its possibilities are obsidicable. A survey completed by the Indian Service during 1911 shows that 5325 acres of irrigable land can we watered from the natural Summer flow of the river; by storing water and conveying sams to that portion of the reservation on Tutudia Creek approximately 20,000 acres more can be reduced to irrigation. The Indian Depart-

the proposed "West Extension" is too high for successful colourisation. The Reclamation Service estimates for this project are made upon a basis of 150 per acre; the land is hirgely in private ownership and will be held at from \$50 to \$100 per acre by the cowners in the event that the extension is made. Colonization expenses, cost of reclamation, leveling, seeding and other expenses will bring the total cost of this land to the settler at a figure in excess of 1300 per acre. This cost will defeat the purpose of the Pederal Government, namely, the colonization of the arid and unproductive lands.

6. That the project known as the John Day Project can be constructed at an estimated cost of \$40 per acre, and avoids every election urged above against the "West Extension." There are practically no irrigable lands tributary to the John Day as it flows in its natural channal, there can be no conflicting rights to consider. The total outlay of money is greater than in the case of the "West Extension," but the cost per acre is only one-half. The additional land is of better quality than the land under the proposed extension and the drainage conditions far superior; the water discharge is adequate and the construction of the project will not require the flooding of thousands of acres of the most valuable land in the State of Oregon.

10,000 Acres in John Day. Although the total cost is considerable, we believe that the Government would find this project one of the most satisfactory of

b-------

fund, and that the pretended 'West extension' ought to be abandoned and declaration of its abandonment made promptly so that development of Umatilia County may be no longer retarded. The continued consideration of the West Umatilia extension is rotarding development of some 10.000 acres of land for which irrigation has already been provided, and hindering and preventing investment of capital in further improvement of lands already under cultivation.

Lyons, Citizens' League, 233; T. L. Alexander, Socialist, 142.

Measure providing for Deputy City Recorder—Yes, 290; no, 461.

Measure to abolish 8-mill limit on city tax levy—Yes, 387; no, 376.

No primaries were held for this election and all candidates, except the Socialist, 142.

provement of lands already under cultivation.

Many official, political, corporation and
public influences have been brought to bear
upon the United States Reclamation Service,
the Department of the Interior and the
President of the United States in favor of
the "West Umatilia Extension" through what
has erroneously been made to appear as a
patriotic interest in having Oregon secure
something which was being unjustly denied
to her, and in most instances these influences and persons have not been informed
as to the real merits of the proposition, or
have been misinformed by prejudiced persons and private interests owning lands
under the proposed "West Umatilia Extension." It is earnestly submitted that the
nitimate development of Oregon will not be
furthered, and Umatilia and Morrow Counties will not be heacified by the proposed
"West Extension"; that, on the contrary,
the construction of this extension will not
only interfere with the development of Umatilia County in the manner referred to
above, but will also interfore with the
ultimate reclamation of the great body of
land in Morrow and Gilliam Counties which
must be irrigated with water diverted from
the John Day River.

And be it further Resolved, That we convey this resolution to the President of the
Fullitate Water Cause the same to be
published in the public press.

OFFICIAL UPHOLDS ACT

ATTORNEY-GENERAL EXPLAINS SPECIAL COUNSEL HIRE.

Crawford Declares Expense in Title Guarantee Case Essential Because of Importance.

SALEM, Or., Dec. 4 .- (Special.) -- Attorney-General Crawford came back today in a letter addressed to the Desert Land Board, in which he explained his attitude in advising the retaining of the services of E. B. Watson as special counsel in the probe of the affairs of the Title Guarantee & Trust Company. In this letter be says:

It will be remembered that (bank failure) was a very important matter, involving about \$400,000 of state money, the majority of which belonged to the common school fund of the state. The Surety's Company's New York lawyer claimed that the company was not legally bound to make the state's loss good and the board, as well as the At-torney-General, was very anxious to recover for the state. Hence, after due considera-tion, Judge E. B. Watson, ex-member of the Supreme Court, and a lawyer admitted to be among the best in the state, was re-tained to advise with the Attorney-General. In one or two other instances, all of which were very important, additional counsel have been retained. The result in the bank case was that the whole sum, with 5 per cent interest, was recovered without a lawsuit. interest, was recovered without a lawsuit.

interest, was recovered without a lawsuit.

The importance of the case and the office force of the Attorney-General being somewhat restricted at the time, justified the imployment, but the fact that advisory counsel have been retained in one or two matences of grave importance does not establishes procedent for the indiscriminate, unnecessary and inwarranted employment of outside attorneys in comparatively unimportant materia, nor in the general routing luminess of the Attorney-General's office and without any request from him for assistance. This is not the first protest made, a former one having been ignored, and we can see no reason why the taxpayers should be burdened with the expense of such unnecessary and inwarranted employment.

As before stated, no objection is made to the employment of anyone, provided the same is without expense to the state. No objection will be made to the employment of outside counsel if their compensation is guaranteed from other sources than public funds.

The contention as to the outside

The contention as to the outside counsel arose chiefly when Senator Claude C. McColloch, of Baker, and Attorney W. C. Bristol, of Portland, appeared at different times before the Desert Land Board and counseled with

that body in reference to Carey act projects and no member of the Attor-ney-General's staff was present. It is argued by members of the Desert Land Board that no outside counsel has been paid from state funds. The Attorney-General also protested against the employment of Charles L. McNary and W. C. Bristol by Secretary Olcott

in the State Printer ouster case, Both the original protest and the second letter of the Attorney-General were received at the Desert Land Board meeting today and were ordered filed without comment.

A letter was also received by the secretary of the Board from Senator Claude C. McColloch stating that he would make settlement for what stamps were used by him when in Salem, the only reimbursement he has received relative to the draft of the contract.

Lyons, Citizens League, 233; 1. L. Alexander, Socialist, 142.

Measure providing for Deputy City Recorder—Yes, 290; no. 461.

Measure to abolish 8-mill limit on city tax levy—Yes, 387; no. 376.

NON-PARTISAN PRIMARY WINS

Salem Also Elects Eight Councilmen, Defeats Five Amendments.

SALEM, Or., Dec. 4 .- (Special.) -- By one of the heaviest votes ever cast at a Salem city election when a Mayor was not to be elected, the voters today indorsed a non-partisan primary for future nomination of city candi-dates; declared that hereafter only legal voters of the city shall be em-ployed on city contracts as far as possible, and passed practically a du-plicate of the Ellis paving amend-ment, which is now in effect in Port-

Five other proposed charter amendments failed. These included a plan for the Mayor to appoint the chief of police and take the naming of that officer from the hands of the people; a move to furnish free band concerts; a scheme to raise the salary of the City Recorder and to remove from him his duties as ex-officio Justice of the Peace; an amendment to change the supervision of the streets and another to bond the city for construction of

Eight Councilmen were elected today and the fear on the part of the "wets" that the "drys" would gain a majority was apparently overcome, as the "wets" assert they will receive the support of eight out of the 14 Councilmen who will be in office next year in addition

win be in office hext year in addition to the present hold-over Mayor.

The Councilmen elected today are:
Ward 1, George G. Brown; Ward 2,
W. T. Rigdon, C. O. Constable; Ward 3, John Siegmund; Ward 4, J. T. Jones;
ward 5, John Pemberton; Ward 6, J.
N. Skajfe; Ward 7, O. L. Townsend.
The failure of the schemes to place The failure of the schemes to place the appointment of the chief of police in the hands of the Mayor and to abolish the office of street commissioner and to provide for the appointment of a commissioner of streets, sewers and bridges by the Mayor, added a touch to the decisive defeat which was given a general commission form of government charter several weeks.

ment charter several weeks ago.

Following the defeat of the commission plan these two salient features were picked out of the wreckage of the commission plan for submission to the people at the general city election.

Today's defeat of the last forlors Today's defeat of the last forforn hope of the remnants of the commis-sion form of government is taken as final, and those in favor of that plan

say that no new attempts will be made for a long time, at least.

The proposed amendment to bend for bridges marked the third time this year the people have been asked to vote on the question and this is the third time it has met defeat.

SHERIDAN PROGRESSIVES WIN

In Close Election Ben H. Evans Is Chosen as Mayor.

SHERIDAN, Or., Dec. 4 .- (Special.)-In a close city election here today, Ben H. Evans was elected Mayor over Dr. W. J. Gilstrap. Mr. Evans was city

Dr. W. J. Glistrap. Mr. Evans was city marshal last year and this year was nominated for Mayor by the Young Men's Progressive party.

Other municipal officers elected today were: A. R. Sanderson, City Recorder; W. Hass, City Treasurer; J. C. Ellis, City Marshal; W. W. Frye, Councilman from the First Ward, and Austin Saulconer and Roscoe Field, Councilmen from the Second Ward. The result is a victory for the Young Men's Progressive party. Progressive party.

COMMISSION UP IN VANCOUVER

Opponents Are Confident Proposition Will Be Defeated.

VANCOUVER, Wash., Dec. 4 .- (Special.)—The question of commission form of government for Vancouver - iii be voted upon at a special election to-morrow at the same time the regular municipal election is held. So con-fident are those opposed to the com-mission form that they are not even

making any fight against it.
At the municipal election Dr. Charles
S. Irwin will be elected Mayor and
Roy Wilkinson, George B. Stoner and F. R. Whelan will be elected Council-men; James P. Geoghegan will be elected City Treasurer and Roy C. Sugg will be re-elected City Attorney. Pri-maries were held November 7 and these

WOMEN BLOCK NEW SCHOOL

Baker Men Vote Just in Time to Save Maintenance Fund.

BAKER, Or., Dec. 4.—(Special.)— Women who did not want their chil-dren to walk so far defeated Baker's chances of a new high school and al-most closed the public schools for lack of funds at the election this afternoon. The vote to decide if \$5000 should be appropriated for a building lot for the new school lost, 240 to 228, and for a tax levy to raise \$41,000 for school maintenance during the ensuing year won, 282 to 183. The women living west of the O.-W. R. & N. Railroad wish a ward school there, so that their children will not have to walk to the present one, several blocks away, so voted against the high school because they knew if the high school proposition passed the ward school must wait. They had both measures beaten until the School Board discovered it an hour before the polls closed and with automobiles and carriages saved the yearly appropriation. The Circuit Court took a recess so that 20 men in court could

Gladstone Has City Election.

GLADSTONE, Or., Dec. 4.—(Special.)

—At the regular city election here today H. E. Cross was elected Mayor,
defeating O. E. Freytag. Cross received 54 votes and Freytag 44. Other
officers elected follow: Frank P. Nelson, James Wilkinson and Frank Ham-merle, aldermen for one-year terms; Chambers Howell, D. A. Williams and O. W. Parish, aldermen for three-year terms. John N. Sievers and J. C. Pad-dock were elected without opposition order and treasurer, respectively

R. G. Smith Ahead at Grants Pass. GRANTS PASS, Or., Dec. 4. — (Spe-ial.) — The municipal election was cial.) — The municipal election was warmly contested today, the main fight being over mayor. The candididates are Dr. J. C. Smith. E. V. Smith and R. G. Smith. The largest vote ever cast in the city was held today. At a late hour tonight R. G. Smith was seven votes in the lead. The commission form ial.) - The municipal of government and the 15 amendments to the city charter are making the count slow.

Sutherlin Votes Water Bonds. SUTHERLIN, Or., Dec. 4.—(Special.)
—At the city election held here today
bonds in the sum of \$30,000 were voted for a waterworks system and the out-going members of the City Council were re-elected by good majorities.

CAR SMOKER IS ARRESTED Pioneer Objects to Working of New

City Ordinance.

The first arrest under the new anti-smoking ordinance, passed October 25, prohibiting smoking on streetcars, was made yesterday and J. F. Obrock, the oldest coment contractor in Portland, was the arrested person.

Mr. Obrock, who lives at 2821/2 Park street, has lived in Portland 31 years. In 1886 he laid the cement floor of the jail where he was detained last

"I'll go to jail before I'll pay a fine ampking," he declared. "I'm 61 for smoking," he declared. "I'm 61 years old, and I've never been arrested

MAN AND WIFE HELD UP

Masked Man Takes \$60 and Jew elry From Homegoers.

Percy E. Artlett, manager of the California hotel, while returning with his wife from a visit to friends at Nineteenth and Glisan streets last night, was held up by a masked man, robbed of \$60 and a considerable amount of jewelry. Among the jewelry taken was a lady's gold watch and the provided by his wife. On the watch fob, carried by his wife. On the watch the monogram C. I. P. was engraved. The robber had the lower part of his covered with a white handker-

OREGON IN PUGET SOUND Battleship Will Be Placed in Reserve at Navy-Yard.

SEATTLE, Wash., Dec. 4 .- The battleship Oregon arrived at the Puget Sound Navy Yard from San Francisco today and will be placed in reserve. With the arrival of the Oregon preparations were begun to send the pro-tected cruiser St. Louis to San Fran-cisco, where she will relieve the old wooden ship Pensacola as receiving

ship.

The crew that will take the St. Louis south will be transferred from the

Smallpox Alarms Veniremen.

jumped to \$2150.09 this year, a gain
of \$278.39, or 16 per cent over a year
ago last month, which is among the
record breakers.

Body Found Near Viola, Idaho,

Thought Steve Cable's.

CASE DEEMED PECULIAR

Dead Man Believed to Be Cousin of Frank Cable and One Living at Home of J. P. Clawson Who Left Home in Night.

MOSCOW, Idaho, Dec. 4 .- (Special.)-Though the Coroner's jury which investigated the finding of the body of a man in the brush three and one-half miles east of Viola, on the Moscow-Princeton road, a week ago yesterday, failed to identify the body or fix the cause of death, residents of this section believe it to be that of Steve Cable, who, with his cousin, Frank Cable, lived with the family of J. P. Clawson, not far from Viola. The body was found by George Daily while he was hunting. Persons in this neighborhood are demanding that there be another inquiry, as they believe the man may have been murdered. At the inquest Miss May Shawver, a school girl, positively identified the body as that of Steve Cable,

her former sweetheart. Disappearance Is Sudden. Peculiar circumstances surround the Hsappearance of Steve Cable, who, with his cousin, Frank, and J. P. Claw-son's family left their home near Viola suddenly on the night of February 3, 1911. The finding of the body in the brush, identified by Miss Shawver as that of Steve Cable, has aroused interest here as to the whereabouts of

Steve's former companions,

J. P. Clawson and family are said to have come to Idaho from Eastern Washington, and J. P. Duggar, a per-sonal friend of the Clawson family, testified at the Corner's inquiry that he laylight to Palouse, Wash., where the family had taken a train for Pendleton, Or. He said that J. P. Clawson and Steve Cable were to drive Clawson's team across the country to Pendleton.

Property Left Behind. When the Clawsons and the Cable fied that they were in such haste that bedsteads, stoves, chairs and chickens were not taken. The ranch was deerted after being only partly paid for, it was asserted.

Steve Cable was about 27 years old. He had been married in Tennessee and was separated from his wife, but not divorced. Miss Shawyer has in-formed Sheriff Brown that Steve Cable's mother was supposed to live at Midvail, near Weiser, Idaho, and that her name was Malinda Cable. It has also been learned from the Shawver girl and her sister that Frank Cable said that he had a sister at either Pullman or Fairfield named

Mrs. Bessie Clark. County Attorney Suppiger said that he knew nothing whatever of the facts or the evidence yet but would examine them fully before making any statement or taking any action

TRAFFIC MEETING OPENS

Rates to West Will Be Topic at Tacoma Conference.

TACOMA, Wash., Dec. 4.—(Special.)
—The North Pacific Passenger Agents'
Association will hold its third annual meeting tomorrow in Tacoma, the sessions taking place at the Commercial Club. The conference will practically decide the dates and other details in connection with the tourists' excursions connection with the tourists' excursions for next Summer as well as the giving of other special rates.

Plans for entertaining the American Association of General Passenger and Ticket Agents, which meets next Pall In Seattle, also will be discussed. W. A. Ross, of the Northern Pacific, is president of the North Pacific Association. Among those attending will be A. D. Chariton, of the Northern Pacific; H. W. Brodle, of the Canadian Pacific; G. W. Hibbard, of the Milwaukee; William McMurray and A. B. Scott, of the Southern Pacific, and several others.

WASCO HOPS ARE BEST Tygh Valley Product Awarded First Prize at Chicago Exhibition.

THE DALLES, Or., Dec. 4 .- (Special.) Wasco County has gained a National reputation for growing some of the fin-est hops in the United States. News has just been received here that Houser & Mertz, of Tygh Valley, were awarded first premium for American-grown hops at the Third International Hop and Mait Exhibition, which was held at Chicago October 11 to 30. The same firm won first honors for the State of Oregon and also drew down a cash award of \$160 for the best display at the exhibition. The display consisted of 10 pounds and the prize won gave the Wasco County growers \$16 a pound, which is probably the highest price ever received for hops.
