Further Identification of Body Found by Hunter May Lead to Unraveling of Supposed Feud Between Tennessecans.

MOSCOW, Idaho, Dec. 6.—(Special.)— Further identification of the body found by a hunter a week ago Sunday, after the Ceroner's jury had ignored the tes-timony of the Misses Ellen and May Shawver, the two country school girls, Shawver, the two country school girls, who said the clothing was the same as worn by Steve and Frank Cable, two cousins, who made their home with J. P. Clawson, who mysteriously disappeared February 3, has been recorded. Last night two young men from near Pullman. Wash, called at George Stelz undertaking pariors and gave Mr. Stelz a minute description of their brother, Frank Cable, who had been missing since February last, Additional evidence of a foul murder having been committed are that the two young Cable boys from Pullman exing been committed are that the two young Cable boys from Pullman explained that some one had been receiving Frank Cable's mail, as the letters written and addressed to him at Viola had not been returned nor had they been answered. Undertaker Stelts said: "In all my experience I never had any person so completely describe the identification of a dead person's remains as one of the boys from Pullman did in this case. I had made a

main as one of the boys from for-man did in this case. I had made a thorough examination of the remains and found them about six feet tall, and the shoes cut off from the remains were described by the brother from Pullman, who said that he had purchased the shoes for his brother in Pullman before he went to Viola to cut cordwood with Clawson and his cousin. cordwood with Clawson and his cousin, Steve Cable. But one of the most convincing things, and from which there can be no mistake, was that these boys from Pullman minutely described to me how one of Frank Cable's teeth had been broken from the upper left jaw and how one tooth on the right side next to the eye tooth was gone, and in every particular I found these statements to be corroborated by the remains."

It is said the Clawsons, the Cables

It is said the Clawsons, the Cables and the Duggars are from the same locality in Tennessee, but none of the testimony before the Coroner's jury discloses from what place.

It is now known that much testimony corroborating the testimony of the Shawver girls is available. These witnesses testified that while on the way home from school they conversed with Steve and Frank Cable at the Clawson home, and that J. P. Duggar, a neighbor, was present at that time at the Clawson home. The next morning the place was described except that at the Clawson home. The next morning the place was descrited except that the bedsteadg, chairs, stoves, tables and such bulky goods were left in the house. The chickens were shut in the chicken-house, and no one around, netwithstanding that Mrs. Clawson was the bulkers condition and having enin a delicate condition and having en-gaged a nurse who lived nearby, be-sides Mr. Clawson and the two Cable boys are known to have had social and business engagements later in the

After their disappearance some time, J. P. Duggar let it be known that he helped to move them out at Clawson's request before daylight, and although Frank Cable had kept company with Miss May Shawver and had an engagement with her for the following Saturday availar to attend a reading, nothing was ever heard from him after the disappearance.

Dec. 6.—The abdication of Prince Chun as regent and the substitution of Shi Hau and Hau Shi Chang as guardians of the Chinese throne is regarded in official circles here as a substantial victory for Yuan Shi Kai, between whom and the retiring regent there has been much bitter feeling ever since Yuan was dismissed from the court in 1909.

Highway Improvements Discussed at Oregon City.

SUPERVISORS MEET COURT

All Are for Better Thoroughfares, but One Contention Is Put Forward That Main Road Should Be First to Be Improved.

OREGON CITY, Or., Dec. 6 .- (Special.)-The movement to improve the roads of Clackamas County received a oig impetus at a mass meeting of roas supervisors, citizens and members of supervisors, citizens and members of the County Court in the Commercial Club assembly-room here today. It was unanimously agreed that the roads should be improved, but there was a difference of opinion as to how the work should be done Many of the speakers thought the main roads should be improved first, the work starting at the market centers to give the greatest benefit to the greatest number as soon as possible.

The supervisors adopted a resolution

The supervisors adopted a resolution that they meet once a year with the County Court and others interested in highway work to exchange views and reach better understanding as to what

After Judge Beatle explained that the general road fund had been overtaxed by repeated demands from various dis-tricts and that retrenchment was necessary, it was suggested that the various districts levy special taxes for their own roads. After a general discussion everybody adjourned for luncheon.

Trained Men Wanted. J. E. Hedges, president of the Com mercial Club, was toastmaster, and addresses were made by Gilbert L. Hedges, Grant B. Dimick, T. J. Gary

and H. J. McGugin. H. E. Cross, Mayor-elect of Gladstone the first speaker after luncheon, de-clared that a roadmaster should be ap-pointed to have general supervision over the work on all the roads in the County. He declared that the official should be a civil engineer, with thor-ough knowledge of the latest and best methods of building thoroughfares.

Judge Dimick urged that the super-visors be chosen regardless of popularity and politics, and that the best men should be named. George C. Brownell urged the building of the main thoroughtares first, and spoke against so-called temporary highways. He called attention to the roads in Europe, which have lasted for centuries.

Joy Riders Are Scored.

George Randall and E. B. Carter also spoke, and E. P. Todd, of Fleasant Hill, the average rate of interest being 12 per cent. They are repayable in six years by the agent of the new republican bank, which now has a capital of 5,000,000, subscribed entirely by Chinese. Hope was expressed at the meeting that Americans would be induced to subscribe. One speaker said the United States was the only country to which China looked for sympathetic assistance, because the United States was the only disinterested friend of China's starving and oppressed people.

GARDNER'S RECALL SOUGHT

Lincoln County Judge's Administration Alleged Unsatisfactory.

TOLEDO, Or., Dec. 6.—(Special.)— Petitions for the recall of County Judge Gardner and John Kentta, Commis-sioner, are being circulated in Lincoln County. It is demanded that a special election be called, submitting to the electors of the county the question of recalling both men from office. The petition alleges that Judge Gardner has been reckless and wasteful in the has been reckiess and wasteful in the expenditure of county funds, and that as a member of the County Court he has not caused to be published, as required, all of the claims against the county that have been allowed. The petition also asserts that the indebtedness of the county has been increased more than \$100,000 and that the people have had no adequate return for such expenditure. Conspiracy with the other members of the County Court to throw the work of the county into the hands of men in return for political favors without regard to the fitness of the men or price paid for the work, is al-

In this case George, who lives in San Francisco, is seeking to compel the Curtiss Lumber Company to carry out a contract to buy 169 acres of Linn County timber land. The company refused to take the land it had agreed to buy, claiming the title was not good because it was a part of the Oregon & California land grant. George asserts the title is good because of assurances of Government officials that the owners of that part of this grant which was sold in tracts of 1000 acres or less will never be disturbed. The defendant alleges this assurance is not binding on the Government, and that if the Government wins its case for forfeiture of the big tracts the small tracts will be subject to forfeiture, too, and that the large will be unmarketable.

The defendant set up in its answer a letter from Townsend in which he admits that the assurances of Government officials in this matter are not binding, and it is on this point that the Curtiss company wishes to secure his testimony.
