ERECTORS' SLEUTH YANKED TO COURT

County Prosecutor Tries to "Beat Up" Detective Before Indianapolis Judge.

BENCH REPRIMANDS HIM

Attorney Is Held in Contempt for Interruption of Murder Trial. Federal Probers Summon Official to Room.

INDIANAPOLIS, Dec. 20.—Asserting that Robert J. Foster, a detective engaged by the National Erectors' Association in the dynamiting investigation, was interfering with him, County Prosecutor Frank P. Baker today forcibly took Foster before Judge Joseph Markey, of the Criminal Court, and asked for protection.

Judge Markey, who was conducting a murder trial, reprimanded the prosecutor for interrupting, but Mr. Baker persisted, and, snatching a club from a policeman, threatened Foster.

Court officers drew Baker away and Judge Markey ordered him to appear in court tomorrow to show cause why he should not be held in contempt. The judge took no cognizance of the charge against Foster.

Baker Is Subpenaed.

Immediately after the incident Mr. Baker was subpenaed to appear tomorrow before the Federal grand jury to testify in the Government's investigation into the dynamiting case.

Walter Drew had said that Baker had been negligent in pressing the investigation locally, and Baker resisted successfully in the County Court the effort of Drew and the County Prosecutor of Los Angeles to remove to Los Angeles books and papers of the Association of Bridge and Structural Iron Workers, now in the hands of the Federal authorities.

Saying he wished to know if Drew had any new information about the dynamiting cases, the prosecutor summoned him to appear before the county grand jury.

Drew and Foster went to the Courthouse together. In a corridor Baker came upon Foster, accused him of shadowing him and pulled him into the criminal courtroom.

"This man is interfering with me and I want protection," said the prosecutor, angrily.

"There is a trial in progress here," returned Judge Markey. "You are not bringing this man before me regularly. This is contempt of court."

"I will show who is in contempt," shouted the prosecutor, and jerked the club from the policeman.

Police Are Questioned.

After the judge ordered Baker to appear and show why he should not be held for contempt, Foster left the building and Baker went to the county grand jury room to examine Drew.

The Federal grand jury had before it today Superintendent of Police Martin Hitland, Chief of Detectives William Holtz and policemen who raided the offices of the Iron Workers' Association on April 22 last, when the secretary-treasurer, John J. McNamara, was arrested.

The detectives were questioned as to their investigation of the explosions in buildings erected by employers of non-union workers in this city in 1909.

McMANIGAL MEETS CLANCEY

San Francisco Labor Leader Pale and Weak After Interview.

LOS ANGELES, Dec. 20.—With Ortie E. McManigal, confessed dynamiter, placed where he could see every witness called, the Federal grand jury resumed its investigation of the alleged nation-wide dynamite conspiracy this afternoon.

The session followed unexpected developments of the morning, when McManigal was brought face to face with E. A. Clancey, a San Francisco labor leader, in the private offices of the special Government investigator. What bearing the morning meeting had upon the mention in McManigal's confession that he had been told by J. J. McNamara to meet a man named Clancey in San Francisco when he came West upon a dynamiting expedition, could only be conjectured. Clancey left the offices pale and weak.

McManigal was the first person other than the officers to enter the grand jury room this afternoon. It is said he prepared briefly as a witness and was then taken into an ante-room through which other witnesses had to pass. While there he could see Mrs. Belle Leavin, Mrs. Lena Ingersoll, Mrs. A. Brown and Mrs. Anton Johannsen, all of San Francisco, who were called in the order named and questioned briefly.

It was reported that the grand jury probably would return from four to six indictments before the end of this week. It was pointed out that the most prominent witnesses summoned had not been called to testify.

HARRINGTON'S TRIP HALTED

Attorney Employed by McNamara Will Return to Los Angeles.

ALBUQUERQUE, N. M., Dec. 20.—John R. Harrington, the Chicago attorney who was employed as one of the investigators for the defense in the McNamara case and who is wanted as a witness before the Federal grand jury now probing the alleged dynamite conspiracy at Los Angeles, was served with a subpena by a Deputy United States Marshal here tonight.

Harrington and his wife were passengers on the Chicago Limited. He accepted service and will voluntarily return to Los Angeles, leaving at midnight. Harrington declined to make a statement concerning his case.

The subpena was telegraphed here yesterday for service on instructions from Special Prosecutor Lawler, who is representing the Government in the Los Angeles inquiry.

PEACE CONFERENCE FAILS

Wu Ting Fang Makes Strong Plea for Republic, and Extension of Armistice Until December 30, Is Announced.

SHANGHAI, Dec. 20.—"I am convinced that the abdication of the Emperor and the establishment of a republic is the only thing that will satisfy the people of China and prevent further wholesale shedding of blood," declared Tang Shao Yi, representative of Yuan Shi Kai, the Premier, after the session of the peace conference today. Continuing, he said:

"Pekin is not aware of the depth or extent of popular feeling in the South. Even I, although fairly well informed, was astonished. It now appears too late to save the dynasty.

"It will be difficult to persuade Yuan Shi Kai to abandon his plan for a limited monarchy, but we must use every endeavor to secure peace and end this awful bloodshed and the suffering among my people."

Tang Shao Yi expressed the belief that the situation might have been saved at one time by a conference with the revolutionary leaders and prompt assurance of adjustment of wrongs, but he now considers it too late. He also considers that there must be no foreign interference in the way of loans or otherwise.

Six foreign powers—the United States, Great Britain, Germany, Japan, France and Russia—united today in presenting an identical note to Tang Shao Yi and Wu Ting Fang, Foreign Minister in the revolutionary Cabinet.

While the exact wording of the note has not been made public, it is understood that it did not go much further than to express the good will of the governments represented and the hope that the peace conferences would result in bringing the revolution to a close.

Almost the whole session of the conference between the delegates of the Imperial government and the revolutionists was devoted to Wu Ting Fang's speech in favor of a republic. Tang Shao Yi, whose powers are clearly limited, expressed his readiness to accept Wu Ting Fang's views, but declared the matter was so important that he first must communicate with Pekin, and he suggested that a settlement be left to the National Assembly, but made no counter proposals.

Thus neither side presented a well-defined scheme and the conference again was indefinitely adjourned.

It was announced the armistice has been extended to December 30.

The identical note from the foreign powers was presented by the Consular Corps to the representatives of the Imperial Chinese Government and the revolutionists.

The consuls drove first to the residence of Tang Shao Yi. The German Consul, as dean of the Consular Corps, was the first spokesman. He begged permission on behalf of his government to read an official communication. Having received permission, he read the note.

Consul-General Amos P. Wilder, on behalf of the government of the United States, came next, and read a note in precisely the same terms, and the other consuls followed in order of precedence.

Tang Shao Yi replied in a few courteous words, expressing gratitude on behalf of the Imperial Chinese Government at the interest taken in the situation by the six powers. He said he hoped the conference between the representatives of the Imperial Government and the revolutionaries would be successful in restoring peace to the country. From Tang Shao Yi's residence the consuls proceeded to the headquarters of Dr. Wu Ting Fang, the revolutionary leader, where much the same ceremony took place. Dr Wu said he was a man of peace, but no peace could be permanent unless it was based on the highest justice. The consuls then withdrew.

CHINESE MASONS WILL HELP

They Would Sell Property for Benefit of Revolution.

SAN FRANCISCO, Dec. 20.—A movement has been started here by the Chee Kung Tong, the Chinese Free Masons, which has supported the uprising against the Manchus, to aid the revolutionary government by a sacrifice of personal property. The majority of the Tong are in favor of selling the property of the revolutionary association on the ground that the object of the association is now accomplished. The money thus raised it is planned to send to the revolutionary government in China, now sorely in need of financial assistance.

A dispatch was received today from Canton by the Chung Sai Yat Po, a local Chinese newspaper, saying there had been a clash between imperial sympathizers and republicans on the water front of that city. The Imperialist crowd lost 20 men, drowned or captured, while six of the republicans were wounded.

POWERS' COMMAND IS VEILED

Necessity for Ending Fratricidal War Is Pointed Out.

WASHINGTON, Dec. 20.—State Department officials today refused to make public the text of the note which was jointly presented by the six great powers to the Peace Commissioners at Shanghai. It was officially described, however, as follows:

"These governments consider that the present struggle in China seriously affects not only China, but also the material interests and the security of foreigners in that country. The governments, while maintaining an attitude of strict neutrality, deem it worth while to point out to the two delegations the necessity of bringing the present disturbances to an end. The governments express their belief that this attitude responds to the desires of both factions."

VANCOUVER, Wash., Dec. 20.—(Special.)—Seeing a man toss a $10 gold coin on a local bar yesterday, J. E. Hunter, who was watching, grabbed the money and darted for the ferry. He gave Dell Walker, purser, the $10 to pay his fare, and ran into the men's cabin, saying he would return later and get the change. Policemen Burkhart and Dawson found Hunter just as the ferry was pulling out for the Oregon shore. He was given a sentence of 10 days by G. Lloyd Davis, Justice of the Peace.

Beatty says Chamberlain tried to fell him with a billiard cue and that Keith Ambrose interfered, taking one blow of the stick. HEAD WAS SCALY HAIR ALL CAME OUT

And Baby's Face Broke Out in Red Bumps. Spread on Hands and Arms. Got Worse All the Time.

Mother Says, "I Don't Think Anything Else Would Have Cured Him Except Cuticura."

"When my first baby was six months old he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his head was scaly all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood-medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura. I sent and got a bottle of Cuticura Resolvent, a cake of Cuticura Soap and a box of Cuticura Ointment. In three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of Resolvent, two boxes of Ointment and three cakes of Soap he was sound and well, and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else would have cured him except Cuticura.

"I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known them to fail to cure what I put them on. Cuticura Soap is the best that I have ever used for toilet purposes." (Signed) Mrs. F. E. Harmon, R. F. D. 2, Atoka, Tenn., Sept. 10, 1910.

Cuticura Soap and Ointment sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 16B, Boston, for a liberal sample of each, post-free, with 32-p. book on the skin.
