ANNUAL PRE-INVENTORY SALE

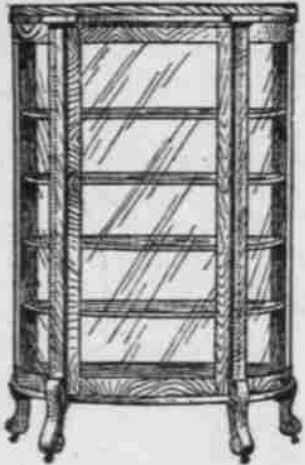

A Record Breaking Furniture Clearance!

Only one, two and three pieces of a kind in many instances. Many of the articles shown on this page will be snapped up quickly. The first to come will get them.

Cost and Far Below Cost Prices

Regardless of the fact that our stock is all new and fresh. In every department, from the basement to the top floor, we have made sweeping reductions to reduce our stock before our Annual Stock Taking. No such opportunity to furnish a home in years. Quick response is necessary to take advantage of this opportunity.

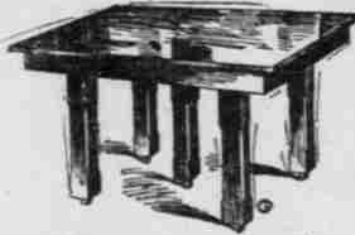

Every former price quoted on this page is the bona fide former selling price, in itself the lowest in the city. The reductions mean a saving of a third and in many instances even more. Every advertised article marked with a large tag. These tags lead the way. Old tags remain for comparison.
