STAR ARCADE ON JOY, ODEON, TIVOLI

Patrolman's Conduct Sobered—Because
Patrolman Ennis could not stand
a shower of abuse and a challenge to
fight, charges against him will be laid
before the Executive Board by Chief
Blower, who alleges conduct unbecom-
ing an officer. Ennis was quieted
an obstreperous messenger on Burn-
side street Monday night and was chal-
lenged to remove his star and have it
put in a bank vault. He refused, and
that Ennis was under the greatest
provocation when he complied. The
challenger, H. Kroll, is 29 years old.
He and the officer had a lively tussle,
which ended by Kroll being over-
powered and taken to the City Jail on
a charge of being disorderly. The
affair was reported to Chief Blower,
beside holding Ennis to answer, issued
an order relating the circumstances
and denouncing such conduct by an
officer.

Film Show "Trust" Revealed

Combination in restraint of the moving
picture show trade, in the suburb
of Kern Park, was charged in a suit filed
in Justice Court yesterday, in which
proprietors of rival attractions at that
place are the contending. Payment of
\$10 a week to keep one house "dark"
while the other ran, is alleged in the
complaint. The Smiths and H. B.
Bjornstad, plaintiffs, were regaling the
Kern Park residents with wild West
pictures, when W. W. Vaughn, owner
of the Burnside Theater nearby, and cut
heavily into the profits. Both houses
running at a loss, it was finally agreed
that Vaughn should pay his rivals a
week, on condition that they should
operate their show only on Saturdays
and Sundays.

WOUND CARES ARREST—Supposed

by police to have been on his way to
carry out threats to kill his wife and
father-in-law, Roy Norton, a machinist,
was arrested yesterday by Patrolmen
Larfeld and Higelow on a charge of
carrying concealed weapons. The offi-
cers did not know at that time of Norton's
alleged threats. A bandaged
wound on the man's body excited suspi-
cion and it was at first thought that
he had been in a pistol duel, but Dr.
Ziegler made an examination and found
the wound to be a surface abrasion.
Norton acted in a semi-demented man-
ner. Later George S. Miller, father
of Norton's wife, swore to a complaint
charging him with threatening to kill
Miss Norton. Plans for Monday night
at the Portland General Ministerial
Association, at its meeting February 5, will
discuss and probably endorse a bill now
pending in Congress to prevent the
shipment of liquor into "dry" territory.
The bill provides that all contracts for
the shipment of liquor into dry territory
shall be void, and that "no person
shall be no property right in or to any such
liquor while in the possession of any
railway company, express company, or
other common carrier in connection
with any shipment or transportation in
violation" of the act. John Bain will
speak to the ministers on "The Church
and Municipal Reform."

County Superior Nominee Declines

—Presiding Judge Gatens decided yesterday
morning that a notice of candidacy
must not contain more than 100 words
all told. The question came up on de-
cisions in the case of Edwin G. Amme
against George Rossmann. Amme sought
an order restraining Clerk Fields from
filing Rossmann's abstract and Rossmann
sought a writ of habeas corpus. Judge
Gatens decided the matter after argu-
ment on the demurrer. Rossmann con-
tended that his declaration of fealty to
Statement No. 1 should not be included
and that the purpose of the law was to
limit a candidate for nomination to 100
words in the advocacy of any particular
measure which he might favor.

INNOVATIONS ARE PLANNED—Combina-

tion observation, smoking and dining
cars are the innovations to be intro-
duced within a short time on the G-W
local trains on the main line between

cars will be attached to the rear of
the trains so that the observation ends
can be used in the same manner that
the completed observation cars are
used on transcontinental trains. The
smoking compartment will be in the
middle and the dining section in the
forward end, eliminating the necessity
of carrying both dining and smoking
service to those local trains that are
not thus equipped now.

stated that the average man must come
up more than 500 a day if all are to
sign the lists before April 8, on which date

CHARTER CHANGE ASKED

Eastern Buyers Want Bonds to Be Direct City Obligation.

Eastern bond buyers have asked

that the city amend its charter so as to
declare water bonds to be a direct obli-
gation on the municipality. It is believed
by Mayor Sherman and other officials
of the city that the bonds are now a
direct obligation, but the buyers having
asked for a vote on the proposition, the
Water Board has recommended that the
question be submitted to a vote of the
people at the next election. The City
Council must act upon it before it can
be placed on the ballot.

THINK Building, Heating, McPherson

It is the contention of the bond buy-
ers that, while the charter does not say
the bonds are not a direct obligation, it
might be construed in that case that
there is no fund save the water fund
out of which these bonds may be
taken up. The buyers, while having
abundant faith in the city's ability, they
might be a time when the water fund
would be insufficient to care for the
various issues falling due.
