

DR. HAZZARD SAYS SHE NOW NEEDS AID

Woman on Trial for Murder Leans on Attorneys Knowing Fate Rests Therein.

JURY VENIRE EXHAUSTED

Seattle Fast-Cure Specialist Admits on Third Day That Case Is Beginning to Tell on Her. Defense Plan Foreseen.

TACOMA, Wash., Jan. 17.—(Special.)—The third day of the trial of Linda Burfield Hazzard, Seattle fast-cure specialist, accused of the deliberate murder of Claire Williamson, wealthy English spinster who, with her sister, went to "Starvation Heights" at Olalla, for treatment, ended at 3 P. M. today at Port Orchard, with the special jury venire exhausted.

Seven jurors were in the box, sure of remaining, and four others had been passed for cause. Judge Yakey ordered a third venire of 15 drawn to report tomorrow morning. The state has exhausted all but two of its peremptories and the defense all but three and counsel tonight is confident the jury will be completed tomorrow forenoon.

Today the defense exercised three more of its peremptory challenges and the state one. Jurors excused by the defense were: T. J. Hammer, a rancher of Paulabo; E. G. Harmon, a machinist living at Port Orchard, and Andrew Solferson, a farmer residing near Port Orchard. The state excused J. Paul, an employe at Hall Bros' shipyard, Eagle Harbor.

Defenses Plan Foreseen. Intimations as to the nature of the defense to be introduced by attorneys for Mrs. Hazzard developed today.

The defense will try to prove that Claire Williamson came to her death in the Ollala Sanitarium because she steadfastly refused nourishment when offered to her by Mrs. Hazzard. Further, assert her attorneys, she came to the fast specialist when practically given up as hopeless by physicians, and in this respect they held their client merely unlucky. That Mrs. Hazzard had schemed from the first to obtain part of the Williamson estate, it is said, will be rebutted by evidence which will show that all Dr. Hazzard would have received in any event would have been a yearly donation to the sanitarium of \$25, bequeathed by Claire Williamson.

Another interesting point was made known today. In that the fast specialist holds a license from the state to practice curing disease by the fasting method and also a license to practice osteopathy.

Today the woman sat unmoved in court, content to let attorneys conduct the cross-examination of jurors with "w suggestions. About her eyes there appeared a tired look, showing that the strain of the trial was leaving its mark upon her despite her declaration of enduring strength. That she is watchful of proceedings, nevertheless, betraying the same keen alertness as would be expected in the jungle, is plain in every action.

Daily when court adjourns she walks to the wharf with her attorneys, keenly conscious that in their hands and skill largely rests her fate.

"It is strange," she said today, "but this is the first time I have had to lean on anyone. I find it hard to get used to."

British Vice-Consul Agassiz, of Tacoma, was in court today for the first time since the trial was adjourned. He would be in attendance until the case is concluded.

Portland Uncle Present. John Herbert, uncle of the Williamson girls, of Portland and Dr. Arthur Langley, cousin of Australia, were also present. Miss Dorothea Williamson, sister of Claire, and Miss Margaret Conway, nurse of the two sisters, are at the Navy View, near Port Orchard, but have not appeared in court and probably will not until wanted by the state.

Intimations are that the Hazzard trial will prove costly to Kitsap County. A conservative estimate places the probable expense at \$5000, providing the trial does not last over two weeks.

Counsel for the state believe it will be completed next week, but both sides admit a possibility of its lasting longer. The 108 witnesses, who are being subpoenaed today by the additional subpoena issued by the state.

MORSE'S CONDITION GRAVE President May Act on Surgeon's Report Just Submitted.

WASHINGTON, Jan. 17.—The question of the immediate commutation of the sentence of Charles W. Morse again hangs in the balance. Surgeon-General Tormey, of the Army, consulted by Attorney-General Wickersham as to whether Morse's condition now seems desperate, made a report to the Attorney-General today.

General Tormey's opinion will be laid before the President and in the meantime will not be made public. If the end seems imminent, it can be said that the President will commute the sentence.

Reports from the hospital at Fort McPherson, Ga., where Morse is confined, are that Morse is continually losing ground and that his condition is grave.

AMERICAN CARDINAL WHO ARRIVED HOME YESTERDAY.

FARLEY IN SNAPSHOT AND POSE.

The audience did not know it. Following a strike by the regular chorus, for too many reasons to be recounted, the management of the Grand Opera Company pressed local "supes" of another nationality into service. As a result silvery-throated warblers drawing up to \$600 a night rubbed shoulders with them and helped swell the volume of the chorus and drown the Italian words. The blending of the two romantic tongues considered, "Louise" went fairly well.

The seeming incongruity was passed over lightly by M. de Journal, business agent of the company. "Maybe dey seeng French, maybe dey seeng Italian. It is all right; we don't care, Jus' so dey seeng," he said.

The chorus in spite of the avalanche of French expletives hurled at it by the artist, is still busy, the Italian singers trying to grasp the French words or substitute Italian ones and at the same time follow the score.

Cardinal's Home-Coming Acclaimed by 750,000.

POPE'S BLESSING IS GIVEN Prelate Declares Conviction That God Has Placed in Chair of Peter Man Who Is Meeting Needs of Time.

NEW YORK, Jan. 17.—Illumination tonight of St. Patrick's Cathedral with 50,000 electric lights strung to the tips of two great spires ended a memorable day of ovation for Cardinal Farley on his return to America as a newly created prince of the church.

It is estimated that 750,000 persons saw his eminence driven from the Battery, where he landed, up Broadway and Fifth avenue to the Cathedral. So unbounded was the enthusiasm of many who sought to see him that mounted police charged the throng repeatedly.

Dressed in his scarlet robes, the cardinal rode in an open carriage through a lane of people for more than four miles.

At the Cathedral it was only by force that way was made for him through the crowd. Six thousand children's voices were raised in the "Te Deum" as he entered. In thanks for the welcome, his eminence shook hands with feeling and delivered the blessings of Pope Pius X.

"Coming now from his sacred presence," he said, "and after several private audiences in which he opened his fatherly heart as to a loving son; and after hearing that voice which seemed to speak in tones of inspiration proclaiming to the world fearless denunciation of the schemes of the church's enemies, I have returned with a confidence more full than ever before that God has placed in the chair of Peter a man after Christ's own heart, to meet the needs of time.

"Not only is that feeble old man calm and untroubled, but one sees that a placid insistence is founded on the profound faith of the saints, strong as adamant in the belief that God is with him and his church as he had promised he would ever be."

MILITIA FORCED TO SUBDUDE CLASH IN PARADE. Textile Mills Reopening and All Expected to Be Operating Soon. Disaffection Not Over.

LAWRENCE, Mass., Jan. 17.—A clash between parading strikers and militia men was one of the developments today of the textile strike in which 15,000 militia operatives are concerned. On the heels of this disturbance, Colonel E. Leroy Sweetser, commanding the militia, announced he had taken a hand in efforts to settle the trouble.

Colonel Sweetser conferred tonight with Joseph J. Etter, leader of the strikers, and later said he had suggested to Etter, a plan for a definite settlement. Details of the plan were not revealed, but Colonel Sweetser later communicated with Governor Foss by telephone and arranged a further meeting with Etter.

Between 300 and 400 additional employees of the Arlington mills joined the strike today, but more operatives were at work than on any other day this week. Only the Everett and Lawrence duck mills are idle and the latter is expected to reopen tomorrow.

Scotch Folk Wed at Vancouver. VANCOUVER, Wash., Jan. 17.—(Special.)—Porter D. Castle, 43, and Miss Bessie Richmond, 25, of Inverness, Scotland, were married here today by Judge Donald McMaster, of the Superior Court. Charles Johnson, of Alberta, Canada, and Miss Emily Appleton, of Portland, were married today. Loring Whitaker and Eleanor Smith, both of Portland, secured a marriage license here today. They were accompanied by Edith Smith.

WOMAN VICTIM OF INSANE SVENGALI

Hypnotist Is in Asylum and Physicians Labor in Vain to Break Spell.

Tailor, Now Raving and Abusive, Cannot Restore Her to Normal Mental Condition—Neighbors Appeal to Police.

OAKLAND, Cal., Jan. 17.—(Special.)—Wilfrid Bellevue, possessed of the powers of a Svengali, was committed to the Napa Hospital for the Insane today by Superior Judge Arnot. Mrs. C. Willard, who was arrested with Bellevue at her home in Berkeley last night, will be examined as to her sanity tomorrow.

In the meantime physicians are engaged in a vain effort to release her from the hypnotic hysteria in which the hypnotist left her when he was himself benefit of reason. The strange couple had been holding a hypnotic orgy in the Willard bungalow for several days. The woman's husband went to Denver last Wednesday and she and Bellevue, it is said, began a wild series of orgies which startled the neighborhood. There were shouts and songs, laughter and tears and much noise. Neighbors implored the police to stop the noise, but nothing was done until yesterday, when the man and woman were arrested.

Mrs. Willard, after being taken to the Receiving Hospital, told the police that Bellevue had cast a spell over her. He told her that her husband had died on the train en route to Denver and that he was the husband's reincarnated spirit. She believed him. So they celebrated the death and the reincarnation until the police interfered.

Bellevue was found to be a raving maniac, violent, incoherent and abusive. Mrs. Willard's condition was hardly better. She could not remove her eyes from the tailor, who is a short, stout man with a prominent nose. The characteristics of a dominant personality. Physicians at the hospital and the observation of neighbors are authority for the statement that the tailor exercised a hypnotic spell over Mrs. Willard from the first time they met.

Neighbors have telegraphed the husband of the woman and he will arrive tomorrow, when a desperate effort will be made, with his assistance, to bring Mrs. Willard back to her normal mental condition.

Good Shampoo for the Winter Months

"The Hair and scalp require shampooing nearly as often in winter as during the summer," writes Mrs. Miss Martyn in the Philadelphia Star, "and when a woman neglects this important duty her hair soon becomes oil-laden and unmanageable."

"A soothing and cleansing shampoo mixture can be prepared at little cost by dissolving a teaspoonful canthrox in a cup of hot water. This rubs into a thick, white lather, stops the itching almost instantly, and dissolves every particle of dust, dandruff and excess oil. Rinsing leaves the scalp clean and healthy, while the hair dries evenly and quickly, taking on a charming softness and rich gloss. Occasional shampoos with canthrox encourage the hair to grow long and abundantly."

more spectacular and militant measures were necessary in Illinois. Mrs. Parker stands for militant. Others favored more conservative measures. Mrs. Parker, it is said, will go with the woman's suffrage party, which stands for more militant action than the state organization with which it has never affiliated.

FIRE DESTROYS INFIRMARY AT DUNNING ASYLUM.

Patients Restrained With Difficulty. 1000 Others Compelled to Leave Buildings.

CHICAGO, Jan. 17.—Fire destroyed today the infirmary of the Dunning Insane Asylum at the outskirts of the city and caused attendants considerable trouble in restraining 100 excited patients, none of whom were injured. The loss of the four-story brick building was \$35,000.

The burned building housed 300 persons, most of whom had to be aided to other parts of the institution. Lack of water and difficulty in getting fire apparatus to the remote grounds threatened five adjoining buildings, which sheltered nearly 1000 other patients. All of the patients were made to don wraps and leave the buildings, standing in the open air under guard of attendants until firemen had the flames under control.

GOVERNMENT IS SCORED

Canadian Tells American Lumbermen They Are Done Injustic.

MINNEAPOLIS, Jan. 17.—Denunciation of the Government with regard to the suit pending against lumbermen was made today by E. M. Trowen, secretary of the Retail Merchants' Association of Canada, in an address before the Northwestern Lumbermen's Association. Mr. Trowen invited any special agent of the Government who might be attending the meeting to make himself known and take a front seat that he "might hear all that was being said."

"You fellows work for the public year in and year out," said Mr. Trowen to the lumbermen, "for what practically amounts to nothing, and in payment for your trouble the Government becomes imbued with the idea that you are parties to a conspiracy to defraud the people."

Helpful Hints on Hair Health Scalp and Hair Troubles Generally Caused by Carelessness. Dandruff is a contagious disease by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how clean they are, they may be infected with microbes, which will infest your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial. If it does not produce the results we claim, this remedy is called Rexall "33" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "33" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "33" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00.

Sold only by the Owl Drug Co. stores in Portland, Seattle, Spokane, San Francisco, Oakland, Los Angeles and Sacramento.

Oakland and Los Angeles Decide Dance Will Not Be Tolerated. OAKLAND, Cal., Jan. 17.—Commissioner of Public Health and Safety Fred C. Turner has decided that the "Texas Tommy" and "ragging" will not be tolerated in Oakland. This action will be taken in response to a petition by the Civic Purity League.

LOS ANGELES, Jan. 17.—The "turkey trot," the "Texas Tommy," the "grizzly bear," and similar dances were officially placed on the blacklist of Los Angeles today. The police commission decided that such dances could not be given in public dance halls.

How Wrinkles Are Caused—and Removed

(From American Home.) "Why did no one think of this before?" writes a clear-thinking reader. "Wrinkles are caused by the skin becoming loose. Obviously the remedy is to tighten the skin. Equally it is obvious that the only thing which will tighten the skin is a powerful astringent."

"Now, it is well known that the only powerful astringent which is absolutely harmless and beneficial as well, is pure powdered saxolite, obtainable from any druggist. Dissolve one ounce in a half pint of daily and—behold! The result is almost magical. The skin becomes firm and smooth, the face feels snug, comfortable and solid, instead of loose and flabby. Simple, isn't it? As I asked—why did no one think of it before?"

"One should be careful, however, to use no other astringents than pure saxolite, as the former do no good and are really injurious more often than not."—Adv.
