

THE PROBE REACHES WESTWARD

Grand Jury in Indianapolis Considers Acts of Caplan and Schmidt.

DETECTIVE IS EXAMINED

Man Who Traced McManigal for Months Before Arrest Testifies to Confessions—Open Shop Contractor Is Witness.

INDIANAPOLIS, Jan. 18.—Edward Miller, a carpenter and organizer for the California Building Trades Council, of Los Angeles, in the effort to undermine the trades of that city before the blowing up of the Los Angeles Times building, was a witness before the Federal grand jury in the dynamite conspiracy inquiry today.

The appearance of Miller, who was subpoenaed from his home in Ohio, led to the belief that although M. A. Schmidt and David Caplan have been indicted on the Pacific coast for complicity in the dynamite cases, their actions are to be considered in the present investigation. Schmidt and Caplan, who have not been captured, are charged with having taken a prominent part in procuring the explosives for the Times disaster and for explosions at Seattle and Oakland. Before the arrest of the McNamara, Schmidt was known as "Leonard" and Caplan as "Morris."

JURY TO INSPECT BASEMENT

Defense in Connors Case Has 50 More Witnesses to Call.

LOS ANGELES, Jan. 18.—Arrangements for the jury in the trial of Bert H. Connors, charged with having conspired to dynamite the County Hall of Records, to visit the basement of the Los Angeles labor temple, where the defendant was alleged to have exhibited two sticks of dynamite to Joseph B. Bishop, a county detective, were made today. The trip was planned for tomorrow morning.

FRUIT SALES COMBINE HIT

Plan Doomed to Failure is Opinion in Hood River.

HOOD RIVER, Or., Jan. 18.—(Special.)—The plan to combine the sales agencies of the "Big Four" fruit districts of the Northwest, as outlined by K. S. Miller, manager of the Rogue River Association, will be a failure. The growers of Wenatchee have refused to join the other districts in the plan, and while the members of the committee—C. H. Sprout, O. L. Walter, P. S. Davidson, J. E. Ferguson and A. L. Mason—who investigated the Northwest Fruit Exchange Friday, refuse to give out any statement as to their findings, there is a strong local sentiment opposed to the plan.

NEW CHARTER PROPOSED

Klamath Falls Officials Find Year-Old Instrument Unworkable.

KLAMATH FALLS, Or., Jan. 18.—(Special.)—Tiring of the city charter, the Board of Councilmen of Klamath Falls have decided that the city should have a broader and better one. The present governing instrument was enacted less than a year ago, having been in effect since May 21, 1910, but has been a source of dissatisfaction almost from its inception.

INDIANAPOLIS, Jan. 18.—Attacked in a resolution before the convention of the United Mine Workers of America as a "labor leader in the grasp of the capitalists," John Mitchell, ex-president of the organization, received more votes than any other candidate for delegate to the American Federation of Labor, according to the report of the tellers of the convention today.

HEIRS MUST TAKE LESS

WEALTHY WOMAN BEQUEATHS MORE THAN SHE HAS.

SACRAMENTO, Cal., Jan. 18.—The unusual situation of a woman, owner of a large estate, who made bequests in her will which exceed the value of the estate and which will necessitate payment to the heirs and beneficiaries under the will of only 97 cents on the dollar, has been brought to light in the petition for distribution filed in the probate court of the late Mrs. Florence A. Coleman, widow of W. P. Coleman, a Sacramento real estate man.

SEATTLE 'BOOSTERS' BUSY

Washington Would Persuade Easterners to Go Home via North.

SEATTLE, Wash., Jan. 18.—(Special.)—Freighted with advertising agents, tourists returning to their Eastern homes from California may be persuaded to come by way of Seattle and Puget Sound, an army of Seattle boosters, Saturday morning, February 2, will roll out of Seattle in a special train over the tracks of the Oregon-Washington Railway Navigation and the Southern Pacific roads to California.

LAND OFFICE LINE STAYS

Wild Rumors Fail to Dislodge 45 Seekers for Tieton Filings.

NORTH YAKIMA, Wash., Jan. 18.—A rumor from Washington that the land under the third unit of the Tieton project will be restored to entry under some sort of drawing system, has no effect upon the 45 men and women who have been in line before the door of the United States Land Office since the day after Christmas. They say that an official statement to this effect from the Department of the Interior of the United States is awaited, but they believe that the rumors that came from Washington are intended only to break up the line. There is a belief among others, however, that the lottery system will be used here, with due precaution taken by the Government to assure the people throughout the country that the number of acres to be restored is very small, and that upon considerable of the land preference rights have been established.
